Re: Nevada Gaming Commission Regulation 10 – Enrollment of Attorneys and Agents

It has come to the attention of this office that you, or a company you own or for which you are employed, have submitted applications or other documentation to the Nevada Gaming Control Board (Board) on behalf of applicants seeking licensure or other approvals by the Nevada Gaming Commission (“Commission” or “NGC”).

Please be advised that NGC Regulation 10.010 provides in relevant part that “[n]o person shall be eligible to practice before the commission or the board unless such person is enrolled in accordance with these regulations, . . .” See NGC Regulation 10.010. “Practice” before the Board and Commission is deemed to include: “. . . all matters relating to presentation of a client’s matter to the commission or the board including the preparation and filing of applications, reports, systems of internal control, financial statements, or other documents submitted to the commission or board on behalf of a client.” See NGC Reg. 10.020.

As a result, your activities constitute “practice” before the Board and Commission which requires that you “enroll” pursuant to the provision of NGC 10.040. NGC Regulation 10.030 delineates the qualification for enrollment and provides:

10.030 Qualifications for enrollment.

- 1. The following persons may be admitted to practice before the commission and the board as attorneys or accountants:
 - (a) Attorneys at law admitted to practice before the supreme court of the State of Nevada and who are lawfully engaged in the active practice of their profession.

(b) Certified public accountants and public accountants qualified to practice under Nevada law and who are lawfully engaged in active practice as such.

2. Other individuals may, upon motion of an enrolled person, be admitted to practice as agents upon presentation of satisfactory proof of their good character and integrity, professional qualifications and experience, comprehensive knowledge of the Act and regulations, and such other information or references as the commission may require. Unless the commission provides otherwise, all agents shall only be admitted to practice before the commission and board for the purposes of a particular case or matter.

Nev. Gaming Comm'n Regulation 10.030.

Pursuant to NGC Regulation 10.040, in order to be enrolled you must submit a Letter Application to the office of the Gaming Commission detailing your qualifications which make you eligible for Enrollment. A copy of the Letter Application is enclosed and may also be obtained by accessing the Board's web site at www.gaming.nv.gov. Please submit your Letter Application and the necessary forms discussed therein, to the following address:

Brian Duffrin, Executive Secretary
Nevada Gaming Commission
P.O. Box 8003
Carson City, NV 89702

Once your Letter Application is received and a background investigation conducted, your application will be considered by the Commission at a public meeting which you will be required to attend. Please note that until such time as you have received the approval of the Commission and are placed on the "Roster of Enrolled Agents," you are prohibited by law from representing clients before the Board and Commission.
