Becky Harris, Chairwoman
Nevada Gaming Control Board
555 West Washington Ave
Las Vegas, NV 89102

Dear Chair Harris:

Kindly allow this letter to serve as Caesars Entertainment's ("Caesars") support of the Nevada Gaming Control Board's ("Board") initiative to incorporate changes into Regulation 5.0 pertaining to sexual harassment in the workplace.

Caesars confirms it currently has language in place as a part of our employee handbook and has implemented a separate Sexual Harassment Policy in anticipation of the Board's changes. We intend to continue to review our current Ethics and Compliance Program and any other related policies to determine if any additional language should be incorporated to conform to the new regulations.

We look forward to working with the Board through the regulation change process and welcome the opportunity to discuss our policy with you further if you believe it would be helpful.

Please feel free to contact me if you have any questions. Thank you.

Sincerely,

Jan Jones Blackhurst
