

# **ADDITIONAL REQUIREMENTS** **RESTRICTED APPLICATIONS**

**Complete the following information; attach additional sheets if necessary**

## **3.015(2) APPLICATIONS FOR RESTRICTED LICENSES**

2. In recommending and determining whether the applicant's proposed restricted location is suitable for the conduct of gaming and meets the requirements of this Section, the board and commission may consider some or all of the following factors:

- (a) The amount of floor space used for the slot machines as compared to the floor space used for the primary business;

- (b) The amount of investment in the operation of the slot machines as compared to the amount of investment in the primary business;

- (c) The amount of time required to manage or operate the slot machines as compared to the amount of time required to manage or operate the primary business;

- (d) The revenue generated by the slot machines as compared to the revenue generated by the primary business;

<b>GROSS GAMING REVENUE</b> \$ (Anticipated cash winnings less cash pay outs, as further defined in NRS 463.0161)
<b>PRIMARY BUSINESS REVENUE</b> \$ (Anticipated or actual revenue from all sales/income sources including gaming revenue.)

(e) Whether a substantial portion of the financing for the creation of the business has been provided in exchange for the right to operate slot machines on the premises;

(f) Other factors, including but not limited to the establishment's name, the establishment's marketing practices, the public's perception of the business, and the relationship of the slot machines to the primary business;

(g) What other amenities the applicant offers to its customers.
