**RACE AND SPORTS**

Licensee \_\_\_\_\_ Review Period \_\_\_\_\_

NGC Regulation 6.090(9) requires the CPA to use "criteria established by the chairman" in determining whether a Group I licensee is in compliance with the Minimum Internal Control Standards (MICS). This checklist is to be used by the CPA in determining whether the licensee's race and sports book operation is in compliance with the Race and Sports Book MICS.

Date of Inquiry	Person Interviewed	Position

Checklist Completion Notes:

- 1) Unless otherwise instructed, examine a completed document for compliance for those questions referring to records/documentation as indicated and recalculate where appropriate. Indicate (by tickmark) whether the procedures were confirmed via examination/review of documentation, through inquiry of licensee personnel or via observation of procedures. Tickmarks used are to be defined at the bottom of each page.
- 2) All "no" answers require referencing and/or comment, and should be cited as regulation violations, unless the Board Chairman has granted a MICS variation or the question requires a "no" answer for acceptability. All "N/A" answers require referencing and/or comment, as to the reason the MICS is not applicable.
- 3) "(#)" refers to the Minimum Internal Control Standards for Race and Sports Book, Version 6.

Minimum Internal Control Standard Notes (paraphrased from the standards)

Note 1: The term "voucher" as used in these MICS refers to a printed wagering instrument, usually issued for use in a betting kiosk, with a fixed dollar wagering value and is redeemable for cash or cash equivalents. Unredeemed vouchers that were issued as payment for winning wagers are treated the same as unpaid winning wagers for revenue purposes (i.e., purged vouchers are included in gross revenue).

Note 2: The term "betting kiosk" as used in these MICS refers to a "self activated machine" that patrons use to place wagers and is considered a writer/cashier station. MICS applicable to writers/cashiers (or writer/cashier stations) are also applicable to a betting kiosk unless otherwise stated within the MICS.

Note 3: A book licensed to accept pari-mutuel wagers must also comply with the Pari-Mutuel MICS. A pari-mutuel book, including pari-mutuel only books, must comply with the Race and Sports MICS, as applicable.

Note 4: For any Board-authorized computer applications, alternate documentation and/or procedures which provide at least the level of control described by these MICS as determined by the Audit Division will be acceptable, and a MICS variation pursuant to Regulation 6.090 will be unnecessary.

Note 5: These MICS apply to satellite and outstation books (as defined in Regulation 22) unless otherwise stated within the MICS.

Note 6: These MICS apply to any Board-authorized inter-casino linked system. However, the operator of the inter-casino linked system and the licensee may share the responsibility for compliance, with some procedures performed by the licensee and other procedures performed by the operator of the inter-casino linked system. The procedures which the operator of the inter-

Questions	Yes	No	N/A	Comments, W/P Reference
1. Has the licensee's written system of internal control for race and sports been read prior to the completion of this checklist to obtain an understanding of the licensee's race and sports operation?				
<b><u>Equipment Standards</u></b>				
2. Is the date and time generated by the race and sports computer system during ticket writing tested each day by a supervisor independent of the ticket writing and cashiering function (this person may also be independent of the book)? <b>(1)</b>				
3. For outstation and satellite books, is the test referred to in the preceding question performed at the location where the administrative function is performed? <b>(1)</b>				
4. Is the Naval Observatory Master Clock contacted to verify the correct time each day events are held and wagers are accepted with the race and sports computer system being adjusted as required? <b>(2)</b>  <b>Note 1:</b> The telephone number for the Naval Observatory Master Clock is (202) 762-1401. <b>(2)</b>  <b>Note 2:</b> This MICS does not apply to outstation and satellite books if the time cannot be changed by employees of such books. <b>(2)</b>  <b>Note 3:</b> This MICS does not apply when the time within the race and sports computer system is kept accurate through the use of an independent automated update process. <b>(2)</b>				
5. When the time is tested pursuant to MICS #1, and/or adjustments are necessary due to discrepancies, is a record of the station number, date, time of test, time per race and sports computer system, name or signature of the employee performing the test, and any other relevant information created? <b>(3) Verify by examination.</b>				
6. For outstation and satellite books are the logs referred to in the preceding question available at each licensed location upon request? <b>(3)</b>

<p>7. Are all date and time stamping machines used by the book for voided tickets and manual payouts directly and permanently wired to the electrical supply system or do they have a back-up power source to ensure an accurate time in the event of power loss to the machines? <b>(4) Indicate the method used.</b></p> <p><b>Note:</b> For the machines to be considered permanently wired to the electrical supply system, they should not be able to be unplugged by pulling on a cord.</p>				
<p>8. In relation to the date and time stamping machines mentioned in the preceding question, do the following also apply:</p>				
<p>a) Do only personnel independent of the book have access to fuses or other similar power control mechanisms used in connection with the stamping machines? <b>(5)</b></p>				
<p>b) Does someone independent of the ticket writing function examine and test the stamping machines once each day to ensure that the date and time are accurate to the nearest minute? <b>(6)</b></p> <p><b>Note:</b> For satellite books this test can be performed by the ticket writer. <b>(6)</b></p> <p><b>Note:</b> If the stamping machine is interfaced with a time clock such that the time on the stamping machine is kept accurate through the use of an independent automated update process, then this procedure is not required. <b>(6)</b></p>				
<p>c) In addition to performing the test pursuant to MICS #6, is the above test performed at least weekly by someone independent of the book? <b>(7)</b></p> <p><b>Note:</b> MICS #7 does not apply to satellite books. <b>(7)</b></p>				
<p>d) When the tests referred to in "b" and "c" above are performed, are the test and any adjustments necessary due to discrepancies documented in a log (or in another equivalent manner) which includes the station number, date, time of test, time on machine, name or signature of employee performing the test, and any other relevant information? <b>(8) Verify by examination.</b></p>				
<p>e) Are the keys (originals and duplicates) to the date and time stamping machines maintained and used by a department or personnel who are independent of the ticket writing and cashiering functions? <b>(9)</b></p>

<b><u>Wagering Standards</u></b>				
9. Whenever a betting station is opened/closed for wagering or turned over to a new writer/cashier, does the writer/cashier sign on/off and does the race and sports computer system create a record indicating the writer's/cashier's identity, the date and time, station number, and the fact that the station was opened/closed? <b>(10) Verify by examination.</b>				
10. Upon accepting a wager, is a record of the wager created in the race and sports computer system which contains: <b>Verify by examination.</b>				
a) Ticket number? <b>(11)</b>				
b) Date and time? <b>(11)</b>				
c) Terms of the wager ("ticket description") which include event/racing meet (or race track), event/race number, event/race date, wager selection (e.g., horse number, team name and number), type of wager (e.g., money line bet; point spreads; over/under amounts; win, place and show; etc.) and dollar amount wagered? <b>(11)</b>				
11. Is the above record of wager documented as follows: <b>Verify by examination.</b>				
a) An original betting ticket that includes the book's name and address and is printed and given to the patron? <b>(11a)</b> <b>Note:</b> This MICS does not apply if a wager is placed using communications technology. However, see "c" below for the requirement relating to these types of wagers. <b>(11a)</b>				
b) A restricted computer system record which is created concurrently with the generation of the original betting ticket and is accessible to authorized book employees with access restricted to inquiry only functions? <b>(11b)</b>				
c) If a wager is placed using communications technology, are all wagering communications electronically recorded (separate from the race and sports computer system) and retained for a period of 60 days? <b>[Regulation 22.140(10) and MICS #11a Note]</b>				
12. If a book voids a betting ticket are the following procedures performed:

a) Is a void designation immediately branded by the race and sports computer system on the ticket with the computer system updated to reflect the void transaction or is the ticket voided manually in the race and sports computer system by entering or scanning the ticket number to update the computer system to reflect the void transaction and immediately writing/stamping a void designation on the original ticket? <b>(12a) Indicate the method used.</b>				
b) For not-in-computer voids, is the date and time when the ticket was voided stamped on the original? <b>(12b)</b>				
c) Are all voids signed by the writer/cashier and a supervisor (who did not write the ticket) at the time of the void? <b>(12c)</b>  <b>Note:</b> The supervisor may be from another gaming department. For satellite books the second signature can be a supervisor of the host property. <b>(12c)</b>				
<b>Note:</b> If the original ticket is unavailable (e.g., printer malfunction) a document is created to reflect the void transaction. <b>(12)</b>				
13. Are sporting event wagers not accepted after the start of the event unless "in progress" or a similar notation is indicated on the original and each copy of the betting ticket, and the race and sports computer system creates and maintains a record that documents the supervisor's approval? <b>(13)</b>  <b>Note:</b> The second half of a football game, for example, is considered a separate event when set up in the race and sports computer system as an independent event for accepting wagers; accordingly supervisor approval does not need to be recorded as long as the wager is accepted before the start of the second half. <b>(13)</b>				
14. Are race wagers not accepted after the occurrence of post time, as defined in Regulation 22? <b>(14)</b>				
15. Is race event documentation created daily that includes, at a minimum, the race date, name of track, race number, and field of horses scheduled to run by horse number and name for each race? <b>(15) Verify by examination.</b>				
16. Is the above race event document updated to indicate any horses subsequently scratched? <b>(15)</b>

<p><b>Computerized Player Tracking Systems</b></p> <p><b>Note 1:</b> Compliance with MICS #50 - #55 is required for all computerized race and sports player tracking systems. <b>(Note after Computerized Player Tracking Systems heading)</b></p> <p><b>Note 2:</b> As used in these Race and Sports MICS, the term “point” or “points” is a generic term and refers to a representative of value awarded to a patron based upon specific criterion established by the licensee. Commonly, points are earned by patrons placing wagers or purchasing room, food, beverage or entertainment admissions. Patron accounts in a player tracking system are used to track points earned/awarded to patrons. <b>(Note after Computerized Player Tracking Systems heading)</b></p>				
57. Is the addition/deletion of points to player tracking accounts, other than through an automated process related to actual play, sufficiently documented (including substantiation of reasons for increases)? <b>(50)</b>				
58. Is the addition/deletion of points to player tracking accounts authorized/performed by supervisory personnel of the player tracking, promotions, or race and sports book departments documented? <b>(50)</b>				
59. Do accounting/audit personnel randomly verify the documentation for the addition/deletion of points to player tracking accounts authorized by supervisory personnel on a quarterly basis? <b>(50)</b>				
<b>Note:</b> MICS #50 does not apply to the deletion of points related to inactive or closed accounts through an automated process. <b>(50)</b>				
60. Do employees who redeem points for patrons have access to inactive or closed accounts <b>only</b> with authorization from supervisory personnel? <b>(51)</b>				
61. Is the above access and approval to the inactive or closed accounts documented and maintained for Board review? <b>(51)</b>				
62. Is patron identification required when redeeming points without a player tracking card? <b>(52)</b>				
63. Are changes to the player tracking system parameters, such as point structures and employee access, performed in one of the two following methods:				
a) Are they performed by supervisory personnel independent of the race and sports department? <b>(53)</b>

b) Are they performed by race and sports supervisory personnel if sufficient documentation is generated and the propriety of the changes is randomly verified by personnel independent of the race and sports department on a quarterly basis? <b>(53)</b>				
64. Are all other changes to the player tracking system appropriately documented? <b>(54)</b>				
65. Are rules and policies for player tracking accounts including the awarding, redeeming and expiration of points prominently displayed or available for patron review at the licensed location? <b>(55)</b>				
<b>Generic Passwords for Casino Cage Cashiers</b>				
<b>Note:</b> MICS #49 does not apply when a supervisor signs onto a common terminal with his or her individual password and the supervisor takes responsibility for the race and sports payouts. <b>(Note before 49)</b>				
66. If generic passwords are used in the casino cage for the race and sports computer system, are the following procedures performed:				
a) Does each cashier redeem tickets from their assigned window bank? <b>(49a)</b>				
b) After verifying the winning ticket in the race and sports computer system, does the cashier sign the patron's copy of the ticket, immediately date/time stamp the ticket at their assigned window, and then maintain the ticket in their cash drawer? <b>(49b) Verify by examination.</b>				
c) Is each cashier assigned a unique date/time stamp which is used solely at their assigned window? <b>(49c) Verify by examination.</b>				
d) Do payouts of \$2,000 or more require a supervisor to enter their approval code and to sign the ticket? <b>(49d)</b>				
e) Do payouts of \$10,000 or more require supervisory personnel independent of the cage department to enter their approval code and to sign the ticket? <b>(49e)</b>				
f) Is a summary sheet prepared which lists all of the cashiers working that shift, their assigned windows, the date/time stamp identification, and the total tickets cashed per cashier? <b>(49f) Verify by examination.</b>

f) The extent of responsibilities (including MICS compliance responsibilities) each organization and the licensee had in the contest/tournament (e.g., ABC nonprofit is to receive 100% of the entry fees and provide noncash prizes for the winners with the licensee collecting entry fees, operating the tournament and distributing prizes to winners)? <b>(78e)</b>				
93. Monthly, do accounting/audit personnel perform procedures (must include review of documentation along with employee interviews and/or observations) to ensure that promotional payouts, drawings, and giveaway programs are conducted in accordance with the conditions provided to the patrons? <b>(79)</b>  <b>Note:</b> For purposes of this MICS, licensees are required to examine any promotional payouts, drawings and giveaway programs that occurred any time during the last month, not just any such events that occurred at the time of their examination.				
94. Daily, do accounting/audit personnel reconcile all contest/tournament entry and payout forms to the dollar amounts recorded in the appropriate accountability document and race and sports computer system report? <b>(80)</b>				
95. When payment is made to the winners of a contest/tournament, do accounting/audit personnel reconcile the contest/tournament entry fees collected to the actual contest/tournament payouts made? <b>(81)</b>  <b>Note 1:</b> The purpose of this reconciliation is to determine whether based on the entry fees collected, the payouts made and the amounts withheld by the gaming establishment, if applicable, were distributed in accordance with the contest/tournament rules. <b>(81)</b>  <b>Note 2:</b> This procedure is not required to be performed at the time the payments are made to the winners. It can be done at some point thereafter, but must be done at least monthly.				
96. Monthly, do accounting/audit personnel reconcile gross revenue from the month-end accrual basis recap report to the general ledger and to the monthly NGC tax return? <b>(82)</b>

<p>97. Is the reconciliation in the preceding question documented and maintained and are all variances including the variance caused by the reduction of race and sports revenue on the NGC tax return due to an allowable tax deduction supported by inter-casino linked system reports reviewed, documented, and maintained? <b>(82) For one month review the reconciliation to verify the proper completion of the reconciliation and to determine that the variance amount is accurate. Indicate the month/year reviewed and the results of the review.</b></p>				
<p>98. Monthly, do accounting/audit personnel review the accounting records (including the reconciliation documentation from MICS #82) and the NGC tax returns to ensure that the write and win have been properly reported according to the appropriate revenue area (i.e., nonpari-mutuel race write and win are listed under race, and pari-mutuel race write and win are included under pari-mutuel race, etc.)? <b>(83)</b></p> <p><b>Note:</b> The timing of this procedure is the same as discussed in the "Note" for the first question above that addresses MICS #82.</p>				
<p>99. Monthly, do accounting/audit personnel review the NGC-32 form to determine that all nonpari-mutuel race wagers have been reported and broken out by disseminator and by track? <b>(84)</b></p> <p><b>Note:</b> The timing of this procedure is the same as discussed in the "Note" for the first question above that addresses MICS #82.</p>				
<p>100. In relation to the previous question, if a single wager is accepted involving more than one track (e.g., a parlay wager off the board), do accounting/audit personnel determine that the wager is apportioned on a pro rata basis to each track? <b>(84)</b></p> <p><b>Note:</b> This procedure must be calculated manually when the race and sports computer system does not properly apportion a single wager involving more than on track on a pro rata basis to each track. <b>(84)</b></p>

c) Review documentation related to access to inactive and closed accounts? <b>(89c)</b>				
107. At least annually, are the following procedures performed for the race and sports computerized player tracking system (in-house developed and vendor systems):				
a) Is the system reviewed by personnel independent of the individuals that set up or make changes to the system parameters to determine that the configuration parameters are accurate and have not been altered without appropriate management authorization (e.g., verify the accuracy of the awarding of points based on the dollar amount wagered)? <b>(90)</b>				
b) If possible, is the system tested to further verify the accuracy of the configuration parameters (e.g., to simulate activity to verify the accuracy of the amount of points awarded)? <b>(90)</b>				
c) Are the test results documented and maintained? <b>(90)</b>				
108. Is documentation (e.g., log, checklist, notation on reports, and tapes attached to original documents) maintained evidencing the performance of race and sports audit procedures, the exceptions noted and follow-up of all race and sports audit exceptions? <b>(91) Verify by examination.</b>

110. Is a report maintained for each month and year-to-date which indicates, for pari-mutuel horse racing, the total amount of wagers accepted, the net amount won by the book (i.e., pari-mutuel gross revenue), and the win-to-write percentage? <b>(93)</b>				
111. Does management independent of the race and sports book review the month-end race and sports statistical reports required by MICS #92 and #93 (prepared prior to the submission of the NGC tax returns for the month in which the activity occurred) at least on a monthly basis and investigate any large or unusual statistical fluctuations? <b>(94)</b>				
112. Are the above investigations completed no later than 30 days after the generation of the month-end race and sports statistical report? <b>(94)</b>				
113. Is the above referenced review performed by comparing the current period statistics for each type of event with those of applicable prior periods with investigations performed for statistical fluctuations for a month in excess of +/- 5%? <b>(95)</b>  <b>Note:</b> Common comparisons are: <ul style="list-style-type: none"> <li>• The current month to the same month from the previous year.</li> <li>• A rolling year-to-date to the same year-to-date period from the prior year. <b>(95)</b></li> </ul>				
114. Are the results of any investigations performed in relation to MICS #95 mentioned in the previous question documented and maintained? <b>(96)</b>  <b>Note:</b> The calculation of the statistics based upon "accounting records (or book) win" is not required and not a substitute for calculating statistics based upon NGC tax return write and win. However, such a calculation may be used as part of an analysis of any statistical fluctuations. <b>(96)</b>
