20. Reserve requirements for licensees.

(a) A licensee shall maintain a reserve in the form of cash, cash equivalents, an irrevocable letter of credit, a bond, or a combination thereof for the benefit and protection of patrons' funds held in wagering accounts. The reserve may be maintained by a licensee's holding company and may be combined as a single amount for all patrons' funds held in wagering accounts maintained by the licensee and its affiliate licensees.

(b) The amount of the reserve shall be not less than the greater of \$25,000 or the sum of all patrons' funds held in the wagering accounts. Amounts available to patrons for play that are not redeemable for cash may be excluded from the reserve requirement. In calculating the sum of all patrons' funds held in wagering accounts when such wagering accounts are used for multiple types of wagering, this subsection, and Regulations 5A, 22, and 26C, as applicable, shall not be construed to require the tallying of such patrons' funds more than once.

(c) If a reserve is maintained in the form of cash, cash equivalent, or an irrevocable letter of credit, it must be held or issued, as applicable, by a federally-insured financial institution. If the reserve is maintained in the form of a bond, it must be written by a bona fide insurance carrier. The reserve must be established pursuant to a written agreement between the licensee and the financial institution or insurance carrier, but the licensee may engage an intermediary company or agent acceptable to the chairman to deal with the financial

institution or insurance carrier, in which event the reserve may be established pursuant to written agreements between the licensee and the intermediary and between the intermediary and the financial institution or insurance carrier.

(d) The agreements described in paragraph (c) of this subsection must reasonably protect the reserve against claims of the licensee's creditors other than the patrons for whose benefit and protection the reserve is established, and must provide that:

(1) The reserve is established and held in trust for the benefit and protection of patrons to the extent the licensee holds money in wagering accounts for such patrons;

(2) The reserve must not be released, in whole or in part, except to the board on the written demand of the chairman or to the licensee on the written instruction of the chairman. The reserve must be available within 60 days of the written demand or written notice. The licensee may receive income accruing on the reserve unless the chairman instructs otherwise pursuant to paragraph (k) of this subsection;

(3) The licensee has no interest in or title to the reserve or income accruing on the reserve except to the extent expressly allowed in this subsection;

(4) Nevada law and this subsection govern the agreements and the licensee's interest in the reserve and income accruing on the reserve;

(5) The agreements are not effective until the chairman's approval has been obtained pursuant to paragraph (e) of this subsection; and

(6) The agreements may be amended only with the prior, written approval of the chairman.

(e) Each licensee shall submit to the chairman all information and copies of all documents relating to its proposed reserve arrangement, including copies of the agreements described in paragraphs (c) and (d) of this subsection, and must obtain the chairman's approval of the agreements and of the reserve arrangements generally. The chairman shall determine whether the agreements and arrangements satisfy the purposes and requirements of this subsection, may require appropriate changes or withhold approval if they do not, and shall notify the licensee of the determination. Amendments to reserve agreements or arrangements must be approved in the same manner.

(f) A licensee must calculate its reserve requirements each day. In the event a licensee determines that its reserve is not sufficient to cover the

calculated requirement, the licensee must, within 24 hours, notify the chairman of this fact in writing and must also indicate the steps the licensee has taken to remedy the deficiency.

(g) Each licensee must engage an independent certified public accountant to examine the pertinent records relating to the reserve each month and determine the reserve amounts required by this subsection for each day of the previous month and the reserve amounts actually maintained by the licensee on the corresponding days. The licensee shall make available to the accountant whatever records are necessary to make this determination. The accountant shall report the findings with respect to each day of the month under review in writing to the board and the licensee no later than the tenth day of the next month. The report shall include the licensee's statement addressing each day of noncompliance and the corrective measures taken.

(h) The report described in paragraph (g) of this subsection may be prepared by an employee of the licensee that is independent of the gaming operations if written approval has been received from the chairman. The report must contain the signature of an employee attesting to the accuracy of the submitted information.

(i) If the chairman is notified pursuant to paragraph (f) of this subsection, or the report described in paragraph (g) of this subsection indicates that at any time during the month under review the amount of the reserve did not meet the requirements of this section, the chairman may instruct the book to either increase the reserve accordingly or cease accepting wagers and money for the account of patrons until such time as the reserve meets the requirements of this subsection and is confirmed to the chairman's satisfaction. The chairman may demand that this reserve be increased to correct any deficiency or for good cause to protect patrons.

(j) If the reserve exceeds the requirements of this subsection, the chairman shall, upon the licensee's written request, authorize the release of the excess.

(k) When a licensee ceases operating and its license lapses, is surrendered, or is revoked, the chairman may demand payment of the reserve, any income accruing on the reserve after operations cease, and, if instructions from the chairman that income accruing on the reserve not be paid to the licensee are in effect when operations cease, any income accruing since the instructions took effect. The board may

interplead the funds in state district court for distribution to the patrons for whose protection and benefit the reserve was established and to such other persons as the court determines are entitled thereto, or shall take such other steps as are necessary to effect the proper distribution of the funds, or may do both.

(l) As used in this subsection, “month” means a calendar month unless the chairman requires or approves a different monthly period to be used for purposes of this subsection, in which case “month” means the monthly period so required or approved.

21. Upon written request and good cause shown, the chairman may waive one or more of the requirements of subsection 20 of this Regulation. If a waiver is granted, the chairman may impose alternative requirements.
