- (b) Financial records are accurate and reliable;
- (c) Transactions are performed only in accordance with management's general or specific authorization;
- (d) Transactions are recorded adequately to permit proper reporting of gaming revenue and of fees and taxes, and to maintain accountability for assets;
- (e) Access to assets is permitted only in accordance with management's specific authorization;
- (f) Recorded accountability for assets is compared with actual assets at reasonable intervals and appropriate action is taken with respect to any discrepancies; and
- (g) Functions, duties, and responsibilities are appropriately segregated and performed in accordance with sound practices by competent, qualified personnel.

2. Each licensee and each applicant for a nonrestricted license shall describe, in such manner as the Chair may approve or require, its administrative and accounting procedures in detail in a written system of internal control. Each licensee and applicant for a license shall submit a copy of its written system to the Board. Each written system must include:

- (e) If the written system is submitted by an applicant, a letter from an independent accountant stating that the applicant's written system has been reviewed by the accountant and complies with the requirements of this section; and
- (f) Such other items as the Chair may require.

3. The Chair shall adopt and publish minimum standards for internal control procedures that in the Chair's opinion satisfy subsection 1. At least 45 days prior to adopting or revising minimum standards, the Chair shall:

(a) Publish notice of the proposed action by posting the proposed change or revision on the Board's website;

(b) Mail notice of the posting of the proposed minimum standards or revision on the Board's website and a copy of this section of Regulation 6 to every Group I licensee and every person who has filed a request therefor with the Commission; and

4. Prior to adopting or revising the minimum standards, the Chair shall consider all written statements, arguments, or contentions submitted by interested parties within 30 days of service of the notice provided for in subsection 3.

5. The Chair shall send written notice that he or she has adopted standards pursuant to subsection 3 to all Group I licensees and to every person who has filed a request therefor with the Commission.

6. Not later than 30 days after service of written notice that the Chair has adopted or revised the minimum standards, any Group I licensee may object to the minimum standards or revisions by filing a written objection with the Commission. If a licensee files an objection, the effective date of the standards or revisions is stayed. The Commission may, on its own initiative, review the minimum standards or revisions adopted by the Chair and may stay the effective date of the standards or revisions. If no objections are filed within 30 days, or the Commission does not stay the effective date in order to review the minimum standards or revisions, the minimum standards or revisions shall become effective. If objections to particular portions of the minimum standards or revisions are filed, the portions of the minimum standards or revisions not objected to shall become effective upon expiration of the 30 days. If the Commission fails to sustain an objection within 60 days of its filing, the objection will be deemed denied and the minimum standards shall become effective upon expiration of the 60 days. If the Commission sustains the objection, the Chair shall revise the minimum standards to reflect the order of the Commission. The Chair shall send written notice of the effective date of the standards to all Group I licensees and every person who has filed a request therefor with the Commission.

7. Not later than 30 days after service of written notice that the minimum standards adopted or revised pursuant to this section are effective, each licensee whose procedures are affected by the minimum standards or revisions shall amend its written system, submit a copy of the written system as amended to the Board, and comply with the standards and system as amended. The Chair, in the Chair's sole and absolute discretion, may extend the time for complying with this subsection.

8. The licensee may not implement a system of internal control procedures that does not satisfy the minimum standards unless the Chair, in the Chair's sole discretion, determines that the licensee's proposed system satisfies subsection 1, and approves the system in writing. Within 30 days after a licensee receives notice of the Chair's approval of procedures that satisfy the requirements of subsection 1, but that do not satisfy the minimum standards, the licensee shall comply with the approved procedures, amend its written system accordingly, and submit to the Board a copy of the written system as amended and a written description of the variations signed by the licensee's chief financial officer and either the licensee's chief executive officer or a licensed owner.

9. Each licensee shall require the independent accountant engaged by the licensee to examine the financial statements or to review the licensee's financial statements to submit to the licensee 2 copies of a written report of the compliance of the procedures and written system with the minimum internal control standards. Using the criteria established by the Chair, the independent accountant shall report each event and procedure discovered by or brought to the accountant's attention that the accountant believes does not satisfy the minimum standards or variations from the standards that have been approved by the Chair pursuant to subsection 8. Not later than 150 days after the end of the licensee's business year, the licensee shall submit a copy of the accountant's report or any other correspondence directly relating to the licensee's systems of internal control to the Board accompanied by the licensee's statement addressing each item of noncompliance noted by the accountant and describing the corrective measures taken. Unless the Chair approves otherwise in writing, in the event of a license termination, change in business entity, or a change in the percentage of ownership of more than 20 percent, the licensee or former licensee shall, not later than 150 days after the event, submit a copy of the accountant's report or any other correspondence directly relating to the licensee's systems of internal control to the Board accompanied by the licensee's statement addressing each item of noncompliance noted by the accountant and describing the corrective measures

taken covering the period since the period covered by the previous report. If a license termination, change in business entity, or a change in the percentage of ownership of more than 20 percent occurs within 150 days after the end of a business year for which a report has not been submitted, the licensee may submit a report covering both the business year and the final period of business.

10. Before adding or eliminating a counter game; eliminating all table games; adding a table game at a gaming establishment not offering table games; adding any computerized system that affects the proper reporting of gross revenue; adding any computerized system of betting at a race book or sports pool; or adding any computerized system for monitoring slot machines or other games, or any other computerized associated equipment, the licensee must:

(a) Amend its accounting and administrative procedures and its written system of internal control to comply with the minimum standards;

(b) Submit to the Board a copy of the written system as amended, and a written description of the amendments signed by the licensee's chief financial officer and either the licensee's chief executive officer or a licensed owner;

(c) Comply with any written requirements imposed by the Chair regarding administrative approval of computerized associated equipment; and

(d) After paragraphs (a) through (c) have been complied with, implement the procedures and written system as amended.

11. Each licensee shall annually report any amendments to the licensee's procedures and written system, not reported pursuant to Regulation 6.090(10), that have been made since the previous annual report. The report must include either a copy of the written system as amended or a copy of each amended page of the written system, and a written description of the amendments signed by the licensee's chief financial officer.

12. If the Chair determines that a licensee's administrative or accounting procedures or its written system does not comply with the requirements of this section, the Chair shall so notify the licensee in writing. Within 30 days after receiving the notification, the licensee shall amend its procedures and written system accordingly, and shall submit a copy of the written system as amended and a description of any other remedial measures taken.

13. Each licensee shall comply with its written system of internal control submitted pursuant to subsection 2 as it relates to compliance with the minimum standards, variations from the minimum standards approved pursuant to subsection 8, and Regulation 14 associated equipment approvals.

14. Failure to comply with subsection 13 is an unsuitable method of operation.

15. Using guidelines, checklists, and other criteria established by the Chair, the licensee's internal auditor shall perform observations, document examinations, and inquiries of employees to determine compliance with applicable statutes, regulations, and minimum internal control standards. Two copies of the internal auditor's report summarizing all instances of noncompliance and management responses must be submitted to the Board within 120 days after the end of the first six months of the licensee's business year and must include all work required to be performed during that six-month period along with any additional procedures that were performed. Noncompliance noted in the second half of the business year must be submitted to the Board within 120 days after the end of the business year unless the noncompliance is to be disclosed in the independent accountant's report submitted pursuant to Regulation 6.090(9).

If a licensee files an objection, the effective date of the internal control procedures is stayed. The Commission may, on its own initiative, review the internal control procedures adopted by the Chair and may stay the effective date of the standards or revisions. If no objections are filed within 30 days, or the Commission does not stay the effective date in order to review the internal control procedures, the internal control procedures shall become effective. If objections to particular portions of the internal control procedures are filed, the portions of the internal control procedures not objected to shall become effective upon expiration of the 30 days. If the Commission fails to sustain an objection within 60 days of its filing, the objection will be deemed denied and the internal control procedures shall become effective upon expiration of the 60 days. If the Commission sustains the objection, the Chair shall revise the internal control procedures to reflect the order of the Commission. The Chair shall send written notice of the effective date of the internal control procedures to all Group II licensees and every person who has filed a request therefor with the Commission.

6. Not later than 30 days after service of written notice that the internal control procedures adopted or revised pursuant to this section are effective, each licensee shall comply with the procedures. The Chair, in the Chair's sole and absolute discretion, may extend the time for complying with this subsection.

7. A licensee may not implement internal control procedures that deviate from the published internal control procedures unless the deviations are approved in writing by the Chair.

8. Failure to follow the internal control procedures issued by the Chair, or approved deviations from the procedures, is an unsuitable method of operation.

(Adopted: 10/87. Formerly Reg. 6.100A. Amended: 2/00; 5/12.)

6.105 Internal control for operators of inter-casino linked systems and mobile gaming systems.

1. Each operator shall prepare and submit a written internal control system describing the operation of the inter-casino linked system or mobile gaming system, in accordance with this regulation. Each operator shall, if required by the Chair, amend the written system to comply with any requirements consistent with this regulation that the Chair deems appropriate.

2. Each operator and each licensee participating in each operator's inter-casino linked system or mobile gaming system shall comply with the internal control system and all amendments to such internal control system as have been approved by the Chair.

3. Unless the Chair approves otherwise in writing, each operator shall direct an independent accountant engaged by the operator to perform observations, document examinations and inquiries of employees to determine compliance with the operator's internal control system using procedures approved by the Chair. The independent accountant engaged by the operator will submit to the operator two copies of a written report of its compliance with the internal control system approved by the Chair. Not later than 150 days after the end of the operator's business year, the operator shall submit two copies of the independent accountant's report summarizing all instances of noncompliance or any other correspondence directly relating to the operator's system of internal control to the Board, accompanied by the operator's statement addressing each item of noncompliance noted by the independent accountant and describing the corrective measures taken.

6.110 Gross revenue computations.

1. For each table game, gross revenue equals the closing table game bankroll plus credit slips for cash, chips, tokens, or personal/payroll checks returned to the casino cage, plus drop, less opening table game bankroll, fills to the table, money transfers issued from the game through the use of a cashless wagering system.

(Adopted: 10/87. Amended: 5/03.)

2. For each slot machine, or gaming device, gross revenue equals drop less fills to the machine or gaming device and jackpot payouts, and includes all money received by the licensee from a patron to play a slot machine or gaming device. Additionally, the initial hopper load is not a fill and does not affect gross revenue. The difference between the initial hopper load and the total amount that is in the hopper at the end of the licensee's fiscal year must be adjusted accordingly as an addition to or subtraction from the drop for that year. If a licensee does not make such adjustments, or makes inaccurate adjustments, the audit division may compute an estimated total amount in the slot machine hoppers and may make reasonable adjustments to gross revenue during the course of an audit.

(Adopted: 10/87. Amended: 11/18/99; 9/15.)

3. For each counter game, gross revenue equals:

(a) The counter games write on events or games that occur during the month or will occur in subsequent months, less counter games payout during the month ("cash basis"); or

(b) The counter games write on events or games that occur during the month, plus counter games write not previously included in gross revenue that was accepted by the licensee in previous months on events or games occurring during the month, less counter games payouts during the month ("modified accrual basis").

(Adopted: 10/87. Amended: 5/03.)

4. For each card game and any other game in which the licensee is not a party to a wager, gross revenue equals all money received by the licensee as compensation for conducting the game.

(Adopted: 10/87. Effective: 1/88.)

5. A licensee shall not include either skill win or skill loss in gross revenue computations.

(Adopted: 10/87. Effective: 1/88.)

6. In computing gross revenue for a slot machines, keno and bingo, the actual cost to the licensee, its agent or employee, or a person controlling, controlled by, or under common control with the licensee, of any personal property distributed as losses to patrons may be deducted from winnings (other than costs of travel, lodging, services, food, and beverages) if the licensee maintains detailed documents supporting the deduction.

(Adopted: 10/87. Amended: 11/18/99.)

7. If the licensee provides periodic payments to satisfy a payout resulting from a wager, the initial installment payment when paid and the actual cost of a payment plan approved pursuant to Regulation 5.115 and funded by the licensee may be deducted from winnings. For any funding method which merely guarantees the licensee's performance and under which the licensee makes payments directly out of cash flow (e.g., irrevocable letters of credits, surety bonds, or other similar methods), the licensee may only deduct such payments when paid to the patron.

(Adopted: 10/87. Amended: 11/99; 5/00.)

8. For payouts by inter-casino linked system operators a licensee may deduct from winnings its pro rata share of an inter-casino linked system payout, except for a payout made in conjunction with a card game, pursuant to NRS 463.3715(5) under the provisions of its contract with the operator of the system and in accordance with the requirements stated herein.

(Adopted: 10/87. Amended: 11/99; 5/00.)

9. A licensee shall not exclude money paid out on wagers that are knowingly accepted by the licensee in violation of chapters 463 or 465 of the Nevada Revised Statutes or the regulations of the Commission from gross revenue.

(Adopted: 10/87. Amended: 11/18/99; 5/00.)

10. If in any month the amount of gross revenue is less than zero, the licensee may deduct the excess in the succeeding months, until the loss is fully offset against gross revenue.

(Adopted: 10/87. Amended: 11/18/99; 5/00.)

11. Payout receipts and wagering vouchers issued at a game or gaming device, other than a slot machine offered for play at a gaming establishment that operates under a nonrestricted license, shall be deducted from gross revenue as jackpot payouts in the month the receipts or vouchers are issued by the game or gaming device. Payout receipts and wagering vouchers deducted from gross revenue that are not redeemed within 60 days of issuance shall be included in gross revenue. An unredeemed payout receipt or wagering voucher previously included in gross revenue may be deducted from gross revenue in the month redeemed. For purposes of this section, the term "slot machine" means a gaming device for which gross revenue is calculated pursuant to the method described under section 2 above.

(Adopted: 5/03. Amended: 9/22/11.)

12. For payout receipts and wagering vouchers issued at a slot machine offered for play at a gaming establishment that operates under a nonrestricted license:

(a) The redemption value shall be deducted from gross revenue as a jackpot payout in the month the receipt or voucher is issued at the slot machine.

(b) Such receipts and wagering vouchers shall be deemed expired if not redeemed on or before the expiration date printed on the payout receipt or wagering voucher or within 180 days of issuance, whichever period is less. For payout receipts or wagering vouchers that have been deemed expired under this section, the licensee shall:

(1) Include 25 percent of the redemption value in reported gross revenue in the month that the payout receipt or wagering voucher expired; and

(2) On or before the 15th day of the month following the end of each calendar quarter:

(i) Report to the Commission the total redemption value of all unredeemed payout receipts and wagering vouchers that expired during the preceding calendar quarter; and

(ii) Remit to the Commission 75 percent of the total redemption value of all unredeemed payout receipts and wagering vouchers that expired during the preceding calendar quarter.

(c) While under no legal obligation to do so, a licensee may allow a patron to redeem a payout receipt or wagering voucher that has been deemed expired pursuant to this section. In such cases:

(1) If any portion of the redemption value of the expired payout receipt or wagering voucher had been included in reported gross revenue, the licensee shall deduct that amount from reported gross revenue for the month the receipt or voucher was redeemed.

(2) If redeemed in the same quarter it expired, no portion of the redemption value of the payout receipt or wagering voucher is to be remitted to the Commission, nor is any portion of the redemption value to be included in the quarterly report to the Commission.

(3) If any portion of the redemption value of the expired payout receipt or wagering voucher was previously remitted to the Commission, the licensee shall deduct that amount from the next quarterly payment due the Commission up to the total amount due for that quarter. Any remaining amount shall be deducted in the same manner from amounts due in subsequent quarters until the amount has been fully deducted.

(d) A record of all expired payout receipts and wagering vouchers shall be created and maintained in accordance with the record keeping requirements set forth in regulations 6.040 and 6.060.

(e) For purposes of this section, the term "slot machine" means a gaming device for which gross revenue is calculated pursuant to the method described under section 2 above.

(f) This section only applies to payout receipts and wagering vouchers issued at a slot machine after June 30, 2011. For payout receipts and wagering vouchers issued at a slot machine on or before June 30, 2011, the requirements of section 11 apply.

(Adopted: 9/22/11. Amended: 6/14.)

6.115 Uncollected baccarat commissions.

1. If a licensee does not collect baccarat commissions due from a patron at the conclusion of play and elects to waive payment, such action must be authorized and documented in accordance with subsection 2 hereof.

2. Concurrently with the decision to not collect the baccarat commission, the licensee must record, in such manner and using such preprinted, prenumbered forms as the Chair has approved:

(a) Date, shift and time the licensee determined to not collect the baccarat commission;

(b) The amount of the baccarat commission not collected;

(c) The baccarat table number;

(d) Patron name, if known;

(e) The dealer's signature; and

(f) A baccarat supervisor's signature.

3. Such forms shall be sent to the accounting department at least every 24 hours and reconciled numerically to account for all forms. A form may be used to record more than one transaction; however each transaction must indicate all of the above required signatures. Descriptions of the forms and procedures utilized must be included in the licensee's submitted system of internal control.

4. An uncollected baccarat commission that is not waived in accordance with this regulation shall be documented by a credit instrument that clearly indicates it represents an uncollected baccarat commission,

and that conforms to all documentation and procedural requirements of the licensee's submitted system of internal control.

5. Failure to comply with these regulations is an unsuitable method of operation, but shall not subject the licensee to any payment of taxes or fees on any baccarat commission not collected.

(Adopted: 8/93.)

6.118 Mandatory disclosure provisions for credit applications and credit instruments.

1. Each credit application must contain a statement approved by the Chair, separately signed by the patron, and in a font size of not less than 9 points, acknowledging the patron's understanding, that under Nevada law a credit instrument is the same as a personal check, and knowingly writing a credit instrument with insufficient funds in the account upon which it is drawn, or with intent to defraud, is a criminal act in the State of Nevada which may result in criminal prosecution. The following language, if used on a credit application, is deemed approved:

"Warning: For the purposes of Nevada law, a credit instrument is identical to a personal check and may be deposited in or presented for payment to a bank or other financial institution on which the credit instrument is drawn. Willfully drawing or passing a credit instrument with the intent to defraud, including knowing that there are insufficient funds in an account upon which it may be drawn, is a crime in the State of Nevada which may result in criminal prosecution in addition to civil proceedings to collect the outstanding debt."

2. Each credit instrument must contain a notification, approved by the Chair, permanently and legibly printed on the face of the original credit instrument, in a font size of not less than 6 points, that notifies the patron of the requirements of Nevada law regarding personal checks. The following language, if used on a credit instrument, is deemed approved:

"A credit instrument is identical to a personal check. Willfully drawing or passing a credit instrument knowing there are insufficient funds in an account upon which it may be drawn, or with the intent to defraud, is a crime in the State of Nevada which may result in criminal prosecution."

3. All documents created pursuant to this section must be retained in accordance with the requirements of Regulation 6.060.

4. Credit applications and credit instruments issued by licensees to patrons after the effective date of this section must contain the required wording. Such documentation issued by licensees to patrons before the effective date need not include the required disclosures.

(Adopted: 3/06. Effective: 9/19/06.)

6.120 Treatment of credit for purposes of computing gross revenue.

1. Gross revenue does not include credit extended or collected by the licensee for purposes other than gaming. Gross revenue included the amount of gaming credit extended to a patron that is not documented in a credit instrument.

2. Each licensee shall:

(a) Document, prior to extending credit, that it:

(1) Has received information from a bona fide credit-reporting agency that the patron has an established credit history that is not entirely derogatory; or

(2) Has received information from a legal business that has extended credit to the patron that the patron has an established credit history that is not entirely derogatory; or

(3) Has received information from a financial institution at which the patron maintains an account that the patron has an established credit history that is not entirely derogatory; or

(4) Has examined records of its previous credit transactions with the patron showing that the patron has paid substantially all of the patron's credit instruments and otherwise documents that it has a reasonable basis for placing the amount or sum placed at the patron's disposal; or

(5) Was informed by another licensee that extended gaming credit to the patron that the patron has previously paid substantially all of the debt to the other licensee and the licensee otherwise documents that it has a reasonable basis for placing the amount or sum placed at the patron's disposal; or

(6) If no credit information was available from any of the sources listed in subparagraphs (1) through (5) for a patron who is not a resident of the United States, the licensee has received, in writing, information from an agent or employee of the licensee who has personal knowledge of the patron's credit reputation or financial resources that there is a reasonable basis for extending credit in the amount or sum placed at the patron's disposal;

(7) In the case of personal checks, has examined and has recorded the patron's valid driver's license or, if a driver's license cannot be obtained, some other document normally acceptable as a means of identification when cashing checks, and has recorded a bank check guarantee card number or credit card number or has documented one of the credit checks set forth in subparagraphs (1) through (6);

(8) In the case of third party checks for which cash, chips, or tokens have been issued to the patron or which were accepted in payment of another credit instrument, has examined and has recorded the patron's valid driver's license, or if a driver's license cannot be obtained, some other document normally acceptable as a means of identification when cashing checks and has, for the check's maker or drawer, performed and documented one of the credit checks set forth in subparagraphs (1) through (6);

(9) In the case of guaranteed drafts, has complied with the issuance and acceptance procedures prescribed by the issuer.

(b) Ensure that the patron to whom the credit is extended either signs the credit instrument when credit is extended or, unless the requirements of subsection 5 and 6 have been met, acknowledges the debt and the instrument's validity in a signed, written statement within 30 days of the audit division's request;

(c) Obtain and record the patron's address before extending the credit, or, unless the requirements of subsections 5 and 6 have been met, furnish the patron's current address within 30 days of the audit division's request.

3. A licensee, after extending credit, shall:

(a) Document that it has:

(1) Attempted to collect payment from the patron once every ninety (90) days from the date:

(i) The credit is extended; or

(ii) Upon which the licensee and patron agree that the debt will become due and payable. An agreement by the licensee and the patron to extend the date the debt becomes due and payable beyond ninety (90) days from the date the credit was extended must be documented. If the agreement is not documented, collection attempts must be made as provided in this subsection, until the agreement is documented. Notwithstanding the forgoing, the licensee must commence collection efforts within ninety (90) days after the date which is eighteen (18) months after the date on which the credit is extended regardless of any agreement to extend the due date.

(2) Attempted to collect payment from the patron by requesting payment in letters sent to the patron's last-known address, or via facsimile transmission or electronic mail, or in personal or telephone conversations with the patron, or by presenting the credit instrument to the patron's bank for collection, or by a collection method or methods which the Chair determines to constitute good faith efforts to collect the full amount of the debt.

(b) Furnish the credit instrument to the Board within 30 days after the audit division's request, unless the licensee has independent, written, and reliable verification that the credit instrument is in the possession of a court, governmental agency, or financial institution; has been returned to the patron upon partial payment of the instrument; has been returned to the patron upon the licensee's good faith belief that it had entered into a valid settlement and the licensee provides a copy of the original credit instrument and a document created contemporaneously with the settlement that contains the information required by subsection 6(b)(1)-(6) of this section; has been stolen and the licensee has made a written report of the theft to an appropriate law enforcement agency, other than the Board, having jurisdiction to investigate the theft; or the Chair waives the requirements of the subsection because the credit instrument cannot be produced because of any other circumstances beyond the licensee's control.

(1) Theft reports made pursuant to this paragraph must be made within 30 days of the licensee's discovery of the theft and must include general information about the alleged crime, the amount of financial loss sustained, the date of the alleged theft, and the names of employees or agents of the licensee who may be contacted for further information. Each licensee shall furnish to the audit division a copy of theft reports made pursuant to this paragraph within 30 days of its request.

(2) If the licensee has returned a credit instrument upon partial payment, consolidation, or redemption of the debt, it shall issue a new "substituted" credit instrument in place of the original and shall furnish the substituted credit instrument to the audit division within 30 days of its request, unless the licensee has independent, written, and reliable verification that the substituted credit instrument cannot be produced because it is in the possession of a court, governmental agency, or financial institution; has been stolen and the licensee has made a written report of the theft to an appropriate law enforcement agency, other than the Board, having jurisdiction to investigate the theft; or the Chair waives the requirements of this

subparagraph because the substituted credit instrument cannot be produced because of any other circumstances beyond the licensee's control.

(c) Submit a written report of a forgery, if any, of the patron's signature on the instrument to an appropriate law enforcement agency, other than the Board, having jurisdiction to investigate the forgery. The report must include general information about the alleged crime, the amount of financial loss sustained, the date of the alleged forgery, and identification of employees or agents of the licensee who may be contacted for further information. Each licensee shall furnish a copy of forgery reports made pursuant to this paragraph to the audit division within 30 days of its request.

(d) Permit the audit division within 30 days of its request to confirm in writing with the patron the existence of the debt, the amount of the original credit instrument, and the unpaid balance, if any.

(e) Retain all documents showing, and otherwise make detailed records of, compliance with this subsection, and furnish them to the audit division within 30 days after its request.

4. Each licensee shall include in gross revenue all or any portion of an unpaid balance on any credit instrument if the Board determines that, with respect to that credit instrument, the licensee has failed to comply with the requirements of subsection 2 or 3.

5. A licensee need not include in gross revenue the unpaid balance of a credit instrument even if the Board determines that a licensee has failed to comply with subsections 2 and 3 if the requirements of subsections 6, 7 and one or more of the following paragraphs are satisfied, and the licensee documents or otherwise keeps detailed records of compliance with this subsection and furnishes them to the audit division within 30 days after its request. In the case in which the debts of several patrons are consolidated for purposes of settlement, the licensee shall document that the consolidation of the accounts of several patrons is not for the purpose of avoiding an adverse determination under subsections 2 and 3.

(a) The licensee settles the debt for less than its full amount to induce the patron to make a partial payment. This paragraph is satisfied only if the licensee first requests payment of the debt in full from the patron, the patron fails to respond to the request or refuses to pay the debt in full, and the patron then makes a partial payment in consideration for settlement of the debt for less than the full amount.

(b) The licensee settles the debt for less than its full amount to compromise a genuine dispute between the patron and the licensee regarding the existence or amount of the debt.

(c) The licensee settles the debt for less than its full amount because the licensee in good faith believes, and records the basis for its belief, that the patron's business will be retained in the future, or the patron's business is in fact retained.

(d) The licensee settles the debt for less than its full amount to obtain a patron's business and to induce timely payment of the credit instrument. This paragraph is only satisfied if the percentage of the discount off the face value of the credit instrument is reasonable as compared to the prevailing practice in the industry at the time the credit instrument was issued.

6. Each licensee shall ensure:

(a) That a debt settled pursuant to subsection 5 is settled either with the patron to whom the credit was initially extended or the patron's personal representative. For purposes of this section, a personal representative is an individual who has been authorized by the patron to make a settlement on the patron's behalf. The licensee shall document its reasonable basis for its belief that the patron has authorized the individual to settle the patron's debt.

(b) That the settlement is authorized by persons designated to do so in the licensee's system of internal control, and the settlement agreement is reflected in a single document prepared within 30 days of the agreement and the document includes:

- (1) The patron's name;
- (2) The original amount of the credit instrument;
- (3) The amount of the settlement stated in words;
- (4) The date of the agreement;
- (5) The reason for the settlement;
- (6) The signatures of the licensee's employees who authorized the settlement;
- (7) The patron's signature or in cases in which the patron's signature is not on the settlement

document, confirmation from the patron acknowledging the debt, the settlement and its terms and circumstances in a signed, written statement received by the audit division within 30 days of its request. If confirmation from the patron is not available because of circumstances beyond the licensee's control, the licensee shall provide such other information regarding the settlement as the Chair determines is necessary to confirm the debt and settlement.

7. If the Chair determines that it is necessary to independently verify the existence or the amount of a settlement made pursuant to subsection 5, the licensee shall allow the audit division to confirm the settlement and its terms and circumstances with the patron to whom the credit was initially extended.

8. A licensee shall include in gross revenue all money, and the net fair market value of property or services received by the licensee, its agent or employee, or a person controlling, controlled by, or under common control with the licensee in payment of credit instruments.

9. A licensee may exclude money received in payment of credit instruments from gross revenue if the licensee notifies the Board in writing within 30 days of the licensee's discovery of the alleged criminal misappropriation of the money by an agent or employee of the licensee or by a person controlling, controlled by, or under common control with the licensee where the agent, employee, or person was involved in the collection process, and if the licensee:

(a) Files a written report with an appropriate law enforcement agency, other than the Board, alleging criminal misappropriation of the money and furnishes a copy of such report to the Board within 30 days of the audit division's request;

(b) Files and prosecutes a civil action against the agent, employee, or person for recovery of the misappropriated money and furnishes copies of legal pleadings to the Board within 30 days of the audit division's request; or

(c) Otherwise demonstrates to the Chair's satisfaction, within the time limits set by the Chair, that the money was in fact criminally misappropriated and not merely retained by the agent, employee, or person as payment for services or costs.

10. If the licensee recovers any money, previously excluded from gross revenue pursuant to subsection 9, the licensee shall include the money in gross revenue for the month in which the money is recovered.

(Adopted: 10/87. Amended: 5/03; 3/06.)

6.125 Treatment of credit instruments upon conclusion of gaming operation.

1. As used in this section:

(a) "Licensee" may mean former licensee and may also include any affiliate of the licensee or former licensee, as the context requires.

(b) "Value of all collectible credit instruments" means the amount of cash or other compensation the licensee may reasonably expect to receive in payment of its credit instruments after the conclusion of its gaming operation. This amount must be computed with reference to the unpaid balances of the instruments, the effect of the conclusion of the gaming operation on the likelihood of collecting the instruments, the licensee's collection experience, the ages of the instruments, the past collection efforts on the instruments, the financial stability of the patrons, the general economic conditions of the patrons' countries of residence, and any other pertinent factors. This amount must not include the amount of any credit instrument for which a gross revenue license fee was paid pursuant to NRS 463.371.

2. To ensure collection of the fee imposed by NRS 463.3857, the licensee must make a cash deposit or post security of a type specified in NRS 100.065 by no later than the 24th day of the month after the month in which the licensee concluded its gaming operation. The amount of the cash deposit or security must be computed by multiplying the value of all collectible credit instruments by the rate derived from the formula in subsection 4. The cash deposit or security must be paid to or posted with the Commission and be accompanied by a report of its computation on a form prescribed by the Board Chair. Interest on the cash deposit or security accrues to the licensee at the statutory or stated rate. If the licensee makes a cash deposit, then, as the fee imposed by NRS 463.3857 becomes due, it may be paid out of the cash deposited, including any accrued interest, in which case the amount of the cash deposit will be reduced by a corresponding amount. If the licensee posts security, then the amount of the security may be reduced as the fee imposed by NRS 463.3857 is paid, and the security must be released when the total amount of the fee that has been paid equals or exceeds the amount of the security.

3. The fee imposed by NRS 463.3857 must be collected each month in which the licensee receives cash or other compensation in payment of its credit instruments. The amount of the fee collected each month must be computed by multiplying the rate derived from the formula in subsection 4 by the total of all cash or other compensation received by the licensee that month in payment of its credit instruments. This monthly fee amount must be paid by the licensee to the Commission by no later than the 24th day of the month after the month in which the cash or other compensation is received, and must be accompanied by a report of its computation on a form prescribed by the Board Chair.

4. For purposes of the computations in subsections 2 and 3, the rate is determined by dividing the sum of the licensee's projected monthly fee payments by the value of all collectible credit instruments. The licensee's projected monthly fee payments are determined by applying the rates and monetary limits set forth in NRS 463.370(1) to each one of the licensee's projected monthly collections. The licensee's projected monthly collections are determined by multiplying the licensee's historical collection percentages by the value of all collectible credit instruments. The licensee's historical collection percentages are determined by dividing all of the cash or other compensation received by the licensee in payment of credit instruments during each of 24 monthly aging periods beginning 36 months before the month in which the gaming operation is concluded, by the sum of all of the cash or other compensation received by the licensee in payment of those credit instruments during all of those 24 monthly aging periods. If the licensee has concluded its gaming operation within 36 months after the operation began, or if the licensee has failed to maintain adequate aging information, then the licensee and the Board may agree on different intervals or methods for determining the licensee's historical collection percentages. If the licensee and the Board cannot agree on different intervals or methods for determining the licensee's historical collection percentages, or on the value of all collectible credit instruments, then the Board shall determine the percentages or value the licensee must use to compute the rate. If that computation results in the licensee paying a greater fee than it believes should have been collected, then the licensee may file a claim for refund pursuant to Regulation 6.180.

5. Not earlier than 12 months after the month in which the gaming operation is concluded, the licensee may submit a claim for the refund of any cash remaining on deposit or the release of any security posted pursuant to subsection 2, including any accrued interest. The claim for refund or release must be allowed if the licensee can furnish the Board all unpaid credit instruments which demonstrate that more cash or security remains on deposit than will be collected pursuant to subsection 3. The licensee need not furnish an unpaid credit instrument if the licensee has independent, written, and reliable verification that the credit instrument is in the possession of a court, governmental agency, or financial institution, or was returned to the patron upon acceptance of a partial payment for the full amount of the instrument. Acceptance of a partial payment for the full amount of a credit instrument must be documented by a receipt bearing the patron's signature or by other supporting evidence demonstrating that the licensee attempted to obtain the patron's signature.

6. A claim for refund pursuant to subsection 5 must not be allowed to the extent that the licensee receives any property or services in payment of a credit instrument in whole or in part.

7. For a period of five years after the date its gaming operation is concluded, the licensee must maintain adequate records of all cash or other compensation received in payment of credit instruments and all credit instruments that remain unpaid. The Commission may deny any claim for refund pursuant to subsection 5 if the licensee fails to maintain or does not allow the Board to audit such records and unpaid credit instruments.

8. This section does not preclude the Board and Commission from collecting any gross revenue license fee that may be due on any credit instrument pursuant to NRS 463.371 at the conclusion of a licensed gaming operation.

9. This section does not apply to:

(a) Any credit instrument that is transferred by operation of law to a successor-in-interest who continues the gaming operation, such as a trustee in bankruptcy, a receiver, or a supervisor appointed pursuant to chapter 463B of NRS, or any credit instrument that remains unpaid when the successor-in-interest ceases its gaming operation.

(b) Any credit instrument that is purchased by another licensee, provided that the purchaser agrees in writing to assume the liability for any fee due or that may become due on the credit instrument, including any fee that may become due under NRS 463.370, 463.371 or 463.3857.

(Adopted: 9/26/91. Amended: 5/93.)

6.130 Mandatory count procedure.

1. Except as otherwise provided in subsection 2:

(a) Each nonrestricted licensee shall report annually to the Board, on or before July 15th, the time or times when drop boxes will be removed and the contents counted. All drop boxes must be removed and counted at the time or times previously designated to the Board. Removal and counting of drop box contents at other than the designated times is prohibited unless the licensee provides advance written notice to the Chair of a change in times or the Chair requires a change of authorized times.

(b) Within 10 days after the end of each calendar quarter, each nonrestricted licensee shall submit a list to the Board of employees authorized to participate in the count and those employees who are authorized to be in the count room during the count ("count personnel list") during and as of the end of the calendar quarter. The count personnel list shall indicate those persons, if any, who hold an interest in the licensee and shall indicate what relationship by blood or marriage, if any, exists between any person on such list or any interest holder or employee of the gaming establishment. The count personnel list shall also indicate the social security number of each count employee and the job position held by each count employee.

2. Unless otherwise administratively waived or amended by the Chair, each operator of a slot machine route shall submit the information required by this section on a monthly basis, in a format acceptable to the Board, on or before the fifth day of the immediately following month. This subsection will expire and no longer be in force and effect as of midnight January 31, 1993.

(Adopted: 10/87. Amended: 10/91.)

6.140 Handling of cash. Each gaming employee, owner, or licensee who receives currency of the United States (other than tips or gratuities) from a patron in the gaming area of a gaming establishment shall promptly place the currency in the locked box in the table or, in the case of a cashier, in the appropriate place in the cashier's cage, or on those games which do not have a locked box or on card game tables, in an appropriate place on the table, in the cash register, or other repository approved by the Chair.

(Adopted: 10/87. Effective: 1/88.)

6.150 Minimum bankroll requirements.

1. The Chair may adopt or revise a bankroll formula that specifies the minimum bankroll requirements applicable to restricted gaming licensees, nonrestricted gaming licensees and persons licensed as an operator of an inter-casino linked system or as an operator of a slot machine route, along with instructions for computing available bankroll.

2. At least 30 days before adopting or revising the bankroll formula, the Chair shall:

(a) Publish notice of the proposed adoption or revisions, together with the effective date thereof, by posting the proposed change or revision on the Board's website;

(b) Mail notice of the posting of the proposed bankroll formula or revisions on the Board's website, together with the effective date thereof, to each restricted gaming licensee, nonrestricted gaming licensee, operator of an inter-casino linked system, operator of a slot machine route, and every other person who has filed a request therefor with the Board or Commission; and

(c) Provide a copy of the proposed bankroll formula or revisions and their effective date to the Commission.

3. Any affected licensee may object to the proposed bankroll formula or revisions, by filing a request for a review of the Chair's administrative decision, pursuant to Regulation 4.190. If any licensee files a request for review, then the effective date of the proposed bankroll formula or revisions will be stayed pending action by the Board, and if the Board's decision is appealed pursuant to Regulation 4.195, pending action by the Commission. If no requests for review are filed with the Board, then the bankroll formula or revisions shall become effective on the date set by the Chair.

4. Any licensee may propose the repeal or revision of any existing bankroll formula by submitting a request to the Chair, who shall consider the request at the Chair's discretion. If such a request is approved by the Chair, then the proposed repeal or revision must be processed in accordance with subsections 2 and 3. If such a request is denied by the Chair, then the licensee may file the request for a review as an administrative approval decision with the Board pursuant to Regulation 4.190, and the Commission, pursuant to Regulation 4.195.

5. Each restricted gaming licensee, nonrestricted gaming licensee and each person licensed as an operator of an inter-casino linked system or as an operator of a slot machine route shall maintain in accordance with the bankroll formula adopted by the Chair pursuant to the requirements of this section, cash or cash equivalents in an amount sufficient to reasonably protect the licensee's or operator's patrons against defaults in gaming debts owed by the licensee or operator. If at any time the licensee's or operator's available cash or cash equivalents should be less than the amount required by this section, the licensee or operator shall immediately notify the Board of this deficiency and shall also detail the means by which the licensee shall comply with the minimum bankroll requirements. Failure to maintain the minimum bankroll

required by this section, or a higher bankroll as required by the Chair pursuant to this section, or failure to notify the Board as required by this section, is an unsuitable method of operation.

6. Records reflecting accurate, monthly computations of bankroll requirements and actual bankroll available shall be maintained by nonrestricted gaming licensees, operators of inter-casino linked systems and operators of slot machine routes in accordance with Regulation 6.060. The Chair, in the Chair's sole discretion, may require more frequent computations, require additional recordkeeping not specified in the formula, or require the licensee to maintain a bankroll higher than is or would otherwise be required by the bankroll formula, or require recordkeeping by restricted gaming licensees.

7. Neither this section nor a bankroll formula adopted pursuant to it alters, amends, supersedes or removes any condition of any licensee or approval imposed on any licensee by the Commission.

8. The Chair, for good cause shown by the licensee, may waive one or more of the requirements or provisions of the minimum bankroll requirements.

9. The Chair is hereby granted the authority to revoke any waiver granted pursuant to this section for any cause deemed reasonable. Notice of the revocation of a waiver shall be deemed delivered and effective when personally served upon the licensee, or if personal service is impossible or impractical, when deposited, postage prepaid, in the United States mail, to the licensee at the address of the establishment as shown in the records of the Commission. If a notice revoking or suspending the waiver of a bankroll requirement is issued, the affected licensee may request that the decision of the Chair be reviewed by the Board and Commission pursuant to NGC Regulation 4.185 through 4.195, inclusive.

(Adopted: 10/87. Effective: 1/88. Amended: 11/90; 5/00; 3/06; 5/12.)

6.160 Extension of time for reporting. The Chair, in the Chair's sole and absolute discretion, may extend the time for filing any report or document required by Regulation 6.

(Adopted: 10/87. Effective: 1/88.)

6.170 Petitions for redetermination; procedures.

1. A licensee filing a petition for redetermination with the Commission shall serve a copy of the petition on the Board and the attorney general, gaming division.

2. A licensee shall, within 30 days after the petition is filed:

(a) Pay all taxes, fees, penalties, or interest not disputed in the petition and submit a schedule to the audit division that contains its calculation of the interest due on non-disputed assessments;

(b) File with the Commission a memorandum of points and authorities in support of a redetermination, and serve a copy of the memorandum on the Board and the attorney general, gaming division; and

(c) File with the Commission a certification that it has complied with the requirements of paragraphs (a) and (b).

3. The Board shall, within 30 days after service of the licensee's memorandum, file a memorandum of points and authorities in opposition to the licensee's petition and shall serve a copy on the licensee. The licensee may, within 15 days after service of the Board's memorandum, file a reply memorandum.

4. The Board and the licensee may stipulate to extend the time periods specified in this section if their stipulation to that effect is filed with the Commission before the expiration of the pertinent time period. The Commission Chair may extend the time periods specified in this section upon motion and for good cause shown.

5. The Commission may, at its discretion, deny a petition for redetermination if the licensee fails to comply with the requirements of this section.

(Adopted: 10/87. Effective: 1/88.)

6.180 Claims for refunds; procedures.

1. A licensee filing a claim for refund with the Commission shall serve a copy of the claim on the Board and the attorney general, gaming division.

2. A licensee shall, within 30 days after the claim is filed, file with the Commission a memorandum of points and authorities in support of the claim, setting forth the legal basis and the licensee's calculations of the amount of the refund and any interest due thereon, and serve a copy of the memorandum on the Board and the attorney general, gaming division, and file with the Commission a certification that it has complied with the requirements of this paragraph.

3. The Board shall, within 30 days after service of the licensee's memorandum, file a memorandum of points and authorities in opposition to the licensee's claim and shall serve a copy on the licensee. The licensee may, within 15 days after service of the Board's memorandum, file a reply memorandum.

4. The Board and the licensee may stipulate to extend the time periods specified in this section if their stipulation to that effect is filed with the Commission before the expiration of the pertinent time period. The Commission may extend the time periods specified in this section upon motion and for good cause shown.
