Approval to Offer Wagers on the 2020 eNASCAR iRacing Pro Invitational Series

On April 3, 2020, the Nevada Gaming Control Board granted approval to offer wagers on the 2020 eNASCAR iRacing Pro Invitational Series, pursuant to the provisions of Regulation 22.1201. Approval is granted for all licensed books to post and accept wagers on the winner, as well as matchups between drivers, of the 2020 eNASCAR iRacing Pro Invitational Series, subject to the following conditions:

- Prior to the acceptance of a wager, official rules must be posted on the event organizer or sanctioning body's website. Additionally, Nevada licensees must notify all patrons that eNASCAR iRacing driving simulators and equipment (to include peripherals and technology components) may differ slightly. Please note, if a driver starts a race and a winner is declared, all wagers stand.
- Licensed books electing to offer these wagers must provide the Enforcement Division with notification of terms via email at ops@gcb.nv.gov.
- The setting of odds is at the discretion of the book; rules governing these wagers shall be made available to the public.
- Acceptance of wagers must cease prior to the start of their respective race.
- The results shall be based on a permissible source in accordance with Regulation 22.060 (4).
- All audit procedures detailed in Industry Letter 2011-48 must be adhered to.
- Any additional wagers which deviate from the winner, as well as matchups between drivers, of the 2020 eNASCAR iRacing Pro Invitational Series for this event will require a separate application and approval.

Please direct additional questions to the Enforcement Division's Operations Unit at (702) 486-2020.
