End – Regulation 2A
3.010 Unsuitable locations. The Board may recommend that an application for a state gaming license be denied, if the Board deems that the place or location for which the license is sought is unsuitable for the conduct of gaming operations. The Commission may deny an application for a state gaming license if the Commission deems that the place or location for which the license is sought is unsuitable for the conduct of gaming operations.

Without limiting the generality of the foregoing, the following places or locations may be deemed unsuitable:

- Premises located within the immediate vicinity of churches, schools and children’s public playgrounds. The Board may recommend and the Commission may determine that premises located in the vicinity of churches, schools, and playgrounds are nevertheless suitable upon a sufficient showing of suitability by the applicant. In making their determinations, the Board and Commission may consider all relevant factors including but not limited to whether the premises have been used previously for licensed gaming or are located in a commercial area.

- Premises located in a place where gaming is contrary to a valid zoning ordinance of any county or city. The Board may recommend and the Commission may determine that premises located where gaming is contrary to a valid zoning ordinance are nevertheless suitable upon a sufficient showing by the applicant that the premises have been used for licensed gaming prior to the effective date of the zoning ordinance and that there is good cause why the use should be allowed to continue.

- Premises having a substantial minor clientele. The Board may recommend and the Commission may determine that premises having a substantial minor clientele are nevertheless suitable if the applicant demonstrates that it has taken sufficient precautions to separate areas frequented by minors from the gaming operation.

- Premises lacking adequate supervision or surveillance.

- Premises difficult to police.

- Brothels.

Any other premises where the conduct of gaming would be inconsistent with the public policy of the State of Nevada.

(Amended: 10/90.)

3.012 Ownership of rights to operate or designate operators of gaming devices. As used in this section, “gaming rights” means the right, created by contract or otherwise, to operate gaming devices or to designate in any manner the operator of gaming devices at an establishment. “Gaming rights holder” means any person holding gaming rights who is not the operator of the primary business and is not otherwise licensed at the establishment or as an operator of a slot machine route.

The Commission may require any gaming rights holder to apply for a finding of suitability pursuant to NRS 463.162(5)(a). Without limiting the Board’s ability to require a nonrestricted investigation in any
case, a nonrestricted investigation shall generally be required of any gaming rights holder who holds gaming rights at three or more establishments at which restricted gaming is conducted.

An applicant for a restricted license shall furnish to the Board complete information on any interest held by a gaming rights holder in the gaming establishment, copies of all agreements involving the gaming rights, and such other information as the Board may require.

In considering any application by a gaming rights holder, the Commission may apply the following criteria in determining whether approval of the application is in the best interests of the state:

The total number of premises at which the applicant holds gaming rights and the total number of slot machines at such premises;

The circumstances by which the gaming rights were acquired, the circumstances regarding the creation of such rights and the history of any transfer of such rights;

The effect on competition and the ability of persons to obtain a license and conduct gaming on the premises of suitable locations for gaming establishments; and

Such other criteria deemed by the Board and Commission to be relevant, including, but not limited to, any criteria provided in Regulation 3.070.

The applicant for a restricted gaming license at an establishment at which gaming rights are held by a gaming rights holder must demonstrate that the gaming devices will be adequately supervised.

Each licensee shall notify the Board of any change in the ownership interests of gaming rights at any establishment where the licensee operates gaming devices at least 30 days before the change or, if the licensee is not a party to the transaction, immediately upon acquiring knowledge of the change.

Except in cases where the gaming rights holder is a publicly traded corporation, each licensee shall notify the Board of any change in the ownership of the gaming rights holder at any establishment where the licensee operates gaming devices at least 30 days before the change or, if the licensee is not a party to the transaction, immediately upon acquiring knowledge of the change. If the gaming rights holder at the establishment where the licensee operates gaming devices is a publicly traded corporation, the licensee shall notify the Board of any change in control of such publicly traded corporation as reported to the Securities and Exchange Commission, immediately upon acquiring such knowledge.

(Adopted: 2/94.)

3.015 Applications for restricted licenses.

An application for a restricted license may only be granted if the operation of slot machines is incidental to the primary business conducted at the location and the Board and Commission determine the location is suitable for the conduct of gaming and the applicant meets the requirements of this Section.

In recommending and determining whether (i) the applicant's proposed restricted location is suitable for the conduct of gaming and meets the requirements of this Section, and (ii) the operations at the location continue to meet the requirements for a restricted license, the Board and Commission may consider some or all of the following factors:

The amount of floor space used for the slot machines, which space shall include the area occupied by the slot machines, including slot machine seating and circulation, as compared to the floor space used for the primary business;

The amount of investment in the operation of the slot machines as compared to the amount of investment in the primary business;

The amount of time required to manage or operate the slot machines as compared to the amount of time required to manage or operate the primary business;

The revenue generated by the slot machines as compared to the revenue generated by the primary business;

Whether a substantial portion of the financing for the creation of the business has been provided in exchange for the right to operate slot machines on the premises;

Other factors, including but not limited to the establishment’s name, the establishment’s marketing practices, the public’s perception of the business, and the relationship of the slot machines to the primary business; and

What other amenities the applicant offers to its customers.

Except as provided by subsection 6, only the establishments listed below are suitable for the conduct of gaming pursuant to a restricted license:

Bar, tavern, saloon or other similar location licensed to sell alcoholic beverages for on-premises consumption, other than just beer and wine, by the drink;
Convenience store; Grocery store; Drug store; and Liquor store.

Unless the Commission determines otherwise, there shall be a limit of no more than 7 slot machines operated at a convenience store, and a limit of no more than 4 slot machines operated at a liquor store.

If the Commission deems an application for a restricted license to be based on exceptional circumstances, the Commission may waive subsection 3 upon a finding that the waiver is consistent with Regulation 3.010 and the public policy of the State of Nevada.

Subsection 3 shall not apply to any type of business approved by the Commission as suitable for the operation of slot machines pursuant to subsection 6.

Any person may apply for a preliminary determination that a type of establishment not listed in subsection 3 is suitable for the conduct of gaming by filing an application with the Board together with all applicable fees per Regulation 4.070. The application shall contain (a) a definition of the type of establishment and (b) a demonstration that the operation of slot machines in such a type of establishment is consistent with Regulation 3.010 and the public policy of the State of Nevada. The application shall be considered by the Commission, upon recommendation by the Board. Public comment shall be accepted when the application is heard by the Board and Commission.

Slot machines exposed for play in grocery stores and drug stores shall be located within a separate gaming area or alcove having not fewer than 3 sides formed by contiguous walls or partial walls. For the purposes of Regulation 3.015, “partial wall” or “wall” may include, without limitation, 1 or more gaming devices, if the gaming devices are configured together or in conjunction with other structures to create a barrier that is similar to a partial wall or wall.

In grocery stores or drug stores, automated teller machines shall not be placed within a designated gaming area or alcove and, at all other restricted locations, automated teller machines shall not be placed adjacent to slot machines.

The requirements of this Regulation shall apply to all restricted licensees, except as provided herein:

Subsections 3 and 7 do not apply to an establishment for which a restricted license was granted by the Commission by February 1, 2000, provided that the establishment does not cease gaming operations for a period of more than 12 months or, upon the administrative approval of the Board Chair, for a period of not more than 24 months, and that the nature and quality of the primary business of the establishment has not materially changed.

It is an unsuitable method of operation to materially change the nature and quality of the primary business after the Commission has granted a restricted gaming license to conduct gaming at an establishment, without the prior administrative approval of the Board Chair or the Chair’s designee. A material change in the nature and quality of the primary business is presumed to occur if:

A zoning change is required, or a new business license, special use permit, or any other license, permit or approval must be obtained from the applicable county, city, or township licensing, zoning or approval authority, in order to change or operate the primary business in a manner that is different from what was being conducted at the time the gaming license was granted, or

For a 3(a) establishment, subsequent to the date a restricted gaming license was last approved by the Commission for that establishment, to change or alter the amount of square footage available for use by patrons, or the configuration or detail of the bar or restaurant from that which was required to be met by law or regulation in order to obtain a restricted gaming license.

Nothing in this subsection shall be construed to limit or otherwise encumber the ability of any restricted gaming licensee to transfer, sell, or convey the business pursuant to the provisions of NRS chapter 463 and Regulation 8.

(Adopted: 10/24/90. Amended: 7/99; 7/05; 11/08; 08/11; 11/13.)

3.020 Ownership of premises where gaming conducted.

The Commission or the Board may deem that premises are unsuitable for the conduct of gaming operations by reason of ownership of any interest whatsoever in such premises by a person who is unqualified or disqualified to hold a gaming license, regardless of the qualifications of the person who seeks or holds a license to operate gaming in or upon such premises.
In all cases in which the premises wherein or whereon the gaming operation for which a state gaming license is sought are not wholly owned by the applicant, the applicant shall furnish to the Board a statement of the name and address of the owner or owners of such premises, a copy of all agreements whereby the applicant is entitled to possession of the premises, and such other information as the Board may require.

In all cases in which the premises are wholly or partly owned by the applicant, the applicant shall furnish to the Board complete information pertaining to the interest held by any person other than the applicant, including interest held under any mortgage, deed of trust, bonds or debentures, pledge of corporate stock, voting trust agreement, or other device whatever, together with such other information as the Board may require.

Every licensee shall furnish to the Board complete information pertaining to any change of ownership of the premises or of any change of any interest in the premises wherein or whereon the licensed gaming is operated at least 30 days before the date of such change; or, if the licensee is not a party to the transaction effecting such change of ownership, immediately upon acquiring knowledge of such change of ownership or any contemplated change of ownership.

(Amended: 1/82.)

3.021 [Reserved: 11/82.]

3.030 [Reserved: 11/82.]

3.040 Time requirement. No license will be issued for use in premises under construction until the calendar quarter in which gaming operations in such premises will actually be commenced.

3.050 Financial requirements.

No license will be issued for use in any establishment until satisfactory evidence is presented that there is adequate financing available to pay all current obligations and, in addition, to provide adequate working capital to finance opening of the establishment.

The Commission or the Chair of the Board may require a licensee to provide security in the form of a reserve for the payment of all amounts held by the licensee on the patrons’ behalf, all amounts held by the licensee for the account of the patrons, all amounts owed by a licensee but unpaid to gaming patrons, future wages, salaries or other obligations, either as a condition precedent to issuance or renewal of any license or at any other time the Commission or Chair determines that such requirement would be in the public interest. The security required shall in all respects, other than amount, comply with the requirements and provisions of the reserve made applicable to race books and sports pools by Regulation 22.040.

(Amended: 3/06.)

3.060 Foreign gaming. All approvals of the Commission for involvement in foreign gaming granted pursuant to Regulation 3.060 prior to July 1, 1977, which were still in effect on that date shall remain valid until otherwise terminated.

(Amended: 3/73; 7/77)

3.070 Multiple licensing criteria. In every instance in which a person, entity, or persons involved in an entity, holding a gaming license in the State of Nevada, including without limitation a license to operate an inter-casino linked system, makes application for an additional license, or a system pursuant to Regulation 14.030, the Board and Commission shall consider whether such multiple licensing is in the best interests of the State of Nevada, having due regard for the state’s policy concerning gaming. In making this determination, the following are some factors which may be considered:

Has there been an adequate period of performance by the applicant upon which the Board and Commission could base a conclusion as to the effectiveness of the existing operations warranting further extension?

Does the applicant have sufficient key personnel to operate an additional location or inter-casino linked system so that multiple licensing would not result in dilution of effective managerial capacity and control of existing operations?

Has the applicant applied for an existing operation or inter-casino linked system or for a facility which is to be constructed or a new inter-casino linked system which is to be operated?
What are the plans of the applicant for the development and expansion of existing operations? What are the plans of the applicant for a continuity of operation in the event of the death or disability of the applicant?

Does the applicant have ownership interests of any kind or nature in any of the competitor companies in the gaming industry?

What would the result of the multiple licensing be of the percentage of interest of the applicant to similarly situated competitors on a statewide, countywide and geographical location basis in each of the following categories:

- Total number of slot machines.
- Total number of games.
- Total number of tables.

In case of an application for approval of a new inter-casino linked system, the total number of inter-casino linked systems and connected gaming devices or games.

- Gross revenue.
- Percentage tax.
- Casino entertainment tax.
- Number of rooms available for the public.
- Number of employees hired.
- Total payroll.

Would acquisition pose problems or create a monopoly?

Would acquisition pose problems in any of the following categories:

- Becoming so large as to become its own supplier of goods and services required by the licensee in all of its operations.
- Establishing employment practices inimical to the welfare of the gaming industry.
- Establishment of control in method of play or percentage realized from play that would be inimical to the welfare of the gaming industry.
- Without cause, the establishment of a seasonal operation or reduced number of shifts per day, inimical to the economy of the area.
- Interlocking corporate directorships within licensed or unlicensed operations which might contribute to any of the foregoing factors.
- Any other index or criteria deemed by the Board and Commission to be relevant to the effect of multiple licensing upon the public health, safety, morals, good order and general welfare of the public of the State of Nevada.

(Adopted: 11/68. Amended: 11/82; 5/00.)

**3.080 Unsuitable affiliates.** The Commission may deny, revoke, suspend, limit, condition, or restrict any registration or finding of suitability or application therefor upon the same grounds as it may take such action with respect to licenses, licensees and licensing; without exclusion of any other grounds. The Commission may take such action on the grounds that the registrant or person found suitable is associated with, or controls, or is controlled by, or is under common control with, an unsuitable person.

(Adopted: 9/73.)

**3.090 Standards for Commission action.**

No license, registration, finding of suitability, or approval shall be granted unless and until the applicant has satisfied the Commission that the applicant:

- Is a person of good character, honesty, and integrity;
- Is a person whose background, reputation and associations will not result in adverse publicity for the State of Nevada and its gaming industry; and
- Has adequate business competence and experience for the role or position for which application is made.

No license, registration, finding of suitability, or approval shall be granted unless and until the applicant has satisfied the Commission that the proposed funding of the entire operation shall be (a) adequate for the nature of the proposed operation, and (b) from a suitable source. The suitability of the source of funds shall be determined by the standards enumerated in paragraph 1(a), (b) and (c) above.

(Adopted 10/75.)
3.093 Licensing of a natural person under the age of twenty-one. The Board and Commission will not ordinarily grant a state gaming license or finding of suitability to an individual under twenty-one years of age. This policy would not affect the licensing or finding of suitability of a trust where the settlor or beneficiary is under the age of twenty-one years.

Any executive, employee, or agent of a gaming licensee having the power to exercise a significant influence over decisions concerning any part of the operation of a gaming licensee or who is listed or should be listed in the annual employee report required by Regulation 3.100 is a key employee.

Whenever it is the judgment of at least 3 members of the Commission that the public interest and the policies set forth in Nevada Revised Statutes Chapter 463, the Nevada Gaming Control Act, will be served by requiring any key employee to be licensed, the Commission shall serve notice of such determination upon the licensee. The Commission shall not be restricted by the title of the job performed but shall consider the functions and responsibilities of the person involved in making its decision as to key employee status. Grounds for requiring licensing of a key employee which are deemed to serve the public interest and the policies of the Nevada Gaming Control Act include but are not limited to the following:

The key employee is new to the industry, to the particular gaming establishment, the position, or the level of influence or responsibility which the key employee has and the Board or Commission has little or outdated information concerning the key employee’s character, background, reputation, or associations, or

Information has been received by the Board or Commission which, if true, would constitute grounds for a finding of unsuitability to be associated with a gaming enterprise.

The licensee shall, within 30 days following receipt of the notice of the Commission’s determination, present the application for licensing of the key employee to the Board or provide documentary evidence that such key employee is no longer employed by the licensee. Failure of the licensee to respond as required by this section shall constitute grounds for disciplinary action.

In no event shall the request of the key employee applicant for review stay the obligation of the licensee to present the key employee’s application within the 30-day period herein proscribed.

APPLICATIONS: PROCEDURE

4.001 [Reserved: 12/82.]

4.010 Application general.

It is declared policy of Nevada that all establishments, where gambling games are conducted or operated, are licensed and controlled so as to better protect the public health, safety, morals, good order and welfare of inhabitants and to preserve the competitive economy and the policies of free competition of the State of Nevada. Any gaming license which is issued, or registration, or finding of suitability, or approval by the Commission shall be deemed to be a revocable privilege and no person holding such a license or registration, or finding of suitability, or approval by the Commission is deemed to have acquired any vested rights therein.

An application for a state gaming license is seeking the granting of a privilege, and the burden of proving the applicant’s qualification to receive any license is at all times on the applicant. An applicant must accept any risk of adverse public notice, embarrassment, criticism, or other action or financial loss which may result from action with respect to an application and expressly waive any claim for damages as a result thereof.

An application for a license, determination of suitability, or registration, besides any other factor attaching to such an application by virtue of the Nevada Gaming Control Act and the regulations thereunder, shall constitute a request to the Board and Commission for a decision upon the applicant’s general suitability, character, integrity, and ability to participate or engage in, or be associated with, the gaming industry in the manner or position sought by the application, or the manner or position generally similar thereto; and, by filing an application with the Board, the applicant specifically consents to the making of such a decision by the Board and Commission at their election when the application, after filing, becomes moot for any reason other than death.

(Amended: 6/67; 4/73; 9/73.)
4.020 Waiver of privilege. An applicant may claim any privilege afforded by the Constitution of the United States, or of the State of Nevada, in refusing to answer questions by the Board and the Commission. However, a claim of privilege with respect to any testimony or evidence pertaining to an application may constitute sufficient grounds for denial.

(Amended: 6/67)

4.030 Classification of licenses, and other Commission actions for which applications must be made.

Gaming licenses.
Restricted license. One which permits the operation of slot machines only in an establishment wherein the operation of machines is incidental to the primary business of the licensee. Fifteen (15) machines is the maximum number of machines which may be operated under this type of license. Any restricted licensee at more than two locations may be required to apply for and obtain an operator of a slot machine route license.

Nonrestricted license. Any license other than a restricted license. The term includes:
Operator of a mobile gaming system. A nonrestricted license which authorizes the holder under any agreement whereby consideration is paid or payable for the right to place a mobile gaming system, to engage in the business of placing and operating a mobile gaming system within a licensed gaming establishment and who is authorized to share in the revenue from the mobile gaming system without having been individually licensed to conduct gaming at the establishment.
Operator of a slot machine route license. A nonrestricted license which authorizes the holder to place slot machines in a licensed location and share in the profits therefrom without being on the license issued for the location. An operator’s license will normally be issued only to an applicant already licensed at three locations or having firm commitments to place machines at three licensed locations upon licensing.
Operator of an inter-casino linked system license. A nonrestricted license which authorizes the holder to place and operate an inter-casino linked system on the premises of two or more licensed locations, and to share in the revenue therefrom, without being on the licenses issued for the locations. Licensure is not required if a gaming licensee is operating an inter-casino linked system on the premises of an affiliated licensee, or if an operator of a slot machine route is operating an inter-casino linked system consisting of slot machines only.
Manufacturer’s license. One which authorizes the holder to operate, carry on, conduct, or maintain any form of manufacture as set forth in NRS 463.01715 in accordance with Regulation 14.
Manufacturer of interactive gaming systems license. One which authorizes the holder to manufacture, assemble or produce an interactive gaming system for use and play in the State of Nevada in accordance with Regulation 14.
Distributor’s license. One which authorizes the holder to sell, distribute or market any gambling device, machine or equipment in the State of Nevada in accordance with Regulation 14.
Disseminator’s license. One which authorizes the holder to furnish an operator of a race book, sports pool or gambling game who is licensed in this state with information relating to horse racing or other racing which is used to determine winners of or payoffs on wagers accepted by the operator. The term does not include a person who provides a televised broadcast without charge to any person who receives the broadcast.
Pari-mutuel systems operator’s license. One which authorized the holder to engage in the providing of an off-track pari-mutuel system.
Operator of interactive gaming license. One which authorizes the holder to, from Nevada, engage in the business of operating interactive gaming.
Interactive gaming service provider license. One which authorizes the holder to act as an interactive gaming service provider.
Registration. If approved by the Commission, authorizes a corporation, firm, partnership, limited partnership, association, limited-liability company, trust, or other form of business organization not a natural person to be a holding company.

Findings of suitability. The Nevada Gaming Control Act and regulations thereunder require or permit the Commission to require that certain persons, directly or indirectly involved with licensees, be found suitable to hold a gaming license so long as that involvement continues. A finding of suitability relates only to the specified involvement for which it was made. If the nature of the involvement changes from that
for which the applicant is found suitable, the applicant may be required to submit to a determination by the Commission of his or her suitability in the new capacity.

Approvals. The Nevada Gaming Control Act and the regulations thereunder do or may require Commission approval for certain acts of licensees or transactions directly or indirectly involving licensees. Such approvals by themselves do not constitute the licensing or a finding of suitability of any person involved, but the licensing or finding suitable of the persons involved may, unless circumstances indicate otherwise, constitute approval by the Commission of the transaction in question.

(Amended: 6/67; 9/73; 5/00; 3/06; 12/11; 9/15; 5/18; 10/19.)

4.040 Applications, notices, statements and reports; contents; amendments; incorporation by reference; proceedings not to have substantive implications.

Every application, statement, notice or report must be filed on forms furnished or approved by the Board or the Commission and must contain and be accompanied and supplemented by such documents and information as may be specified or required. Failure to supply the information requested within 5 days after the request has been received by the applicant constitutes grounds for delaying consideration of the application.

It is grounds for denial of an application or disciplinary action for any person to make any untrue statement of material fact in any application, notice, statement or report filed with the Board or Commission in compliance with the provisions of law and regulations referred to in paragraph 1, or willfully to omit to state in any such application, notice, statement or report any material fact which is required to be stated therein or omit to state a material fact necessary to make the facts stated in view of the circumstances under which they were stated, not misleading.

All information required to be included in an application must be true and complete as of the dates of the Board and Commission action sought by such application; and an applicant shall promptly supply by amendment prior to such date any information based on facts occurring after the original application so as to make such information not misleading as of the dates of such action by the Board and the Commission.

An application may be amended in any respect by leave of the Board at any time prior to final action thereon by the Commission. Any amendment to an application shall have the effect of establishing the date of such amendment as the new filing date of such application with respect to the time requirements for action on such application.

An amendment to an application filed after the date on which the Commission has taken the action sought by such application, if such amendment is approved by the Commission, shall become effective on such date as the Commission may determine, having due regard to the public interest.

Any document filed under any of the provisions of the Act or regulations may be incorporated by reference in a subsequent application if it is available in the files of the Board or the Commission, to the extent that the document is currently accurate.

Neither the fact that an application seeking approval with respect to a transaction involving securities has been filed, nor the fact that such approval has been granted, constitutes a finding by the Board or the Commission that any document filed in connection therewith is true, complete, or not misleading, or shall mean that the Board or the Commission has passed in any way upon the merits or qualifications of, or recommended, any person, security or transaction. It is grounds for denial of an application or disciplinary action to make or cause to be made to any prospective purchaser any representation inconsistent with the foregoing.

(Amended: 6/67; 9/73; 12/82; 11/90.)

4.050 Separate applications for each establishment. Except as provided in Regulation 4.060, a separate application is required for each establishment for which a gaming license is sought, irrespective of the ownership of such establishment, as defined in NRS 463.0169.

(Formerly Sec. 4.070. Amended: 8/61; 6/67; 9/73; 12/82.)

4.060 Exception, slot machine operator. Notwithstanding the provisions of Regulation 4.050, a license may be issued to an applicant as a slot machine operator after the applicant has been licensed for three locations or has firm commitments to place machines at three licensed locations. An applicant for such a license shall file a single application showing the name and address of each lessee, the number of machines to be maintained at each location and such other information as may be required by the Board.
or the Commission. This regulation does not alter or negate the requirement that each location of such operator must also be separately licensed.

(Formerly Sec. 4.080. Amended: 6/67; 9/73; 12/82.)

4.070 Application and investigative fees.

Except as otherwise provided herein, all fees and costs incurred in conjunction with the investigation of any application to the Board or Commission must be paid by the applicant in the manner prescribed by this regulation.

[Effective through July 31, 2020.]

Each application for a restricted license must be accompanied by a nonrefundable application fee in the amount of $150.00 for each individual requiring investigation. Each application for an additional location for a slot route operator must be accompanied by a nonrefundable application fee in the amount of $150.00.

All other applications except a finding of suitability pursuant to NRS 463.167(2)(a), must be accompanied by a nonrefundable application fee in the amount of $500.00 for each person requiring investigation.

[Effective as of August 1, 2020.]

2. Each application for a restricted license must be accompanied by a nonrefundable application fee in the amount of $500.00 for each individual requiring investigation. Each application for an additional location for a slot route operator must be accompanied by a nonrefundable application fee in the amount of $500.00.

3. All other applications except a finding of suitability pursuant to NRS 463.167(2)(a), must be accompanied by a nonrefundable application fee in the amount of $1,000.00 for each person requiring investigation.

4. In addition to any nonrefundable application fees paid, the Board may require an applicant to pay such supplementary investigative fees and costs as may be determined by the Board. The Board may estimate the supplementary investigative fees and costs and require a deposit to be paid by the applicant in advance as a condition precedent to beginning or continuing an investigation.

5. The Board and Commission will not take final action to approve any application unless all application and investigative fees and costs have been paid in full. The Board may recommend denial and the Commission may deny the application if the applicant has failed or refused to pay all application and investigative fees and costs.

6. After all supplementary investigative fees and costs have been paid by an applicant, the Board shall refund to the person who made the required deposit any balance remaining in the investigative account of the applicant.

7. Upon final action on the application, the Board shall give to the applicant an itemized accounting of the investigative fees and costs incurred.

8. The Board may, in its discretion, waive payment of an investigative fee or cost.

(Formerly Sec. 4.090. Amended: 6/67; 9/73; 7/78; 12/82; 6/85; 8/12; 10/19; 6/20.)

4.080 Time applicable to Commission action.

If an act or involvement approved by the Commission has not occurred or begun on or before the date of the regularly scheduled Commission meeting in the sixth month after the Commission votes on the application, the Commission’s action is void, and a new application must be made.

For the purposes of this section, an act or involvement approved by the Commission is deemed to have occurred or begun:

For approvals authorizing gaming: when gaming is exposed to the public for play and the required fees are paid;

For approvals authorizing a sale, assignment, transfer, pledge, exercise of an option to purchase, or other disposition: when the approved sale, assignment, transfer, pledge, exercise of an option to purchase, or other disposition has occurred; and

For all other approvals: when the required fees have been paid.
Subsection 1 does not apply to Commission approvals of public offerings or private placements governed by Regulations 15 or 16, to Commission approvals for preliminary findings of suitability, or to Commission approvals governed by Regulation 4.105.

The Commission may waive the provisions of subsection 1. Applications for waivers must be made to the Board, which shall make a recommendation thereon to the Commission.

(Formerly Sec. 4.100. Amended: 6/67; 9/73; 10/81; 12/82; 5/87; 10/94; 4/18; 5/18.)

4.090 Diagram, photographs and description of primary business required by applicant for restricted license.

Upon application for a restricted gaming license, an applicant must submit with the application a clear and legible diagram, together with photographs of the interior of the business if available and a meaningful narrative written description of the primary business. The diagram must be representative, proportional, including specific reference to the size of the premises through the use of detailed measurements. The diagram must depict the number of slot machines to be exposed for play and their location within the establishment in a manner which must provide adequate supervision of each slot machine and which must depict:

- An unobstructed view of each slot machine from the point of supervision;
- Any mirrors necessary to maintain adequate supervision;
- The location of any recreational, nongaming arcade or amusement games or devices at an establishment where there is access to persons under the age of 21. Such location must be sufficiently separated from any slot machines to deter loitering near the gaming area by persons under the age of 21; and
- Location of automated teller machines or "ATMs."

A restricted licensee shall maintain adequate supervision of all slot machines and shall not increase the number of slot machines or change the location of any slot machine without Board administrative approval except as herein provided.

Requests for administrative approval of an increase in the number of slot machines or a change in the location of any slot machine shall be accompanied by a diagram depicting the location of the slot machines within the establishment. If the Board does not give notice of disapproval of the proposed increase in the number of slot machines or change in location within 15 working days after receipt of the licensee’s written request for approval, it shall be deemed approved.

Subject to subsequent Board objection, the following changes of locations of slot machines may be done after submission of an amended diagram to the Board reflecting such changes, but before completion of the 15 working day review period provided in the preceding section:

- Changes of locations approved by the Chair or the Chair’s designee;
- Exchanges of stand-up slot machines to bar-top slot machines;
- Exchanges of slot machines from buddy-bar locations to main-bar locations;
- Changes of locations at restricted gaming establishments that have supervision by full-time change personnel;
- Reduction of the number of slot machines at a location.

Unresolved objections may be appealed to the Commission pursuant to Regulation 4.185.

4.100 Preliminary finding of suitability.

As used in this section:

“Acquire control” or “acquiring control” means “acquire control” or “acquiring control” as those terms are defined in NRS Chapter 463.

“Control” means “control” as that term is defined in NRS Chapter 463.

“Corporate acquisition opposed by management” means “corporate acquisition opposed by management” as that term is defined in NRS Chapter 463.

“Preliminary finding of suitability” means the Commission grant of an application by a person who has not entered into a position or transaction which would require a licensing, finding of suitability, or registration by the Commission pursuant to NRS Chapter 463 but wishes to submit to the jurisdiction of the Board and Commission for the purposes of obtaining a preliminary determination of whether or not the person is suitable to hold a nonrestricted license under NRS Chapter 463.

“Tender offer” means “tender offer” as that term is defined in NRS Chapter 463.
Any person who has not applied for, does not possess, and has not entered into a transaction which would require a license, finding of suitability, or Commission approved registration pursuant to NRS Chapter 463 and the NGC Regulations may apply to the Commission for a preliminary finding of suitability.

On an application for preliminary finding of suitability, the Board and Commission shall determine whether the person making the application is suitable to hold a nonrestricted license even if the person intends to make an application for something other than a nonrestricted license after applying for a preliminary finding of suitability.

The application for a preliminary finding of suitability shall be in the same form as if the person was applying for a nonrestricted license except that such application will be designated as a preliminary finding of suitability and modified as the Board Chair deems appropriate.

Individuals and other entities associated with the person applying for a preliminary finding of suitability shall also apply for preliminary findings of suitability based on their relationship with the person applying for the preliminary finding of suitability. It is the responsibility of the person applying for the preliminary finding of suitability to determine which individuals and other entities are required to apply for preliminary findings of suitability and the capacity in which the individuals and other entities should apply for their own preliminary findings of suitability pursuant to the gaming control act and regulations of the Commission.

Each application set out above must be accompanied by a nonrefundable application fee in the amount of $500.00. In addition, the Board may require the pre-payment of investigative fees and costs as may be determined by the Board in accordance with Regulation 4.070 subsections (1) and (5) through (9), inclusive.

Acting upon a recommendation of the Board, the Commission may grant, deny, or reject an application for preliminary finding of suitability based on the standards set forth in NRS 463.1405 and NRS 463.170. The Commission’s determination will be based upon the facts and circumstances known at the time and may be limited or conditioned in any manner deemed reasonable by the Commission. The Commission’s determination is limited solely to the application(s) for preliminary findings of suitability before it and shall not constitute actual or implied approval of any future applications for a gaming license, finding of suitability, or registration.

If the Commission denies an application for preliminary finding of suitability, such denial is a denial under the act. If the Commission rejects an application for a preliminary finding of suitability, such rejection shall not be considered a denial under the act.

Unless otherwise limited or conditioned by the Commission, a preliminary finding of suitability pursuant to this section shall expire 2 years after the date of the Commission’s determination unless administratively extended by the Board Chair for additional periods of 2 years each.

A person who desires an administrative extension of the person’s preliminary finding of suitability shall timely file a request for such administrative extension with the Board. Requests will be considered timely filed if they are complete and are received by the Board at least 90 days prior to the expiration of the preliminary finding of suitability.

Such request shall be accompanied by a nonrefundable fee of $500.

The Board Chair shall determine the level of investigation necessary for the request and require the pre-payment of investigative fees and costs in accordance with Regulation 4.070 subsections (1) and (5) through (9), inclusive.

If the Board Chair rejects a request for extension of a preliminary finding of suitability, the person who requested the extension may submit the matter for review by the Board and Commission pursuant to NGC Regulations 4.185 through 4.195, inclusive.

If the Board Chair has not made a decision on a timely filed request for administrative extension of a preliminary finding of suitability or if the Board Chair has rejected such timely filed request and the applicant requests Board review or appeals to the Commission, any subsequent grant of an extension of a preliminary finding of suitability shall relate back to the date on which the preliminary finding of suitability expired.

A person who applies to the Commission for a preliminary finding of suitability submits to the jurisdiction of the Board and the Commission. The Board shall have full and absolute power and authority to recommend the granting, denying, rejecting, limitation, conditioning, restriction, revocation, or suspension of any preliminary finding of suitability required or permitted under this section, or any application therefore, or to recommend other disciplinary action, including but not limited to fining persons...
holding a preliminary finding of suitability, for any cause deemed reasonable by the Board. The Commission 
shall have full and absolute power and authority to grant, deny, reject, limit, condition, restrict, revoke or 
suspend any preliminary finding of suitability required or permitted under this section, or any application 
therefor, or to take other disciplinary action, including but not limited to fining persons holding a preliminary 
finding of suitability, for any cause deemed reasonable by the Commission. 

No person may be issued a preliminary finding of suitability unless the person agrees that, for the 
duration of the period in which the person holds the preliminary finding of suitability, the person will not seek 
or in any way engage in a corporate acquisition opposed by management. 

No applicant for a preliminary finding of suitability has any right to the granting of the application 
sought. Any preliminary finding of suitability is a revocable privilege, and no holder acquires any vested 
right therein or thereunder. Judicial review is not available for decisions of the Board and Commission made 
or entered under the provisions of this section. 

A preliminary finding of suitability pursuant to this section may not be sold, assigned, transferred, 
or disposed of in any manner. 
(Adopted: 8/11.)

4.105 Preliminary determination of a location’s suitability for the conduct of gaming. 

With the written consent of the owner, any person interested in purchasing any existing 
establishment or constructing a new gaming establishment may seek a preliminary determination of the 
location’s suitability for the conduct of gaming by filing an application with the Board. The application shall 
be submitted on forms designated by the Board and must include all information required by the Board 
concerning the location’s suitability for the conduct of gaming, and a detailed description of the existing or 
proposed gaming operation. The application must be accompanied by a nonrefundable application fee in 
the amount of $500.00. In addition, the Board may require payment of investigative fees and costs as may 
be determined by the Board. The Board and Commission need not take any action on the application unless 
all fees and costs have been paid in full. 

An application under this section is an extraordinary remedy that will be considered by the Board and 
Commission only in unusual circumstances. The application shall include a statement explaining the 
circumstances that justify a preliminary determination of suitability of a location. 

Concurrently with filing an application under this section, the applicant shall give notice of the 
application to the city or county having jurisdiction over the location. The application shall include a 
certification that such notice was provided. 

Acting upon the recommendation of the Board, the Commission may make a preliminary 
determination that the subject location is either suitable or unsuitable for the conduct of gaming pursuant 
to NRS 463.1405 and NGC Regulation 3.010. The Commission’s determination will be based upon the 
facts and circumstances known at the time and may be limited or conditioned in any manner deemed 
reasonable by the Commission. The Commission’s determination is solely limited to the issue of the 
location’s suitability and shall not constitute actual or implied approval of any application for a gaming 
license or finding of suitability of any persons. 

Unless otherwise limited or conditioned by the Commission, a preliminary finding of suitability 
pursuant to this section shall expire if a completed application for licensing is not submitted to the Board 
within 12 months of the date of the Commission’s determination unless extended by the Commission upon 
application to and recommendation of the Board. 

A preliminary determination of suitability pursuant to this regulation may not be sold, assigned, 
transferred or disposed of in any manner. 
(Adopted: 12/90.)

4.110 Limit to number financially interested. The Board with consent of the Commission may, 
whenever it deems the public interest to so require in any particular case, limit the number of individuals 
who may be named in any initial application for a license or in any application to add new parties to or for 
approval of new interests under an existing license. 
(Amended: 2/60; 6/67.)

4.120 Summoning of applicants. The Board or the Commission may summon any person named 
in an application to appear and testify before it or its agents at such time and place as it may designate. All 
such testimony may be under oath and embrace any matter which the Commission, the Board, or its agents
may deem relevant to the application. Failure to so appear and testify fully at the time and place designated, unless excused, constitutes grounds for denial of the application without further consideration by the Board or the Commission.
(Amended: 6/67; 12/82.)

4.130 [Reserved: 12/82.]

4.140 Withdrawal of application.
A request for withdrawal of an application may be made at any time prior to final action upon the application by the Board by filing a written request to withdraw with the Board. Final action by the Board upon an application occurs when the Board adopts its recommendation to the Commission concerning the application.

Unless any Board member directs a request for withdrawal be placed on an agenda for action, the Board Chair may, in the Chair's discretion, grant the request for withdrawal without prejudice.

The Board may, in its discretion, deny the request, or grant the request with or without prejudice. If a request for withdrawal is granted with prejudice, the applicant is not eligible to apply again for licensing or approval until after expiration of 1 year from the date of such withdrawal.
(Amended: 4/73; 12/82; 9/88; 6/14.)

4.150 Notice of hearing. Notice by letter will be given by the Board to all nonrestricted applicants of the time and place when their application for a gaming license will come before the Board and the Commission for consideration. Such applicants are expected to attend the meetings of the Board and the Commission. They may be represented at the meetings by the attorneys or agents who have complied with the requirements of Regulation 10. The Commission will notify the applicant in writing of the disposition of the application.
(Adopted: 6/67.)

4.160 Recommendation and order.
After completion of its investigation and proceedings respecting an application, the Board will issue an order recommending the approval or denial of the application. If the order recommends that an application be denied, the order will be accompanied by written reasons upon which the order is based. All such orders and reasons will be made public, and no recommendation will be secret.

A tie vote by the Board is neither a recommendation for denial nor approval. Where a tie vote occurs, the matter may be considered by the Commission without a recommendation from the Board, and the Commission may approve the application by a majority vote.
(Amended: 6/67; 12/82.)

4.170 Application after denial. Any person whose application has been denied is not eligible to apply again for licensing or approval until after expiration of 1 year from the date of such denial, unless the Commission advises that the denial is without prejudice as to delay in reapplication.
(Amended: 6/67; 9/73; 12/82.)

4.180 Seasonal operations. In the case of any operation determined by the Commission to be on a seasonal basis, the Commission may issue a provisional license upon execution of a sufficient penal bond, conditioned upon the payment for such provisional license of fees in arrears based upon the gross revenue of such applicant for each quarter or partial quarter operated during such seasonal period.
(Adopted: 6/69.)

As used in this section and sections 4.190 to 4.195: "Administrative approval" means the authority conferred upon the Board Chair or Commission Chair by any regulation of the Commission, or by a license condition, to grant or deny, in their individual discretion, a licensee’s request for approval of a proposed action or transaction.

A review of the administrative approval decision will be included on the agenda of the Board at the next regular meeting of the Board occurring more than 10 working days after receipt by the Board of the request for review. A majority of the Board may affirm, rescind, or modify such decision.

An appeal of an administrative approval decision shall be included on the agenda of the next regularly scheduled Commission meeting occurring more than 10 working days after the filing of the notice of appeal. Upon good cause shown by a licensee, the Commission Chair may waive the 10-day requirement of this subsection and place an appeal of an administrative approval decision on an earlier Commission agenda.
In deciding any such appeal, review is limited to the record of the proceedings before the Board. The Commission for any cause deemed reasonable, may by a majority vote, sustain, modify or reverse the decision of the Board, or remand the matter to the Board for such further investigation and reconsideration as the Commission may order.
Judicial review is not available for actions, decisions, and orders of the Board and Commission made or entered under the provisions of this section.

It is the policy of the Commission and the Board to require that all establishments wherein gaming is conducted in this state be operated in a manner suitable to protect the public health, safety, morals, good order and general welfare of the inhabitants of the State of Nevada.

Responsibility for the employment and maintenance of suitable methods of operation rests with the licensee, and willful or persistent use or toleration of methods of operation deemed unsuitable will constitute grounds for license revocation or other disciplinary action.

(Amended: 1/69.)

5.011 Grounds for disciplinary action.

The Board and the Commission deem any activity on the part of a licensee, registrant, or person found suitable by the Commission, or an agent or employee thereof, that is inimical to the public health, safety, morals, good order, or general welfare of the people of the State of Nevada, or that would reflect or tend to reflect discredit upon the State of Nevada or the gaming industry, to be an unsuitable method of operation and shall be grounds for disciplinary action by the Board and the Commission in accordance with the Nevada Gaming Control Act and the regulations of the Commission. The following acts or omissions, without limitation, may be determined to be unsuitable methods of operation: Failure to exercise discretion and sound judgment to prevent incidents which might reflect on the repute of the State of Nevada and act as a detriment to the development of the industry. Permitting a person who is visibly impaired by alcohol or any other drug to participate in a gaming activity.

Complimentary service of intoxicating beverages in the casino area to a person who is visibly impaired by alcohol or any other drug.

Failure to conduct advertising and public relations activities in accordance with decency, dignity, good taste, honesty and inoffensiveness, including, but not limited to, advertising that is false or materially misleading.

Catering to, assisting, employing, or associating with, either socially or in business affairs, persons of notorious or unsavory reputation or who have extensive police records, or persons who have defied congressional investigative committees, or other officially constituted bodies acting on behalf of the United States, or any state or jurisdiction of the United States, or persons who are associated with or support subversive movements, or the employing either directly or through a contract, or any other means, of any firm or individual in any capacity where the repute of the State of Nevada or the gaming industry is liable to be damaged because of the unsuitability of the firm or individual or because of the unethical methods of operation of the firm or individual.

Employing in a position for which the individual could be required to be licensed as a key employee pursuant to the provisions of sections 3.100 and 3.110 of these Regulations, a person who has been denied a gaming license or has had his or her gaming license revoked by the Commission on the grounds of unsuitability, or who has failed or refused to apply for licensure as a key employee when so requested by the Commission.

Employing in a gaming operation a person whom the Commission or a court has found guilty of cheating or using an improper device in connection with a game, whether as a licensee, dealer, or player at a licensed game or device; as well as a person whose conducting of a licensed game as a dealer or other employee of a licensee resulted in revocation or suspension of the license of such licensee.

Failure to comply with or make provision for compliance with all federal, state, or local laws and regulations and with all conditions and limitations approved by the Commission relating to the operations of a licensed gaming establishment or other gaming business, including, without limitation, those relating to:

Payment or withholding of license fees, payroll taxes, liquor taxes, or entertainment taxes, as applicable;

Antitrust and monopoly statutes; and
Workplace discrimination or harassment of a person based on the person’s race, color, religion, sex, sexual orientation, gender identity or expression, age, disability, or national origin, including, without limitation, sexual harassment.

Possessing or permitting to remain in or upon any licensed premises any cards, dice, mechanical device, or any other cheating device, the use of which is prohibited by statute, regulation, or ordinance.

Conducting, carrying on, operating, or dealing any cheating or thieving game or device on the premises, either knowingly or unknowingly, which may have been marked, tampered with or otherwise placed in a condition, or operated in a manner, which tends to deceive the public, or which might make the game more liable to win or lose, or which tends to alter the normal random selection of criteria which determine the results of the game.

Failure to conduct gaming operations in accordance with proper standards of custom, decorum, and decency, or permit a type of conduct in a gaming establishment that reflects or tends to reflect on the repute of the State of Nevada and act as a detriment to the gaming industry.

Whenever a licensed game or a slot machine, as defined in the Nevada Gaming Control Act, is available for play by the public:

At a nonrestricted location, failure to have an employee of the licensee present on the premises to supervise the operation of the game or slot machine;

At a restricted location, failure to have a responsible person who is at least 21 years old present on the premises to supervise the operation of the game or slot machine.

Except as provided in section 5.140 of these Regulations and except as to transfers of interest under section 8.030 of these Regulations, the sale or assignment of a gaming credit instrument by a licensee, unless the sale is to a publicly traded or other bona fide financial institution pursuant to a written contract, and the transaction and the terms of the contract, including, without limitation, the discount rate, are reported to the Board for approval pursuant to section 8.130 of these Regulations.

Issuing credit to a patron to enable the patron to satisfy a debt owed to another licensee or person, including, without limitation, an affiliate of the licensee. This subsection does not prohibit a licensee from collecting a debt owed to an affiliate of the licensee. As used in this paragraph, “affiliate” has the meaning ascribed to it in NRS 463.0133.

Denying a member or agent of the Board or Commission, upon proper and lawful demand, access to, inspection, or disclosure of any portion or aspect of a gaming establishment or other gaming business as authorized by applicable statutes and regulations.

The Commission, in the exercise of its sound discretion, may make its own determination as to whether or not a licensed gaming establishment or other gaming business has failed to comply with a law or regulation described in paragraph (h) of subsection 1, but any such determination shall make use of established precedents when interpreting the applicable statute. Nothing in this section affects the right of a licensee to judicial review.

As used in this section, “other gaming business” has the meaning ascribed to it in subsection 5 of section 5.250 of these Regulations.

(Amended: 1/69, See Sec. 5.012. Amended: 7/70; 1/72; 7/76; 2/77; 2/85; 7/99; 6/14; 4/18; 11/19.)

5.012 Publication of payoffs.

Except as specifically provided herein, payoff schedules or award cards applicable to every licensed game or slot machine shall be displayed at all times either on the table or machine or in a conspicuous place immediately adjacent thereto. In the case of craps, keno and faro games the foregoing requirement will be satisfied if published payoff schedules are maintained in a location readily accessible to players and notice of the location of such schedule is posted on or adjacent to the table. In the case of slot machines, the foregoing requirements will be satisfied if:

The player is at all times made aware that payoff schedules or award cards applicable to any game offered for play are readily accessible and will be displayed on the video display screen of the device upon the initiation of a command by the player, or

The award cards of any game offered for play are displayed at all times when the device is available for play.

Payoff schedules or award cards must accurately state actual payoffs or awards applicable to the particular game or device and shall not be worded in such manner as to mislead or deceive the public. Maintenance of any misleading or deceptive matter on any payoff schedule or award card or failure on the
part of a licensee to make payment in strict accordance with posted payoff schedules or award cards may be deemed an unsuitable method of operation.

(Formerly Sec. 5.011. Amended: 10/94; 11/97.)

5.013 Gaming by, and issuance of gaming credit to, owners, directors, officers, and employees.
Except as provided in subsection 2, no officer, director, owner or key employee of an entity which holds a gaming license in this state, or of an affiliate or an affiliated company of an entity which holds a gaming license in this state, shall play or place a wager at any gambling game, slot machine, race book or sports pool which is exposed to the public for play or wagering:
By that gaming licensee; or
By an affiliate or an affiliated company of that gaming licensee.
Subsection 1 shall not apply to the playing of or wagering on poker, panguingui or off-track pari-mutuel wagering.
No race book or sports pool employee shall place a wager, other than an off-track pari-mutuel wager, with the book at which he or she is employed or at a book of an affiliate or an affiliated company whether on their behalf, on behalf of the race book or sports pool, or on behalf of another person.
Licensees shall not issue credit for purposes of gaming to key employees of that licensee whether or not such credit is evidenced by a player card, wagering account or a credit instrument.
For the purposes of this section, “affiliate” shall have the same meaning as defined in Regulation 15.482-3 and “affiliated company” shall have the same meaning as defined in NRS 463.4825. “Affiliated company” specifically includes a publicly traded corporation registered with the Commission.

(Adopted: 2/85.)

5.015 Ownership identification on gaming devices.
An operator of a slot machine route shall affix in a prominent place to each gaming device exposed for play, pursuant to his or her license or any agreement, a sign or label that identifies the person responsible for repairs of malfunctions of the machine, payments of winnings, and disputes regarding payments.
A licensee shall not expose for play any gaming device of an operator of a slot machine route that fails to display the information required by subsection 1 of this section.

5.020 Race horse books and sports pools. [Repealed upon adoption dates of Regulation 22, Sec. 22.010, et seq.]
(Amended: 8/61; 12/76.)

5.025 Operation of keno games.
As used in this regulation, “Chair” means the Chair of the Nevada Gaming Control Board or the Chair’s designee.
A licensee authorized to operate a keno game shall not increase the limits of winning tickets or the value of a keno game or a progressive keno game to an amount exceeding the total maximum sum of $250,000 on any one game unless the licensee installs and uses a computerized keno system that satisfied the specification approved by the Chair.
A licensee shall not operate a keno game or progressive keno game with limits on winning tickets or the value of the keno game exceeding the total maximum sum of $250,000 on any one game without the prior written approval of the Chair.
The Chair may:
Require that a limit be imposed on a progressive keno game, or that the limits of winning tickets or the value of a keno game or a progressive keno game be decreased, if such a limit or decrease is deemed
necessary for the licensee to maintain sufficient minimum bankroll requirements pursuant to Regulation 6.150; or

Require the licensee to at all times maintain a reserve in the form of cash, cash equivalent, a bond, or a combination thereof in an amount determined by the Chair. Subject to the discretion of the Chair, the reserve provided for by this paragraph must be created and maintained in the same manner as a reserve required by Regulation 22.040.

Progressive keno is further subject to the provisions of Regulation 5.110 governing progressive payoff schedules.

(Adopted: 4/63. Amended: 12/79; 9/82; 5/89; 5/00.)

5.030 Violation of law or regulations. Violation of any provision of the Nevada Gaming Control Act or of these regulations by a licensee, the licensee's agent or employee shall be deemed contrary to the public health, safety, morals, good order and general welfare of the inhabitants of the State of Nevada and grounds for suspension or revocation of a license. Acceptance of a state gaming license or renewal thereof by a licensee constitutes an agreement on the part of the licensee to be bound by all of the regulations of the Commission as the same now are or may hereafter be amended or promulgated. It is the responsibility of the licensee to keep informed of the content of all such regulations, and ignorance thereof will not excuse violations.

5.040 Investigation of conduct of licensees, generally. A gaming license is a revocable privilege, and no holder thereof shall be deemed to have acquired any vested rights therein or thereunder. The burden of proving his or her qualifications to hold any license rests at all times on the licensee. The Board is charged by law with the duty of observing the conduct of all licensees to the end that licenses shall not be held by unqualified or disqualified persons or unsuitable persons or persons whose operations are conducted in an unsuitable manner.

5.045 Compliance review and reporting system.

1. Whenever the Commission is acting upon an application for a license or registration, or pursuant to its powers provided in NRS 463.310, and if the Commission determines that special circumstances exist which require additional management review by a licensee or registrant, the Commission may impose a condition upon a license or order of registration to require implementation of a compliance review and reporting system by the licensee or registrant.

2. The terms of a condition imposed pursuant to subsection 1 may include, without limitation:
   (a) That the condition expire on a certain date or after a designated period of time without further action by the Commission;
   (b) That the condition may be administratively removed by the Board if a specified activity ceases or a specified event occurs; or
   (c) That the Board conduct a periodic review, and upon such review, the Board may recommend and the Commission may remove or continue to require the condition.

3. Notwithstanding the provisions of subsection 2, upon application, a licensee or registrant may request modification or removal of a condition imposed and the Commission may, after considering the recommendation of the Board, modify or remove such condition.

4. A compliance review and reporting system required pursuant to a condition imposed pursuant to subsection 1 must be created for the purpose of monitoring activities relating to the continuing qualifications of the licensee or registrant under the provisions of the Nevada Gaming Control Act and regulations of the Commission in accordance with a written plan that must be approved administratively by the Board or as otherwise ordered by the Commission.

5. A written plan approved or ordered pursuant to subsection 4 must provide for the operation of the compliance review and reporting system and must designate those responsible for such system. The written plan must provide for the involvement of at least one person knowledgeable of the provisions of the Nevada Gaming Control Act and the regulations of the Commission. The written plan must require periodic reports to senior management of the licensee or registrant. Such reports are advisory, and the licensee or registrant shall maintain responsibility for compliance with the Nevada Gaming Control Act and regulations of the Commission. The licensee or registrant shall provide copies of the reports to the Board.
6. The written plan must set forth the activities to be monitored and must be determined by the circumstances applicable to the licensee or registrant. The activities required to be monitored pursuant to the compliance review and reporting system may include, without limitation:

(a) Associations with persons denied licensure or other related approvals by the Commission or who may be deemed unsuitable to be associated with a licensee or registrant;
(b) Business practices or procedures that may constitute grounds for denial of a gaming license or registration;
(c) Compliance with other special conditions that may be imposed by the Commission upon the licensee or registrant;
(d) Review of reports submitted pursuant to the Nevada Gaming Control Act and regulations of the Commission;
(e) Compliance with the laws, regulations, or orders of duly constituted governmental agencies or entities having jurisdiction over the gaming affairs, or such other business activities which the Board or the Commission may deem necessary or proper, of the licensee, registrant, or its affiliates, including, without limitation, the adoption and implementation of written policies and procedures prohibiting workplace discrimination or harassment of a person based on the person’s race, color, religion, sex, sexual orientation, gender identity or expression, age, disability, or national origin, including, without limitation, sexual harassment, pursuant to section 5.250; and
(f) Review of such other activities determined by the Board or the Commission as being relevant to the continuing qualifications of the licensee or registrant under the provisions of the Nevada Gaming Control Act and the regulations of the Commission.

(Adopted: 3/28/91. Amended: 11/19.)

5.050 Information to be furnished by licensees. Every licensee shall report to the Board quarterly the full name and address of every person, including lending agencies, who has any right to share in the profits of such licensed games, whether as an owner, assignee, landlord or otherwise, or to whom any interest or share in the profits of any licensed game has been pledged or hypothecated as security for a debt or deposited as a security for the performance of any act or to secure the performance of a contract of sale. Such report shall be submitted concurrently with application for renewal of license.

5.055 Reports of violations and of felony convictions.

Each licensee and club venue operator, as relevant, shall immediately notify the Board’s enforcement division by telephone or, for reports pursuant to subsection (b) and (c), by telephone or via email, of:

The discovery of any violation of chapter 465 of NRS;
The discovery of any suspected theft, larceny, embezzlement or other crime involving property, if such crime has been committed against a licensee or club venue operator or patron of a licensee or the club venue operator, or while on the premises of a licensee or club venue operator, by a gaming employee, a person required to be registered pursuant to Regulation 5.320 or 5.345, or any other person who has received an approval from the Commission, and the person allegedly committing the crime has been separated from employment or whose business relationship with the licensee or club venue operator has been terminated, regardless of whether such crime is a misdemeanor, gross misdemeanor or felony;
The discovery of any suspected unlawful possession, sale, or use of a controlled substance on the premises of the licensee or club venue operator if such possession, sale or use was committed by a gaming employee, a person required to be registered pursuant to Regulation 5.320 or 5.345, or any other person who has received an approval from the Commission, and the person allegedly committing the crime has been separated from employment or whose business relationship with the licensee or club venue operator has been terminated; and
Any suspected violation of any gaming law regarding which the licensee has notified the local police or sheriff.

Any person holding a license, registration, or finding of suitability who is convicted of a felony in this state or is convicted of an offense in another state or jurisdiction which would be a felony if committed in this state shall notify the Board’s enforcement division in writing within 10 business days of such conviction.

(Adopted: 2/85. Amended: 10/11; 11/15.)
5.060 Access to premises and production of records.

1. No applicant, licensee or enrolled person shall neglect or refuse to produce records or evidence or to give information upon proper and lawful demand by a Board or Commission member or any agent of the Board, or shall otherwise interfere, or attempt to interfere, with any proper and lawful efforts by the Commission, the Board, or any agent to produce such information.

2. Each gaming licensee, licensed manufacturer, and licensed distributor or seller shall immediately make available for inspection by any Board or Commission member or agent all papers, books and records produced by any gaming business and all portions of the premises where gaming is conducted or where gambling devices or equipment are manufactured, sold or distributed. Any Board or Commission member or agent shall be given immediate access to any portion of the premises of any gaming licensee, licensed manufacturer or licensed distributor or seller for the purpose of inspecting or examining any records or documents required to be kept by such licensee under the provisions of NRS chapter 463 or the regulations of the Commission, and any gaming device or equipment or the conduct of any gaming activity.

3. Access to the areas and records which may be inspected or examined by Board members or agents shall be granted to any Board member or agent who displays a badge issued by the Board and an identification card signed by a Board member. Similar access shall be granted to any Commission member who displays an identification card signed by the governor.

(Amended: 8/61; 10/78.)

5.070 Summoning of licensee. The Board may summon any licensee or the licensee’s agents or employees to appear to testify before it or its agents with regard to the conduct of any licensee or the agents or employees of any licensee. All such testimony shall be under oath and may embrace any matters which the Board or its agents may deem relevant to the discharge of its official duties. Any person so summoned to appear shall have the right to be represented by counsel. Any testimony so taken may be used by the Board as evidence in any proceeding or matter then before it or the Commission which may later come before it or the Commission. Failure to so appear and testify fully at the time and place designated, unless excused, shall constitute grounds for the revocation or suspension of any license held by the person summoned, his or her principal or employer.

5.080 Changing of games. [Repealed: 1/24/19.]

5.085 Unauthorized games. No licensee shall permit any game other than those specifically named in the Nevada Gaming Control Act as a “game” or “gambling game” to be operated without first applying for and receiving permission from the Commission to operate such game and, if permission is granted, thereafter obtaining all required state, county and city licenses for the same.

(Adopted: 8/61. Amended: 7/67; 12/83.)

5.090 Unlicensed games or devices.

No unlicensed gambling games shall be operated upon the premises of a licensee, nor shall a licensee expose in an area accessible to the public any machine, fixture, table, or device (hereinafter generally referred to as gaming devices) which may be used in the operation of a gambling game without first having paid all current fees and taxes applicable to such games.

Whenever a licensee desires to temporarily remove or suspend a game from a licensed status, the licensee shall provide advanced written notice to the Board stating the type and number of games sought to be suspended, the initial date and duration of the proposed suspension, and in addition to such notice, the licensee shall thereafter physically remove the gaming device from any area exposed to the public; provided, however, a gaming device may remain in a public area while in an unlicensed status if the licensee, in addition to the foregoing written notification, removes from the gaming device all detachable fixtures such as drop boxes, chip racks, wheelheads, cages, and other similar removable items, and also covers any nondetachable chip rack and any chip rack space with a device capable of being locked and sealed in place; thereafter, the gaming device shall be inspected and sealed by the Board and allowed to remain in a public area.

Before any game or gaming device suspended from a licensed status in accordance with the foregoing procedure may be reactivated and placed into play, the licensee shall advise the Board in writing of its intention and date to reactivate such game, and pay all fees and taxes applicable to said game, and upon the Board’s reinspection of any gaming device previously sealed, the game may be exposed to play.

Except as otherwise provided in this section, a person is deemed temporarily registered as a gaming employee upon submission of an application for registration to the licensee for which the applicant will commence or continue working as a gaming employee, unless otherwise prescribed by the Chair.

2. A temporary registration as a gaming employee is valid for 120 days after an application for registration is received by the Board, unless such temporary registration is objected to, suspended, or revoked by the Board or Commission.

3. A person who submits an application for registration or a change of employment notice to a licensee concerning an armed security personnel position is deemed temporarily registered for such position if:
   (a) The person
      (1) Holds a current concealed weapon permit issued by a political subdivision of the State of Nevada;

If the Board suspends the temporary registration of an applicant pursuant to subsection 8 of NRS 463.335 or subsection 3 of NRS 463.3351, it shall notify the applicant and the applicable licensees of such suspension.
An applicant whose temporary registration is suspended pursuant to subsection 8 of NRS 463.335 or subsection 3 of NRS 463.3351 shall not work as a gaming employee until such time as the applicant rectifies the cause for such suspension and the Board reinstates the applicant’s temporary registration. If an applicant rectifies the cause for his or her suspension and the Board reinstates the applicant’s temporary registration, the period of time in which the applicant’s temporary registration was suspended must not be included in measuring the 120-day period in which the Board may object to such temporary registration of the applicant.

(Adopted: 12/02. Amended: 11/03; 9/20. Effective: 1/1/04.)

5.104 Investigation; uniform criteria for objection; objection.

Upon receipt of an application for registration, the Board shall review it for completeness.

Unless the Board, after reviewing an application for registration, suspends the temporary registration of the applicant pursuant to section 5.103, it shall conduct an investigation of the applicant to determine whether the applicant is eligible for registration or renewal of registration as a gaming employee.

The Board may object to the registration of an applicant within 120 days after receipt of a complete application for registration for any cause deemed reasonable, including, without limitation, any of the specific grounds set forth in subsection 12 of NRS 463.335.

In addition to the criteria set forth in subsection 12 of NRS 463.335, the Board may object to the registration of an applicant within 120 days after receipt of a complete application for registration if the applicant has committed, attempted or conspired to commit an offense:

- In violation of chapters 463, 463B, 464 or 465 of NRS or the regulations adopted pursuant thereto.
- Involving or related to gambling, which is a gross misdemeanor or felony in this state or, if the offense was committed in another state, it would be considered a gross misdemeanor or felony in this state.
- Involving larceny committed against, or on the premises of, a gaming establishment.

If the Board objects to the registration of an applicant pursuant to this section, the Board must notify:

- The applicant in accordance with subsection 10 of NRS 463.335 and provide notice of his or her right to apply for a hearing pursuant to subsection 11 of NRS 463.335; and
- The applicable licensees.

If the Board does not object to the registration of an applicant pursuant to this section, the applicant shall be deemed registered as a gaming employee and is eligible for employment with any licensee in this state until such registration expires pursuant to subsection 7 of NRS 463.335, is suspended pursuant to NRS 463.3352 or 463.336, or is revoked pursuant to NRS 463.337.

(Adopted: 12/02. Amended: 11/03; 8/08; 9/20. Effective: 1/1/04.)

5.105 Duties of licensee.

A licensee shall not knowingly employ a person as a gaming employee unless such person is temporarily registered or registered as a gaming employee. A licensee shall check, and may rely on, the system of records maintained by the Board to verify the temporary registration, registration or eligibility of a person seeking employment as a gaming employee with such licensee.

A licensee shall only access the system of records after a person applies for a position as a gaming employee solely to determine whether the person is registered, temporarily registered, or subject to objection, suspension or revocation, or to initiate an application transaction in the Board’s online gaming employee registration system. A licensee shall maintain documentation establishing that it received an application for employment from a person for a position as a gaming employee prior to accessing the system of records and retain such documentation for at least 5 years.

Upon the termination of employment of an employee with access to the system of records maintained by the Board or the reassignment of such employee to a position that no longer requires access to the system of records, the licensee shall notify the Board of such termination or reassignment not later than the next business day. The information contained within the system of records is confidential and must not be disclosed by such employee or the licensee.

If a licensee determines, after accessing the system of records maintained by the Board, that a person seeking employment as a gaming employee with such licensee is not temporarily registered or registered as a gaming employee, and is not subject to objection, suspension or revocation, the licensee shall provide the person with a form for application, the statement required by subsection 1 of NRS 463.3351 and instruct the person to:
Complete the form for application and the statement required by subsection 1 of NRS 463.3351; obtain a complete set of fingerprints or provide proof of submission of fingerprints to the Central Repository for Nevada Records of Criminal History; complete an online payment by credit or debit card through the Board's online gaming employee registration system or obtain a money order, cashier’s check or voucher in the amount prescribed by the Board in accordance with NRS 463.335(5); and

Unless otherwise prescribed by the Chair, complete the application for gaming employee registration online via the Board's online gaming employee registration system or return a completed paper application for registration to the licensee in a sealed envelope, or in any other confidential manner permitted by the Board, for submission to the Board.

If a licensee determines, after accessing the system of records maintained by the Board, that a person seeking employment as a gaming employee with such licensee is subject to objection, suspension or revocation, the licensee shall:

Not accept an application for registration from such person; and

Notify the person that he or she must contact the Board in order to pursue reversal or removal of such objection, suspension or revocation.

If a licensee determines, after accessing the system of records maintained by the Board, that a person seeking employment as a gaming employee with such licensee is temporarily registered or registered as a gaming employee, the licensee shall provide such person with a change of employment notice and the statement required by subsection 1 of NRS 463.3351, and instruct the person to complete such notice and statement, unless otherwise prescribed by the Chair, either online via the Board's online gaming employee registration system or by completing the paper version of the notice and statement and returning them to the licensee in a sealed envelope, or in any other confidential manner permitted by the Board, for submission to the Board.

The application for registration is confidential and shall not be accessed or used for any purpose by a licensee unless otherwise permitted by law, or prior written consent is given by the person seeking employment.

On or before the fifteenth (15th) day of each month, each licensee shall submit a written report to the Board containing the name, gaming registration number, position held, and date of hire of each gaming employee hired during the immediately preceding month.

On or before the fifteenth (15th) day of each month, each licensee shall enter a termination date for all gaming employees terminated or separated from service within the immediately preceding month into the Board’s online gaming employee registration system. With regard to persons required to register pursuant to section 5.320, such entry shall include a truthful statement of the reason for each termination or resignation and any additional information regarding the termination or resignation requested by the Chair.

Each licensee must maintain a photo of every gaming employee employed by the licensee. The licensee shall maintain the photo for a period of no less than 5 years after the date on which the gaming employee is no longer employed by the licensee as a gaming employee. The photo must be large enough and of sufficient clarity to clearly identify the gaming employee from the photo. The photo may be in the form of a photograph or it may be digitally stored, and must be capable of being reproduced and provided at the request of the Board.

(Adopted: 12/02. Amended: 11/03; 8/08; 8/12; 11/15; 1/19; 9/20.)

5.1055 Required policies and procedures regarding armed security personnel.
1. Each licensee which employs armed security personnel shall have written policies and procedures regarding such personnel.
2. In order to determine whether a licensee has established appropriate policies and procedures with regard to armed security personnel, the Board and Commission may consider, without limitation, the following factors:
   (a) The extent of the background investigations conducted by the licensee prior to hiring a person for an armed position;
   (b) The extent of the firearms training required by the licensee prior to hiring a person for an armed position;
   (c) The extent of mandatory annual training and qualifications regarding a person filling an armed position; and
(d) The extent to which testing for illegal use of controlled substances by armed security personnel occurs.

(Adopted: 9/20.)

5.106 Change of employment notice.

A change of employment notice must be filed with the Board through the applicable licensee pursuant to NRS 463.335(2) unless otherwise prescribed by the Chair.

Except as otherwise provided in section 5.102, a person is deemed temporarily registered as a gaming employee upon the submission of a change of employment notice in accordance with subsection 1 and such temporary registration is valid for a period of 120 days after the change of employment notice is received by the Board, unless objected to, suspended, or revoked by the Board or Commission, as applicable.

The expiration date of the registration of a gaming employee shall not change as a result of the filing of a change of employment notice.

When a licensee temporarily reassigns a gaming employee employed by the licensee to work at an affiliated licensee, a change of employment notice is not required if:

- The gaming employee does not act in an unarmed or armed security personnel position for an affiliated licensee if the gaming employee is not so employed in such capacity with the licensee and
- The gaming employee is not temporarily reassigned to an affiliated licensee for more than 30 calendar days per calendar year.

A licensee which temporarily reassigns employees to an affiliated licensee shall, upon request from the Board, furnish current information concerning gaming employees who have been temporarily reassigned to an affiliate licensee, the affiliated licensee to which each gaming employee was assigned, and the dates on which each gaming employee was temporarily reassigned to the affiliated licensee.

(Adopted: 12/02. Amended: 11/03; 8/08; 9/20. Effective: 1/1/04.)

5.107 System of records: contents; confidentiality; penalties.

The Board shall create and maintain a system of records that:

- Contains information regarding the current place of employment of each person who is registered as a gaming employee; and
- Identifies each person whose registration as a gaming employee has expired, was objected to, suspended, or revoked by the Board or Commission, as applicable.

The system of records may only be accessed by on-line Internet connection and only by those persons or entities authorized by the Board.

(Adopted: 12/02. Amended: 11/03. Effective: 1/1/04.)

5.108 [Repealed: 11/20/03.]

5.1085 Temporary suspension of registration.

If the Board issues a temporary suspension of the registration of a gaming employee after his or her arrest by an agent of the Board, the suspension becomes effective when:

- Notice is sent to the applicable licensee and
- The notice of suspension is served upon the gaming employee through:
  - U.S. mail to the applicant's last known address; or
  - Personal service.

For purposes of this section, a notice of temporary suspension shall be deemed to have been received by the gaming employee upon the date of personal service or 5 days after it is deposited with the United States Postal Service with the postage thereon prepaid.

The notice of temporary suspension provided to the gaming employee must:

- Include a statement of facts upon which the temporary suspension is based; and
- Inform the gaming employee that he or she may apply to the Board for a review or hearing on the temporary suspension by filing a notice of defense within 30 days after receipt of the notice of temporary suspension as set out in subsection 3.

Not later than 30 days after the effective date of the temporary suspension, a gaming employee who has been notified of a temporary suspension may file a written notice of defense with the Board. Such
notice of defense shall state specific reasons why the gaming employee believes temporary suspension is not appropriate and may include any documentary evidence deemed relevant by the gaming employee.

Upon receipt of a notice of temporary suspension of a gaming employee, the applicable gaming licensee must:

- Reassign the gaming employee to a position that does not require registration as a gaming employee; or
- Otherwise ensure that the employee does not work as a gaming employee while the temporary suspension is in effect.

Within 5 business days after receipt of the gaming employee’s notice of defense, the Board shall:
- Schedule and conduct a hearing pursuant to subsection 14 of NRS 463.335 and issue a decision on the temporary registration within 5 business days after the hearing; or
- Upon the request of the gaming employee:
  - Review the statement of facts surrounding the temporary suspension, along with the notice of defense; and
  - Issue a decision summarily sustaining or reversing the temporary suspension.

A failure of a gaming employee whose registration has been temporarily suspended pursuant to this section to apply for a hearing or review within 30 days or his or her failure to appear at a hearing of the Board conducted pursuant to this regulation:

- Shall be deemed an admission that the temporary suspension is well-founded; and
- Precludes administrative or judicial review of the temporary suspension.

If, after a review of or hearing on the temporary suspension, the Board reverses the temporary suspension of a gaming employee, the Board shall:

- Remove the temporary suspension from its system;
- Reinstate the registration of the gaming employee; and
- Notify the affected gaming employee and applicable licensee immediately.

Any person aggrieved by a decision of the Board entered pursuant to this section may, within 15 days after entry of the decision, apply in writing to the Commission for a review of the decision. Any such review shall be limited to the record of the proceedings before the Board.

Within 5 business days after receipt of an application for review of the decision of the Board, the Commission shall schedule a hearing on the temporary suspension. The Commission may sustain, modify, or reverse the Board’s decision on the temporary suspension.

Unless a temporary suspension of a gaming employee is reversed by the Board after a review or hearing conducted pursuant to subsection 5, a temporary suspension shall lapse:

Upon separation of the gaming employee from all positions which require registration as a gaming employee:

- Upon a reversal of the temporary suspension by the Commission;
- Upon a rescission of the temporary suspension by the Board upon a finding that it is no longer necessary; or
- If, within 60 days after final administrative or judicial review of the temporary suspension, the Board has not filed a complaint for revocation of the gaming employee’s registration as provided in NRS 463.337 and 463.312 to 463.3145, inclusive.

(Adopted: 9/20.)

5.109 Petition for hearing to reconsider objection to registration or to reconsider suspension or revocation of registration.

Any person whose application for registration as a gaming employee has been objected to pursuant to NRS 463.335, suspended pursuant to 463.336, or revoked pursuant to NRS 463.337, may not request a hearing for reconsideration of the final administrative or judicial action which resulted in such objection, suspension or revocation for a period of one (1) year following the date of such final administrative or judicial action.

After the one (1) year period required by subsection 1, an aggrieved person may request a hearing by filing a petition with the Board which sets forth the basis of the request for reconsideration. The aggrieved person shall, upon filing such petition, include the statement required by subsection 1 of NRS 463.3351 and, if requested by the Board, a new complete set of fingerprints together with the fee charged by the Central Repository for Nevada Records of Criminal History to process such fingerprints.
Upon receipt of a petition, the Board shall conduct an investigation of the person who filed such petition. Upon completion of the investigation, which may include an examination of any relevant facts or circumstances which occurred subsequently to the initial objection, the Board may grant the relief sought in the petition based on the information presented therein. If the Board does not grant the relief sought based on the filing of the petition, the Board must schedule a hearing in accordance with subsection 14 of NRS 463.335. At the hearing, the Board may take any testimony deemed necessary. The Chair may designate a member of the Board or the Board may appoint a hearing examiner and authorize that person to perform on behalf of the Board any of the following functions required of the Board in the case of a hearing conducted pursuant to NRS 463.335:

- Granting the relief sought in the petition;
- Conducting a hearing and taking testimony;
- Reviewing the testimony and evidence presented at the hearing;
- Making a recommendation to the Board based upon the testimony and evidence or rendering a decision on behalf of the Board pursuant to this section; and
- Notifying the person who filed the petition of the decision.

Any decision rendered on behalf of the Board by a designated member of the Board or an appointed hearing examiner shall be deemed a unanimous decision of the Board and shall be treated as such for purposes of this section.

After conducting a hearing pursuant to subsection 3, the Board, designated member of the Board, or appointed hearing examiner shall review the testimony taken and any other evidence, and render a decision sustaining, modifying, or withdrawing the objection, suspension, or revocation and provide a copy of the decision to the person by mail within 45 days after the date of the hearing.

Except as otherwise provided in subsection 7, the Board shall present its decision or recommendation to the Commission at the next meeting of the Commission after the Board, designated Board member, or appointed hearing examiner renders a decision pursuant to subsection 5.

The Board is not required to present its decision to the Commission if the Board issues a unanimous decision to sustain or modify an objection, suspension, or revocation to a registration as a gaming employee pursuant to subsection 5 unless the person aggrieved by the decision applies in writing to the Commission for review of such decision within 15 days after the announcement of the decision. The failure of the person to apply for a review within such 15-day period shall be deemed to be an admission that the unanimous decision of the Board sustaining or modifying the objection is well founded and, pursuant to subsection 9, such person may not file another petition pursuant to this regulation for a period of five (5) years after the date of the Board’s decision, or such lesser period of time as may be ordered by the Board.

The review by the Commission is limited to the record of the proceedings before the Board, designated member of the Board, or appointed hearing examiner.

An aggrieved person who files a petition pursuant to this section may submit a written request for withdrawal of such petition to:
- The Board at any time prior to the Board rendering a decision or adopting a recommendation to the Commission pursuant to subsection 5; or
- The Commission at any time before the Commission has acted upon a decision or recommendation of the Board, designated member of the Board, or appointed hearing examiner pursuant to subsection 8.

If a person who files a petition pursuant to this section is deemed eligible for employment as a gaming employee, such person shall, as directed by the Board, file a new application for registration as a gaming employee or a change of employment notice with the Board by submitting it to the licensee for whom the person becomes employed as a gaming employee within 10 days, unless otherwise prescribed by the Chair. Unless objected to, suspended, or revoked by the Board or Commission, the registration of such person as a gaming employee expires 5 years after the date employment commences with the applicable licensee or, in the case of an independent agent, 5 years after the date the independent agent contracts with a licensee. Such registration shall be subject to any limitations and conditions that are prescribed by the Board or Commission.

If a person who files a petition pursuant to this section is deemed ineligible for employment as a gaming employee, such person may not file a new petition for a period of five (5) years after the date of final action taken by the Board or Commission, as applicable, or such lesser period of time as may be
ordered by the Board or Commission. Any such petition shall be processed in accordance with the applicable provisions of this section.

(Adopted: 11/03. Effective 11/20/03. Amended: 6/15; 9/20.)

“Incremental amount” means the difference between the amount of a progressive payoff schedule and its base amount.

“Progressive payoff schedule” means a game or machine payoff schedule, including those associated with contests, tournaments or promotions, that increases automatically over time or as the game(s) or machine(s) are played.

The amount of a progressive payoff schedule shall be conspicuously displayed at or near the games or machines to which the payoff schedule applies. Each licensee shall record the base amount of each progressive payoff schedule when first exposed for play and subsequent to each payoff. At least once a day each licensee shall log the amount of each progressive payoff schedule at the licensee’s establishment except for those that can be paid directly from a slot machine’s hopper or those offered in conjunction with an inter-casino linked system. Explanations for reading decreases shall be maintained with the progressive logs. When the reduction is attributable to a payoff, the licensee shall record the payoff form number on the log or have the number reasonably available.

A licensee may change the rate of progression of any progressive payoff schedule provided that records of such changes are created.

A licensee may limit a progressive payoff schedule to an amount that is equal to or greater than the amount of the payoff schedule when the limit is imposed. The licensee shall post a conspicuous notice of the limit at or near the games(s) or machine(s) to which the limit applies.

A licensee shall not reduce the amount of a progressive payoff schedule or otherwise eliminate a progressive payoff schedule unless:

A player wins the progressive payoff schedule;

The licensee adjusts the progressive payoff schedule to correct a malfunction or to prevent the display of an amount greater than a limit imposed pursuant to subsection 4, and the licensee documents the adjustment and the reasons for it;

The licensee distributes the entire incremental amount to another single progressive payoff schedule on similar game(s) or machine(s) at the licensee’s establishment and:

The licensee documents the distribution;

Any game or slot machine offering the payoff schedule to which the licensee distributes the incremental amount does not require that more money be played on a single play to win the payoff schedule than the game or slot machine from which the incremental amount is distributed unless the incremental amount distributed is increased in proportion to the increase in the amount of the wager required to win the payoff schedule;

If from a slot machine, any slot machine offering the payoff schedule to which the incremental amount is distributed complies with the minimum theoretical payout requirement of Regulation 14.040(1); and

The distribution is completed within 30 days after the progressive payoff schedule is removed from play or within such longer period as the Chair may for good cause approve;

For games other than slot machines, the incremental amount may be distributed within 90 days of removal through a concluding contest, tournament or promotion and the contest, tournament or promotion is conducted with a game(s) similar to the game(s) from which the amounts are distributed; or

The Chair, upon a showing of exceptional circumstances, approves a reduction, elimination, distribution, or procedure not otherwise described in this subsection, which approval is confirmed in writing.

A progressive payoff schedule may be temporarily removed for a period of up to 30 days to allow for the remodeling of the licensed gaming establishment, or for such longer period or other good cause as the Chair may approve.

Except as otherwise provided by this section, the incremental amount of a progressive payoff schedule is an obligation to the licensee’s patrons, and it shall be the responsibility of the licensee if the
licensee ceases operation of the progressive game or slot machine for any reason, including a transfer of ownership of the licensed gaming establishment, to arrange for satisfaction of that obligation in a manner approved by the Chair.

Licensees shall maintain the records required by this section for at least five years after they are made unless the Chair approves otherwise in writing.

“Operator” means any person or entity holding a license to operate an inter-casino linked system in Nevada, a person or entity holding a license to operate a slot machine route that operates an inter-casino linked system for slot machines only, or a person or entity holding a license to operate a nonrestricted gaming operation that operates an inter-casino linked system for affiliates.

Rules and, if applicable, the specific qualifying and final round date(s) for tournaments or contests at or near all games or machines.

Each operator shall record the base amount of each progressive payoff schedule when first exposed for play and subsequent to each payoff. At least once each day, the operator must record on a log the amount of the progressive payoff schedule. Explanations for decreases in the payoff schedule shall be maintained with the progressive logs.

Subject to compliance with the minimum rate of progression requirements set forth in NGC Regulation 14.045(1), an operator may change the rate of progression, including those between multiple progressive payoff schedules and reset funds, provided that records of such changes are created and maintained. The operator, upon request, shall provide such information to the Board and participating locations.

An operator may limit the amount of progressive payoff schedule to an amount that is equal to or greater than the amount of the progressive payoff schedule when the limit is imposed. The operator shall post a conspicuous notice of the limit at or near each game or machine to which the limit applies. An operator shall notify the Board and the participating locations of such limitation, in writing, contemporaneously with the imposition of such limitation.

An operator, including an operator that ceases operations, shall not reduce the amount of a progressive payoff schedule or otherwise eliminate a progressive payoff schedule unless:
A player wins the progressive payoff schedule and any reset fund;
For games other than slot machines, the incremental amount of the progressive payoff schedule(s) and any reset fund may be distributed within 90 days of removal through a concluding contest, tournament or promotion and the contest, tournament or promotion is conducted with a game(s) similar to the game(s) from which the amounts are distributed;
The progressive payoff schedule is adjusted to correct a malfunction or to prevent the display of an amount greater than a limit imposed by subsection 5, and the operator documents the adjustment and the reasons for it;
The operator distributes the entire incremental amount and any reset fund to another single inter-
casino linked payoff schedule and reset fund, whether progressive or not, on similar games or machines at
substantially the same locations, and:
The operator documents the distribution;
Any game or slot machine offering the payoff schedule to which the operator distributes the
incremental amount or reset fund does not require that more money be played on a single play to win the
payoff schedule than the game or slot machine from which the incremental amount or reset fund is
distributed unless the incremental amount distributed is increased in proportion to the increase in the
amount of the wager required to win the payoff schedule;
If from a slot machine, any slot machine offering the payoff schedule to which the incremental
amount or reset fund is distributed complies with the minimum theoretical payout requirement of Regulation
14.040(1); and
The distribution is completed within 30 days after the progressive payoff schedule or reset fund is
removed from play or within such longer period as the Chair may for good cause approve; or
The Chair, upon a showing of exceptional circumstances, approves a reduction, elimination,
distribution, or procedure not otherwise described in this subsection, which approval is confirmed in writing.
An operator may remove from a licensee's premises games or machines with progressive payoff
schedules which are part of an inter-casino linked system if the payoff schedule is otherwise available for
play in the same city, or such other geographic area as may be determined by the Chair.
Operators shall maintain the records required by this section for at least five years after the records
are made unless the Chair approves otherwise in writing.

Periodic payments of prizes awarded to a patron as a result of conducting any gaming or promotional activity may be made if the method of funding the periodic payments provides such payments to a patron through the establishment of any one of the following funding methods:
An irrevocable surety bond or an irrevocable letter of credit with an independent financial institution which will provide for either the periodic payments or a single cash payment for the remaining periodic payments should the licensee default on paying the scheduled periodic payments for any reason. The form of the written agreement establishing an irrevocable surety bond or the irrevocable letter of credit, and a written commitment to execute such bond or letter from the financial institution, shall be submitted to the Chair for approval no less than 45 days prior to the commencement of the gaming or promotional activity.

An irrevocable trust with an independent financial institution in accordance with a written trust agreement, the form of which shall be submitted to the Chair for approval at least 45 days prior to the commencement of any new gaming or promotional activity, and which provides periodic payments from an unallocated pool of assets to a group of patrons and which shall expressly prohibit the patron from encumbering, assigning or otherwise transferring in any way the patron’s right to receive the deferred portion of the prizes except to the patron’s estate. The assets of the trust shall consist of approved funding sources in an amount sufficient to meet the periodic payments as required.

A reserve maintained at all times by a licensee, together with the continuing satisfaction of and compliance with certain financial ratios and tests, and monitoring and reporting procedures related thereto. The conditions under which a reserve method may be used shall be prescribed by the Chair in a written notice distributed to licensees and all interested persons. Licensees shall notify the Chair in writing at least 45 days prior to the commencement of any new gaming or promotional activity for which periodic payments may be used. Unless otherwise informed within such time period in writing by the Chair and assuming a stop order has not been issued during such period, the use of a reserve method for funding periodic payments shall be deemed approved.

Another method of providing the periodic payments to a patron consistent with the purpose of this regulation and which is approved by the Commission prior to the commencement of the gaming or promotional activity. Proposed modifications to a periodic payment plan previously approved by the Commission shall be submitted to the Chair for review at least 45 days prior to the effective date of the change. The Chair, after whatever investigation or review the Chair deems necessary, may administratively approve the modification or require the licensee to submit the requested modification to the Commission for review and approval.

The funding of periodic payment plans shall be completed within 30 days of the conclusion of the validation period, or where a qualified prize option is offered for such prize payout, within 30 days of the date the patron makes an election thereunder. Where a single cash payment is elected, the licensee shall pay to the patron in cash, certified check or wire transfer the full amount less any prior payment(s) within 15 days after receiving the patron’s written notification of such election.

Periodic payments shall not be used for prize payouts of $100,000 or less. Periodic payments for total amounts won greater than $100,000 shall be paid as follows:

- For amounts won greater than $100,000, but less than $200,000, payments shall be at least $10,000 annually;
- For amounts won greater than $200,000 or more, payments shall be no less than 1/20th of the total amount annually;
- For amounts won equal to or in excess of $5,000,000, payments shall be made in the manner set forth in (b), above, or in such manner as approved by the Commission upon application by the licensee; and

The first installment payment shall be made upon the conclusion of the validation period, notwithstanding that a qualified prize option may be offered to the patron. In the event that a qualified prize option is offered to a patron, it shall not be construed as a requirement that the patron shall receive a single cash payment instead of periodic payments.

Waivers of subsections (a), (b) and (c) of this section that have been previously granted by the Commission shall remain in full force and effect pursuant to the current terms and provisions of such waivers.

The licensee shall provide the Chair with an appropriate, signed legal document, prior to the commencement of any gaming or promotional activity for which periodic payments are to be offered, that shall irrevocably and unconditionally remise, release, indemnify and forever discharge the State of Nevada, the Commission, the Board, and their members, employees, agents and representatives, including those of the Attorney General’s Office, of and from any and all claims, actions, causes of actions, losses, damages, liabilities, costs, expenses and suits of any nature whatsoever, in law or equity, including
reasonable attorney’s fees, arising from any act or omission of the Commission and the Board, and their members, employees, agents and representatives.

For any gaming or promotional activity for which periodic payments are used, the licensee shall provide a notice on each gaming device or, if no gaming device is used, then in each gaming or promotional area specifically setting forth the terms of the periodic payment plan, and include in all radio, television, other electronic media, or print advertising that such prizes will be awarded using periodic payments.

Notwithstanding any other regulation to the contrary, if a licensee offers a qualified prize option to a patron who is awarded a qualified prize, the licensee shall provide the option to the patron in writing within five days after the conclusion of the validation period. Such written option shall explain the method used to compute the single cash payment, including the discount rate as of the date of calculation, and shall state that the patron is under no obligation to accept the offer of a single cash payment and may nevertheless elect to receive periodic payments for the qualified prize.

The licensee shall maintain the following amounts, as applicable, related to each gaming or promotional activity that uses periodic payments in calculating its minimum bankroll requirement for the purpose of complying with Regulation 6.150:

For periodic payment plans approved in accordance with Regulation 5.115(3)(a), the installment payments due within the next 12-month period for all amounts won or on public display for which the licensee will be making periodic payments.

For periodic payment plans approved in accordance with Regulation 5.115(3)(b), the first installment payment, if not yet paid, and the present value of all future payments:

For amounts won or awarded but for which the funding has not been completed; and

For all prizes which have not been won or awarded but are on public display, including a progressive meter.

An alternative amount and/or method required by the Chair to satisfy the minimum bankroll requirement for other approved funding plans used for periodic payments.

At all times the licensee is responsible for the payment of all prizes resulting from any gaming or promotional activity upon conclusion of the validation period, regardless of the method used to fund the periodic payments allowed under this regulation. In the event of a default by any financial institution with which the licensee has contracted to guarantee or make periodic payments, the licensee will be liable for the periodic payments owed to patrons.

At least annually, the licensee shall verify that the independent financial institution and brokerage firm being used to guarantee or remit periodic payments to patrons or to hold approved funding sources related thereto continues to meet the applicable qualifications required by Regulation 5.115(2). In the event that such entities are found to no longer meet the defined requirements, the licensee shall immediately notify the Chair of the change in status and within 30 days provide a written plan to comply with these requirements.

At least 60 days prior to the cessation of operations, a licensee responsible for remitting periodic payments to patrons shall submit a plan to satisfy the liability for approval. The Chair, after whatever investigation or review the Chair deems necessary, may approve the plan.

Copies of the related contracts and agreements executed pursuant to Regulation 5.115(3)(a), (3)(b) and (3)(d) shall be submitted to the Board within 30 days after execution. For all methods of funding periodic payments, the licensee must maintain documents, executed contracts and agreements for a period no less than the duration of the periodic payments plus five years thereafter.

Where a licensee is found to be in noncompliance with the funding requirements provided in this regulation, the Chair may require the licensee to immediately cease offering any gaming or promotional activity for which periodic payments are used or the Chair may require other corrective action.

Any failure of the licensee to maintain full compliance with each and every provision set forth in this regulation, including the Chair’s requirements established pursuant to Regulation 5.115(3)(c), or any failure of the licensee to immediately notify the Chair of any noncompliance thereof, shall constitute an unsuitable method of operation. Such noncompliance may subject the licensee to disciplinary action.

The Commission may waive one or more of the requirements of this regulation if it makes a written finding that such waiver is consistent with the public policy set forth in NRS 463.0129.

- The acquisition of an interest in a gaming establishment or registered company.
- To finance the gaming operations of a licensed gaming establishment.
- The term “finder’s fee” shall not include:
  - Compensation to the person who extends the credit.

  - Underwriting discounts paid to a member of the National Association of Securities Dealers, Inc.

It is an unsuitable method of operation for any licensee, registered company or applicant for licensing or registration to pay any finder’s fee without the prior approval of the Commission, acting upon a recommendation of the Board. An application for approval of payment of a finder’s fee shall make a full disclosure of all material facts. The Commission may disapprove any such application if the person to whom the finder’s fee is proposed to be paid does not demonstrate that he or she is suitable to hold a state gaming license.

Notwithstanding the provisions of subsection 1, no licensee shall permit any person who has been found unsuitable, or who has been denied a gaming license or work permit, or who has had a work permit revoked, to collect, on the licensee’s behalf and for any consideration, gaming credit extended by the licensee.

- Make and refer to handwritten records of the cards played at baccarat;
- Make and refer to handwritten records of roulette results; or

The Chair, in the Chair’s sole and absolute discretion, may approve the use of devices not described in subsection 1 upon the written request of a licensee, subject to such conditions as the Chair may impose. No approval shall be effective unless it is in writing. It shall not be a violation of NRS 465.075 for a person to possess or use, in accordance with the terms of the approval, a device approved pursuant to this subsection. As used in this subsection, “Chair” means the Chair of the Nevada Gaming Control Board or the Chair’s designee.

(Adopted: 7/87.)

5.160 Surveillance systems.

As used in this section:
- “Applicant” means a person or entity having a pending application to become a licensee.
- “Chair” means the Chair of the Nevada Gaming Control Board or the Chair’s designee.
“Licensed establishment” means the establishment of a licensee.
“Licensee” means a person or entity licensed to conduct a non-restricted operation. The term does not include a person or entity licensed as a holder of a security or other ownership interest in the operation, or as an officer, director or key employee of the operation, or due to any other relationship or involvement with the operation.

The Chair shall adopt standards for the installation, maintenance and operation of casino surveillance systems at all licensed establishments. The purposes of a casino surveillance system are to assist the licensee and the state in safeguarding the licensee’s assets, in deterring, detecting and prosecuting criminal acts, and in maintaining public confidence and trust that licensed gaming is conducted honestly and free of criminal elements and activity.

At least 30 days before adopting any casino surveillance standards or revisions, the Chair shall:
Publish notice of the proposed adoption or revision, together with the effective date thereof, by posting the proposed change or revision on the Board’s website;
Mail notice of the posting of the proposed casino surveillance standards or revisions on the Board’s website, together with the effective date thereof, to each licensee and every other person who has filed a request therefor with the Board; and
Provide a copy of the proposed casino surveillance standards or revisions and their effective date to the Commission.

Any licensee may object to the proposed casino surveillance standards or revisions, by filing a request for a review of the Chair’s administrative decision, pursuant to Regulation 4.190. If, any licensee files a request for review, then the effective date of the proposed casino surveillance standards or revisions will be stayed pending action by the Board, and if the Board’s decision is appealed pursuant to Regulation 4.195, the Commission. If no requests for review are filed with the Board, then the casino surveillance standards or revisions shall become effective on the date set by the Chair.

Any licensee may propose the repeal or revision of any existing casino surveillance standard or the adoption and approval of any new casino surveillance standard by submitting a request to the Chair, who shall consider the request at the Chair's discretion. If such a request is approved by the Chair, then the proposed repeal, revision or adoption must be processed in accordance with subsections 3 and 4. If such a request is denied by the Chair, then the licensee may file the request for a review as an administrative approval decision with the Board pursuant to Regulation 4.190, and the Commission, pursuant to Regulation 4.195.

Except as otherwise provided in subsections 8 and 9, each licensee shall install, maintain and operate a casino surveillance system in accordance with the casino surveillance standards adopted by the Chair. The failure of a licensee to comply with this section and the casino surveillance standards adopted by the Chair or any variation to the casino surveillance standards approved pursuant to subsection 8 is an unsuitable method of operation.

Neither this section or any casino surveillance standard adopted pursuant to it alters, amends, supersedes or removes any condition of any licensee or approval imposed on any licensee by the Commission. However, a licensee shall be deemed to have complied with a condition requiring the Board’s approval of a surveillance system if the licensee complies with subsection 6.

Upon request and at the Chair’s discretion, the Chair may exempt a licensee from compliance with any casino surveillance standard. All requests for exemption must be in writing and state the reasons for the request and the alternative measures, if any, the licensee will undertake to accomplish the objectives of the casino surveillance standard. The licensee must comply with the casino surveillance standard while the request for exemption is pending. Any request for exemption that is not granted, in writing, within 90 days after it is received by the Chair will be deemed denied.

Each licensee and applicant must submit a written casino surveillance system plan to the Chair. The plan must be in a form approved or required by the Chair, and must include a description of all equipment utilized in the casino surveillance system, a blueprint or diagram that shows all of the areas to be monitored and the placement of surveillance equipment in relation to the activities being observed, a description of the procedures utilized in the operation of the casino surveillance system, and any other information required by the casino surveillance standards. If an applicant will not be conducting or a licensee does not conduct an activity that is addressed in the casino surveillance standards, then the plan must include a statement to that effect. Each applicant must submit its plan within 60 days after its application is filed. Thereafter, the plan must be amended and the amendments to the plan or the plan as amended must be submitted to the Board on an annual basis by each licensee, to reflect any modification made to the
licensee’s casino surveillance system during the preceding year that resulted from (a) the repeal or revision of any existing casino surveillance standard or the adoption of any new casino surveillance standard, (b) a change in the layout or configuration of any area required to be monitored, or (c) any exemption granted by the Chair pursuant to subsection 8. If no such modifications were made, then the licensee must submit a statement to the Board to that effect.

If, after reviewing the licensee’s written casino surveillance system plan, the Chair determines the plan does not comply with subsection 9, the Chair shall notify the licensee in writing, and the licensee shall revise the plan to comply with subsection 9 and submit the revised plan within 30 days after receipt of the Chair’s written notice.

(Adopted and Effective: 11/21/91. Amended: 7/05; 8/12.)

5.170 Programs to address problem gambling.
As used in this section “licensee” means each person who is licensed to conduct restricted or nonrestricted gaming operations.

Each licensee shall post or provide in conspicuous places in or near gaming and cage areas and cash dispensing machines located in gaming areas written materials concerning the nature and symptoms of problem gambling and the toll-free telephone number of the National Council on Problem Gambling or a similar entity approved by the Board Chair that provides information and referral services for problem gamblers.

Each licensee shall implement procedures and training for all employees who directly interact with gaming patrons in gaming areas. That training shall, at a minimum, consist of information concerning the nature and symptoms of problem gambling behavior and assisting patrons in obtaining information about problem gambling programs. This subsection shall not be construed to require employees of licensees to identify problem gamblers. Each licensee shall designate personnel responsible for maintaining the program and addressing the types and frequency of such training and procedures. Training programs conducted or certified by the Nevada Council on Problem Gambling are presumed to provide adequate training for the period certified by the Nevada Council on Problem Gambling.

Each licensee that engages in the issuance of credit, check cashing, or the direct mail marketing of gaming opportunities, shall implement a program containing the elements described below, as appropriate, that allows patrons to self-limit their access to the issuance of credit, check cashing, or direct mail marketing by that licensee. As appropriate, such program shall contain, at a minimum, the following:

The development of written materials for dissemination to patrons explaining the program;

The development of written forms allowing patrons to participate in the program;

Standards and procedures that allow a patron to be prohibited from access to check cashing, the issuance of credit, and the participation in direct mail marketing of gaming opportunities;

Standards and procedures that allow a patron to be removed from the licensee’s direct mailing and other direct marketing regarding gaming opportunities at that licensee’s location; and

Procedures and forms requiring the patron to notify a designated office of the licensee within 10 days of the patron’s receipt of any financial gaming privilege, material or promotion covered by the program.

The Board Chair may request that any licensee submit any of the elements of the licensee’s program described in subsections 2 through 4 to the Chair for review. If the Chair makes an administrative determination that the licensee’s program does not adequately address the standards as set forth in subsections 2 through 4 above, then the Chair may issue such a determination identifying the deficiencies and specifying a time certain within which such deficiencies must be cured. Failure to comply with any of the requirements set forth in subsection 2 shall be an unsuitable method of operation.

The Chair may, upon request of an operator or an applicant for licensing as an operator, and for good cause, waive any of the requirements set forth in subsection 2 of this regulation.

At least $500, the licensee shall immediately notify the Board; or

Less then $500, the licensee shall inform the patron of the patron’s right to request that the Board conduct an investigation.

Disputes must be resolved pursuant to the provisions and requirements of NRS 463.362 through 463.366, inclusive.

20. Reserve requirements for licensees.
   (a) A licensee shall maintain a reserve in the form of cash, cash equivalents, an irrevocable letter of
credit, a bond, or a combination thereof for the benefit and protection of patrons' funds held in wagering
accounts. The reserve may be maintained by a licensee's holding company and may be combined as a
single amount for all patrons' funds held in wagering accounts maintained by the licensee and its affiliate
licensees.
   (b) The amount of the reserve shall be not less than the greater of $25,000 or the sum of all patrons'
     funds held in the wagering accounts. Amounts available to patrons for play that are not redeemable for
     cash may be excluded from the reserve requirement. In calculating the sum of all patrons’ funds held in
     wagering accounts when such wagering accounts are used for multiple types of wagering, this subsection,
     and Regulations 5A, 22, and 26C, as applicable, shall not be construed to require the tallying of such
     patrons’ funds more than once.
   (c) If a reserve is maintained in the form of cash, cash equivalent, or an irrevocable letter of credit, it
     must be held or issued, as applicable, by a federally-insured financial institution. If the reserve is maintained
     in the form of a bond, it must be written by a bona fide insurance carrier. The reserve must be established
     pursuant to a written agreement between the licensee and the financial institution or insurance carrier, but
     the licensee may engage an intermediary company or agent acceptable to the Chair to deal with the
     financial institution or insurance carrier, in which event the reserve may be established pursuant to written
     agreements between the licensee and the intermediary and between the intermediary and the financial
     institution or insurance carrier.
   (d) The agreements described in paragraph (c) of this subsection must reasonably protect the reserve
     against claims of the licensee’s creditors other than the patrons for whose benefit and protection the reserve
     is established, and must provide that:
       (1) The reserve is established and held in trust for the benefit and protection of patrons to the extent
           the licensee holds money in wagering accounts for such patrons;
       (2) The reserve must not be released, in whole or in part, except to the Board on the written demand
           of the Chair or to the licensee on the written instruction of the Chair. The reserve must be available within
           60 days of the written demand or written notice. The licensee may receive income accruing on the reserve
           unless the Chair instructs otherwise pursuant to paragraph (k) of this subsection;
       (3) The licensee has no interest in or title to the reserve or income accruing on the reserve except
           to the extent expressly allowed in this subsection;
       (4) Nevada law and this subsection govern the agreements and the licensee’s interest in the
           reserve and income accruing on the reserve;
       (5) The agreements are not effective until the Chair’s approval has been obtained pursuant to
           paragraph (e) of this subsection; and
(6) The agreements may be amended only with the prior, written approval of the Chair.

(e) Each licensee shall submit to the Chair all information and copies of all documents relating to its proposed reserve arrangement, including copies of the agreements described in paragraphs (c) and (d) of this subsection, and must obtain the Chair’s approval of the agreements and of the reserve arrangements generally. The Chair shall determine whether the agreements and arrangements satisfy the purposes and requirements of this subsection, may require appropriate changes or withhold approval if they do not, and shall notify the licensee of the determination. Amendments to reserve agreements or arrangements must be approved in the same manner.

(f) A licensee must calculate its reserve requirements each day. In the event a licensee determines that its reserve is not sufficient to cover the calculated requirement, the licensee must, within 24 hours, notify the Chair of this fact in writing and must also indicate the steps the licensee has taken to remedy the deficiency.

(g) Each licensee must engage an independent certified public accountant to examine the pertinent records relating to the reserve each month and determine the reserve amounts required by this subsection for each day of the previous month and the reserve amounts actually maintained by the licensee on the corresponding days. The licensee shall make available to the accountant whatever records are necessary to make this determination. The accountant shall report the findings with respect to each day of the month under review in writing to the Board and the licensee no later than the tenth day of the next month. The report shall include the licensee’s statement addressing each day of noncompliance and the corrective measures taken.

(h) The report described in paragraph (g) of this subsection may be prepared by an employee of the licensee that is independent of the gaming operations if written approval has been received from the Chair. The report must contain the signature of an employee attesting to the accuracy of the submitted information.

(i) If the Chair is notified pursuant to paragraph (f) of this subsection, or the report described in paragraph (g) of this subsection indicates that at any time during the month under review the amount of the reserve did not meet the requirements of this section, the Chair may instruct the book to either increase the reserve accordingly or cease accepting wagers and money for the account of patrons until such time as the reserve meets the requirements of this subsection and is confirmed to the Chair’s satisfaction. The Chair may demand that this reserve be increased to correct any deficiency or for good cause to protect patrons.

(j) If the reserve exceeds the requirements of this subsection, the Chair shall, upon the licensee’s written request, authorize the release of the excess.

(k) When a licensee ceases operating and its license lapses, is surrendered, or is revoked, the Chair may demand payment of the reserve, any income accruing on the reserve after operations cease, and, if instructions from the Chair that income accruing on the reserve not be paid to the licensee are in effect when operations cease, any income accruing since the instructions took effect. The Board may interplead the funds in state district court for distribution to the patrons for whose protection and benefit the reserve was established and to such other persons as the court determines are entitled thereto, or shall take such other steps as are necessary to effect the proper distribution of the funds, or may do both.

(l) As used in this subsection, “month” means a calendar month unless the Chair requires or approves a different monthly period to be used for purposes of this subsection, in which case “month” means the monthly period so required or approved.

21. Upon written request and good cause shown, the Chair may waive one or more of the requirements of subsection 20 of this Regulation. If a waiver is granted, the Chair may impose alternative requirements.

A licensee or club venue operator shall not allow an independent
host which has failed to file an application for finding of suitability pursuant to this section to provide services in a club venue. A licensee or club venue operator allowing such independent host to provide services in a club venue shall constitute grounds for disciplinary action.

A licensee, club venue operator, or independent host shall, upon written notification of a finding of unsuitability, immediately terminate all relationship, direct or indirect, with such independent host. Each Licensee with at least one club venue on its premises shall have written policies and procedures for club venues that seek to foster the public health, safety, morals, good order, and general welfare of the patrons.

medical facility, as determined by trained emergency medical personnel;

The extent to which club venues maintain procedures for confiscation and disposal of suspected
illegal controlled substances or other suspected illegal contraband;

operator exhibit commitment to promoting the public health, safety, morals, good order and general welfare
of patrons and employees at club venues.

Each Licensee with at least one club venue on its premises shall submit such policies and
procedures to the Chair for approval at least annually and shall submit material changes to such policies
and procedures within 60 days of such changes. If the Chair does not disapprove the submitted policies
and procedures within 60 working days of receipt of them, the policies and procedures will be deemed
approved. From time to time, the Board or Commission may publish topics believed to impact the public
health, safety, morals, good order and general welfare of patrons and employees of club venues and
request that the club venue policies and procedures be updated to address such topics.

Whether licensees and club venue operators are operating in accordance with the policies and
procedures approved by the Chair shall be considered by the Board in deciding whether or not to file any
disciplinary action related to a club venue and by the Commission in determining whether discipline is
appropriate.

with the Board in an amount determined by the Chair which shall not exceed $20,000 which shall be used
to pay the expenses of the Board and Commission conducting undercover observations and operations at
club venues. In lieu of each licensee establishing such revolving account, a single revolving account may
be established with the Board by affiliated licensees in an amount determined by the Chair which shall not
exceed $50,000. With a request from the Board that additional funds be transferred into a revolving account
established pursuant to this subsection, the Board shall provide the total amount of expenditures from the account for each club venue covered by the account.

(Adopted: 11/15. Amended: 3/18.)

5.380 Unsuitable methods of operation.

It may be deemed an unsuitable method of operation where a licensee fails to take immediate appropriate action if it knew or should have known an employee of the licensee, an employee of a club venue operator, or an independent host was engaging in or facilitating illegal activity at the licensee's establishment.

The requirements herein set a minimum threshold if a licensee allows a club venue at its establishment.

It may be deemed an unsuitable method of operation where the licensee meets the requirements concerning club venues in this regulation but fails to cause club venues to operate in a manner suitable to protect the public health, safety, morals, good order, and general welfare of the inhabitants of the State of Nevada or to prevent club venues from allowing incidents which might reflect on the repute of the State of Nevada and act as a detriment to the development of the industry. Compliance with the requirements concerning club venues in this regulation may be considered by the Board in deciding whether or not to pursue discipline related to a club venue.

The primary responsibility to protect the reputation of gaming in Nevada, to foster the development of the gaming industry, and to protect the reputation of the State of Nevada is on the licensee which allows a club venue on its premises. Primary responsibility for protecting the health, safety, morals, good order, and general welfare of the patrons and employees of a club venue is on the licensee which allows a club venue on its premises.

The Chair, upon a showing of exceptional circumstances, approves a reduction, elimination, distribution, or procedure not otherwise described in this subsection, which approval is confirmed in writing.

For a nonrestricted licensee granted an operator of interactive gaming license pursuant to the provisions of NRS 463.750(4), gross revenue received from the operation of interactive gaming shall be attributed to the nonrestricted licensee and counted as part of the gross revenue of the nonrestricted licensee for the purpose of computing the license fee.

5A.220 Interactive Gaming Service Providers.

Findings. The Commission hereby finds that interactive gaming service providers are secure and reliable, do not pose a threat to the integrity of gaming, and are consistent with the public policy of this State pursuant to NRS 463.0129.

An interactive gaming service provider that acts on behalf of an operator to perform the services of an interactive gaming service provider shall be subject to the provisions of this regulation applicable to such services to the same extent as the operator. An operator continues to have an obligation to ensure, and remains responsible for compliance with this regulation regardless of its use of an interactive gaming service provider.

License Required; Applications.

License fees.
Before the Commission issues an initial license or renews a license for an interactive gaming service provider, the interactive gaming service provider shall pay a license fee of $1,000.

All interactive gaming service provider licenses shall be issued for the calendar year beginning on January 1 and expiring on December 31. If the operation is continuing, the fee prescribed by subsection (a) shall be due on or before December 31 of the ensuing calendar year. Regardless of the date of application or issuance of the license, the fee charged and collected under this section is the full annual fee.

Any employee of an interactive gaming service provider whose duties include the operational or supervisory control of the interactive gaming system or the games that are part of the interactive gaming system are subject to the provisions of NRS 463.335 and 463.337 and Regulations 5.100 through 5.109 to the same extent as gaming employees.

Interactive gaming service providers holding a license issued by the Commission are subject to the provisions of NRS 463.140. It shall be an unsuitable method of operation for an interactive gaming service provider holding a license issued by the Commission to deny any Board or Commission member or agent, upon proper and lawful demand, access to, inspection or disclosure of any portion or aspect of their operations.

An interactive gaming service provider shall be liable to the licensee on whose behalf the services are provided for the interactive gaming service provider’s proportionate share of the fees and taxes paid by the licensee.

- Detailed records of all markers, IOU’s, returned checks, hold checks, or other similar credit instruments;
- Individual and statistical game records to reflect statistical drop, statistical win, and the percentage of statistical win to statistical drop by table for each table game, and to reflect statistical drop, statistical win, and the percentage of statistical win to statistical drop for each type of table game, either by each shift or other accounting period approved by the Chair, and individual and statistical game records reflecting similar information for all other games;
- Slot analysis reports which, by each machine, compare actual hold percentages to theoretical hold percentages;
- For Group I licensees, the records required either by the minimum standards for internal control systems or by the licensee’s system of internal control;
- For Group II licensees, the records required by the internal control procedures applicable to such licensees;
- Journal entries prepared by the licensee and its independent accountant; and
- Any other records that the Chair specifically requires be maintained.

Each restricted licensee shall create and maintain records sufficient to accurately reflect gross income and expenses relating to its gaming operations.

If a licensee fails to keep the records used by it to calculate gross gaming revenue, the Board may compute and determine the amount of taxable revenue upon the basis of an audit conducted by the audit division, or the tax and license division, upon the basis of any information within the Board’s possession, or upon statistical analysis.

The Chair may, in the Chair’s sole and absolute discretion, permit multiple nonrestricted gaming operations to use a combined double entry system of accounting to reflect the accounting information required to be maintained by Regulation 6 if:

The accounting information that is combined occurs only with respect to nonrestricted gaming operations owned and operated by the same licensee or by an affiliate of the same licensee;
- Each separate gaming operation conducts no more than 50 slot machines and no other games;
- The revenues subject to taxes or fees pursuant to NRS chapter 463 are readily identifiable and traceable to each separate gaming operation and its respective licensee; and
- The licensee and its affiliate comply with all other requirements of Regulation 6 as may be applicable.
6.045 On-line slot metering systems.

Each Group I nonrestricted licensee (or applicant for a nonrestricted license) having actual (or projected) gross revenue of $10 million or more for the 12 months ended June 30th each year shall:

- Install and thereafter maintain an on-line slot metering system meeting the specifications addressed in Regulation 14, as applicable to its operation, unless a specification is waived by the Chair. The Chair may waive this system requirement if a significant portion of the licensee's gaming devices are incapable of communicating with an on-line slot metering system.

Within six months of installing the on-line slot metering system, ensure that all gaming devices properly communicate to the on-line slot metering system the information required by the Regulation 14 Technical Standards, unless this requirement is waived by the Chair. Gaming devices that are unable to communicate with the on-line slot metering system need not be interfaced with the system.

The Chair may require that a nonrestricted licensee not meeting the above gross revenue threshold be subject to this section through written notification. Such notification shall be sent to the licensee at least 6 months before compliance with this section is required. The imposition of this requirement shall be considered an administrative decision and, therefore, reviewable pursuant to Regulations 4.185, 4.190 and 4.195.

A licensee shall be in full compliance with this regulation within six months of becoming subject to this requirement as a result of exceeding the $10 million gross revenue threshold. Once a licensee becomes subject to this requirement, the licensee shall remain subject to this requirement in subsequent years unless waived by the Chair in writing.

6.090 Internal control for Group I licensees. As used in this section, “licensee” means a Group I licensee and “Chair” means the Chair or other member of the Nevada Gaming Control Board.

Each licensee shall establish administrative and accounting procedures for the purpose of determining the licensee's liability for taxes and fees under chapters 463 and 464 of NRS and for the purpose of exercising effective control over the licensee's internal fiscal affairs. The procedures must be designed to reasonably ensure that:

- Assets are safeguarded;
- Financial records are accurate and reliable;
- Transactions are performed only in accordance with management’s general or specific authorization;
- Transactions are recorded adequately to permit proper reporting of gaming revenue and of fees and taxes, and to maintain accountability for assets;
- Access to assets is permitted only in accordance with management’s specific authorization;
- Recorded accountability for assets is compared with actual assets at reasonable intervals and appropriate action is taken with respect to any discrepancies; and
- Functions, duties, and responsibilities are appropriately segregated and performed in accordance with sound practices by competent, qualified personnel.

Each licensee and each applicant for a nonrestricted license shall describe, in such manner as the Chair may approve or require, its administrative and accounting procedures in detail in a written system of internal control. Each licensee and applicant for a license shall submit a copy of its written system to the Board. Each written system must include:

- An organizational chart depicting segregation of functions and responsibilities;
- A description of the duties and responsibilities of each position shown on the organizational chart;
- A detailed, narrative description of the administrative and accounting procedures designed to satisfy the requirements of subsection 1;
- A written statement signed by the licensee’s chief financial officer and either the licensee’s chief executive officer or a licensed owner attesting that the system satisfies the requirements of this section;
- If the written system is submitted by an applicant, a letter from an independent accountant stating that the applicant’s written system has been reviewed by the accountant and complies with the requirements of this section; and
- Such other items as the Chair may require.
The Chair shall adopt and publish minimum standards for internal control procedures that in the Chair’s opinion satisfy subsection 1. At least 45 days prior to adopting or revising minimum standards, the Chair shall:

Publish notice of the proposed action by posting the proposed change or revision on the Board's website;

Mail notice of the posting of the proposed minimum standards or revision on the Board's website and a copy of this section of Regulation 6 to every Group I licensee and every person who has filed a request therefor with the Commission; and

Provide a copy of the proposed minimum standards or revision to the Commission.

Prior to adopting or revising the minimum standards, the Chair shall consider all written statements, arguments, or contentions submitted by interested parties within 30 days of service of the notice provided for in subsection 3.

The Chair shall send written notice that he or she has adopted standards pursuant to subsection 3 to all Group I licensees and to every person who has filed a request therefor with the Commission.

Not later than 30 days after service of written notice that the Chair has adopted or revised the minimum standards, any Group I licensee may object to the minimum standards or revisions by filing a written objection with the Commission. If a licensee files an objection, the effective date of the standards or revisions is stayed. The Commission may, on its own initiative, review the minimum standards or revisions adopted by the Chair and may stay the effective date of the standards or revisions. If no objections are filed within 30 days, or the Commission does not stay the effective date in order to review the minimum standards or revisions, the minimum standards or revisions shall become effective. If objections to particular portions of the minimum standards or revisions are filed, the portions of the minimum standards or revisions not objected to shall become effective upon expiration of the 30 days. If the Commission fails to sustain an objection within 60 days of its filing, the objection will be deemed denied and the minimum standards shall become effective upon expiration of the 60 days. If the Commission sustains the objection, the Chair shall revise the minimum standards to reflect the order of the Commission. The Chair shall send written notice of the effective date of the standards to all Group I licensees and every person who has filed a request therefor with the Commission.

Not later than 30 days after service of written notice that the minimum standards adopted or revised pursuant to this section are effective, each licensee whose procedures are affected by the minimum standards or revisions shall amend its written system, submit a copy of the written system as amended to the Board, and comply with the standards and system as amended. The Chair, in the Chair’s sole and absolute discretion, may extend the time for complying with this subsection.

The licensee may not implement a system of internal control procedures that does not satisfy the minimum standards unless the Chair, in the Chair’s sole discretion, determines that the licensee’s proposed system satisfies subsection 1, and approves the system in writing. Within 30 days after a licensee receives notice of the Chair’s approval of procedures that satisfy the requirements of subsection 1, but that do not satisfy the minimum standards, the licensee shall comply with the approved procedures, amend its written system accordingly, and submit to the Board a copy of the written system as amended and a written description of the variations signed by the licensee’s chief financial officer and either the licensee’s chief executive officer or a licensed owner.

Each licensee shall require the independent accountant engaged by the licensee to examine the financial statements or to review the licensee’s financial statements to submit to the licensee 2 copies of a written report of the compliance of the procedures and written system with the minimum internal control standards. Using the criteria established by the Chair, the independent accountant shall report each event and procedure discovered by or brought to the accountant’s attention that the accountant believes does not satisfy the minimum standards or variations from the standards that have been approved by the Chair pursuant to subsection 8. Not later than 150 days after the end of the licensee’s business year, the licensee shall submit a copy of the accountant’s report or any other correspondence directly relating to the licensee’s systems of internal control to the Board accompanied by the licensee’s statement addressing each item of noncompliance noted by the accountant and describing the corrective measures taken. Unless the Chair approves otherwise in writing, in the event of a license termination, change in business entity, or a change in the percentage of ownership of more than 20 percent, the licensee or former licensee shall, not later than 150 days after the event, submit a copy of the accountant’s report or any other correspondence directly relating to the licensee’s systems of internal control to the Board accompanied by the licensee’s statement addressing each item of noncompliance noted by the accountant and describing the corrective measures taken.
taken covering the period since the period covered by the previous report. If a license termination, change in business entity, or a change in the percentage of ownership of more than 20 percent occurs within 150 days after the end of a business year for which a report has not been submitted, the licensee may submit a report covering both the business year and the final period of business.

Before adding or eliminating a counter game; eliminating all table games; adding a table game at a gaming establishment not offering table games; adding any computerized system that affects the proper reporting of gross revenue; adding any computerized system of betting at a race book or sports pool; or adding any computerized system for monitoring slot machines or other games, or any other computerized associated equipment, the licensee must:

Amend its accounting and administrative procedures and its written system of internal control to comply with the minimum standards;

Submit to the Board a copy of the written system as amended, and a written description of the amendments signed by the licensee’s chief financial officer and either the licensee’s chief executive officer or a licensed owner;

Comply with any written requirements imposed by the Chair regarding administrative approval of computerized associated equipment; and

After paragraphs (a) through (c) have been complied with, implement the procedures and written system as amended.

Each licensee shall annually report any amendments to the licensee’s procedures and written system, not reported pursuant to Regulation 6.090(10), that have been made since the previous annual report. The report must include either a copy of the written system as amended or a copy of each amended page of the written system, and a written description of the amendments signed by the licensee’s chief financial officer.

If the Chair determines that a licensee’s administrative or accounting procedures or its written system does not comply with the requirements of this section, the Chair shall so notify the licensee in writing. Within 30 days after receiving the notification, the licensee shall amend its procedures and written system accordingly, and shall submit a copy of the written system as amended and a description of any other remedial measures taken.

Each licensee shall comply with its written system of internal control submitted pursuant to subsection 2 as it relates to compliance with the minimum standards, variations from the minimum standards approved pursuant to subsection 8, and Regulation 14 associated equipment approvals.

Failure to comply with subsection 13 is an unsuitable method of operation.

Using guidelines, checklists, and other criteria established by the Chair, the licensee’s internal auditor shall perform observations, document examinations, and inquiries of employees to determine compliance with applicable statutes, regulations, and minimum internal control standards. Two copies of the internal auditor’s report summarizing all instances of noncompliance and management responses must be submitted to the Board within 120 days after the end of the first six months of the licensee’s business year and must include all work required to be performed during that six-month period along with any additional procedures that were performed. Noncompliance noted in the second half of the business year must be submitted to the Board within 120 days after the end of the business year unless the noncompliance is to be disclosed in the independent accountant’s report submitted pursuant to Regulation 6.090(9).

6.100 Internal control procedures for Group II licensees. As used in this section “licensees” mean Group II licensees and “Chair” means the Chair or other member of the Nevada Gaming Control Board.

The Chair shall prepare and publish internal control procedures that in the Chair’s opinion establish administrative and accounting procedures for the purpose of determining the licensee’s liability for taxes and fees under chapters 463 and 464 of NRS and for the purpose of exercising effective control over the licensee’s internal fiscal affairs.

At least 45 days prior to adopting or revising the internal control procedures, the Chair shall:

Publish notice of the proposed action by posting the proposed change or revision on the Board’s website;

Mail notice of the posting of the proposed internal control procedures or revisions on the Board’s website and a copy of this section of Regulation 6 to every Group II licensee and every person who has filed a request therefor with the Commission; and

Prior to adopting or revising the internal control procedures, the Chair shall consider all written
statements, arguments, or contentions submitted by interested parties within 30 days of service of the notice
provided for in subsection 2.

The Chair shall send written notice of the adoption of the internal control procedures to all Group II
licensees and every person who has filed a request therefor with the Commission.

Not later than 30 days after service of written notice that the Chair has adopted or revised the
internal control procedures, any Group II licensee may object to the internal control procedures by filing a
written objection with the Commission. If a licensee files an objection, the effective date of the internal
control procedures is stayed. The Commission may, on its own initiative, review the internal control
procedures adopted by the Chair and may stay the effective date of the standards or revisions. If no
objections are filed within 30 days, or the Commission does not stay the effective date in order to review
the internal control procedures, the internal control procedures shall become effective. If objections to
particular portions of the internal control procedures are filed, the portions of the internal control procedures
not objected to shall become effective upon expiration of the 30 days. If the Commission fails to sustain an
objection within 60 days of its filing, the objection will be deemed denied and the internal control procedures
shall become effective upon expiration of the 60 days. If the Commission sustains the objection, the Chair
shall revise the internal control procedures to reflect the order of the Commission. The Chair shall send
written notice of the effective date of the internal control procedures to all Group II licensees and every
person who has filed a request therefor with the Commission.

Not later than 30 days after service of written notice that the internal control procedures adopted or
revised pursuant to this section are effective, each licensee shall comply with the procedures. The Chair,
in the Chair’s sole and absolute discretion, may extend the time for complying with this subsection.

A licensee may not implement internal control procedures that deviate from the published internal
control procedures unless the deviations are approved in writing by the Chair.

Failure to follow the internal control procedures issued by the Chair, or approved deviations from
the procedures, is an unsuitable method of operation.

(Adopted: 10/87. Formerly Reg. 6.100A. Amended: 2/00; 5/12.)

6.105 Internal control for operators of inter-casino linked systems and mobile gaming
systems.

Each operator shall prepare and submit a written internal control system describing the operation
of the inter-casino linked system or mobile gaming system, in accordance with this regulation. Each
operator shall, if required by the Chair, amend the written system to comply with any requirements
consistent with this regulation that the Chair deems appropriate.

Each operator and each licensee participating in each operator’s inter-casino linked system or
mobile gaming system shall comply with the internal control system and all amendments to such internal
control system as have been approved by the Chair.

Unless the Chair approves otherwise in writing, each operator shall direct an independent

(Adopted: 5/00. Amended 5/03; 3/06.)

6.110 Gross revenue computations.

For each table game, gross revenue equals the closing table game bankroll plus credit slips for
cash, chips, tokens, or personal/payroll checks returned to the casino cage, plus drop, less opening table
game bankroll, fills to the table, money transfers issued from the game through the use of a cashless
wagering system.

(Adopted: 10/87. Amended: 5/03.)
For each slot machine, or gaming device, gross revenue equals drop less fills to the machine or gaming device and jackpot payouts, and includes all money received by the licensee from a patron to play a slot machine or gaming device. Additionally, the initial hopper load is not a fill and does not affect gross revenue. The difference between the initial hopper load and the total amount that is in the hopper at the end of the licensee's fiscal year must be adjusted accordingly as an addition to or subtraction from the drop for that year. If a licensee does not make such adjustments, or makes inaccurate adjustments, the audit division may compute an estimated total amount in the slot machine hoppers and may make reasonable adjustments to gross revenue during the course of an audit.

For each counter game, gross revenue equals:

The counter games write on events or games that occur during the month or will occur in subsequent months, less counter games payout during the month ("cash basis"); or

The counter games write on events or games that occur during the month, plus counter games write not previously included in gross revenue that was accepted by the licensee in previous months on events or games occurring during the month, less counter games payouts during the month ("modified accrual basis").

(Adopted: 10/87. Amended: 5/03.)

For each card game and any other game in which the licensee is not a party to a wager, gross revenue equals all money received by the licensee as compensation for conducting the game.

(Adopted: 10/87. Effective: 1/88.)

A licensee shall not include either shill win or shill loss in gross revenue computations.

(Adopted: 10/87. Effective: 1/88.)

In computing gross revenue for a slot machines, keno and bingo, the actual cost to the licensee, its agent or employee, or a person controlling, controlled by, or under common control with the licensee, of any personal property distributed as losses to patrons may be deducted from winnings (other than costs of travel, lodging, services, food, and beverages) if the licensee maintains detailed documents supporting the deduction.

(Adopted: 10/87. Amended: 11/18/99.)

If the licensee provides periodic payments to satisfy a payout resulting from a wager, the initial installment payment when paid and the actual cost of a payment plan approved pursuant to Regulation 5.115 and funded by the licensee may be deducted from winnings. For any funding method which merely guarantees the licensee's performance and under which the licensee makes payments directly out of cash flow (e.g., irrevocable letters of credits, surety bonds, or other similar methods), the licensee may only deduct such payments when paid to the patron.

(Adopted: 10/87. Amended: 11/99; 5/00.)

For payouts by inter-casino linked system operators a licensee may deduct from winnings its pro rata share of an inter-casino linked system payout, except for a payout made in conjunction with a card game, pursuant to NRS 463.3715(5) under the provisions of its contract with the operator of the system and in accordance with the requirements stated herein.

(Adopted: 10/87. Amended: 11/99; 5/00.)

A licensee shall not exclude money paid out on wagers that are knowingly accepted by the licensee in violation of chapters 463 or 465 of the Nevada Revised Statutes or the regulations of the Commission from gross revenue.

(Adopted: 10/87. Amended: 11/18/99; 5/00.)

If in any month the amount of gross revenue is less than zero, the licensee may deduct the excess in the succeeding months, until the loss is fully offset against gross revenue.

(Adopted: 10/87. Amended: 11/18/99; 5/00.)

Payout receipts and wagering vouchers issued at a game or gaming device, other than a slot machine offered for play at a gaming establishment that operates under a nonrestricted license, shall be deducted from gross revenue as jackpot payouts in the month the receipts or vouchers are issued by the game or gaming device. Payout receipts and wagering vouchers deducted from gross revenue that are not redeemed within 60 days of issuance shall be included in gross revenue. An unredeemed payout receipt or wagering voucher previously included in gross revenue may be deducted from gross revenue in the month redeemed. For purposes of this section, the term "slot machine" means a gaming device for which gross revenue is calculated pursuant to the method described under section 2 above.

(Adopted: 5/03. Amended: 9/22/11.)
For payout receipts and wagering vouchers issued at a slot machine offered for play at a gaming establishment that operates under a nonrestricted license:

The redemption value shall be deducted from gross revenue as a jackpot payout in the month the receipt or voucher is issued at the slot machine.

Such receipts and wagering vouchers shall be deemed expired if not redeemed on or before the expiration date printed on the payout receipt or wagering voucher or within 180 days of issuance, whichever period is less. For payout receipts or wagering vouchers that have been deemed expired under this section, the licensee shall:

Include 25 percent of the redemption value in reported gross revenue in the month that the payout receipt or wagering voucher expired; and

On or before the 15th day of the month following the end of each calendar quarter:

Report to the Commission the total redemption value of all unredeemed payout receipts and wagering vouchers that expired during the preceding calendar quarter; and

Remit to the Commission 75 percent of the total redemption value of all unredeemed payout receipts and wagering vouchers that expired during the preceding calendar quarter.

While under no legal obligation to do so, a licensee may allow a patron to redeem a payout receipt or wagering voucher that has been deemed expired pursuant to this section. In such cases:

If any portion of the redemption value of the expired payout receipt or wagering voucher had been included in reported gross revenue, the licensee may deduct that amount from reported gross revenue for the month the receipt or voucher was redeemed.

If redeemed in the same quarter it expired, no portion of the redemption value of the payout receipt or wagering voucher is to be remitted to the Commission, nor is any portion of the redemption value to be included in the quarterly report to the Commission.

If any portion of the redemption value of the expired payout receipt or wagering voucher was previously remitted to the Commission, the licensee may deduct that amount from the next quarterly payment due the Commission up to the total amount due for that quarter. Any remaining amount may be deducted in the same manner from amounts due in subsequent quarters until the amount has been fully deducted.

A record of all expired payout receipts and wagering vouchers shall be created and maintained in accordance with the record keeping requirements set forth in regulations 6.040 and 6.060.

For purposes of this section, the term "slot machine" means a gaming device for which gross revenue is calculated pursuant to the method described under section 2 above.

This section only applies to payout receipts and wagering vouchers issued at a slot machine after June 30, 2011. For payout receipts and wagering vouchers issued at a slot machine on or before June 30, 2011, the requirements of section 11 apply.

For contests or tournaments, gross revenue equals cash received by the licensee as entry fees for a contest or tournament conducted in conjunction with a game or gaming device less all cash and the cost of any noncash prizes paid out to participants in the contest or tournament. The cash and the cost of noncash prizes paid out to contest or tournament participants must not be deducted from gross revenue in an amount that exceeds the cash received for the right to participate in the contest or tournament. A licensee shall calculate and report gross revenue on an independent, contest-by-contest or tournament-by-tournament, basis and only upon the conclusion of the contest or tournament. For purposes of this subsection, "entry fees" include all cash received for the right or privilege to participate, in any way, in a contest or tournament.

(Adopted: 9/22/11. Amended: 6/14; 11/19.)

6.115 Uncollected baccarat commissions.

If a licensee does not collect baccarat commissions due from a patron at the conclusion of play and elects to waive payment, such action must be authorized and documented in accordance with subsection 2 hereof.

Concurrently with the decision to not collect the baccarat commission, the licensee must record, in such manner and using such preprinted, prenumbered forms as the Chair has approved:

Date, shift and time the licensee determined to not collect the baccarat commission;

The amount of the baccarat commission not collected;

The baccarat table number;

Patron name, if known;
The dealer’s signature; and
A baccarat supervisor’s signature.

Such forms shall be sent to the accounting department at least every 24 hours and reconciled numerically to account for all forms. A form may be used to record more than one transaction; however each transaction must indicate all of the above required signatures. Descriptions of the forms and procedures utilized must be included in the licensee’s submitted system of internal control.

An uncollected baccarat commission that is not waived in accordance with this regulation shall be documented by a credit instrument that clearly indicates it represents an uncollected baccarat commission, and that conforms to all documentation and procedural requirements of the licensee’s submitted system of internal control.

Failure to comply with these regulations is an unsuitable method of operation, but shall not subject the licensee to any payment of taxes or fees on any baccarat commission not collected.

6.118 Mandatory disclosure provisions for credit applications and credit instruments.

Each credit application must contain a statement approved by the Chair, separately signed by the patron, and in a font size of not less than 9 points, acknowledging the patron’s understanding, that under Nevada law a credit instrument is the same as a personal check, and knowingly writing a credit instrument with insufficient funds in the account upon which it is drawn, or with intent to defraud, is a criminal act in the State of Nevada which may result in criminal prosecution. The following language, if used on a credit application, is deemed approved:

“Warning: For the purposes of Nevada law, a credit instrument is identical to a personal check and may be deposited in or presented for payment to a bank or other financial institution on which the credit instrument is drawn. Willfully drawing or passing a credit instrument with the intent to defraud, including knowing that there are insufficient funds in an account upon which it may be drawn, is a crime in the State of Nevada which may result in criminal prosecution in addition to civil proceedings to collect the outstanding debt.”

Each credit instrument must contain a notification, approved by the Chair, permanently and legibly printed on the face of the original credit instrument, in a font size of not less than 6 points, that notifies the patron of the requirements of Nevada law regarding personal checks. The following language, if used on a credit instrument, is deemed approved:

“A credit instrument is identical to a personal check. Willfully drawing or passing a credit instrument knowing there are insufficient funds in an account upon which it may be drawn, or with the intent to defraud, is a crime in the State of Nevada which may result in criminal prosecution.”

All documents created pursuant to this section must be retained in accordance with the requirements of Regulation 6.060.

Credit applications and credit instruments issued by licensees to patrons after the effective date of this section must contain the required wording. Such documentation issued by licensees to patrons before the effective date need not include the required disclosures.

(Adopted: 3/06. Effective: 9/19/06.)

6.120 Treatment of credit for purposes of computing gross revenue.

Gross revenue does not include credit extended or collected by the licensee for purposes other than gaming. Gross revenue included the amount of gaming credit extended to a patron that is not documented in a credit instrument.

Each licensee shall:
Document, prior to extending credit, that it:
Has received information from a bona fide credit-reporting agency that the patron has an established credit history that is not entirely derogatory; or
Has received information from a legal business that has extended credit to the patron that the patron has an established credit history that is not entirely derogatory; or
Has received information from a financial institution at which the patron maintains an account that the patron has an established credit history that is not entirely derogatory; or
Has examined records of its previous credit transactions with the patron showing that the patron has paid substantially all of the patron’s credit instruments and otherwise documents that it has a reasonable basis for placing the amount or sum placed at the patron’s disposal; or
Was informed by another licensee that extended gaming credit to the patron that the patron has previously paid substantially all of the debt to the other licensee and the licensee otherwise documents that it has a reasonable basis for placing the amount or sum placed at the patron’s disposal; or

If no credit information was available from any of the sources listed in subparagraphs (1) through (5) for a patron who is not a resident of the United States, the licensee has received, in writing, information from an agent or employee of the licensee who has personal knowledge of the patron’s credit reputation or financial resources that there is a reasonable basis for extending credit in the amount or sum placed at the patron’s disposal;

In the case of personal checks, has examined and has recorded the patron’s valid driver’s license or, if a driver’s license cannot be obtained, some other document normally acceptable as a means of identification when cashing checks, and has recorded a bank check guarantee card number or credit card number or has documented one of the credit checks set forth in subparagraphs (1) through (6);

In the case of third party checks for which cash, chips, or tokens have been issued to the patron or which were accepted in payment of another credit instrument, has examined and has recorded the patron’s valid driver’s license, or if a driver’s license cannot be obtained, some other document normally acceptable as a means of identification when cashing checks and has, for the check’s maker or drawer, performed and documented one of the credit checks set forth in subparagraphs (1) through (6);

In the case of guaranteed drafts, has complied with the issuance and acceptance procedures prescribed by the issuer.

Ensure that the patron to whom the credit is extended either signs the credit instrument when credit is extended or, unless the requirements of subsection 5 and 6 have been met, acknowledges the debt and the instrument’s validity in a signed, written statement within 30 days of the audit division’s request;

Obtain and record the patron’s address before extending the credit, or, unless the requirements of subsections 5 and 6 have been met, furnish the patron’s current address within 30 days of the audit division’s request.

A licensee, after extending credit, shall:

Document that it has:

Attempted to collect payment from the patron once every ninety (90) days from the date:

The credit is extended; or

Upon which the licensee and patron agree that the debt will become due and payable. An agreement by the licensee and the patron to extend the date the debt becomes due and payable beyond ninety (90) days from the date the credit was extended must be documented. If the agreement is not documented, collection attempts must be made as provided in this subsection, until the agreement is documented. Notwithstanding the forgoing, the licensee must commence collection efforts within ninety (90) days after the date which is eighteen (18) months after the date on which the credit is extended regardless of any agreement to extend the due date.

Attempted to collect payment from the patron by requesting payment in letters sent to the patron’s last-known address, or via facsimile transmission or electronic mail, or in personal or telephone conversations with the patron, or by presenting the credit instrument to the patron’s bank for collection, or by a collection method or methods which the Chair determines to constitute good faith efforts to collect the full amount of the debt.

Furnish the credit instrument to the Board within 30 days after the audit division’s request, unless the licensee has independent, written, and reliable verification that the credit instrument is in the possession of a court, governmental agency, or financial institution; has been returned to the patron upon partial payment of the instrument; has been returned to the patron upon the licensee’s good faith belief that it had entered into a valid settlement and the licensee provides a copy of the original credit instrument and a document created contemporaneously with the settlement that contains the information required by subsection 6(b)(1)-(6) of this section; has been stolen and the licensee has made a written report of the theft to an appropriate law enforcement agency, other than the Board, having jurisdiction to investigate the theft; or the Chair waives the requirements of the subsection because the credit instrument cannot be produced because of any other circumstances beyond the licensee’s control.

Thieves reports made pursuant to this paragraph must be made within 30 days of the licensee’s discovery of the theft and must include general information about the alleged crime, the amount of financial loss sustained, the date of the alleged theft, and the names of employees or agents of the licensee who may be contacted for further information. Each licensee shall furnish to the audit division a copy of theft reports made pursuant to this paragraph within 30 days of its request.
If the licensee has returned a credit instrument upon partial payment, consolidation, or redemption of the debt, it shall issue a new “substituted” credit instrument in place of the original and shall furnish the substituted credit instrument to the audit division within 30 days of its request, unless the licensee has independent, written, and reliable verification that the substituted credit instrument cannot be produced because it is in the possession of a court, governmental agency, or financial institution; has been stolen and the licensee has made a written report of the theft to an appropriate law enforcement agency, other than the Board, having jurisdiction to investigate the theft; or the Chair waives the requirements of this subparagraph because the substituted credit instrument cannot be produced because of any other circumstances beyond the licensee’s control.

Submit a written report of a forgery, if any, of the patron’s signature on the instrument to an appropriate law enforcement agency, other than the Board, having jurisdiction to investigate the forgery. The report must include general information about the alleged crime, the amount of financial loss sustained, the date of the alleged forgery, and identification of employees or agents of the licensee who may be contacted for further information. Each licensee shall furnish a copy of forgery reports made pursuant to this paragraph to the audit division within 30 days of its request.

Permit the audit division within 30 days of its request to confirm in writing with the patron the existence of the debt, the amount of the original credit instrument, and the unpaid balance, if any.

Retain all documents showing, and otherwise make detailed records of, compliance with this subsection, and furnish them to the audit division within 30 days after its request.

Each licensee shall include in gross revenue all or any portion of an unpaid balance on any credit instrument if the Board determines that, with respect to that credit instrument, the licensee has failed to comply with the requirements of subsection 2 or 3.

A licensee need not include in gross revenue the unpaid balance of a credit instrument even if the Board determines that a licensee has failed to comply with subsections 2 and 3 if the requirements of subsections 6, 7 and one or more of the following paragraphs are satisfied, and the licensee documents or otherwise keeps detailed records of compliance with this subsection and furnishes them to the audit division within 30 days after its request. In the case in which the debts of several patrons are consolidated for purposes of settlement, the licensee shall document that the consolidation of the accounts of several patrons is not for the purpose of avoiding an adverse determination under subsections 2 and 3.

The licensee settles the debt for less than its full amount to induce the patron to make a partial payment. This paragraph is satisfied only if the licensee first requests payment of the debt in full from the patron, the patron fails to respond to the request or refuses to pay the debt in full, and the patron then makes a partial payment in consideration for settlement of the debt for less than the full amount.

The licensee settles the debt for less than its full amount to compromise a genuine dispute between the patron and the licensee regarding the existence or amount of the debt.

The licensee settles the debt for less than its full amount because the licensee in good faith believes, and records the basis for its belief, that the patron’s business will be retained in the future, or the patron’s business is in fact retained.

The licensee settles the debt for less than its full amount to obtain a patron’s business and to induce timely payment of the credit instrument. This paragraph is only satisfied if the percentage of the discount off the face value of the credit instrument is reasonable as compared to the prevailing practice in the industry at the time the credit instrument was issued.

Each licensee shall ensure:

That a debt settled pursuant to subsection 5 is settled either with the patron to whom the credit was initially extended or the patron’s personal representative. For purposes of this section, a personal representative is an individual who has been authorized by the patron to make a settlement on the patron’s behalf. The licensee shall document its reasonable basis for its belief that the patron has authorized the individual to settle the patron’s debt.

That the settlement is authorized by persons designated to do so in the licensee’s system of internal control, and the settlement agreement is reflected in a single document prepared within 30 days of the agreement and the document includes:

- The patron’s name;
- The original amount of the credit instrument;
- The amount of the settlement stated in words;
- The date of the agreement;
- The reason for the settlement;
The signatures of the licensee’s employees who authorized the settlement;
The patron’s signature or in cases in which the patron’s signature is not on the settlement
document, confirmation from the patron acknowledging the debt, the settlement and its terms and
circumstances in a signed, written statement received by the audit division within 30 days of its request. If
confirmation from the patron is not available because of circumstances beyond the licensee’s control, the
licensee shall provide such other information regarding the settlement as the Chair determines is necessary
to confirm the debt and settlement.
If the Chair determines that it is necessary to independently verify the existence or the amount of
a settlement made pursuant to subsection 5, the licensee shall allow the audit division to confirm the
settlement and its terms and circumstances with the patron to whom the credit was initially extended.
A licensee shall include in gross revenue all money, and the net fair market value of property or
services received by the licensee, its agent or employee, or a person controlling, controlled by, or under
common control with the licensee in payment of credit instruments.
A licensee may exclude money received in payment of credit instruments from gross revenue if the
licensee notifies the Board in writing within 30 days of the licensee’s discovery of the alleged criminal
misappropriation of the money by an agent or employee of the licensee or by a person controlling, controlled
by, or under common control with the licensee where the agent, employee, or person was involved in the
collection process, and if the licensee:
Files a written report with an appropriate law enforcement agency, other than the Board, alleging
criminal misappropriation of the money and furnishes a copy of such report to the Board within 30 days of the
audit division’s request;
Files and prosecutes a civil action against the agent, employee, or person for recovery of the
misappropriated money and furnishes copies of legal pleadings to the Board within 30 days of the audit
division’s request; or
Otherwise demonstrates to the Chair’s satisfaction, within the time limits set by the Chair, that the
money was in fact criminally misappropriated and not merely retained by the agent, employee, or person
as payment for services or costs.
If the licensee recovers any money, previously excluded from gross revenue pursuant to subsection
9, the licensee shall include the money in gross revenue for the month in which the money is recovered.
(Adopted: 10/87. Amended: 5/03; 3/06; 11/19.)

6.125 Treatment of credit instruments upon conclusion of gaming operation.
As used in this section:
“Licensee” may mean former licensee and may also include any affiliate of the licensee or former
licensee, as the context requires.
“Value of all collectible credit instruments” means the amount of cash or other compensation the
licensee may reasonably expect to receive in payment of its credit instruments after the conclusion of its
gaming operation. This amount must be computed with reference to the unpaid balances of the instruments,
the effect of the conclusion of the gaming operation on the likelihood of collecting the instruments, the
licensee's collection experience, the ages of the instruments, the past collection efforts on the instruments,
the financial stability of the patrons, the general economic conditions of the patrons' countries of residence,
and any other pertinent factors. This amount must not include the amount of any credit instrument for which
a gross revenue license fee was paid pursuant to NRS 463.371.
To ensure collection of the fee imposed by NRS 463.3857, the licensee must make a cash deposit
or post security of a type specified in NRS 100.065 by no later than the 24th day of the month after the
month in which the licensee concluded its gaming operation. The amount of the cash deposit or security
must be computed by multiplying the value of all collectible credit instruments by the rate derived from the
formula in subsection 4. The cash deposit or security must be paid to or posted with the Commission and
be accompanied by a report of its computation on a form prescribed by the Board Chair. Interest on the
cash deposit or security accrues to the licensee at the statutory or stated rate. If the licensee makes a cash
deposit, then, as the fee imposed by NRS 463.3857 becomes due, it may be paid out of the cash deposited,
including any accrued interest, in which case the amount of the cash deposit will be reduced by a
respective amount. If the licensee posts security, then the amount of the security may be reduced as
the fee imposed by NRS 463.3857 is paid, and the security must be released when the total amount of the
fee that has been paid equals or exceeds the amount of the security.
The fee imposed by NRS 463.3857 must be collected each month in which the licensee receives cash or other compensation in payment of its credit instruments. The amount of the fee collected each month must be computed by multiplying the rate derived from the formula in subsection 4 by the total of all cash or other compensation received by the licensee that month in payment of its credit instruments. This monthly fee amount must be paid by the licensee to the Commission by no later than the 24th day of the month after the month in which the cash or other compensation is received, and must be accompanied by a report of its computation on a form prescribed by the Board Chair.

For purposes of the computations in subsections 2 and 3, the rate is determined by dividing the sum of the licensee’s projected monthly fee payments by the value of all collectible credit instruments. The licensee’s projected monthly fee payments are determined by applying the rates and monetary limits set forth in NRS 463.370(1) to each one of the licensee’s projected monthly collections. The licensee’s projected monthly collections are determined by multiplying the licensee’s historical collection percentages by the value of all collectible credit instruments. The licensee’s historical collection percentages are determined by dividing all of the cash or other compensation received by the licensee in payment of credit instruments during each of 24 monthly aging periods beginning 36 months before the month in which the gaming operation is concluded, by the sum of all of the cash or other compensation received by the licensee in payment of those credit instruments during all of those 24 monthly aging periods. If the licensee has concluded its gaming operation within 36 months after the operation began, or if the licensee has failed to maintain adequate aging information, then the licensee and the Board may agree on different intervals or methods for determining the licensee’s historical collection percentages. If the licensee and the Board cannot agree on different intervals or methods for determining the licensee’s historical collection percentages, or on the value of all collectible credit instruments, then the Board shall determine the percentages or value the licensee must use to compute the rate. If that computation results in the licensee paying a greater fee than it believes should have been collected, then the licensee may file a claim for refund pursuant to Regulation 6.180.

Not earlier than 12 months after the month in which the gaming operation is concluded, the licensee may submit a claim for the refund of any cash remaining on deposit or the release of any security posted pursuant to subsection 2, including any accrued interest. The claim for refund or release must be allowed if the licensee can furnish the Board all unpaid credit instruments which demonstrate that more cash or security remains on deposit than will be collected pursuant to subsection 3. The licensee need not furnish an unpaid credit instrument if the licensee has independent, written, and reliable verification that the credit instrument is in the possession of a court, governmental agency, or financial institution, or was returned to the patron upon acceptance of a partial payment for the full amount of the instrument. Acceptance of a partial payment for the full amount of a credit instrument must be documented by a receipt bearing the patron’s signature or by other supporting evidence demonstrating that the licensee attempted to obtain the patron’s signature.

A claim for refund pursuant to subsection 5 must not be allowed to the extent that the licensee receives any property or services in payment of a credit instrument in whole or in part.

For a period of five years after the date its gaming operation is concluded, the licensee must maintain adequate records of all cash or other compensation received in payment of credit instruments and all credit instruments that remain unpaid. The Commission may deny any claim for refund pursuant to subsection 5 if the licensee fails to maintain or does not allow the Board to audit such records and unpaid credit instruments.

This section does not preclude the Board and Commission from collecting any gross revenue license fee that may be due on any credit instrument pursuant to NRS 463.371 at the conclusion of a licensed gaming operation.

This section does not apply to:

Any credit instrument that is transferred by operation of law to a successor-in-interest who continues the gaming operation, such as a trustee in bankruptcy, a receiver, or a supervisor appointed pursuant to chapter 463B of NRS, or any credit instrument that remains unpaid when the successor-in-interest ceases its gaming operation.

Any credit instrument that is purchased by another licensee, provided that the purchaser agrees in writing to assume the liability for any fee due or that may become due on the credit instrument, including any fee that may become due under NRS 463.370, 463.371 or 463.3857.

(Adopted: 9/26/91. Amended: 5/93.)
6.130 Mandatory count procedure.
   Except as otherwise provided in subsection 2:
   Each nonrestricted licensee shall report annually to the Board, on or before July 15th, the time or
   times when drop boxes will be removed and the contents counted. All drop boxes must be removed and
   counted at the time or times previously designated to the Board. Removal and counting of drop box contents
   at other than the designated times is prohibited unless the licensee provides advance written notice to the
   Chair of a change in times or the Chair requires a change of authorized times.
   Within 10 days after the end of each calendar quarter, each nonrestricted licensee shall submit a
   list to the Board of employees authorized to participate in the count and those employees who are
   authorized to be in the count room during the count ("count personnel list") during and as of the end of the
   calendar quarter. The count personnel list shall indicate those persons, if any, who hold an interest in the
   licensee and shall indicate what relationship by blood or marriage, if any, exists between any person on
   such list or any interest holder or employee of the gaming establishment. The count personnel list shall also
   indicate the social security number of each count employee and the job position held by each count
   employee.
   Unless otherwise administratively waived or amended by the Chair, each operator of a slot machine
   route shall submit the information required by this section on a monthly basis, in a format acceptable to the
   Board, on or before the fifth day of the immediately following month. This subsection will expire and no
   longer be in force and effect as of midnight January 31, 1993.
   (Adopted: 10/87. Amended: 10/91.)

6.140 Handling of cash. Each gaming employee, owner, or licensee who receives currency of the
United States (other than tips or gratuities) from a patron in the gaming area of a gaming establishment
shall promptly place the currency in the locked box in the table or, in the case of a cashier, in the appropriate
place in the cashier’s cage, or on those games which do not have a locked box or on card game tables, in
an appropriate place on the table, in the cash register, or other repository approved by the Chair.
(Adopted: 10/87. Effective: 1/88.)

6.150 Minimum bankroll requirements.
   The Chair may adopt or revise a bankroll formula that specifies the minimum bankroll requirements
applicable to restricted gaming licensees, nonrestricted gaming licensees and persons licensed as an
operator of an inter-casino linked system or as an operator of a slot machine route, along with instructions
for computing available bankroll.
   At least 30 days before adopting or revising the bankroll formula, the Chair shall:
   Publish notice of the proposed adoption or revisions, together with the effective date thereof, by
posting the proposed change or revision on the Board's website;
   Mail notice of the posting of the proposed bankroll formula or revisions on the Board's website,
together with the effective date thereof, to each restricted gaming licensee, nonrestricted gaming licensee,
operator of an inter-casino linked system, operator of a slot machine route, and every other person who
has filed a request therefor with the Board or Commission; and
   Provide a copy of the proposed bankroll formula or revisions and their effective date to the
Commission.
   Any affected licensee may object to the proposed bankroll formula or revisions, by filing a request
for a review of the Chair’s administrative decision, pursuant to Regulation 4.190. If any licensee files a
request for review, then the effective date of the proposed bankroll formula or revisions will be stayed
pending action by the Board, and if the Board’s decision is appealed pursuant to Regulation 4.195, pending
action by the Commission. If no requests for review are filed with the Board, then the bankroll formula or
revisions shall become effective on the date set by the Chair.
   Any licensee may propose the repeal or revision of any existing bankroll formula by submitting a
request to the Chair, who shall consider the request at the Chair’s discretion. If such a request is approved
by the Chair, then the proposed repeal or revision must be processed in accordance with subsections 2
and 3. If such a request is denied by the Chair, then the licensee may file the request for a review as an
administrative approval decision with the Board pursuant to Regulation 4.190, and the Commission,
pursuant to Regulation 4.195.
   Each restricted gaming licensee, nonrestricted gaming licensee and each person licensed as an
operator of an inter-casino linked system or as an operator of a slot machine route shall maintain in
accordance with the bankroll formula adopted by the Chair pursuant to the requirements of this section, cash or cash equivalents in an amount sufficient to reasonably protect the licensee’s or operator’s patrons against defaults in gaming debts owed by the licensee or operator. If at any time the licensee’s or operator’s available cash or cash equivalents should be less than the amount required by this section, the licensee or operator shall immediately notify the Board of this deficiency and shall also detail the means by which the licensee shall comply with the minimum bankroll requirements. Failure to maintain the minimum bankroll required by this section, or a higher bankroll as required by the Chair pursuant to this section, or failure to notify the Board as required by this section, is an unsuitable method of operation.

Records reflecting accurate, monthly computations of bankroll requirements and actual bankroll available shall be maintained by nonrestricted gaming licensees, operators of inter-casino linked systems and operators of slot machine routes in accordance with Regulation 6.060. The Chair, in the Chair’s sole discretion, may require more frequent computations, require additional recordkeeping not specified in the formula, or require the licensee to maintain a bankroll higher than is or would otherwise be required by the bankroll formula, or require recordkeeping by restricted gaming licensees.

Neither this section nor a bankroll formula adopted pursuant to it alters, amends, supersedes or removes any condition of any license or approval imposed on any licensee by the Commission.

The Chair, for good cause shown by the licensee, may waive one or more of the requirements or provisions of the minimum bankroll requirements.

The Chair is hereby granted the authority to revoke any waiver granted pursuant to this section for any cause deemed reasonable. Notice of the revocation of a waiver shall be deemed delivered and effective when personally served upon the licensee, or if personal service is impossible or impractical, when deposited, postage prepaid, in the United States mail, to the licensee at the address of the establishment as shown in the records of the Commission. If a notice revoking or suspending the waiver of a bankroll requirement is issued, the affected licensee may request that the decision of the Chair be reviewed by the Board and Commission pursuant to NGC Regulation 4.185 through 4.195, inclusive.

(Adopted: 10/87. Effective: 1/88. Amended: 11/90; 5/00; 3/06; 5/12.)

6.160 Extension of time for reporting. The Chair, in the Chair’s sole and absolute discretion, may extend the time for filing any report or document required by Regulation 6.

(Adopted: 10/87. Effective: 1/88.)

6.170 Petitions for redetermination; procedures.

A licensee filing a petition for redetermination with the Commission shall serve a copy of the petition on the Board and the attorney general, gaming division.

A licensee shall, within 30 days after the petition is filed:

Pay all taxes, fees, penalties, or interest not disputed in the petition and submit a schedule to the audit division that contains its calculation of the interest due on non-disputed assessments;

File with the Commission a memorandum of points and authorities in support of a redetermination, and serve a copy of the memorandum on the Board and the attorney general, gaming division; and

File with the Commission a certification that it has complied with the requirements of paragraphs (a) and (b).

The Board shall, within 30 days after service of the licensee’s memorandum, file a memorandum of points and authorities in opposition to the licensee’s petition and shall serve a copy on the licensee. The licensee may, within 15 days after service of the Board’s memorandum, file a reply memorandum.

The Board and the licensee may stipulate to extend the time periods specified in this section if their stipulation to that effect is filed with the Commission before the expiration of the pertinent time period. The Commission Chair may extend the time periods specified in this section upon motion and for good cause shown.

The Commission may, at its discretion, deny a petition for redetermination if the licensee fails to comply with the requirements of this section.

(Adopted: 10/87. Effective: 1/88.)

6.180 Claims for refunds; procedures.

A licensee filing a claim for refund with the Commission shall serve a copy of the claim on the Board and the attorney general, gaming division.
A licensee shall, within 30 days after the claim is filed, file with the Commission a memorandum of points and authorities in support of the claim, setting forth the legal basis and the licensee’s calculations of the amount of the refund and any interest due thereon, and serve a copy of the memorandum on the Board and the attorney general, gaming division, and file with the Commission a certification that it has complied with the requirements of this paragraph.

The Board shall, within 30 days after service of the licensee’s memorandum, file a memorandum of points and authorities in opposition to the licensee’s claim and shall serve a copy on the licensee. The licensee may, within 15 days after service of the Board’s memorandum, file a reply memorandum.

The Board and the licensee may stipulate to extend the time periods specified in this section if their stipulation to that effect is filed with the Commission before the expiration of the pertinent time period. The Commission may extend the time periods specified in this section upon motion and for good cause shown.

7.020 Definitions. “Chair” means Chair of the Nevada Gaming Commission or the Chair’s designee. (Adopted: 8/90.)

7.030 Service of complaint. The Commission shall serve the complaint in the manner prescribed by NRS 463.312(2). The Commission may serve the complaint by registered or certified mail, or may utilize the services of the Board by referring the complaint to a Board agent for personal service. Proof of service may be provided by a certificate or affidavit of service, which shall be signed by the person effecting service and which shall specify the date and manner of service. (Adopted: 8/90.)

7.040 Prohibition of ex parte communications. Unless required for the disposition of ex parte matters authorized by law:

A party or the party’s representative shall not communicate, directly or indirectly, in connection with any issue of fact or law related to a proceeding under this regulation, with any member of the Commission, except upon notice and opportunity to all parties to participate; and

A member of the Commission shall not communicate, directly or indirectly, in connection with any issue of fact or law related to a proceeding under this regulation, with any party or any party's representative, except upon notice and opportunity to all parties to participate.

This section shall not preclude:

Any member of the Commission from consulting with Commission counsel or supervisory counsel concerning any matter before the Commission; or

A party or a party’s representative from conferring with the Chair or Commission counsel concerning procedural matters that do not involve issues of fact or law related to the proceeding. (Adopted: 8/90.)
7.050 Delegation to Chair.

Pursuant to Regulation 2.020, the Chair may issue rulings on discovery matters, scheduling matters, protective orders, the admissibility of evidence, and other procedural or prehearing matters that are not dispositive of the case or any portion thereof. The Chair’s rulings are subject to consideration by the entire Commission upon the request of any commissioner, or upon motion of a party or person affected by the ruling, as provided in Regulation 2.020. The failure of such party or person to move for such consideration, shall not be deemed to be consent to the ruling, nor waiver of any objections previously made regarding the ruling, for the purpose of judicial review.

The Chair may alter any of the time periods provided by this regulation, upon the Chair’s own initiative or upon motion by a party or other person affected, for good cause shown.

(Adopted: 8/90.)

7.060 Appearance through counsel.

Parties to proceedings governed by this regulation may appear personally or through an attorney, except that the parties must personally attend any hearing on the merits unless such attendance has been waived pursuant to Regulation 2.

When a party has appeared through an attorney, service of all notices, motions, orders, decisions, and other papers shall thereafter be made upon the attorney.

When a party is represented by an attorney, the attorney shall sign all motions, oppositions, notices, requests, and other papers on behalf of the party, including requests for subpoenas.

(Adopted: 8/90.)

7.070 Prehearing conferences; scheduling; management.

After the respondent files an answer to the complaint, the Chair may direct the parties to participate in a conference or conferences before the hearing on the merits, for such purposes as expediting the disposition of the action, resolving discovery issues, and facilitating the settlement of the case.

The participants at any prehearing conference under this section shall be prepared to consider and take action with respect to any or all of the following, as determined by the Chair:

- The formulation and simplification of the issues;
- The necessity or desirability of amendments to the complaint or answer;
- The possibility of obtaining admissions of fact and of documents which will avoid unnecessary proof, stipulations regarding the authenticity of documents, and advance rulings from the Chair on the admissibility of evidence;
- The avoidance of unnecessary proof and of cumulative evidence;
- The identification of witnesses and documents, the need and schedule for filing and exchanging prehearing briefs, and the date or dates for further conferences and for the hearing on the merits;
- The possibility of settlement;
- The disposition of pending motions;
- The possibility that all evidence can be submitted by affidavits, transcripts, and other documents;

and

Such other matters as may aid in the disposition of the action.

After any conference held pursuant to this regulation, the parties shall set forth in a written stipulation, to be filed with the Commission, any matters no longer in dispute. As to those matters for which no agreement has been reached, but which require a ruling from the Commission, the Commission shall enter an order reciting the ruling.

At any time considered appropriate by the Commission, or at the request of a party, the Commission may enter a scheduling order that sets the date for the hearing on the merits and other hearings deemed necessary or appropriate by the Commission and that limits the time within which the parties may:

- Amend the complaint or answer without leave of the Commission;
- File prehearing motions;
- Complete discovery;
- File prehearing briefs.

This section shall not be interpreted to give any party or other person a right to a prehearing conference with the Chair. The Chair may direct the parties to participate in a prehearing conference without
the Chair's presence. The Chair may at any time enter an order on any matter delegated to the Chair, without consulting with the parties and without granting oral argument.

(Adopted: 8/90.)

7.080  Discovery: mandatory exchanges.
Within 20 calendar days after the service of the answer by the first answering respondent, and thereafter as each respondent answers the complaint, the parties shall confer for the purpose of complying with subsection 2 of this section.

At each conference the parties shall:
Exchange copies of all documents then reasonably available to a party which are then intended to be offered as evidence in support of the party's case in chief;
Identify, describe, or produce all tangible things, other than documents, then reasonably available to a party which are then intended to be offered as evidence in support of the party's case in chief, and upon request, arrange for the opposing parties to inspect, copy, test, or sample the same under the supervision of the parties; and
Exchange written lists of persons each party then intends to call as a material witness in support of that party's case in chief. Each witness shall be identified by name, if known, position, business address, and a brief description of the purpose for which the witness will be called. If no business address is available, the party shall provide a home address for the witness, or shall make the witness available for service of process. For the purpose of this paragraph, a “material witness” is a person whose testimony relates to a genuine issue in dispute which might affect the outcome of the proceeding.

In addition to the documents required to be produced by the Board pursuant to subsection 2 of this section, the Board shall provide to a respondent who requests the same, a copy of any formal statement given to the Board or its agents by that respondent, during the Board's investigation of the matters contained in the complaint, in accordance with this subsection.

Where the respondent is a corporation, partnership, or other association, the Board shall provide to the requesting respondent, a copy of any formal statement made by officers or directors of the corporation, general partners of the partnership, or managing agents of the association, unless any such statement was given in confidence.

If any statement governed by this subsection is embodied or included in a report, summary, or other document which is not otherwise required to be produced by this regulation, the Board may produce only an excerpt of such report, summary, or document which contains the statement.

For the purpose of this subsection, a “formal statement” is a statement given to a member or agent of the Board by a person knowing he or she is speaking to a government official or agent, and which is either signed by the person giving the statement, or given under oath or affirmation such as in an investigative hearing. The term does not include discussion, conversations, or other statements obtained surreptitiously; or memoranda, notes, or other internal documents made by an attorney for the Board, or a member or agent of the Board.

In addition to the other materials required to be produced by the Board, the Board shall make arrangements with a respondent who requests the same for the respondent to inspect, copy, test, or sample any other documents or tangible things the Board seized from or which belong to that respondent. Such inspection, copying, testing, or sampling shall be conducted under the supervision of a representative of the Board.

The inspection, copying, sampling, or testing of any evidence or other matter pursuant to subsections 2 and 4 of this section, shall be accomplished without the alteration or destruction of the evidence or evidentiary value of the matter, either in whole or in part, except as otherwise ordered by the Commission upon a finding that extraordinary circumstances exist. Such destruction or alteration shall not be permitted if it would prejudice any party to the action or any other law enforcement or administrative agency.

It shall be a continuing obligation of the parties to produce documents, witness lists, and other matters governed by this section as such become identified by and available to the parties. A party may amend its responses to the requirements of this section by informing the adverse party that documents previously produced or witnesses previously listed, will not be introduced in that party's case in chief.

The Chair may order the parties to submit to the Commission, periodic reports regarding the parties' compliance with this section and section 7.090.

(Adopted: 8/90.)
7.090 Confidential and privileged materials.

If any document or other material required to be produced by the Board pursuant to section 7.080 is the subject of a government privilege or is confidential pursuant to law, including sections 463.120(4) or 463.335 of the Nevada Revised Statutes, the Board shall stamp any such document “confidential” before producing the same, except as provided by subsection 3. If the material is not a document, the Board shall inform the Commission and the Commission will consider an appropriate order to protect the material.

A respondent shall not further disseminate confidential or privileged materials except to counsel of record in the action and necessary staff persons employed by counsel. Upon the conclusion of the action, the respondent shall return all such materials and any copies to the Board.

The Board shall not produce documents whose dissemination is prohibited by state law, including chapter 179A of the Nevada Revised Statutes, or by any federal law. If the Board intends to introduce any such document in its case in chief, the Board shall inform the Commission and the Commission shall make appropriate orders regarding dissemination of such documents. The Commission may prohibit the admission of the evidence, or may order alternative means of providing the information to the respondent.

(Adopted: 8/90.)

7.100 Discovery: depositions.

A party may take the oral testimony of any material witness whose name appears on the witness list of an adverse party, and other persons as provided by subsection 2, in the manner set forth by this section. Unless waived by the party who listed the witness, the scope of the deposition testimony shall be limited to the subject matter of the witness’ expected testimony at the hearing, as set forth by the party pursuant to section 7.080(2)(c) of this regulation.

A party may depose other material witnesses, as defined by section 7.080, upon order of the Commission, as provided in this subsection.

The requesting party must file a motion for authorization to conduct the deposition, which motion must be supported by affidavit demonstrating that the witness is likely to be unavailable to appear and testify at the hearing on the merits.

For the purpose of this subsection, a person is “unavailable” if the person’s attendance at the hearing on the merits cannot be compelled by subpoena, or the person will be unable to attend because of age, illness, infirmity, or imprisonment.

A person deposed under this subsection may be examined and cross-examined in the same manner as if the person were called as a witness at the hearing.

The deposition of a party may be compelled by directing a notice of deposition to that party. The notice must contain the title and number of the proceeding, the name and address of the person to be deposed, the date, time, and place of the deposition, and the name and signature of the requesting party or the requesting party’s attorney. The notice must be served on all parties to the proceeding.

The deposition of a nonparty witness may be compelled by subpoena in accordance with section 7.110 of this regulation.

Depositions shall be taken before an officer authorized to administer oaths. A deposition shall not be taken before a person who is a relative, employee, attorney, or counsel of any of the parties, or is a relative or employee of such attorney or counsel, or is interested in the proceeding.

Testimony shall be taken upon oath or solemn affirmation. Unless the Commission orders otherwise, the testimony shall be recorded by stenographic means. The cost of transcription shall be borne by the party requesting the deposition. Such party shall provide a copy of the transcript to all other parties in the proceeding.

Unless the parties and the witness agree otherwise, a deposition shall take place on no less than 15 calendar days notice.

A deposition may be used in a proceeding governed by this regulation for the same or similar purposes as depositions may be used in a court of law, or for any other purpose allowed by the Commission.

Objection may be made at the hearing on the merits to receiving in evidence any deposition or part thereof for any reason which would require the exclusion of the evidence if the witness were then present and testifying. If a deposition is received in evidence, any party may rebut any relevant evidence contained in the deposition.

(Adopted: 8/90.)
7.110 Subpoenas.
The executive secretary shall issue subpoenas, including subpoenas duces tecum, upon the request of a party, in accordance with this section.
Subpoenas may be issued only for the following purposes:
To compel a nonparty witness to appear and give oral testimony at a deposition as provided by section 7.100; and
To compel any person to appear at the hearing on the merits of the case, to give oral testimony alone, or to produce documents or other tangible things.
Subpoenas shall be submitted to the executive secretary for issuance on a form approved by the Chair. Concurrently with the submission of the subpoena to the executive secretary, the requesting party shall serve a copy on all other parties to the proceeding, and shall file proof of such service with the Commission.
Subpoenas will not be issued in blank. A subpoena submitted for issuance must contain the title and number of the case, the name of the person to whom it will be directed, the date, time, and place of the hearing or deposition, and the name and signature of the requesting party or the requesting party’s attorney. A subpoena duces tecum must in addition contain a complete description of specific documents or other tangible things that the witness will be required to produce at the hearing.
Unless the witness agrees otherwise, a subpoena issued for the purpose provided by subsection 2(b) must be served by the requesting party at least 10 calendar days prior to the hearing. A subpoena will be issued during the hearing or upon less than 10 days notice only upon order of the Commission for reasonable cause shown by the requesting party.
(Adopted: 8/90.)

7.120 Protective orders. Upon motion by a party or by a person to whom a subpoena is directed, or from whom discovery or testimony is sought, the Commission may make any order which justice requires to protect a party or person from annoyance, embarrassment, oppression, or undue burden or expense, including one or more of the following:
That a subpoena be quashed or modified;
That the discovery not be had, or that it be had only on specified terms and conditions, including a designation of the time or place;
That certain matters not be inquired into or produced, or that testimony or production be limited to certain matters;
That a deposition be conducted with no one present except persons designated by the Commission, or that a deposition transcript be sealed; or
That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only in a designated way.
(Adopted: 8/90.)

7.130 Discovery disputes. The parties shall make every effort to resolve disputes regarding discovery. Disputes that are unresolved may be brought to the Commission for resolution by way of a motion to compel discovery, motion for protective order, or other appropriate motion. The disputed discovery is not stayed during the pendency of such motion, unless the Commission so orders. The filing of such motion shall not extend the time to complete discovery, nor provide cause for a continuance of the hearing on the merits, unless the Commission otherwise orders.
(Adopted: 8/90.)

7.140 Sanctions. If any party or a party’s attorney fails reasonably to comply with any provision of this regulation, the Gaming Control Act, or any order entered, regarding any matter, including discovery, the Commission, upon motion or upon its own initiative, may impose upon such party or attorney, or both, appropriate sanctions in regard to the failure(s) as are just, including the following:
An order prohibiting the use of any witness, document or tangible thing which should have been disclosed, produced, exhibited or exchanged pursuant to this regulation or order of the Chair or Commission;
An order that designated facts shall be taken to be established;
An order that the disobedient party may not support or oppose designated claims or defenses;
An order striking out pleadings or parts thereof, or staying further proceedings or dismissing the proceeding or any part thereof, or entering a judgment by default against the disobedient party;
The initiation of contempt proceedings as provided by NRS 463.314.
(Adopted: 8/90.)

7.150 Conduct of hearings. In addition to the procedures prescribed by statute, the following procedures will apply when appropriate:
The respondent will be allowed to present and argue any legal objections to the complaint set forth in the answer; the Board may thereupon present its answering argument; and thereafter the respondent may present rebuttal argument. The matter will then be submitted to the Commission for decision. The Commission may rule upon such objections immediately or take the matter under advisement and proceed with the hearing.
The Board will present its opening statement on the merits. The respondent will then be permitted to make an opening statement of the defense, or the respondent may reserve the same until commencement of the presentation of the defense.
The Board will then present its case in chief in support of the complaint.
Upon conclusion of the Board's case in chief, the respondent may move for dismissal of the complaint. The Commission may hear arguments on the motion, or may grant, deny, or reserve decision thereon, with or without argument.
If no motion to dismiss is made, or if such motion is denied or decision reserved thereon, the respondent shall thereupon present the case for the defense.
Upon conclusion of the respondent's case, the Board may present its case in rebuttal.
Upon conclusion of the Board's case in rebuttal, the Board shall present its closing argument, the respondent may present answering argument, and thereafter the Board may present rebuttal argument. Thereupon the matter will stand submitted for decision.
Any member of the Commission may ask questions of witnesses, and may request or allow additional evidence at any time, including additional rebuttal evidence.
(Adopted: 8/90.)

For the purpose of this section, evidence is reliable if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs.
In hearings governed by this regulation, the technical rules relating to evidence and witnesses shall not apply. Any relevant evidence may be admitted, and such evidence shall be sufficient in itself to support a finding if it is reliable, regardless of the existence of any common law or statutory rule which might make improper the admission of such evidence over objection in a civil action.
By way of illustration only, those matters that would be admissible in a court of law are hereby deemed to be reliable, in addition to those matters that satisfy the standards set forth in subsections 1 and 2 of this section.
Irrelevant or unduly repetitious evidence shall be excluded upon request of a party or the Commission's own initiative.
(Adopted: 8/90.)

7.170 Evidence: authentication and identification.
Documentary and other physical evidence may be authenticated or identified by any reasonable means, by evidence or other showing that the matter in question is what its proponent claims it to be.
By way of illustration only, those matters that would be accepted as authentic in a court of law, are hereby deemed to be authentic, in addition to matters that satisfy the standard set forth in subsection 1 of this section.
(Adopted: 8/90.)

7.180 Failure or refusal to testify.
If a respondent fails to testify in his or her own behalf or asserts a claim of privilege with respect to any question propounded to him or her, the Commission may infer therefrom that such testimony or answer would have been adverse to the respondent's case.
If any person controlling, controlled by, or under common control with, or employed by, or an agent of, a respondent fails to respond to a subpoena, or asserts a claim of privilege with respect to any question propounded to the person, the Commission may, taking into account all of the circumstances, infer that such testimony would have been adverse to the respondent.

If, on a ground other than the properly invoked privilege against self-incrimination, a respondent fails to respond to a subpoena, or fails or refuses to answer a material question propounded to the respondent, the Commission may deem such failure or refusal to be independent grounds for granting the relief requested by the Board in the complaint with respect to that respondent.

(Adopted: 8/90.)

7.190 Amended or supplemental pleadings.
Upon motion of a party made before submission of the case for decision, the Commission may permit the filing of an amended or supplemental complaint or answer, including amended or supplemental pleadings that conform to the evidence presented at the hearing.

If such motion is granted, all parties shall be permitted to introduce additional evidence with respect to any new matter contained in such amended or supplemental pleadings.

(Adopted: 8/90.)

7.200 Motions.
All motions shall be in writing, unless made during a hearing.

A motion shall state with particularity the grounds therefore, shall be supported by a memorandum of points and authorities, and shall set forth the relief or order sought.

Every written motion other than one which may be considered ex parte shall be filed with the Commission and served upon the adverse party or as the Chair directs.

An opposing party shall have 10 calendar days after service of the motion within which to file and serve a memorandum of points and authorities in opposition to the motion.

The moving party shall have 5 calendar days after service of the opposing memorandum to serve and file a reply memorandum of points and authorities if the moving party so desires.

If a motion or opposition is served by mail, 3 calendar days shall be added to the time periods specified herein for response.

The failure of a moving party to file a memorandum of points and authorities in support of a motion shall constitute consent to the denial of the motion. The failure of an opposing party to file a memorandum of points and authorities in opposition to any motion shall constitute consent to the granting of the motion.

(Adopted: 8/90.)

7.210 Continuances. Continuances will not be granted except for good cause shown. A motion to continue a hearing must be made at least 10 calendar days prior to the hearing date.

(Adopted: 8/90.)

7.220 Defaults. Failure of a respondent to file an answer to the complaint or to request a hearing, or to appear personally at a hearing on the merits without having obtained a waiver of appearance, shall constitute an admission of all matters and facts contained in the complaint filed with respect to such respondent, and shall be deemed a waiver of the right to an evidentiary hearing. In such cases the Commission may take action based upon such admission or upon any other evidence, including affidavits, and without any further notices whatever to respondent.

(Adopted: 8/90.)

7.230 Decision of the Commission.
Findings of fact made pursuant to NRS 463.3145 shall be based upon a preponderance of the evidence standard.

The “preponderance of the evidence” standard is such evidence as when considered and compared with that opposed to it, has more convincing force, and produces in the minds of the members of the Commission a belief that what is sought to be proved is more likely true than not true.

(Adopted: 8/90.)
7.240 Guidelines for imposing penalties in disciplinary actions. Without in any manner limiting the authority granted pursuant to NRS 463.1405(3) or 463.310(4) to impose the level and type of discipline it may deem appropriate, the Commission finds that the following factors, among others, may be taken into consideration when determining the action to be taken pursuant to NRS 463.310(4):

Whether the respondent knew or reasonably should have known that the action complained of was a violation of any law, regulation, or condition on the respondent’s license.

Whether the respondent has previously been disciplined by the Commission.

Whether the respondent has previously been the subject of an Order to Show Cause or any other written notice of whatever type or nature issued by the Board, concerning the violation of any law, regulation, or condition of the respondent’s license.

Whether the respondent reasonably relied upon professional advice from a lawyer, doctor, accountant, or other recognized professional, which was relevant to the action resulting in the violation.

Whether the respondent had a reasonably constituted and functioning compliance program.

Whether the imposition of a condition requiring the respondent to establish and implement a written self enforcement and compliance program would assist in ensuring the respondent’s future compliance with all statutes, regulations, and conditions to their license.

Whether the respondent realized a pecuniary gain from the violation.

Whether the amount of any fine and/or other penalty imposed would result in disgorgement of any gains unlawfully realized by the respondent.

If the violation was caused by an officer or employee of the respondent, the level of authority of the individual who caused the violation.

Whether the individual who caused the violation acted within the scope of the individual’s authority as granted by the respondent.

The adequacy of any training programs offered by the respondent which were relevant to the activity which resulted in the violation.

Whether the respondent’s action substantially deviated from industry standards and customs.

The extent to which the respondent cooperated with the Board during the investigation of the violation.

Whether the respondent has initiated remedial measures to prevent similar violations.

The magnitude of penalties imposed on other licensees for similar violations.

The proportionality of the penalty in relation to the misconduct.

The extent to which the amount of any fine imposed would punish the respondent for the conduct and deter future violations.

Any mitigating factors offered by the respondent.

Any other factors the Commission in its sole and absolute discretion may deem relevant.

(Adopted and Effective: 12/17/98.)

End – Regulation 7
REGULATION 7A

Service shall be deemed sufficient if it is mailed to the last known address of the person to be served. If a pleading, notice, or other paper is sent by the Board or hearing officer by first class mail, it shall be deemed to have been received by the licensee or the patron 5 days after it is deposited with the United States Postal Service with the postage thereon prepaid.
   A party serving a pleading, notice or other paper required by this regulation to be served must file with the Board a proof of service in the form of a certificate signed by the party or the party's representative which specifies the date the notice or other paper was mailed or when personal service was effectuated.
   (Adopted: 8/90. Amended: 9/92.)

7A.030 Initiation of hearing procedure; notice of hearing.
   Proceedings to review a decision made by an agent of the Board pursuant to NRS 463.362 must be initiated by the filing and service of a petition in accordance with NRS 463.363.
   A copy of the petition must be served on the respondent.
   The respondent may file and serve a written response within 15 days after being served with a copy of the petition.
   After the time for respondent to file and serve a written response to the petition has expired, the Board or the hearing officer shall determine the date, time and place of the hearing on the petition.
   Notice of the hearing must be served by the Board on each of the parties at least 20 days before the hearing, unless the Board or hearing officer reasonably determine that a lesser notice period is appropriate.
   (Adopted: 8/90. Amended: 9/92.)
7A.040 Prehearing motions. Unless otherwise ordered by the Board or hearing officer, all prehearing motions must be filed and served at least 10 days before the hearing.  
(Adopted: 8/90.)

7A.050 Nature of hearing.  
The hearing to review a decision made by an agent of the Board pursuant to NRS 463.362 must be conducted: 
By one or more members of the Board, as designated by the Board Chair, or by a hearing examiner appointed by the Board. 
At such times and places, within or without this state, as may be convenient for the Board or hearing officer. 
In public, unless the Board or hearing officer orders otherwise. 
Unless the Board or hearing officer reasonably determines that a different procedure is appropriate, the hearing must be conducted in accordance with the following procedures: 
The petitioner may present an opening statement on the merits and the respondent may then make a statement of the defense. The respondent may reserve his or her statement of the defense for the presentation of his or her case. 
After the petitioner’s opening statement, if made, and the respondent’s statement of the defense, if not reserved, the petitioner shall present his or her case in chief in support of the petition. 
Upon conclusion of the petitioner’s case in chief, the respondent may move for dismissal of the petition. The Board or the hearing examiner when designated by the Board pursuant to NRS 463.361(2)(b), may grant, deny or reserve decision on the motion, with or without argument. 
In the event the hearing is conducted before a hearing officer and a motion to dismiss is made at the conclusion of the petitioner’s case in chief, the hearing officer, in his or her discretion, may hear argument on the motion and in those cases not being heard by the hearing examiner pursuant to NRS 463.361(2)(b), may suspend the hearing to refer the motion to the Board for decision. 
If no motion to dismiss is made, or if such motion is denied or decision is reserved thereon, the respondent shall then present his or her case in defense. 
Upon conclusion of the respondent’s case, the petitioner may present rebuttal evidence. 
After the presentation of the evidence by the parties, the petitioner may present a closing argument. 
The respondent may then present his or her closing argument and the petitioner may then present a rebuttal argument. Thereafter the matter will stand submitted for decision. 
All or part of the hearing may be conducted by telephone. 
The hearing must be recorded by the Board or hearing officer on audio tape or other means of sound reproduction, unless it is reported stenographically for a party at the party’s own expense, in which case the party must provide the original hearing transcript to the Board or hearing officer. 
Unless otherwise ordered by the Board or hearing officer, the parties may submit written memoranda of points and authorities at any time before the hearing. The Board or hearing officer may order or allow the parties to file written memoranda of points and authorities after the conclusion of the hearing.  
(Adopted: 8/90. Amended: 9/92.)

7A.060 Presentation of evidence. 
Oral evidence may be taken only upon oath or affirmation administered by the Board or hearing officer. 
Affidavits may be received in evidence as provided in subsection 3 of NRS 463.313. 
Each party may: 
Call and examine witnesses; 
Introduce exhibits relevant to the issues of the case, including the transcript of testimony of any investigative hearing conducted by or on behalf of the Board; 
Cross-examine opposing witnesses on any matter relevant to the issues of the case, even though the matter was not covered in a direct examination; 
Impeach any witness, regardless of which party first called the witness to testify; and 
Offer rebuttal evidence. 
If a party does not testify on his or her own behalf the party may be called and examined as if under cross-examination.
7A.070 Admissibility of evidence.
The hearing need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence may be admitted and is sufficient in itself to support a finding if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of such evidence over objection in a civil action. The parties or their counsel may by stipulation agree that certain evidence be admitted even though such evidence might otherwise be subject to objection. Irrelevant and unduly repetitious evidence should not be admitted.

7A.080 Subpoenas. At the request of a party, subpoenas must be issued by the Board as provided in subsection 1 of NRS 463.3125.

7A.090 Depositions. The testimony of any material witness residing within or without this state may be taken by deposition in the manner provided by the Nevada Rules of Civil Procedure and may be used at the hearing.

7A.100 Official notice. The Board or hearing officer may take official notice of any generally accepted information or technical or scientific matter within the field of gaming, and of any other fact which may be judicially noticed by the courts of this state. The parties must be informed of any information, matters or facts so noticed and must be given a reasonable opportunity, on request, to refute such information, matters or facts by evidence or by written or oral presentation of authorities. The manner of such refutation shall be determined by the Board or hearing officer.

7A.110 Amended or supplemental pleadings. The Board or hearing officer may, before submission of the case for decision, permit the filing of an amended or supplemental petition or response, including an amended or supplemental pleading that conforms to the evidence presented during the hearing. A request for permission to file an amended or supplemental pleading may be made orally during the hearing or in writing. If the request is in writing, a copy must be served on the opposing party. The Board or hearing officer thereafter shall provide the opposing party a reasonable opportunity to make objections thereto. If an application for leave to file an amended or supplemental pleading is granted, the Board or hearing officer must permit the parties to introduce additional evidence with respect to any new matter contained in the pleading.

7A.120 Continuances. Continuances of the hearing date may be granted upon a showing of good cause by the party requesting the continuance.

7A.130 Communications with the Board. Unless required for the disposition of ex parte matters authorized by statute or regulation:

Neither a party nor a party’s representative shall communicate, directly or indirectly, with any Board member or the hearing examiner regarding any matter related to the hearing, except upon notice and opportunity to all parties to participate.

Neither a member of the Board nor the hearing examiner shall communicate, directly or indirectly, with any party or any party’s representative regarding any matter related to the hearing, except upon notice and opportunity to all parties to participate.

This section does not preclude:

Any member of the Board or the hearing examiner from consulting with the Board’s counsel concerning any matter related to the hearing.
A party or a party’s counsel conferring with the hearing examiner, any member of the Board, or the Board’s counsel on procedural matters.
(Adopted: 8/90.)

7A.140 Default. The unexcused failure of a party to appear at the hearing may constitute a default and an admission of any facts that may have been alleged by the opposing party. The Board or hearing officer may take action based on such default or admission or on any other evidence without further notice to the defaulting party. If the Board or hearing officer takes action based on an admission, the record must include the evidence upon which the action is based.
(Adopted: 8/90.)

7A.150 Contempt. If any person in proceedings before the Board or hearing officer under this regulation disobeys or resists any lawful order or refuses to respond to a subpoena, or refuses to take the oath or affirmation as a witness, or thereafter refuses to be examined, or is guilty of misconduct during the hearing or so near the place thereof as to obstruct the proceeding, the Board or hearing officer may certify the facts to the district court in and for the county where the proceedings are held. At the request of the Board, the court shall then issue an order directing the person to appear before the court and show cause why he or she should not be punished for contempt. The court order and a copy of the statement of the Board or hearing officer must be served on the person cited to appear. Thereafter the court has jurisdiction of the matter, and the same proceedings must be had, the same penalties may be imposed and the person charged may purge himself or herself of the contempt in the same way as in the case of a person who has committed a contempt in the trial of a civil action before a district court.
(Adopted: 8/90.)

7A.160 Burden of proof. The petitioner bears the burden of showing by a preponderance of the evidence that the decision made by an agent of the Board pursuant to NRS 463.362 should be reversed or modified.
(Adopted: 8/90.)

7A.170 Decision of the Board or the hearing examiner.
After the hearing, the Board or the hearing examiner in those cases being heard pursuant to NRS 463.361(2)(b), shall render a written decision on the merits that sustains, modifies or reverses the initial decision of its agent.

The decision of the Board or the hearing examiner must contain findings of fact and a determination of the issues presented.
In a case that is not processed pursuant to the provisions of NRS 463.361(2)(b), and where the hearing was conducted by a single Board member or hearing examiner, the Board shall consider the recommendation of the Board member or hearing examiner and the record of the hearing before rendering its decision. In such a case, the Board may remand the matter to the Board member or hearing examiner for the purpose of taking or considering additional evidence.

A copy of the decision must be served on each party. The decision must be accompanied by proof of service in the form of a certificate signed by an agent or employee of the Board and stating the date and manner of service. The decision is effective and final upon service on all parties. If the decision is sent by mail, it shall be deemed to have been served upon the licensee or the patron 5 days after it is deposited with the United States Postal Service with the postage thereon prepaid.
(Adopted: 8/90. Amended: 9/92.)

7A.180 Rehearing.
The Board or the hearing examiner if the hearing was conducted pursuant to NRS 463.361(2)(b) may, upon motion made within 7 days after the decision is served on all parties, order a rehearing upon such terms and conditions as it may deem just and proper, provided a petition for judicial review of the decision has not been filed.

A motion for rehearing must not be granted except upon a showing that:

The Board or the hearing examiner has misconstrued applicable law; or
There exists additional evidence which is material and reasonably calculated to change the decision, and sufficient reason existed for the party’s failure to present such additional evidence at the hearing.

On rehearing under subsection 2(b) of this section, rebuttal evidence to the additional evidence may be admitted and considered by the Board or hearing officer.

After rehearing, the Board or the hearing examiner may modify the decision consistent with applicable law or any additional evidence and rebuttal evidence taken.

(Adopted: 8/90. Amended: 9/92.)

7A.190 Judicial review. Judicial review of a final decision of the Board or the hearing examiner may be had in accordance with NRS 463.366 to 463.3668, inclusive.

(Adopted: 8/90. Amended: 9/92.)

End – Regulation 7A
8.010  General.  
No person shall sell, purchase, assign, lease, grant or foreclose a security interest, hypothecate or otherwise transfer, convey or acquire in any manner whatsoever any interest of any sort whatever in or to any licensed gaming operation or any portions thereof, or enter into or create a voting trust agreement or any other agreement of any sort in connection with any licensed gaming operation or any portion thereof, except in accordance with law and these regulations.

No licensee shall permit any person to make any investment whatever in, or in any manner whatever participate in the profits of, any licensed gaming operations, or any portion thereof, except in accordance with law and these regulations.

No person shall transfer or convey in any manner whatsoever any interest of any sort whatever in or to any licensed gaming operation, or any portion thereof, to, or permit any investment therein or participation in the profits thereof by, any person acting as agent, trustee or in any other representative capacity whatever for or on behalf of another person without first having fully disclosed all facts pertaining to such representation to the Board. No person acting in any such representative capacity shall hold or acquire any such interest or so invest or participate without first having fully disclosed all facts pertaining to such representation to the Board and obtained written permission of the Board to so act.

Regulation 8 shall apply to transfers of interest in corporations subject to Regulation 15, but shall not apply to transfers of interest in corporations subject to Regulation 16.
(Amended: 9/73.)

8.020  Transfer of interest among licensees.  If a person who is the owner of an interest in a licensed gaming operation proposes to transfer any portion of his or her interest to a person who is then the owner of an interest in such licensed gaming operation, both parties shall give written notice of such proposed transfer to the Board, including the names and addresses of the parties, the extent of the interest proposed to be transferred and the consideration therefore. In addition, the proposed transferee shall furnish to the Board a sworn statement setting forth the source of funds to be used by the proposed transferee in acquiring such interest; and the proposed transferee also shall furnish to the Board such further information as it or the Commission may require. The Board shall conduct such investigation pertaining to the transaction as it or the Commission may deem appropriate and shall report the results thereof to the Commission. If the Commission does not give notice of disapproval of the proposed transfer of interest within 30 days after the receipt by it of the report of the Board, the proposed transfer of interest will be deemed approved and the transfer of interest may then be effected in accordance with the terms of transfer as submitted to the Board. The parties shall immediately notify the Commission when the transfer of interest is actually effected.
(Amended: 2/60; 9/73; 9/74.)

8.030  Transfer of interest to stranger to license.
Except as and to the extent provided in these regulations pertaining to emergency situations, no individual who is the owner of any interest in a licensed gaming operation shall in any manner whatsoever transfer any interest therein to any person, firm or corporation not then an owner of an interest therein, and no such transfer shall become effective for any purpose until the proposed transferee or transferees shall have made application for and obtained all licenses required by the Nevada Gaming Control Act and these regulations, or have been found to be individually qualified to be licensed, as appropriate.

Applications for a transfer of interest to a stranger to the license, except the granting of a possessory security interest in equity securities of a licensee or of a holding company subject to Regulation 15, shall be made by the transferee applying for licensing or registration under NRS 463.585.1 or NRS 463.635.1 and the regulations thereunder as appropriate, as provided in Regulation 4.

Evidence of the transferor's agreement to transfer the interest applied for must accompany the application. Licensing or registration of the transferee shall be deemed to constitute approval of the transfer by the Commission under NRS 463.510(1).

Applications for approval of the granting of a possessory security interest shall be made in writing to the Board and Commission. The application shall set forth all material facts relating to the transaction and be accompanied by copies of the documents evidencing the transaction. An application will not ordinarily be granted unless such documents include the following:

- The physical location of the certificates evidencing the transaction shall at all times remain within the territorial boundaries of the State of Nevada.
- The holder of said certificates shall not surrender possession of the securities without the prior approval of the Commission.
- An approval of the granting of a possessory security interest shall be deemed to constitute approval of the transfer by the Commission under NRS 463.510.1 and the regulations thereunder. No such approval, however, shall constitute permission to foreclose without a further order of the Commission.

(Amended: 8/61; 9/73; 7/75.)

8.040 Duties of corporations and agents. No licensee or holding company, or officer, director or transfer agent thereof, shall cause or permit any stock certificate or other evidence of beneficial interest therein to be registered in its books or records in the name of any nominee, agent, trustee or any other person other than the true and lawful owner of the beneficial interest therein without written permission of the Board to do so.

(Amended: 9/73.)

8.050 Escrow required. Except as and to the extent provided in these regulations pertaining to emergency situations, no money or other thing of value constituting any part of the consideration for the transfer or acquisition of any interest in a licensed gaming operation, in a licensee or in a holding company shall be paid over, received or used until complete compliance has been had with all prerequisites set forth in the law and these regulations for the consummation of such transaction; but such funds may be placed in escrow pending completion of the transaction. Any loan, pledge or other transaction between the parties or with other parties may be deemed an attempt to evade the requirements of this regulation and, as such, in violation of this regulation.

(Amended: 9/73.)

8.060 Participation in operations.

Except as provided in these regulations pertaining to emergency situations, or in subsection 2, or on approval of the Commission, no person who proposes to acquire an interest in any licensed gaming operation; in a licensee or in a holding company shall be employed, received or used until complete compliance has been had with all prerequisites set forth in the law and these regulations for the consummation of such transaction; but such funds may be placed in escrow pending completion of the transaction. Any loan, pledge or other transaction between the parties or with other parties may be deemed an attempt to evade the requirements of this regulation and, as such, in violation of this regulation.

(Amended: 9/73.)
The Board Chair may grant, deny, limit, restrict or condition a request for administrative approval pursuant to this section for any cause the Chair deems reasonable, or refer the request for administrative approval to the full Board and Commission for consideration. If the Board Chair, acting in the Chair's sole and absolute discretion, does not within thirty (30) days deny the request to continue employment, or provide written notification to the employee that the request is being referred to the full Board and Commission for consideration, the employee’s request to participate shall be deemed approved.

An employee’s employment by a licensed gaming operation, licensee, or holding company, pursuant to subsection 3, is limited to observing and learning the operations of the licensed location, licensee, or holding company, unless otherwise specified by the Board Chair, and the employee is prohibited from exerting or taking control of a licensed gaming operation, licensee, or holding company until approved by the Commission unless the employee has otherwise been licensed or found suitable to do so. (Amended: 9/73; 5/87; 5/09; 1/13.)

8.070 Emergency situations. If a transfer of an interest in a licensed gaming operation, in a licensee or in a holding company, is contemplated and, in the opinion of the Board, the exigencies of the situation require that the proposed transferee or transferees be permitted to take part in the conduct of gaming operations or in the operation of the establishment wherein such gaming operations are conducted, or to make available funds or credit for use in connection with such licensed gaming operation or establishment during the pendency of an application for license or to be permitted to acquire such interest, the Commission or any three members thereof may waive the requirements of Regulations 8.050 and 8.060, or either of them, in accordance with the procedures hereinafter set forth. (Amended: 9/73.)

8.080 Application for permission to participate.

A proposed transferee of an interest who desires to participate in any manner, whether financially or otherwise, in the operation of the licensed establishment or games prior to actual completion of the transfer of interest in accordance with the foregoing regulations shall make written application to the Board for permission to so participate, setting forth, under oath, facts showing the necessity of such participation, together with the following information to be given under oath:

The extent to which and the manner in which the proposed transferee desires to participate pending completion of the proposed transfer.

A complete financial statement and a statement showing sources of all funds to be used in connection with the proposed transfer of interest and in the participation prior to transfer.

A full and complete statement of the proposed plan for effecting the proposed transfer of interest, including:

The extent of the interest to be transferred;

The date on which it is desired to complete the transfer;

The total consideration to be paid and the time and manner of payment thereof;

Details of any other financial arrangements between all parties involved; as well as

Details of all other pertinent arrangements between the parties.

Full, true and correct copies of all documents pertaining to the proposed transaction or transactions, including all agreements between the parties, leases, notes, mortgages or deeds of trusts, and pertinent agreements or other documents with or involving third parties.

The names and addresses of all persons with whom the proposed transferee expects to be associated in connection with the operation of the licensed games or establishment, or both, both as to the period pending completion of the transfer and thereafter.

A full and complete statement of any proposed changes in manner or method of operation of the licensed establishment and any proposed changes of or additions to supervisory personnel, both as to the period pending completion of the transfer and thereafter.

If two or more individuals desire to participate in the operation of a licensed establishment or games as a group, whether as individuals or as stockholders, officers or directors of a corporation or other business entity, joint application may be made in accordance with subsection 1 above.

If the emergency requiring immediate participation consists of the actual or threatened insolvency of a licensee or holding company, and the interest to be transferred or issued is a financial participation, the application will not be granted unless the applicant demonstrates the immediate and unqualified availability of sufficient funds and credit to cure such emergency to the same extent that such funds and
credit would be required in connection with an application for licensing or registration not involving actual or threatened insolvency.

The Board may require an applicant for permission to participate to furnish such additional information as it may desire before acting on the application.

(Amended: 10/75.)

8.090 Permission to participate. After receipt of a proper application for permission to participate and such additional information as the Board or the Commission may require, and after such investigation as the Board or the Commission deems necessary, the Commission or any three members thereof may grant emergency permission for a proposed transferee to participate in the operation of the licensed games or establishment, licensee or holding company, subject to joint management with the existing licensee or licensees or managing officers of a corporate licensee or holding company.

(Amended: 9/73.)

8.100 Extent of participation permitted.

Pending final action on the application of a proposed transferee, the existing licensee or licensees will be held responsible for the conduct of the licensed games or establishment, for all license fees payable, and for all acts or omissions of proposed transferees participating in the operation.

Except as hereinafter provided, no proposed transferee who has been granted such emergency permission to participate shall be permitted to withdraw or receive any portion of the profits of such establishment or licensee or holding company derived for gaming until final approval of the proposed transfer of interest has been granted by the Commission. If granted, such approval shall be retroactive to the date of emergency permission to participate.

A proposed transferee who has been granted emergency permission to participate and who actually renders services may be paid a salary or otherwise be compensated for such actual services, but such salary or other compensation shall not exceed the usual and customary compensation in the industry for similar services.

(Amended: 9/73.)

8.110 Application for license. Any proposed transferee to whom emergency permission to participate has been granted shall, within 10 days thereafter if the transferee has not already done so, make formal application for licensing, registration, or approval as required by law and these regulations.

(Amended: 9/73.)

8.120 Effect of permission to participate; withdrawal.

The granting of emergency permission to participate is a revocable privilege, and is not to be a finding on the part of the Commission that the proposed transferee is qualified or suitable to hold a state gaming license or to be registered or to be approved. Such permission will be without prejudice to any action that the Board or the Commission may take with respect to any application for final approval of the proposed transfer of interest.

Emergency permission to participate may be withdrawn summarily at any time in the uncontrolled discretion of the Commission, without notice or hearing or other proceedings of any kind.

Upon receipt of notice that emergency permission to participate has been withdrawn the proposed transferee shall be immediately disassociated from any participation whatever in the operation of the licensed establishment, licensee or holding company. Any money or other thing of value which may have been invested or made use of in the operation of the licensed establishment, licensee or holding company shall be forthwith returned to the proposed transferee or deposited in escrow in compliance with Regulation 8.050. Any participation whatever on the part of a proposed transferee after notice of withdrawal of emergency permission to participate may be deemed to be in violation of law and these regulations and, as such, grounds for denial of the application of the proposed transferee and also grounds for revocation or suspension of the existing license, registration or approval.

(Amended: 9/73.)

8.130 Transaction reports. As used in this section, “licensee” means any person to whom a valid nonrestricted gaming license, including a license as an operator of a slot machine route, mobile gaming system, or an inter-casino linked system, manufacturer’s, distributor’s, or disseminator’s license, a license
to engage in off-track pari-mutuel wagering, pari-mutuel systems operator license, pari-mutuel wagering license, operator of interactive gaming license, or an interactive gaming service provider license has been issued. The term does not include a person licensed solely as a holder of a security or other ownership interest in, as an officer, director or key employee of, or due to any other relationship with, a licensed operation.

Any licensee that receives, accepts, or makes use of any cash, property, credit, guaranty, benefit or any form of security loaned to, leased to, or provided for or on behalf of the licensee or an officer, director, agent, employee or stockholder of the licensee, in a transaction required to be reported under subsections 2 through 6, must report the transaction to the Board in the manner required by subsections 7 and 8 within 30 days after the end of the calendar quarter in which the transaction is consummated. A transaction is considered consummated the earlier of the contract date or the date the cash, property, credit, guaranty, benefit or security is received.

Except as provided in subsections 3 and 5, each of the following transactions must be reported to the Board, if the dollar amount of the transaction or the fair market value of the assets involved exceeds $300,000 or the average monthly payment exceeds $30,000:

- Leases, including leaseback transactions and capital leases.
- Deposits received by the licensee pursuant to an arrangement for use of space at the licensee's establishment.
- Installment purchase contracts.
- Property donated to the licensee.
- Except as provided in subsection 5, each of the following transactions must be reported to the Board, if the dollar amount of the transaction exceeds $30,000:
  - Loans, mortgages and trust deeds.
  - Capital contributions and loans by a person who is a stockholder, partner or proprietor of the licensee.
  - Safekeeping deposits which:
    - Are made by an individual beneficially owning, directly or indirectly, a 10 percent or greater interest in the licensee;
    - Are commingled with the licensee's funds;
    - Are left for more than 10 days; and
    - At any time during that period, aggregate to an amount greater than 25 percent of cash in the cage.
  - Lines of credit.
  - Accounts payable and accrued expenses due to unaffiliated persons where the payment terms or actual length of payments exceed 12 months.
  - Conversions of accounts payable, accrued expenses or other liabilities to notes payable.
  - Debts forgiven by a lender.
  - Guaranties received by the licensee.
  - Accruals of salary due to an individual directly or indirectly owning an interest in the licensee where the accrual period exceeds 90 days.

Those transactions in subsections 2 and 3 which occur no more than 7 days apart from a single source shall be considered a single transaction if they exceed the dollar amounts specified in those subsections.

The following transactions need not be reported to the Board regardless of the dollar amount of the transaction, fair market value of the assets involved, or average monthly payment:

- Draws against a previously reported extension of credit.
- Except for items specifically described in subsections 2 or 3, goods or services which are exchanged for other goods or services of an affiliate of the licensee.
- Short-term cash loans which have a payback period of less than 7 days and are provided to the licensee on a regularly recurring basis, provided the terms and conditions of the arrangement have not changed, and provided the initial loan or financing arrangement has been reported.
- Loans and other financing activities that were reviewed during an investigation which resulted in Board or Commission action, provided the terms and conditions of the arrangements have not changed.
- Financing of gaming devices or associated equipment installed and used during a trial period authorized pursuant to Regulation 14.
- Funds received by the licensee in satisfaction of accounts or notes receivable.
Purchases or leases of gaming devices and associated equipment where the seller or lessor is a licensed manufacturer or distributor, and the financing is not provided by a third party.

Cash, property, credit, services, guaranty, benefit or any form of security loaned to or provided for or on behalf of the licensee by a licensed affiliate, licensed subsidiary or registered parent of the licensee. However, such financing from a stockholder, partner, unlicensed affiliate or proprietor of the licensed operation must be reported.

Assessments for property taxes or other improvements by, or accruals for taxes due to, a government entity.

Payments of gaming winnings over time to patrons.

Deposits or payments received by the licensee in conjunction with a convention or similar event.

Leases, including leaseback transactions and capital leases, where the lease term, including any extensions or renewals, does not exceed 90 days.

Financing activity that has been filed and administratively approved by the Board Chair pursuant to Regulations 5.115, 6.125 or 22.040, or has been approved by the Commission pursuant to Regulation 5.115.

All renewals, changes or modifications to the terms or conditions of transactions previously reported under this section must be reported.

The report to the Board required by this section must include the names and addresses of all parties to the transaction, the amount and source of the funds, property or credit received or applied, the nature and amount of security provided by or on behalf of the licensee, the purpose of the transaction, and any additional information the Board may require. For transactions reported pursuant to requirements of subsection 4, the report must also identify the dates of each loan or contribution. The report must be made on a form provided or approved by the Board, accompanied by a fully executed copy of the financing agreement, and signed by an owner or key employee (as defined by Regulation 3.110) under oath.

In the event a party to any transaction reportable pursuant to this regulation is a person other than the reporting licensee or a financial institution or related subsidiary, or a publicly traded company, the report must be accompanied by a supplemental filing which must include that person’s federal tax identification number or social security number and date of birth, banking references, and source of funds, and any additional information the Board may require.

If, after such investigation as the Board deems appropriate, the Commission finds that a reported transaction is inimical to the public health, safety, morals, good order or general welfare of the people of the State of Nevada, or would reflect, or tend to reflect, discredit upon the State of Nevada or the gaming industry, it may order the transaction rescinded within such time and upon such terms and conditions as it deems appropriate.

A bankruptcy filing by a licensee does not relieve that licensee of the reporting requirements of this regulation.

The Board Chair or the Chair’s designee may waive one or more of the provisions of this section or require a report of a transaction not otherwise addressed in this section or a supplemental filing, upon a finding that the waiver, reporting requirement or supplemental filing is consistent with the public policy of the State of Nevada as set forth in NRS 463.0129.

(Amended: 3/70; 6/92; 3/30/95; 11/18/99; 3/06; 12/11; 10/19.)

8.135 Finding of suitability of a person holding an option to acquire an interest in a general partnership licensee.

No person shall acquire or be granted an option to purchase an interest in a general partnership licensee without first notifying the Board, on such forms as may be required by the Board, of the terms and conditions upon which the option was granted or acquired.

The Commission may, upon a recommendation by the Board, require the application of any person for a determination of suitability to hold an option to purchase or otherwise obtain an interest in a general partnership licensee.

(Adopted: 10/90.)

(Adopted: 1/91. Amended: 10/91; 5/92.)

8A.020 Approvals required; applicability; scope of approval.
A person may not enforce a security interest in personal property gaming collateral except as provided by this regulation. The purported enforcement of such security interest without the secured party having complied with the requirements of this regulation is void.
The provisions of this regulation do not apply to the enforcement of a security interest in real property.
Notwithstanding any other provision of this regulation, approval is not required under this regulation to enforce a security interest in a security issued by a holding company, or by a corporation, general partnership, or limited partnership licensee, if the gaming operation has ceased and the operating license has been surrendered to the Board prior to the enforcement of such security interest.
The granting of an approval pursuant to this regulation does not constitute a determination by the Board or Commission as to the validity or enforceability of the security interest.
The granting of an approval pursuant to this regulation does not constitute licensing, registration, or finding of suitability of the secured party, nor approval for further sale, transfer, or other disposition of the gaming collateral subsequent to the enforcement of the security interest.
(Adopted: 1/91. Amended: 10/91.)

8A.030 Application for approval to enforce security interest; investigation; recommendation of the Board.
Except as otherwise specifically provided herein, a secured party shall apply for approval to enforce a security interest in personal property gaming collateral using such forms as the Chair may prescribe. The application shall include a complete schedule and description of the gaming collateral that is the subject of
the security interest, copies of the security agreement and documents evidencing the obligation secured, a statement by the secured party identifying the act of default by the debtor that is the basis for seeking to enforce the security interest, including a copy of any notice of default sent to the debtor, and any other information requested by the Board or Commission.

The Board shall investigate the facts and circumstances related to the application for approval to enforce a security interest. The investigation by the Board may include:

A review of all pertinent documents;

An analysis of the impact upon the debtor of approving the enforcement of the security interest, including an evaluation of the effect of enforcement of the security interest upon the continued operation of the licensed gaming establishment;

A review of the transaction to determine whether the security interest was given in violation of Regulation 8.050, or in an attempt to evade the requirements of the Nevada Revised Statutes and regulations adopted by the Commission regarding the sale, assignment, transfer or other disposition of an interest in a gaming operation or in the type of property subject to this regulation; and

Any other data or information the Board deems relevant to the application.

Where this regulation requires the affirmative approval of the Commission prior to the enforcement of the security interest, the Board shall submit a recommendation to the Commission after the Board completes its investigation.

(Adopted: 1/91. Amended: 5/92.)

8A.040 Enforcement of a security interest in personal property gaming collateral.

The enforcement of a security interest in personal property gaming collateral requires the affirmative approval of the Commission. The Commission shall not approve the enforcement of such security interest if such enforcement will result in any person becoming subject to mandatory licensing, registration, or finding of suitability, unless all persons have been licensed, registered, or found suitable by the Commission, as applicable. The Commission may grant a temporary or permanent waiver of the requirement of prior licensing, registration, or finding of suitability, or may grant delayed licensing, registration, or finding of suitability, upon written request by the secured party and recommendation of the Board, if the Commission makes a written finding that such waiver or delayed licensing, registration, or finding of suitability is consistent with state policy set forth in the Act.

Where an operating license is surrendered pursuant to NRS 463B.080(1)(d), the Commission may, upon its own initiative or upon a request by the secured party, petition a district court for the appointment of a supervisor pursuant to NRS 463B and Regulation 17 to ensure the continuation of the gaming operation upon lapse of the license.

The Chair may permit the licensee or holding company to register or record the securities in its books or records in the name of the secured party pursuant to Regulation 8.040. The Chair may grant such permission only if the secured party has filed an application for approval to enforce a security interest in such securities. Such permission shall be conditioned upon and require that the secured party not exercise any voting rights or other control over the licensee or holding company, and that all dividends payable or other beneficial interest in the securities be held in escrow, pending final action on the application to enforce the security interest.

If a gaming establishment is conveyed to a secured party who does not possess the licenses necessary to operate the establishment, and the licensee ceases gaming operations as a result, the licensee must immediately surrender the licensee’s gaming license and, upon written notification from the Board Chair that the surrender is accepted, the license shall be deemed to have lapsed. The Commission may, upon its own initiative or upon a request by the former secured party of the establishment, petition a district court for the appointment of a supervisor pursuant to NRS 463B and Regulation 17 to ensure the continuation of the gaming operation upon lapse of the license.

Except as provided in subsection 1, any licensee who surrenders, abandons or quits his or her licensed establishment, or who closes all of his or her licensed games for a period exceeding 1 month, shall within 10 days after surrendering, quitting or abandoning his or her licensed establishment or so closing his or her games, surrender his or her license to the Board. The Board may, upon request, authorize closing for longer periods; however, such extension will not permit closing for an entire calendar quarter.

Subsection 2 shall not apply to any gaming establishment which is an adjunct operation of an existing licensee requiring a separate license and which is utilized for special events of less than 10 days duration for each event, provided that the following conditions are complied with:

- All annual license fees are timely paid.
- All quarterly fees for the quarter in which gaming operations are to be conducted are paid prior to commencement of gaming operations.
- Gaming operations are conducted for at least 3 days during the calendar year.
- Written notice of each special event setting forth the hours of operation and number of days gaming will be conducted and the number of games, tables and gaming devices that will be in operation is given to the nearest office of the Board at least 5 days prior to commencement of operation.

The Board Chair or the Chair’s designee may authorize closure of any licensed gaming establishment that temporarily ceases the operation of all licensed games because of natural disaster, fire or other physical destruction of the licensed gaming establishment. In such circumstances, the licensee shall notify the Board of the circumstances requiring closure of the licensed games pending rebuilding or repair of the premises; the anticipated duration of the closure; and the intent of the licensee to commence operation as soon as rebuilding or repairs have been completed. Upon receipt of such notice, the Board Chair or the Chair’s designee, if satisfied that the premises are in fact unusable for continuing gaming, may authorize closure for such time as is necessary upon the following conditions:

For a nonrestricted licensee who operated games, except slot machines only, payment at the normal time for license renewal for each quarter of authorized closure the quarterly state license fee applicable for the operation of one game as required by NRS 463.383, and if appropriate the annual license fee as required by NRS 463.380, as well as any other fee or tax required by NRS chapters 463 or 464.

For a nonrestricted licensee who operated slot machines only, payment at the normal time for license renewal for each quarter of authorized closure the quarterly slot fees and any annual slot fees or taxes which may be due for the operation of one slot machine, as well as any other fee or tax required by NRS chapter 463.

For restricted licensees, payment at the normal time for license renewal of the quarterly state license fee for the operation of one slot machine for each quarter during the authorized closure, as well as payment of the annual slot tax required by NRS 463.385, if appropriate.

In the event of a local or state emergency declaration requiring the closure of a licensed gaming establishment, the licensed gaming establishment may temporarily cease the operation of all licensed
games until the emergency declaration no longer requires such closure and the Board Chair or the Chair’s designee provides written notice that the temporary closure approval is terminated. During any such temporary closure, the conditions set forth in paragraphs (a) - (c) of subsection 4 shall apply. A licensed gaming establishment that has temporarily ceased the operation of all licensed games because of an emergency declaration shall reopen in accordance with the Board Chair’s or the Chair’s designee’s written notice terminating the temporary closure approval, after which time, the provisions of subsection 2 shall apply.

A licensee authorized to temporarily close in accordance with subsections 4 or 5, is a continuing state gaming licensee subject to the provisions of the Nevada Gaming Control Act and regulations adopted thereunder, and shall also be subject to such conditions, by way of placement of a bond, reporting, or otherwise, as may be deemed necessary by the Board. Prior to resumption or partial resumption of gaming operations, licensees shall pay in advance any license fees and taxes due under chapters 463 or 464 of NRS.

(Amended: 9/72; 3/81; 3/91; 8/20.)

9.020 Death or disability of licensee.

In the event of the death or judicially established disability of a licensee or a stockholder of a corporate licensee, the spouse, next of kin, personal representative or guardian of such deceased or disabled person or the person in charge of the licensed establishment, or, in the case of a corporate licensee, a managing officer of such corporation, shall notify the Board immediately of the fact of such death or disability.

In case such deceased or disabled person is the sole licensee for an establishment, the Board Chair may in the Chair’s sole and absolute discretion, authorize the spouse, next of kin, personal representative or guardian of such person to continue the operation of such establishment pending action on an application by such spouse, next of kin, personal representative or guardian for a license to operate such establishment.

In any case in which the interest held by such deceased or disabled person in any licensed establishment would pass by operation of law or otherwise to the person’s estate or to any person other than a co-licensee, such person or the personal representative or guardian of the deceased or disabled person shall, within 30 days after the date of death or disability, make application to the Board for a temporary license as successor in interest, representative or guardian, whichever is appropriate.

The Board may, in its discretion and if satisfied of the necessity of such action, recommend to the Commission that a temporary license be issued to the applicant for such period of time as it may deem necessary. Such temporary license will entitle the person named therein to take part in the operation of such establishment and to receive profits therefrom as successor in interest, representative or guardian of the deceased or disabled person. Such temporary license may not be assigned in whole or in part.

No licensee shall permit any spouse, heir, next of kin, personal representative or guardian to take part in the operation of the licensed establishment, nor pay over to such person any part of the profits of such operation which accrue after the date of death or disability, unless such person is either a co-licensee or the holder of a temporary license as successor in interest, representative or guardian.

(Amended: 4/88.)

9.030 Insolvency of a licensee.

In the event that a licensee files any petition with the bankruptcy court for relief as a debtor or has such a petition filed against it, or a receiver is appointed for such licensed business or an assignment of such business is made for the benefit of creditors, the licensee, trustee, receiver or assignee, as the case may be, shall immediately notify the Board of such fact in writing. Such written notice shall have attached a copy of the petition filed with the court, and any relevant court orders such as orders appointing trustees, receivers, or assignees.

No licensed establishment shall be operated by any trustee, receiver or assignee for the benefit of creditors until such operation has been authorized by the Commission. In an emergency situation, any three members of the Commission may authorize the continuation of such operation pending action by the Board and the Commission.

Any such trustee, receiver, or assignee desiring to continue operation of the licensed establishment shall immediately make application for permission to do so. Application shall be made in the same manner
as an application for an initial license; but the operation, if approved, shall be deemed to continue under the existing license of the establishment.

Permission for such trustee, receiver, or assignee to continue the operation of the licensed establishment may be summarily withdrawn at any time in the discretion of the Commission without the necessity of any hearing or proceedings for revocation or suspension.

(Amended: 11/82.)

(Adopted: 6/87. Amended: 12/91; 08/14.)

12.020 Approval of chips and tokens; applications and procedures.

A licensee shall not issue any chips or tokens for use in its gaming establishment, or redeem any such chips or tokens, unless the chips or tokens have been approved in writing by the Chair. A licensee shall not issue any chips or tokens for use in its gaming establishment, or redeem any such chips or tokens, that are modifications of chips or tokens previously approved by the Chair, unless the modifications have been approved in writing by the Chair.

Applications for approval of chips, tokens, and modifications to previously-approved chips or tokens must be made, processed, and determined in such manner and using such forms as the Chair may prescribe. Only nonrestricted licensees, operators of slot machine routes, or the manufacturer authorized by these licensees to produce the chips or tokens, may apply for such approval. Each application must include, in addition to such other items or information as the Chair may require:

An exact drawing, in color or in black-and-white, of each side and the edge of the proposed chip or token, drawn to actual size or drawn to larger than actual size and in scale, and showing the measurements of the proposed chip or token in each dimension;

Written specifications for the proposed chips or tokens;
The name and address of the manufacturer;
The licensee’s intended use for the proposed chips or tokens; and

A verification upon oath or notarized affirmation, executed by the chief operating officer of the chip or token manufacturer, or a person with equivalent responsibilities, that it has a written system of internal control, approved by the Chair, which describes in detail the current administrative, accounting and security procedures which are utilized in the manufacture, storage and shipment of the chips, tokens and related material. The written system must include at a minimum, a detailed, narrative description of the procedures and controls implemented to ensure the integrity and security of the manufacturing process, from design through shipment, including but not limited to those procedures and controls designed specifically to:

Provide for the secure storage or destruction of all pre-production prototypes, samples, production rejects and other nonsalable product.

Provide security over the finished art work, hubs, plates, dies, molds, stamps and other related items which are used in the manufacturing process.

Prevent the unauthorized removal of product from the production facility through the utilization of security devices such as metal detectors, and surveillance cameras.
Restrict access to raw materials, work-in-process, and finished goods inventories to authorized personnel.

Establish procedures for documenting approval of production runs.

Establish and maintain a perpetual inventory system which adequately documents the flow of materials through the manufacturing process.

Establish procedures which reconcile the raw material used to the finished product on a job-by-job basis. Significant variances are to be documented, investigated by management personnel, and immediately reported to the Enforcement Division and to the licensee who authorized the manufacturer to produce the chips or tokens.

Provide for quarterly physical inventory counts to be performed by individual(s) independent of the manufacturing process which are reconciled to the perpetual inventory records. Significant variances are to be documented, investigated by management personnel, and immediately reported to the Board Enforcement Division.

Provide such other or additional information as the Chair may require.

The Chair may in writing approve variations from the specific requirements of this regulation if in the opinion of the Chair the alternative controls and procedures meet the objectives of this regulation.

If, after receiving and reviewing the items and information described by this regulation, the Chair is satisfied that the proposed chips, tokens and related information conform to the requirements of this regulation, the Chair shall notify the licensee or the manufacturer authorized by the licensee to produce the chips or tokens in writing and shall request, and the licensee or the manufacturer shall provide a sample of the proposed chips or tokens in final, manufactured form. If the Chair is satisfied that the sample conforms with the requirements of this regulation and with the information submitted with the licensee’s application, the Chair shall approve the proposed chips or tokens and notify the licensee in writing. As a condition of approval of chips or tokens issued for use at the licensee’s race book, sports pool, or specific table or counter game, the Chair may prohibit the licensee from using the chips or tokens other than at the book, pool, or specific game. The Board may retain the sample chips and tokens submitted pursuant to this subsection.

At the time of approval of a system of internal control, the Chair may require the manufacturer to provide, and thereafter maintain with the Board, a revolving fund in an amount determined by the Chair, which amount shall not exceed $10,000. The Board and its staff may use the revolving fund at any time without notice, for the purpose of implementing the provisions of this regulation.

12.030 Specifications for chips and tokens.

Chips and tokens must be designed, manufactured, and constructed in compliance with all applicable statutes, regulations, and policies of the United States, Nevada, and other states, and so as to prevent counterfeiting of the chips and tokens to the extent reasonably possible. Chips and tokens must not deceptively resemble any current or past coinage of the United States or any other nation.

In addition to such other specifications as the Chair may approve:

The name of the issuing gaming establishment must be inscribed on each side of each chip and token, and the city or other locality and the state where the establishment is located must be inscribed on at least one side of each chip and token;

The value of the chip or token must be inscribed on each side of each chip and token, other than chips used exclusively at roulette;

The manufacturer’s name or a distinctive logo or other mark identifying the manufacturer must be inscribed on at least one side of each chip and token; and

Each chip must be designed so that when stacked with chips and tokens of other denominations and viewed on closed-circuit, black-and-white television, the denomination of the chip can be distinguished from that of the other chips and tokens in the stack.

The names of the city or other locality and the state where the establishment is located must be inscribed on at least one side of each chip and token unless the Chair finds, after application by a licensee, that such an inscription is not necessary because:
The name of the issuing establishment is unique to one readily identifiable establishment in all gaming jurisdictions; or

The inclusion of the city or other locality and the state is not necessary or beneficial for any regulatory purpose relating to the applicant.

Any application submitted pursuant to subsection 3 must be signed by the chief executive officer of the applicant and be on a form prescribed by the Chair.

Any approval by the Chair for the deletion of such an inscription shall be in writing and be limited to that period of time in which the name of the licensee is limited to one establishment and conditioned so that it may be withdrawn in the future if the Chair determines that the deletion results in confusion with the chips or tokens of another establishment or if such inclusion is deemed necessary or beneficial for any regulatory purpose.

A copy of any approval or disapproval or other decision by the Chair pursuant to the authority delegated in subsection 3 must be submitted to the other members of the Board and the Commission Chair within 5 working days thereafter and may be relied on by the applicant if within 20 working days after such submission:

A member of the Board does not request a review by the entire Board; or
The Commission Chair does not include the matter on the next available Commission agenda.

In the event of such a request by a Board member, or such action by the Commission Chair, the application or other related issue(s) shall be considered and decided by the Commission upon the recommendation of the Board.

(Adopted: 6/87. Amended: 8/89; 12/91.)

- 1.6875 inches, for chips used exclusively at race books and sports pools or other counter games.

Each side of each chip issued for use exclusively at a race book, sports pool, or particular game must bear an inscription clearly indicating that use of the chip is so restricted.

(Adopted: 6/87.)

12.050 Specifications for tokens.

Unless the Chair approves otherwise, tokens must be disk-shaped and must measure as follows:

Five dollar denomination tokens must be 1.75 inches in diameter, from .115 through .135 inch thick, and, if the token has reeds or serrations on its edges, the number of reeds or serrations must not exceed 175;

Tokens of other denominations must have such measurements and edge reeds or serrations as the Chair may approve or require.

The Chair shall not approve any tokens of denominations lower than one dollar.

Tokens must not be manufactured from material possessing sufficient magnetic properties so as to be accepted by a coin mechanism, other than that of a slot machine.

Tokens must not be manufactured from a three-layered material consisting of a copper-nickel alloy clad on both sides of a pure copper core, nor from a copper-based material, unless the total of zinc, nickel, aluminum, magnesium, and other alloying materials is at least 20 percent of the token’s weight.

(Adopted: 6/87.)
12.060 Use of chips and tokens.

Chips and tokens are solely representatives of value which evidence a debt owed to their custodian by the licensee that issued them and are not the property of anyone other than that licensee.

A licensee that uses chips or tokens at its gaming establishment shall:

- Comply with all applicable statutes, regulations, and policies of Nevada and of the United States pertaining to chips or tokens;
- Issue chips and tokens only to patrons of its gaming establishment and only at their request;
- Promptly redeem its own chips and tokens from its patrons by cash or check drawn on an account of the licensee;
- Post conspicuous signs at its establishment notifying patrons that federal law prohibits the use of the licensee's tokens, that state law prohibits the use of the licensee's chips, outside the establishment for any monetary purpose whatever, and that the chips and tokens issued by the licensee are the property of the licensee, only; and
- Take reasonable steps, including examining chips and tokens and segregating those issued by other licensees to prevent the issuance to its patrons of chips and tokens issued by another licensee.

A licensee shall not accept chips or tokens as payment for any goods or services offered at the licensee's gaming establishment with the exception of the specific use for which the chips or tokens were issued, and shall not give chips or tokens as change in any other transaction.

A licensee shall not redeem its chips or tokens if presented by a person who the licensee knows or reasonably should know is not a patron of its gaming establishment, except that a licensee shall promptly redeem its chips and tokens if presented by:

- Another licensee who represents that it redeemed the chips and tokens from its patrons or received them unknowingly, inadvertently, or unavoidably;
- An employee of the licensee who presents the chips and tokens in the normal course of employment; or
- A person engaged in the business of collecting from licensees chips and tokens issued by other licensees and presenting them to the issuing licensees for redemption.

A licensee may redeem its chips and tokens if presented by an agent of the Board in the performance of the agent’s official duties or on behalf of another governmental agency.

A licensee shall not knowingly issue, use, permit the use of, or redeem chips or tokens issued by another licensee, except as follows:

- A licensee may redeem tokens issued by another licensee if:
  - The tokens are presented by a patron for redemption to a cashier of the licensee’s gaming establishment or, in the case of a location having slot machines operated by a licensed operator of a slot machine route, if a patron presents them to the operator’s employee at the location; or
  - The tokens are presented by a patron at a table game; and
  - The licensees redeems the tokens with tokens of its own, separates and properly accounts for the redeemed tokens during the count performed pursuant to the licensee’s system of internal control required by Regulation 6, and places the redeemed tokens in the table’s drop box, if redeemed at a table game; and
  - A licensee may redeem chips issued by another licensee if:
    - The chips are presented by a patron for redemption at the cashier’s cage of the licensee’s gaming establishment;
    - The chips are presented by a patron at a table game, and the licensee redeems the chips with chips of its own, places the redeemed chips in the table’s drop box, and separates and properly accounts for the redeemed chips during the count performed pursuant to the licensee’s system of internal control submitted pursuant to Regulation 6.050 or 6.060; or
    - The chips are presented by a patron as payment on a race, pari-mutuel, or sports wager to a book located on the premises of the licensee which issued the chips; and
    - An operator of a slot machine route or its employee may redeem tokens that are issued by the operator for use at another location.

Chips whose use is restricted to uses other than at table games or other than at specified table games may be redeemed by the issuing licensee at table games or non-specified table games if the chips are presented by a patron, and the licensee redeems the chips with chips issued for use at the game, places the redeemed chips in the table’s drop box, and separates and properly accounts for the redeemed chips during the count performed pursuant to the licensee’s system of internal control required by Regulation 6.
Tokens may be used only at gaming establishments operated by persons holding nonrestricted gaming licenses, including restricted locations at which gaming devices are operated by licensed operators of slot machine routes.
(Adopted: 6/87. Amended: 8/88; 12/91; 2/94; 11/10; 08/14.)

12.070 Redemption and disposal of discontinued chips and tokens.
A licensee that permanently removes from use or replaces approved chips or tokens at its gaming establishment, or that ceases operating its gaming establishment whether because of closure or sale of the establishment or any other reason, must prepare a plan for redeeming discontinued chips and tokens that remain outstanding at the time of discontinuance. The licensee must submit the plan in writing to the Chair not later than 30 days before the proposed removal, replacement, sale, or closure, unless the closure or other cause for discontinuance of the chips or tokens cannot reasonably be anticipated, in which event the licensee must submit the plan as soon as reasonably practicable. The Chair may approve the plan or require reasonable modifications as a condition of approval. Upon approval of the plan, the licensee shall implement the plan as approved.

In addition to such other reasonable provisions as the Chair may approve or require, the plan must provide for:
Redemption of outstanding, discontinued chips and tokens in accordance with this regulation for at least 120 days after the removal or replacement of the chips or tokens or for at least 120 days after operations cease, as the case may be, or for such longer or shorter period as the Chair may for good cause approve or require;
Redemption of the chips and tokens at the premises of the gaming establishment or at such other location as the Chair may approve;
Publication of notice of the discontinuance of the chips and tokens and of the redemption and the pertinent times and locations in at least two newspapers of general circulation in Nevada at least twice during each week of the redemption period, subject to the Chair’s approval of the form of the notice, the newspapers selected for publication, and the specific days of publication;
Conspicuous posting of the notice described in paragraph (c) at the gaming establishment or other redemption location; and
Destruction or such other disposition of the discontinued chips and tokens as the Chair may approve or require.
(Adopted: 6/87.)

12.080 Destruction of counterfeit chips and tokens.
As used in this section, “counterfeit chips or tokens” means any chip- or token-like objects that have not been approved pursuant to this regulation, including objects commonly referred to as “slugs,” but not including coins of the United States or any other nation.

Unless a peace officer instructs or a court of competent jurisdiction orders otherwise in a particular case, licensees shall destroy or otherwise dispose of counterfeit chips and tokens discovered at their establishments in such manner as the Chair may approve or require.

Unless a peace officer instructs or a court of competent jurisdiction orders otherwise in a particular case, licensees may dispose of coins of the United States or any other nation discovered to have been unlawfully used at their establishments by including them in their coin inventories or, in the case of foreign coins, by exchanging them for United States currency or coins and including same in their currency or coin inventories, or by disposing of them in any other lawful manner.

Each licensee shall record, in addition to such other information as the Chair may require:
The number and denominations, actual and purported, of the coins and counterfeit chips and tokens destroyed or otherwise disposed of pursuant to this section;
The month during which they were discovered;
The date, place, and method of destruction or other disposition, including, in the case of foreign coin exchanges, the exchange rate and the identity of the bank, exchange company, or other business or person at which or with whom the coins are exchanged; and
The names of the persons carrying out the destruction or other disposition on behalf of the licensee.
Each licensee shall maintain each record required by this subsection for at least 5 years, unless the Chair approves or requires otherwise.
(Adopted: 6/87.)
12.090 Promotional and tournament chips and tokens.

As used in this section, “promotional chip” means a chip- or token-like object issued by a licensee for use in promotions or tournaments at the licensee’s gaming establishment.

Each side of each promotional chip must conspicuously bear the inscription “No Cash Value”;

Promotional chips must not be used, and licensees shall not permit their use, in transactions other than the promotions or tournaments for which they are issued; and

The provisions of section 12.070 of this regulation shall not apply to promotional chips.

(Adopted: 6/87.)

12.100 Other instrumentalities. Other instrumentalities with which gaming is conducted must be designed, manufactured, approved, used, discontinued, destroyed, or otherwise disposed of in accordance with the provisions of this regulation applicable to chips and tokens, except as follows:

Such other instrumentalities must be of such shape, size, and design and have such other specifications as the Chair may approve or require; and

The Chair, in the Chair’s sole and absolute discretion, may deny approval of instrumentalities other than chips and tokens or may grant approval subject to such conditions as the Chair considers appropriate.

- Random number generation process;
- Mapping of random numbers to game elements to determine game outcome;
- Evaluation of the randomly selected game elements to determine win or loss;

  Monitoring and generation of game tilts or error conditions; and

  Game operating systems which are specifically designed and intended for use in a gaming device.

  The term does not include software used for artistic attributes of a game including graphics, sound and animation providing entertainment unless such elements are material to game play because they are necessary for the player to understand the game or game outcome.

"Distribution" or "distribute" means the sale, offering for sale, lease, offering for lease, licensing or other offer of any gaming device, associated equipment, cashless wagering system, mobile gaming system or interactive gaming system for use or play in Nevada.

"Distributor" means a person who operates, carries on, conducts or maintains any form of distribution.

"Distributor of associated equipment" is any person that sells, offers to sell, leases, offers to lease, licenses, markets, offers, or otherwise offers associated equipment in Nevada for use by licensees.

"Game of chance" means a game in which randomness determines all outcomes of the game as determined over a period of continuous play.

"Game of skill" means a game in which the skill of the player, rather than chance, is the dominant factor in affecting the outcome of the game as determined over a period of continuous play.

"Game outcome" is the final result of the wager.

"Game variation" means a change or alteration in a game or gambling game that affects the manner or mode of play of an approved game. This includes, but is not limited to, the addition or removal of wagering opportunities or a change in the theoretical hold percentage of the game. The term game or gambling game is defined in NRS 463.0152.

Gaming devices and associated equipment that incorporate innovative, alternative and advanced technology are beneficial to and in the best interests of the State of Nevada and it is the policy of the Commission to encourage the development and deployment of such technologies by manufacturers, distributors and gaming establishments to the extent consistent with the declared policy of this state as set forth in NRS 463.0129 and section 1 of Chapter 108 of the 2015 Statutes of Nevada.

(Adopted: 9/15.)

14.020 License required; applications; investigative fees; registration of a manufacturer or distributor of associated equipment.

Except as provided for in subsection 2 of NRS 463.160 and subsections 2 to 7 of NRS 463.650, a person may only act as a manufacturer, distributor, or operator if that person holds a license specifically permitting the person to act as such.

An application for a manufacturer’s, distributor’s, or operator’s license shall be subject to the application and investigative fees established pursuant to section 4.070 of these regulations.

Any manufacturer or distributor of associated equipment for use in this State, other than a licensee as defined under NRS 463.0171, must register with the Board pursuant to NRS 463.665 if such associated equipment:

(Adopted: 7/89. Amended: 5/00; 5/03; 12/11; 3/12; 11/15; 12/18.)

14.021 Independent contractors; registration. [Repealed: 7/28/11.]

14.0215 Determination of suitability.

A person is not subject to licensing pursuant to subsection 1 of NRS 463.650 in connection with activities performed as an independent contractor provided that person complies with the requirements of this regulation governing independent contractors. Any other person who designs, develops, programs, produces or composes a control program for use in a gaming device in Nevada must be licensed in accordance with NRS 463.650.

An independent contractor may be required by the Commission, upon recommendation of the Board, to file an application for a finding of suitability to be an independent contractor for a licensed manufacturer.

The Commission shall give written notice to the independent contractor of its decision to require the filing of an application for a finding of suitability. Unless otherwise stated by the Commission in its written notice, an independent contractor who has been ordered to file an application for a finding of suitability to be an independent contractor may continue to perform under a contract with a manufacturer unless and until the Commission finds the independent contractor unsuitable.

If the Commission finds an independent contractor to be unsuitable:

- All licensed manufacturers shall, upon written notification, immediately terminate any existing relationships, direct or indirect, with the unsuitable independent contractor;
- No new gaming device with a control program that contains software, source language, or executable code created in whole or in part by the unsuitable independent contractor shall be approved; and
- Any previously approved gaming device with a control program that contains software, source language, or executable code created in whole or in part by the unsuitable independent contractor is subject to revocation of its approval if the reasons for the finding of unsuitability also apply to that gaming device.

Failure of a licensed manufacturer to terminate any association or agreement with an independent contractor after receiving notice of the determination of unsuitability constitutes an unsuitable method of operation.

The Commission retains jurisdiction to determine the suitability of an independent contractor regardless of whether or not the independent contractor has any active agreements with licensed manufacturers or is otherwise no longer functioning as an independent contractor.

A failure on the part of an independent contractor to submit an application for a finding of suitability within 30 days after being required to do so by the Commission shall constitute grounds for a finding of unsuitability of the independent contractor.
An independent contractor, or employee thereof, is not considered a gaming employee under NRS 463.0157 in relation to any work conducted designing, programming, producing or composing a control program within the scope of an agreement entered into with a licensed manufacturer. An independent contractor or employee thereof, is in no way exempt from being classified as a gaming employee under NRS 463.0157 for such work performed outside the scope of an agreement with a licensed manufacturer or for other work performed related to gaming.

14.023 Manufacturer’s agreements with independent contractors. Any agreement between a licensed manufacturer and an independent contractor shall provide for termination without continuing obligation of the licensed manufacturer in the event the independent contractor:
- Refuses to respond to information requests from the Board;
- Fails to file an application for a finding of suitability as required by the Commission; or
- Is found unsuitable by the Commission.

(Adopted: 4/22/10. Effective: 7/1/10.)

14.024 Manufacturer’s responsibilities for independent contractors. Each licensed manufacturer must:
- Complete a review of any software, source language or executable code designed, developed, produced or composed by an independent contractor for compliance with all applicable regulations and technical standards of the Commission and Board prior to submission to the Board; and
- As to such submission, maintain a record of the general subject matter description of the software, source language or executable code that was designed, developed, produced or composed by an independent contractor, by independent contractor name.

Unless the Chair approves or requires otherwise in writing, such records shall be maintained for a minimum of five years from the date of the relevant submission and must be made available to the Board upon request. Failure to keep and provide such records is an unsuitable method of operation.

A gaming device or gaming device modification submitted for approval by a manufacturer or made available for play by a licensee must not use a theme that:
- Is derived from or based on a product that is currently and primarily intended or marketed for use by persons under 21 years of age, or
- Depicts a subject or material that:
  - Is obscene;
  - Offensively portrays persons based on race, religion, national origin, gender, or sexual preference;
  - Or
  - Is otherwise contrary to the public policy of this state as set forth in NRS 463.0129.

A manufacturer, licensee or other person holding the intellectual property rights to a theme may, concurrent with or independent of an application for approval of or modification to a gaming device, file a request with the Chair, in such manner and using such forms as the Chair may prescribe, for a determination as to whether subsection 1 prohibits use of the theme in connection with a gaming device.

The request for determination must be accompanied by a nonrefundable fee of $500 for each separate theme.

The requesting party shall articulate the reasons that the theme is not prohibited by subsection 1 along with any additional information it deems relevant to the determination. Information submitted pursuant to this section is confidential and subject to the provisions of NRS 463.120 and NRS 463.3407;

Within 30 days of the submission of the request for determination pursuant to subsection 2, the Chair shall administratively approve, approve with modification or condition, or deny the request for determination.

A written request for withdrawal of the request for determination may be made by the requesting party at any time prior to the Chair’s final action on such request. A request for withdrawal is effective upon delivery to the Chair and is without prejudice. For purposes of this subsection, “final action” means the Chair’s administrative approval, with or without modification or condition, or denial of the request for determination made pursuant to subsection 3.
The requesting party may appeal to the Commission the administrative decision of the Chair. The appeal shall be made and processed pursuant to section 4.195 of these regulations, except such an appeal may be taken without first submitting the matter to the Board for review of such administrative decision in accordance with section 4.190 of these regulations.

This section does not apply to any themes that were used in connection with gaming devices that were approved for play prior to January 27, 2000.

(Adopted: 1/27/00. Amended: 9/15; 12/18.)

14.030 Approval of gaming devices and the operation of new inter-casino linked systems; applications and procedures.

A manufacturer or distributor shall not distribute a gaming device in Nevada and a licensee shall not offer a gaming device for play unless it has been approved by the Commission or is offered for play pursuant to a field test ordered by the Chair.

An operator of an inter-casino linked system shall not install and operate a new inter-casino linked system in Nevada and a licensee shall not offer any gaming device or game for play that is part of such a system unless operation of the inter-casino linked system and all gaming devices or games that are part of or connected to the inter-casino linked system have been approved by the Commission or are offered for play pursuant to a field test ordered by the Chair.

Applications for approval of a new gaming device or to operate a new inter-casino linked system shall be made and processed in such manner and using such forms as the Chair may prescribe. Only licensed manufacturers may apply for approval of a new gaming device. Only operators may apply for approval to operate a new inter-casino linked system.

At the Chair’s request an applicant for a manufacturer’s or inter-casino linked system operator’s license shall, or upon the Chair’s prior approval an applicant for a manufacturer’s or operator’s license may, apply for a preliminary determination that a new gaming device or new inter-casino linked system meets the standards required by this regulation.

Each application shall include, in addition to other items or information as the Chair may require:

A complete, comprehensive, and technically accurate description and explanation in both technical and lay language of the manner in which the gaming device or inter-casino linked system operates and complies with all applicable statutes, regulations and technical standards, signed under penalty of perjury;

A statement under penalty of perjury that, to the best of the manufacturer’s knowledge, the gaming device meets the standards of section 14.040 or, in the case of an inter-casino linked system, that to the best of the operator’s knowledge the system meets the standards of section 14.045;

In the case of a gaming device, a copy of all executable software, including data and graphic information, and a copy of all source code for programs that cannot be reasonably demonstrated to have any use other than in a gaming device, submitted using a method acceptable to the Chair;

In the case of a gaming device, a copy of all graphical images displayed on the gaming device including, but not limited to, reel strips, rules, instructions and paytables;

In the case of an inter-casino linked system:

An operator’s manual;

A graphical representation of the system theme and all related signage;

Information sufficient to calculate a theoretical payoff schedule amount including, but not limited to, the base and reset amounts, the total contribution percentage and a breakdown of that percentage including contribution rates to all progressive payoff schedules and all reset funds, the odds of winning the progressive payoff schedule and the amount of the wager required to win the progressive payoff schedule; and

The form of any agreement or written specifications permitted or required of an operator by any other state or tribal government and affecting a multi-jurisdictional progressive prize system;

In the case of a mobile gaming system:

An operator’s manual;

A network topology diagram; and

An internal control system; and
All materials relating to the results of the registered independent testing laboratory’s inspection and certification process that are required under section 14.400.
(Adopted: 7/89. Amended: 11/20/97; 1/27/00; 5/00; 5/03; 3/06; 7/10; 3/12; 11/13; 12/18; 6/20.)

All gaming devices must:
Theoretically pay out a mathematically demonstrable percentage of all amounts wagered, which must not be less than 75 percent for each wager available for play on the device.
Determine game outcome solely by the application of:
Chance;
The skill of the player; or
A combination of the skill of the player and chance.
Display in an accurate and non-misleading manner:
The rules of play;
The amount required to wager on the game or series of games in a gaming session;
The amount to be paid on winning wagers;
Any rake-off percentage or any fee charged to play the game or series of games in a gaming session;
Any monetary wagering limits for games representative of live gambling games;
The total amount wagered by the player;
The game outcome; and
Such additional information sufficient for the player to reasonably understand the game outcome.
Satisfy the technical standards adopted pursuant to section 14.050.
Once a game is initiated by a player on a gaming device, the rules of play for that game, including the probability and award of a game outcome, cannot be changed. In the event the game or rules of play for the game, including probability and award of a game outcome, change between games during a gaming session, notice of the change must be prominently displayed to the player.
Gaming devices connected to a common payoff schedule shall:
All be of the same denomination and have equivalent odds of winning the common payoff schedule/common award based as applicable on either or both of the combined influence of the attributes of chance and skill; or
If of different denominations, equalize the expected value of winning the payoff schedule/common award on the various denominations by setting the odds of winning the payoff schedule in proportion to the amount wagered based as applicable on either or both the combined influence of the attributes of chance and skill, or by requiring the same wager to win the payoff schedule/award regardless of the device’s denomination. The method of equalizing the expected value of winning the common payoff schedule/common award shall be conspicuously displayed on each device connected to the common payoff schedule/common award. For the purposes of this requirement, equivalent is defined as within a five percent tolerance for expected value and no more than a one percent tolerance on return to player or payback.
All possible game outcomes must be available upon the initiation of each play of a game upon which a player commits a wager on a gaming device.
For gaming devices that are representative of live gambling games, the mathematical probability of a symbol or other element appearing in a game outcome must be equal to the mathematical probability of that symbol or element occurring in the live gambling game.
Gaming devices that offer games of skill or hybrid games must indicate prominently on the gaming device that the outcome of the game is affected by player skill.
Gaming devices must not alter any function of the device based on the actual hold percentage.
Gaming devices may use an identifier to determine which games are presented to or available for selection by a player.
For gaming devices manufactured and distributed before September 28, 1989, the Chair may waive the requirements of paragraph (d) of subsection 1 for a licensee exposing a gaming device to the public for play, if the licensee can demonstrate to the Chair’s satisfaction that:
After the waiver the aggregate theoretical payout for all amounts wagered on all gaming devices exposed for play by the licensee at a single establishment meets the 75 percent standard of paragraph (a) of subsection 1, and
The licensee is unable to bring the device into compliance with the requirements of paragraph (a) of subsection 1 because of excessive cost or the unavailability of parts.

The Chair may waive for good cause shown the requirements of a technical standard for a game. The Chair has full and absolute authority to condition or limit a waiver granted under this section for any cause deemed reasonable.

14.045 Minimum standards for inter-casino linked systems. All inter-casino linked systems submitted for approval:

Shall, in the case of an inter-casino linked system featuring a progressive payoff schedule that increases as the inter-casino linked system is played, have a minimum rate of progression for the primary jackpot meter of not less than .4 of one percent of amounts wagered. In the case of an inter-casino linked system featuring a progressive payoff schedule that increases over time, have a minimum rate of progression for the primary jackpot meter of not less than one hundred dollars per day. The provisions of this subsection do not prevent an operator from limiting a progressive payoff schedule as allowed by subsection 5 of section 5.112 of these regulations.

Shall have a method to secure data transmissions between the games and devices and the main computer of the operator, as approved by the Board.

Shall display the rules of play and the payoff schedule.

Shall meet the applicable minimum standards for internal control that have been adopted pursuant to section 6.090 of these regulations.

(Adopted: 5/00. Amended: 5/03; 7/10; 12/18.)

The Chair shall:

Publish notice of proposed technical standards or revisions by posting the proposed changes or revisions on the Board’s website;

Mail notice of the posting of the proposed technical standards or revisions on the Board’s website and a copy of this section to every nonrestricted licensee, licensed manufacturer and every person who has filed a request with the Commission; and

Provide a copy of the proposed technical standards or revisions to the Commission.

The Chair shall consider all written statements, arguments, or contentions submitted by interested parties within 30 days of service of the notice provided for in subsection 2.

Not later than 45 days after service of written notice that the Chair has proposed the technical standards or revisions, any nonrestricted licensee or licensed manufacturer may object to the technical standards or revisions by filing a written objection with the Commission.

The Commission shall consider any objections filed to the technical standards or revisions proposed by the Chair. If the Commission does not concur with any of the technical standards, the Chair shall revise the technical standards to reflect the order of the Commission.

The Chair shall send written notice of the effective date of the standards or revisions to all nonrestricted licensees, licensed manufacturers and every person who has filed a request with the Commission.

Nonrestricted licensees or licensed manufacturers may propose the adoption, revision, or deletion of technical standards by submitting a written request to the Chair who will consider the request at the Chair’s discretion. If the Chair does not propose the technical standard, the nonrestricted licensee or licensed manufacturers may file a request with the Commission to adopt, revise, or delete a technical standard. The Commission may consider the request at its discretion.

14.070 Board evaluation of new gaming devices. The Chair may require transportation of not more than two working models of a new gaming device to the new game lab of the Board or some other location for review and inspection. The manufacturer seeking approval of the device must pay the cost of the inspection and investigation. The lab may dismantle the models and may destroy electronic components in order to fully evaluate the device. 14.075 Board evaluation of inter-casino linked systems. The Chair may require transportation of not more than one working model of an inter-casino linked system to the Board's offices or some other location for review and inspection pursuant to section 14.260. The associated equipment manufacturer seeking approval of the system shall pay the cost of the inspection and investigation. The Board may dismantle the model and may destroy electronic components in order to fully evaluate the inter-casino linked system. The Chair may require that the operator of an inter-casino linked system provide specialized equipment or the services of an independent technical expert to evaluate the inter-casino linked system.

(Adopted: 5/00. Amended: 5/03; 12/18.)

14.080 Field test of new gaming devices and new inter-casino linked systems.

The Chair, in accordance with section 14.015, may allow or require that one or more models of a new gaming device or inter-casino linked system be tested at a licensed gaming establishment(s) for not more than 180 days under terms and conditions that the Chair may approve or require. Upon written request of the manufacturer, distributor or operator, the Chair may, by written agreement, allow the test period to be continued an additional 90 days beyond the 180-day maximum field test period, for the purpose of allowing the application for approval of the new gaming device or application to operate a new inter-casino linked system to be acted upon by the Board and Commission. The Chair shall report all field tests on the agenda of the next regularly scheduled meeting of the Board and Commission.

In the interests of expediting the introduction of innovative, alternative and advanced technology for gaming devices and inter-casino linked systems for use or play in Nevada, a manufacturer may request its new gaming device or inter-casino linked system be considered for evaluation under New Innovation Beta as an alternative to the field testing process set forth under subsection 1. For purposes of this section only, the term "New Innovation Beta" means a process of evaluating a new gaming device or inter-casino linked system utilizing a field testing period under conditions and limitations described in this subsection.

The terms and conditions imposed under the New Innovation Beta will be set forth by the Chair, and shall include, without limitation, requirements that:

A licensee notify patrons that the new gaming device or inter-casino linked system is part of such a field test and is being exposed for play prior to finalization of the product in order to allow the evaluation of the gaming device or inter-casino linked system at an earlier stage of the regulatory approval process and

A field test will be for a period of not more than 270 days. Upon written request of the manufacturer, distributor, or operator, the Chair may, by written agreement, allow the test period to be continued an additional 90 days beyond the 270-day maximum New Innovation Beta field test period, for the purpose of
allowing the application for approval of the new gaming device or application to operate a new inter-casino linked system to be acted upon by the Board and Commission.

The decision whether to permit a new gaming device or inter-casino linked system to be evaluated utilizing New Innovation Beta is at the sole and absolute discretion of the Chair.

When considering the request to evaluate a new gaming device or inter-casino linked system utilizing New Innovation Beta, the Chair will consider factors including, without limitation, the ability of the gaming device to accurately determine, evaluate, and display the game outcome, the ability of the gaming device to accurately process the acceptance and award of all payments, and the extent to which an inter-casino linked system complies with the requirements of section 14.045.

The Chair may also consider the approval status of the gaming device or inter-casino linked system in another state or foreign jurisdiction in which gaming is legal and regulated by a government agency with standards for gaming devices and inter-casino linked systems materially the same as those in Nevada, the determination of which is within the sole discretion of the Chair.

A manufacturer shall not modify a gaming device and an operator shall not modify a new inter-casino linked system during the test period without the prior written approval of the Chair.

The Chair may order termination of the test period, if the Chair determines, in the Chair’s sole and absolute discretion, that the manufacturer, operator, or licensed gaming establishment has not complied with the terms and conditions of the order allowing or requiring a test period or for any cause deemed reasonable.

If the test period is terminated due to the licensed gaming establishment’s failure to comply with the terms and conditions of the order allowing or requiring a test period, the Chair may order that the test be conducted at another licensed gaming establishment.

A manufacturer or operator may object to the termination of the test period by filing a written objection with the Commission. The filing of an objection shall not stay the order terminating the test. If the Commission fails to order resumption of the test within 60 days of the written objection, the objection will be deemed denied. If the Commission sustains the objection, the testing may be resumed under terms that may be approved or required by the Commission.

A licensee or manufacturer, or their agent shall not play a new gaming device during a test period.

A licensee or operator, or their agent, shall not play a gaming device or game connected to a new inter-casino linked system during a test period.

If the Chair has made a determination that a new gaming device or new inter-casino linked system is not eligible for testing at a licensed gaming establishment, the Chair shall notify the manufacturer or operator in writing. Not later than 10 days after receipt of such notification, the manufacturer or operator may object to such a determination by filing written objection with the Commission. If the Commission fails to order a test period within 60 days of the written objection, the objection will be deemed denied. If the Commission sustains the objection, the new gaming device or new inter-casino linked system may be tested at a licensed gaming establishment under terms and conditions that may be approved or required by the Commission.

(Adopted: 7/89. Amended: 10/90; 5/00; 5/03; 3/06; 7/10; 10/16; 6/20.)

14.090 Certification by manufacturer.

After completing its evaluation of a new gaming device, the Board’s new games lab shall send a report of its evaluation to the manufacturer seeking approval of the device. The report must include an explanation of the manner in which the device operates. The report must not include a position as to whether the device should be approved. The manufacturer shall return the report within 15 business days and shall either:

Certify under penalty of perjury that to the best of its knowledge the explanation is correct; or

Make appropriate corrections, clarifications, or additions to the report and certify under penalty of perjury that to the best of its knowledge the explanation of the gaming device is correct as amended.

The Chair may order additional evaluation and a field test of the new gaming device of up to 60 days in addition to the test period provided for in section 14.080 if the Chair determines, based upon the manufacturer’s certification, that such additional evaluation is necessary.

(Adopted: 7/89. Amended: 12/18.)

14.100 Final approval of new gaming devices and new inter-casino linked systems.
After completing its evaluation of the new gaming device or the operation of a new inter-casino linked system, the Board shall recommend to the Commission whether the application for approval of the new gaming device or operation of a new inter-casino linked system should be granted.

In considering whether a new gaming device or operation of a new inter-casino linked system will be given final approval, the Board and Commission shall consider whether:

Approval of the new gaming device or operation of a new inter-casino linked system is consistent with the public policy of this state.

The terms of any agreement or written specifications permitted or required of an operator by any other state or tribal government and affecting a multi-jurisdictional progressive prize system:

Comply with the provisions of these regulations; and
Include procedures satisfactory to the Commission for:
Ensuring compliance with the requirements of subsection 3 of section 14.040;
Resolution of patron disputes under procedural and substantive requirements equal to or greater than the standards applied by the Board;
Surveillance and security of gaming devices connected to such system;
Record-keeping and record-retention;
Control of access to any internal mechanism of gaming devices connected to such system;
Prior administrative approval of the Chair for any adjustments to progressive meters;
Access by the Board to audit compliance with the requirements of this subparagraph; and
Any special procedures necessary for a multi-jurisdictional progressive prize system with lawfully operated gaming locations participating outside the United States, including without limitation matters of currency conversion and the availability of English translations of all relevant and material documentation and information.

For an inter-casino linked system of games of skill or hybrid games:
The types of games that will be connected to such a system are compatible;
The communications technology used to connect participating gaming devices is adequate for the operating environment for such a system; and
The progressive payoff schedules used for such systems are accurately described for players and comply with subsection 3 of section 14.040. Notwithstanding the provisions of sections 5.110 and 5.112 of these regulations, such schedules may broaden and encourage participation in games with skill attributes, by providing, without limitation, for partial prize awards, and prize awards for games with different themes or based on the use of identifiers.

Commission approval of a gaming device or inter-casino linked system does not constitute certification of the device’s or inter-casino linked system’s safety. Commission approval of a multi-jurisdictional progressive prize system shall include approval of any agreement or written specifications permitted or required by any other state or tribal government and affecting such system. The Chair will complete any written acknowledgement necessary to document the Commission's approval of any such agreement or written specifications. The prior administrative approval of the Chair is required of any modification to such agreement or written specifications.

A manufacturer or distributor who becomes aware that a gaming device or inter-casino linked system approved by the Commission or the Board no longer complies with the regulations of the Commission or the technical standards adopted pursuant to section 14.050 shall notify the Board in writing within three business days.

(Adopted: 7/89. Amended: 5/00; 5/03; 11/13; 9/15; 12/18.)

14.105 Installation of a system based game or a system supported game. A licensee shall not install or use a system based game or system supported game without prior written approval of the system network implementation from the Chair. Additionally, any modifications to the approved network implementation must be approved by the Chair. Applications for approval to install or modify a system based game or system supported game shall be made and processed in such manner and using such forms as the Chair may prescribe. The applicant seeking approval of the installation shall pay the cost of the investigation.

(Adopted: 4/22/10. Effective: 7/1/10.)

14.110 Approval to modify gaming devices or inter-casino linked systems; applications and procedures.
Modifications to gaming devices may only be made by licensed manufacturers who have received prior written approval of the Chair. Inter-casino linked system modifications may only be made by operators of such systems who have received prior written approval of the Chair.

The Chair, in the Chair’s sole and absolute discretion, may refer an inter-casino linked system modification to the full Board and Commission for consideration of approval. In an emergency when a modification is necessary to prevent cheating or malfunction, the Chair may, in the Chair’s sole and absolute discretion, orally approve a modification to be made by a manufacturer or operator. Within 15 days of the emergency modification, the manufacturer or operator making such modification shall submit a written request for approval of the modification that shall contain the information required by subsection 3 and such other information as required by the Chair.

A manufacturer shall not modify a gaming device unless the device, as modified, meets the standards of section 14.040. An operator shall not modify an inter-casino linked system unless the system, as modified, meets the standards of section 14.045. The Chair may, in the Chair’s sole and absolute discretion, waive all or some of the standards of section 14.040 or section 14.045, respectively, if the modification is necessary to prevent cheating or malfunction. A waiver shall be effective when the manufacturer or operator receives a written notification from the Chair that all or some of the standards will be waived pursuant to this subsection. A waiver of all or some of the standards pursuant to this subsection is not an approval of the modification.

Applications for approval to modify a gaming device or an inter-casino linked system shall be made by a manufacturer and processed in such manner and using such forms as the Chair may prescribe. Each application shall include, in addition to such other items or information as the Chair may require:

- A complete, comprehensive, and technically accurate description and explanation of the modification in both technical and lay language signed under penalty of perjury;
- Unless the standards of section 14.040 or section 14.045 have been waived pursuant to subsection 2, a statement under penalty of perjury that to the best of the manufacturer’s knowledge, the gaming device, as modified, meets the standards of section 14.040 or, in the case of an inter-casino linked system, a statement under penalty of perjury that to the best of the operator's knowledge the inter-casino linked system, as modified, meets the standards of section 14.045;
- In the case of a gaming device:
  - A copy of all executable software, including data and graphic information, and a copy of all source code for programs that cannot be reasonably demonstrated to have any use other than in a gaming device, submitted using a method acceptable to the Chair;
  - A copy of all graphical images displayed on the gaming device including, but not limited to, reel strips, rules, instructions and paytables;
  - In the case of a modification to the control program of a gaming device that includes software, source language or executable code designed or developed by an independent contractor:
    - The name of the independent contractor; and
    - A general subject matter description of such software, source language or executable code compiled into the control program as part of the submission to the Board;
  - In the case of an inter-casino linked system:
    - An operator’s manual;
    - An internal control system;
    - A hold harmless agreement;
    - A graphical representation of the system theme and all related signage; and
    - Information sufficient to calculate a theoretical payoff schedule amount.

All materials relating to the results of the registered independent testing laboratory's inspection and certification process that are required under section 14.400.

(Adopted: 7/89. Amended: 11/20/97; 1/27/00; 5/00; 5/03; 7/10; 7/11; 3/12; 9/15; 6/20.)

**14.120 Board evaluation of modifications.**

The Chair may require transportation of not more than two working models of a modified gaming device or not more than one working model of a modified inter-casino linked system, or any component thereof, to the Board’s offices or some other location for review and inspection. The manufacturer or operator seeking approval of the modification shall pay the cost of the inspection and investigation. The Board may dismantle the models and may destroy electronic components in order to fully evaluate the modified gaming device or inter-casino linked system, or component. The Chair may require that the
manufacturer or operator provide specialized equipment or the services of an independent technical expert to evaluate the modification.

The Chair has sole and absolute discretion to determine whether the requested modification of a gaming device renders the device sufficiently different so that the modified device should be treated as a new gaming device. If the Chair makes such a determination, the Chair shall notify the manufacturer in writing. The manufacturer may file an application for approval of a new gaming device.

The manufacturer or operator shall submit materials relating to the results of the registered independent testing laboratory’s inspection and certification process that are required under section 14.400.

(Adopted: 7/89. Amended: 5/00; 5/03; 3/12.)

14.130 Field test of modified gaming devices and modified inter-casino linked systems.

1. The Chair may allow or require that one or more models of a modified gaming device or modified inter-casino linked system be tested at a licensed gaming establishment for not more than 180 days under terms and conditions that the Chair may approve or require.

2. In the interests of expediting innovative, alternative and advanced technology in the modification of gaming devices and inter-casino linked systems approved for use or play in Nevada, a manufacturer may request a modification to its gaming device or inter-casino linked system be considered for evaluation under New Innovation Beta as an alternative to the field testing process set forth under subsection 1.

(a) For purposes of this section only, the term “New Innovation Beta” means a process of evaluating a modification to a gaming device or inter-casino linked system utilizing a field testing period under conditions and limitations described in this subsection.

(b) The terms and conditions imposed under New Innovation Beta will be set forth by the Chair, and shall include, without limitation, requirements that:

(1) A licensee notify patrons that the modification to an approved gaming device or inter-casino linked system is part of such a field evaluation and is being exposed for play prior to finalization of the product in order to allow the evaluation of the modification to the gaming device or inter-casino linked system at an earlier stage of the regulatory approval process and

(2) A field test will be for a period of not more than 270 days.

(c) The decision whether to permit a modification to an approved gaming device or inter-casino linked system to be evaluated utilizing New Innovation Beta is at the sole and absolute discretion of the Chair.

(d) When considering the request to evaluate a modification to an approved gaming device or inter-casino linked system utilizing New Innovation Beta, the Chair will consider factors including, without limitation, the ability of the gaming device to accurately determine, evaluate, and display the game outcome, the ability of the gaming device to accurately process the acceptance and award of all payments, and the extent to which an inter-casino linked system complies with the requirements of section 14.045.

(e) The Chair may also consider the approval status of the modification to an approved gaming device or inter-casino linked system in another state or foreign jurisdiction in which gaming is legal and regulated by a government agency with standards for modifications of gaming devices and inter-casino linked systems materially the same as those in Nevada, the determination of which is within the sole discretion of the Chair.

3. A manufacturer shall not further modify a gaming device and an operator shall not further modify an inter-casino linked system during the test period without the prior written approval of the Chair.

4. The Chair may order termination of the test period if the Chair determines, in the Chair's sole and absolute discretion, that the manufacturer, operator, or licensed gaming establishment has not complied with the terms and conditions of the order allowing or requiring a test period or for any cause deemed reasonable.

5. A licensee or manufacturer, or their agent shall not play a modified gaming device during a test period. A licensee or operator, or their agent shall not play a gaming device or game connected to a modified inter-casino linked system during a test period.

6. If the Chair has made a determination that the modified gaming device or modified inter-casino linked system is not eligible for testing at a licensed gaming establishment, the Chair shall notify the manufacturer or operator in writing.

(Adopted: 7/89. Amended: 5/00; 5/03; 10/16; 6/20.)

14.140 Final approval of modifications. The Chair shall notify the manufacturer or operator in writing of the Chair’s decision to approve or disapprove a modification.
14.150 Conversions. [Repealed 6/14.]
(Adopted: 7/89.)

14.160 Duplication of program storage media. A licensee other than a manufacturer shall not duplicate the contents of gaming device program storage media unless its duplication process has received written approval of the Chair.
(Adopted: 7/89.)

14.170 Marking, registration, and distribution of gaming devices.
1. Except as otherwise provided in subsection 2, a manufacturer or distributor shall not distribute a gaming device unless the gaming device has:
   (a) A permanent serial number which must be affixed as required by the provisions of the Gaming Device Act of 1962, 15 U.S.C. 1173; and
   (b) For devices distributed in this state:
      (1) A permanent serial number which must be the same number as given the device pursuant to the provisions of the Gaming Device Act of 1962, 15 U.S.C. 1173, permanently stamped or engraved in lettering no smaller than 5 millimeters on the metal frame or other permanent component of the device and on a removable metal plate attached to the cabinet of the device; and
      (2) The Board approval number or, if the device has been modified since initial approval of the device, the modification approval number affixed on all program storage media placed in the device.

2. The Chair may, in the Chair's sole and absolute discretion, waive the requirements of subsection 1 if:
   (a) The device was manufactured prior to January 1, 1962, and the manufacturer or distributor permanently stamps or engraves in lettering no smaller than 5 millimeters a distributor's identification code assigned by the Chair and a serial number on the metal frame or other permanent component of each device covered by this subsection.
   (b) The program storage media in 1(b) can be altered through a means that does not require removal from the device or if the physical size of such media does not permit it.

3. Each manufacturer or distributor shall keep records of the date of each distribution, the serial numbers of the devices, the Board approval number, or if the device has been modified since initial approval of the device, the modification approval number, and the name, addresses and telephone numbers of the person to whom the gaming devices have been distributed for use or play in Nevada and shall provide such records to the Chair immediately upon the Chair's request.

4. For all gaming devices distributed from a location within Nevada that are not for use or play in Nevada, a manufacturer or distributor shall provide any and all records documenting such distributions to the Chair upon request. Such records shall include the information required under the Gambling Device Act of 1962, 15 U.S.C. 1173, and shall be retained for a period of five years.

14.180 Approval for category I licensees to distribute gaming devices out of Nevada; applications and procedure; recordkeeping requirements for category II licensees; extraterritorial distribution compliance; inspection of facilities and devices.
1. Subject to the exemption set forth in subsection 4, category I manufacturers and distributors shall not distribute gaming devices out of this state without applying for and receiving the prior written approval of the Chair. Applications for such approval to distribute gaming devices out of this state must be made, processed, and determined in such manner and using such forms as the Chair may prescribe. Each application must include, in addition to such other items or information as the Chair may require:
   (a) The full name, state of residence, address, telephone number, social security number, and driver's license number of both the purchaser and the person to whom the shipment is being made, if neither is currently licensed by the Commission. If the purchaser or person to whom the shipment is being made does not have a social security number or driver's license number, the birth date of the purchaser or person to whom the shipment is being made may be substituted;
   (b) The name and permanent address of the purchaser or person to whom the shipment is being made if either is currently licensed by the Commission;

The registration of a manufacturer or distributor of associated equipment shall be effective for three calendar years from the effective date of the registration or renewal.

Each registered associated equipment manufacturer or distributor, or who has a pending application for registration or for renewal of registration, shall inform the Board in writing of any changes in the ownership, officers, or directors of the manufacturer or distributor of associated equipment, and any other changes to the information submitted to the Board pursuant to subsection 1. Reports required under this subsection shall be made to the Board within 30 days of occurrence. The Chair may, in the Chair’s sole and absolute discretion, require a new registration pursuant to subsection 4 of section 14.020 of these regulations if there is a change in ownership.

The Chair may object to the registration of a manufacturer or distributor of associated equipment for any cause the Chair deems reasonable. If the Chair objects to the registration, the Chair shall send written notice of the decision to the manufacturer or distributor of associated equipment.

A manufacturer or distributor of associated equipment whose registration has been objected to by the Chair may not file for registration with the Board prior to the expiration of one year from the date of the notice of the objection by the Chair to the registration of the manufacturer or distributor of associated equipment or, if the person has pursued an administrative review of the objection pursuant to paragraph (a), the date upon which the review process is completed, whichever is later.

A person seeking registration as a manufacturer or distributor of associated equipment, or who has been required by the Board to file an application for finding of suitability to be a manufacturer or distributor of associated equipment pursuant to subsection 4 or 5 of NRS 463.665, does not have a right to the granting of the application. Any registration or finding of suitability as a manufacturer or distributor of associated equipment is a revocable privilege, and no holder acquires any vested right therein or thereunder. Judicial
review is not available for decisions of the Board or Commission regarding an application for registration or finding of suitability as a manufacturer or distributor of associated equipment.

(Adopted: 11/15. Amended: 12/18.)

14.303 Consequences of a revocation of a registration of a manufacturer or distributor of associated equipment. If the Board seeks disciplinary action against a registered manufacturer or distributor of associated equipment and the disciplinary action results in the revocation of the registration of the manufacturer or distributor of associated equipment, the following consequences shall be imposed:

1. Upon the revocation of the registration of a manufacturer of associated equipment:
   (a) No new associated equipment manufactured by the manufacturer shall be approved; and
   (b) Any previously approved associated equipment manufactured by the manufacturer shall be subject to having its approval revoked if the reasons for the revocation of the registration also apply to the associated equipment.

2. Upon the revocation of the registration of a distributor of associated equipment, the distributor shall no longer distribute associated equipment for use or play in Nevada.

(Adopted: 12/18.)

14.305 Manufacturer or distributor of associated equipment; determination of suitability.

In addition to the requirements of this regulation requiring a manufacturer or distributor of associated equipment to be registered, the Board may, pursuant to subsection 4 of NRS 463.665, require a manufacturer or distributor of associated equipment who sells, transfers or offers the associated equipment for use or play in Nevada to file an application for a finding of suitability to be a manufacturer or distributor of associated equipment.

The Board may, pursuant to subsection 5 NRS 463.665, require any person who directly or indirectly involves himself or herself in the sale, transfer or offering for use or play in Nevada of such associated equipment who is not otherwise required to be licensed as a manufacturer or distributor to file an application for a finding of suitability to be a manufacturer or distributor of associated equipment.

The Board shall give written notice of its decision to require the filing of an application for a finding of suitability under subsection 1 and/or 2.

All investigative costs and fees associated with applications for a finding of suitability are owed by the party required to file the application for a finding of suitability. Failure to remit such costs and fees within such periods set by the Board shall result in a lapse of the registration of the applicable manufacturer or distributor of associated equipment and will constitute an unsuitable method of operation. Where the party required to file an application to manufacture or distribute associated equipment is not registered, failure to pay such investigative costs and fees is grounds for denial of any application associated with such manufacture or distribution of associated equipment.

Failure of any party described in subsections 1 or 2 to submit an application for a finding of suitability within 30 days of being required to do so by the Board shall constitute grounds for a finding of unsuitability of that party by the Commission.

If the Commission finds any manufacturer or distributor of associated equipment, as described in subsection 1, or any person, as described in subsection 2, to be unsuitable under this section:

The registration of such manufacturer or distributor is thereupon revoked as a matter of law;

Any applications for registration as a manufacturer or distributor of associated equipment associated with a party which is found unsuitable are deemed denied as a matter of law;

All gaming licensees shall, upon written notification from the Board or Commission, terminate any existing relationships, direct or indirect, with such unsuitable parties; and

The same consequences set forth in section 14.303 for a revocation of a registration of a manufacturer or distributor of associated equipment shall be imposed.

Failure of a gaming licensee to terminate any association or agreement, direct or indirect, with any party found unsuitable upon receiving written notice of the determination of unsuitability constitutes an unsuitable method of operation.

Failure of a registered manufacturer or distributor of associated equipment to terminate any association or agreement with any party found unsuitable upon receiving written notice of the determination of unsuitability shall constitute grounds for the revocation of the registration of the manufacturer or distributor of associated equipment.
The Commission retains jurisdiction to determine the suitability of any party described in subsections 1 or 2 regardless of whether or not that party has severed any relationship with a gaming licensee or registered manufacturer or distributor of associated equipment.

(Adopted: 11/15. Amended: 12/18.)

14.310 Retention of records. Unless otherwise specified, all records required by this regulation must be maintained for 5 years.

The Commission, upon recommendation of the Board, may approve or deny the application for registration, conditioned or limited in any manner and for any reason it deems appropriate.

The manufacturer or operator shall be solely responsible for the payment of any fees imposed by the independent testing laboratory for its services. The fees to be charged shall be determined solely between the manufacturer or operator and the independent testing laboratory.

The manufacturer or operator shall pay any and all costs associated with any review or approval the Board performs of a game, gaming device, associated equipment, cashless wagering system, inter-casino linked system, mobile gaming system or interactive gaming system, or any component thereof or modification thereto, including any costs associated with the Board’s review of the registered independent laboratory’s inspection, certification or review as described in subsection 1 or in subsection 1 of section 14.360.

Demonstrate it is technically competent in testing the category of game, device, or system in which it is seeking registration; and

Demonstrate it is technically competent to test compliance with the applicable Nevada statutes, regulations, standards and policies.

To be considered independent from a manufacturer, distributor, or operator under paragraph (b) of subsection 6, the independent testing laboratory, including its employees, management, directors, owners, compliance committee members and gaming regulatory advisors, with the exception of the independent testing laboratory's external accountants and attorneys:

Must not have a financial or other interest, direct or otherwise, in a manufacturer, distributor, or operator of any game, gaming device, associated equipment, cashless wagering system, inter-casino linked system, mobile gaming system or interactive gaming system, or any component thereof or modification thereto, regardless of whether or not the person or entity is licensed, registered, or otherwise does business in Nevada;

Must not participate, consult, or otherwise be involved in the design, development, programming, or manufacture of any game, gaming device, associated equipment, cashless wagering system, inter-casino linked system, mobile gaming system or interactive gaming system, or any component thereof or modification thereto;

Must not have any other interest in or involvement with a manufacturer, distributor, or operator that could cause the independent testing laboratory to act in a manner that is not impartial; and

Such individuals shall not serve in any capacity with a manufacturer, distributor, or operator beyond the scope of the independent testing laboratory's engagement pursuant to these regulations.

The restrictions in subsection 7 are not intended to limit an independent testing laboratory, or the above listed individuals, from providing consulting services to a manufacturer, distributor, or operator, provided that such services do not directly or indirectly indicate, suggest, or imply how to design, develop, program or manufacture a game, gaming device, associated equipment, cashless wagering system, inter-casino linked system, mobile gaming system or interactive gaming system, or any components thereof or modification thereto.

(Adopted: 3/12; Effective: 5/01/12.)

14.370 Independent testing laboratories; registration; provisional registration; application and procedures; waiver.

Except as provided in subsection 2, an independent testing laboratory must be registered with the Board prior to providing inspection and certification results for any game, gaming device, associated equipment, cashless wagering system, inter-casino linked system, mobile gaming system or interactive gaming system, or any component thereof or modification thereto, for use in Nevada.

Upon written request, the Chair may, in the Chair's sole and absolute discretion and under such terms and limitations the Chair deems appropriate, issue a provisional registration to an independent testing laboratory to allow it to perform the functions of a registered independent testing laboratory while its application for registration is pending. Such provisional registration may be revoked by the Chair at any time and for any reason, including but not limited to:

If the investigation of the independent testing laboratory reveals that it does not meet the qualifications to be registered with the Board; or

If the independent testing laboratory has violated the terms or limitations of its provisional registration.

Any independent testing laboratory that has had its provisional registration revoked by the Chair may have the decision reviewed pursuant to the administrative approval review and appeal process set forth under sections 4.190 and 4.195 of these regulations.

An application for registration as an independent testing laboratory shall be made, processed, and determined using such forms as the Chair may require or approve and must be supplemented by such documents and information as the Chair may request. The information submitted with the application shall include, but not be limited to, the following:

Copies of all ISO/IEC 17025 certification and accreditation materials except if the independent testing laboratory is only seeking registration for the inspection and certification of games and game variations:

Detailed description of the testing facilities;

Detailed description of available testing staff and staff qualifications, including education, training, experience and skill levels;

Detailed description of available testing equipment;

Copies of documented policies, systems, programs, procedures and instructions to assure the quality of test results;

Organization chart depicting the applicant’s management structure;

List of all key employees and other individuals who have significant involvement with the applicant’s business operations;

List of all officers, directors, partners, members, managers, trustees or direct or beneficial owners of the independent testing laboratory and of any person or entity that owns or has significant involvement with the activities of the independent testing laboratory, including any intermediary entities.

A statement subscribed by the applicant for registration that:

The information being provided to the Board is accurate and complete;

The applicant for registration agrees to cooperate with all requests, inquiries, or investigations of the Board and Commission;

The applicant acknowledges that the Board and Commission shall retain jurisdiction over the independent testing laboratory in any matter involving a game, gaming device, associated equipment, cashless wagering system, inter-casino linked system, mobile gaming system or interactive gaming system, or any component thereof or modification thereto, that it certifies for use in Nevada, even if its registration lapses, is voluntarily terminated, or is revoked;

The applicant for registration acknowledges that the Commission may demand that the independent testing laboratory, or any of its key employees, managers, or owners, submit an application for finding of suitability as an independent testing laboratory, and that a failure to submit such an application within 30 days of the demand may constitute grounds for the revocation of the independent testing laboratory’s registration; and

The applicant agrees to indemnify and hold harmless the State of Nevada, the Commission, the Board, and each of their members, agents, and employees in their individual and representative capacities against any and all claims, suits and actions, brought against the persons named in this subsection by reason of any inspections or certifications performed by the applicant as a registered independent testing laboratory, and all other matters relating thereto, and against any and all expenses, damages, charges and costs, including court costs and attorney fees, which may be sustained by the persons and entities named in this subsection as a result of said claims, suits and actions.

The Chair may require additional information from an independent testing laboratory to supplement the registration application;

During the registration evaluation process, the Board and its agents shall conduct any investigation it deems reasonable, including any visit, review or inspection of each independent testing laboratory seeking registration to evaluate its qualifications and capabilities. The applicant is to bear the cost of all such site visits and inspections held during the registration evaluation process.

The applicant is required to pay any and all costs associated with the investigation and inspection of the applicant during the registration evaluation period.

An independent testing laboratory is not considered registered with the Board until all of the above information, including any additional information requested by the Chair, has been provided and reviewed by the Board, all costs relating to site visits performed by the Board have been paid in full, all other costs associated with the investigation and inspection of the applicant have been paid in full, and the Chair has issued written notice of the completion of the registration process to the independent testing laboratory.

Upon written request, the Chair in the Chair’s sole and absolute discretion, may waive any requirement in sections 3-7 above.
14.380 Independent testing laboratories; notification and reporting requirements.

Registered independent testing laboratories must notify the Board of any change in ownership of the registered independent testing laboratory, any change in directors, executives, or key management or employees of the independent testing laboratory, and any other material changes to the information included in its application for registration or the information submitted in conjunction with or subsequent to its application within 30 days of such change.

By the 15th day of each January, a registered independent testing laboratory shall inform the Chair in writing of any changes to the information that was contained on the registered independent testing laboratory's application for registration or submitted in conjunction with or subsequent to its application. If no change to that information has occurred since the last reporting date, the registered independent testing laboratory must provide the Chair with a written affirmative statement indicating such.

Registered independent testing laboratories shall maintain copies of the results of any ISO/IEC 17025 audits or reviews and shall notify the Board in writing of the availability of the results within 15 days of when they become available to the registered independent testing laboratory. Such copies shall be provided to the Chair upon request.

14.390 Independent testing laboratories; uniform protocols.

In the interest of preserving a competitive gaming industry, a registered independent testing laboratory shall not implement or maintain any procedure or policy or take any action that would inhibit or prevent a manufacturer, distributor or operator that has otherwise been deemed suitable for doing business in Nevada by the Board or Commission from submitting a game, gaming device, associated equipment, cashless wagering system, inter-casino linked system, mobile gaming system or interactive gaming system, or any component thereof or modification thereto, for inspection and certification for use in Nevada, or that would call into question or tend to erode the independence of the registered independent laboratory from any clients that utilize its services.

A registered independent testing laboratory shall maintain a version controlled system of testing documentation and methodologies it uses to provide certification against the Nevada regulatory structure, and such materials shall be made available to the Board upon request. Original testing documentation, methodologies, and any revisions to the testing documentation or methodologies must be approved by the Board prior to being used to certify against the Nevada regulatory structure.

All testing shall be performed using Nevada approved documentation and methodologies, and must be conducted specifically in accordance with the Nevada Gaming Control Act and the regulations adopted thereunder, and all technical standards, control standards, control procedures, policies, and industry notices implemented or issued by the Board.

All testing shall be performed by a person directly employed by the registered independent testing laboratory. The registered independent testing laboratory shall not assign, delegate, subcontract, or otherwise engage any person not directly employed by the registered independent testing laboratory for any testing for which the laboratory has been registered in Nevada. The Chair, in the Chair's sole and absolute discretion, may permit a registered independent testing laboratory to utilize the services of a person other than a person directly employed by the independent testing laboratory to perform certain specific functions associated with the testing and certification procedures to be performed. Any such request must be made in writing to the Chair in advance of utilizing the services of the third-party. Any permission granted under this subsection must in writing and shall be limited as to time and scope in whatever degree the Chair deems appropriate under the circumstances and may be revoked by the Chair in writing at any time at the Chair's sole and absolute discretion.

A registered independent testing laboratory shall not utilize, rely on or otherwise refer to any testing, results or work product performed by another registered testing laboratory for any game, gaming device, associated equipment, cashless wagering system, inter-casino linked system, mobile gaming system or interactive gaming system, or any component thereof or modification thereto which has not previously been approved by the Board.

A registered independent testing laboratory shall implement and maintain a hiring and background check that ensures, at a minimum, that no person is hired in a position involving inspection or certification
procedures relating to Nevada, or in a position overseeing or managing an employee in such a position, who has:

   Failed to disclose or misstated information or otherwise attempted to mislead the Board or Commission with respect to any information the person has provided to the Board or Commission;
   Knowingly failed to comply with the provisions of NRS chapters 463, 463B, 464 or 465, or the regulations of the Commission at a previous place of employment;
   Committed, attempted or conspired to commit any crime of moral turpitude, embezzlement or larceny or any violation of any law pertaining to gaming, or any crime which is inimical to the declared policy of this State concerning gaming;
   Committed, attempted or conspired to commit a crime which is a felony or gross misdemeanor in this State or an offense in another state or jurisdiction which would be a felony or gross misdemeanor if committed in this State and which relates to the applicant's suitability or qualifications to work for the registered independent testing laboratory;
   Been identified in the published reports of any federal or state legislative or executive body as being a member or associate of organized crime, or as being of notorious and unsavory reputation;
   Been placed and remains in the constructive custody of any federal, state or municipal law enforcement authority; or
   Had any gaming license, registration or other like credential revoked or committed any act which is a ground for the revocation of a gaming license, registration or other professional credential held by the person or would have been a ground for the revocation of a gaming license, registration or other professional credential had the person held such license, registration, or credential.

All procedures conducted pursuant to this subsection and the results of those procedures shall be documented by the registered independent laboratory. Such documentation shall be made available to the Chair upon request and shall be maintained at all times while a person is employed by the registered independent testing laboratory and for a minimum of five years after a person’s employment ends.

A registered independent testing laboratory shall implement and maintain a system of peer review to monitor the quality of the inspection and certification procedures performed by its employees.

A registered independent testing laboratory shall consult with the Board prior to testing, evaluating, analyzing, certifying, verifying, or rendering opinions for or on behalf of the Board relating to any new technology or concept.

A registered independent testing laboratory shall consult with a representative of the Board’s technology division on any questionable interpretations of the Nevada regulatory structure as it relates to the inspection and certification of any game, gaming device, associated equipment, cashless wagering system, inter-casino linked systems, mobile gaming system or interactive gaming system, or any component thereof or modification thereto.

A registered independent testing laboratory shall handle all information and data prepared or obtained as part of the Nevada certification process as confidential.

A registered independent testing laboratory shall implement and maintain security and access control systems designed to secure and protect the confidentiality of all equipment, software, and other information entrusted to it as part of the Nevada inspection and certification process.

A registered independent testing laboratory is required to maintain all test equipment in accordance with the manufacturer’s specifications and recommendations, and shall provide the Board with evidence of such upon demand.

A registered independent testing laboratory shall retain all submission and testing related documentation. Such records may be maintained in electronic form. The obligation to maintain such records continues even if the independent testing laboratory ceases to be registered with the Board, or otherwise ceases its business operation. The independent testing laboratory may turn all such records over to the Board in electronic form as an alternative to having to maintain such records after its deregistration or after its business operation ceases.

An onsite evaluation and review of each registered independent testing laboratory shall be conducted by the Board periodically to evaluate certification results and to verify continued compliance with all registration requirements and protocols.

The Board shall, at all times, have immediate and unfettered access to the registered independent laboratory’s place(s) of business.

The Board may establish a system to evaluate the continued quality of the inspection and certification performed by a registered independent testing laboratory.
A registered independent testing laboratory shall immediately notify the Board of any changes that may affect its ability to provide testing services.

A registered independent testing laboratory shall notify the Board immediately of any material issues concerning any game, gaming device, associated equipment, cashless wagering system, inter-casino linked system, mobile gaming system or interactive gaming system, or any component thereof or modification thereto, that it inspected or certified for use in Nevada, which it becomes aware of subsequent to it having issued its inspection and certification report relating thereto.

A registered independent testing laboratory shall notify the Board immediately of any attempts by a manufacturer, distributor, or operator that has attempted to improperly influence the registered independent testing laboratory, or any of its employees, managers, or owners, in or in connection with any inspection or certification services it is providing, has provided, or intends to provide.

A registered independent testing laboratory shall timely provide the Board with such other information as the Board or Commission may request or require.

The Board may, as appropriate, periodically provide further guidance as to what is required of a registered independent testing laboratory through industry notices or other written communications.

A registered independent testing laboratory, its employees, management, and owners shall remain independent of any manufacturer, distributor or operator as set forth under subsections 6 and 7 of section 14.360.

If a registered independent testing laboratory hires a person who was previously employed by, or performed any work for, a manufacturer, distributor or operator within one year prior to the person’s date of employment with the independent testing laboratory, the registered independent testing laboratory shall not permit that person to inspect or certify any game, gaming device, associated equipment, cashless wagering system, inter-casino linked system, mobile gaming system or interactive gaming system, or any component thereof or modification thereto, for use in Nevada, for which the person had any involvement with, whatsoever, while the person was employed by the manufacturer, distributor or operator for a period of one year from the person’s date of employment with the independent testing laboratory.

(Adopted: 3/12; Effective: 5/01/12. Amended: 12/18.)

14.395 Independent testing laboratories; manufacturer, distributor, and operator prohibited actions.

A manufacturer, distributor, or operator shall not:

Attempt, directly or indirectly, to improperly influence a registered independent testing laboratory, or any of its employees, management, or owners, regarding a game, gaming device, associated equipment, cashless wagering system, inter-casino linked system, mobile gaming system or interactive gaming system, or any component thereof or modification thereto, that it, or another person or entity, has submitted for inspection or certification for use in Nevada.

Engage in any transaction with a registered independent testing laboratory it is utilizing, has utilized, or intends to utilize to inspect or certify a game, gaming device, associated equipment, cashless wagering system, inter-casino linked system, mobile gaming system or interactive gaming system, or any component thereof or modification thereto, for use in Nevada, in which the registered independent testing laboratory is required to participate, consult, or otherwise be involved in the design, development, programming, or manufacture of such items. This restriction is not intended to limit a manufacturer, distributor, or operator from engaging such registered independent testing laboratory to provide consulting services, provided that such services do not directly or indirectly indicate, suggest, or imply how to design, develop, program or manufacture such items.

Violation of the above prohibitions shall constitute an unsuitable method of operation.

(Adopted: 3/12; Effective: 5/01/12.)

14.400 Independent testing laboratories; inspection and certification results. Each registered independent testing laboratory shall provide the person seeking inspection and certification with the results of the testing and certification process that is to be submitted to the Board in such manner and using such forms as the Chair may prescribe. The results shall include, in addition to such other items or information as the Chair may require, the following:

A statement, signed under penalty of perjury, that the certification process was conducted in accordance with Board requirements and that the product being certified meets the requirements of the Nevada Gaming Control Act and the regulations adopted thereunder, and all technical standards, control
standards, control procedures, policies, and industry notices implemented or issued by the Board to the best of the registered independent testing laboratory's knowledge and belief.

Any additional information regarding the testing of the product that the registered independent testing laboratory considers appropriate for the Board to consider as part of the approval process.

(Adopted: 3/12; Effective: 5/01/12.)

**14.410 Independent testing laboratories; termination of registration; revocation of registration; retention of jurisdiction.**

A registered independent testing laboratory may request to terminate its registration by providing written notice to the Board of its intention at least three months before the expected date of termination. An independent testing laboratory's registration under this subsection is not deemed terminated until the Chair provides written notification that the voluntary termination has been granted.

The Chair may revoke the registration of a registered independent testing laboratory should the Chair determine that it no longer meets the qualifications necessary to be registered or has failed to comply with any of the requirements of this regulation. Such revocation is at the sole and absolute discretion of the Chair. The Chair shall provide written notification within 30 days of the designated revocation date unless circumstances are such that the interests of public health, safety, morals, good order and general welfare warrant an earlier revocation.

Any independent testing laboratory aggrieved by a decision of the Chair under subsections 1 or 2 may pursue a review of that decision pursuant to sections 4.185, 4.190, and 4.195 of these regulations.

The Board and Commission shall retain jurisdiction over the independent testing laboratory in any and all matters relating to a game, gaming device, associated equipment, cashless wagering system, inter-casino linked system, mobile gaming system or interactive gaming system, or any component thereof or modification thereto, that the independent testing laboratory certified for use in Nevada while it was registered with the Board.

(Adopted: 3/12; Effective: 5/01/12. Amended: 12/18.)

**14.415 Independent testing laboratories; unsuitable method of operation.** Failure of a registered independent testing laboratory to comply with all of the requirements of this regulation shall constitute an unsuitable method of operation and shall be grounds for disciplinary action by the Board and the Commission.

(Adopted: 3/12; Effective: 5/01/12. Amended: 12/18.)

**14.420 Independent testing laboratories; determination of suitability.**

   (d) The approval of any game, gaming device, associated equipment, cashless wagering system, inter-casino linked system, mobile gaming system or interactive gaming system, or any component thereof or modification thereto, inspected and certified by the independent testing laboratory for use in Nevada shall be subject to revocation if it is determined that the reasons for the finding of suitability applies thereto.

4. If the Commission finds an employee of the registered independent testing laboratory to be unsuitable:
   (a) The registered independent testing laboratory must remove the person from the person’s position immediately, and must not reassign the person to any other position that involves the inspection or certification of any game, gaming device, associated equipment, cashless wagering systems, inter-casino linked systems, mobile gaming systems, or interactive gaming systems, or any component thereof or modification thereto, for use in Nevada;
   (b) Failure of a registered independent testing laboratory to comply with this subsection shall constitute an unsuitable method of operation and shall be grounds for disciplinary action by the Board and the Commission.

EXPLANATORY NOTE:

Regulation 15 implements the provisions of NRS 463.482 through 463.615. In the drafting of such regulations an effort was made to avoid as much as possible the technique of merely repeating or paraphrasing such statutory provisions. In approaching an examination or determination of any matters
coming within the purview of such statutory provisions, reference should always be made to such statutory
provisions and such regulations as an integrated unit.

The number of each regulation section hereunder begins with a “15” prefix, followed by a decimal point.
Immediately following the decimal point is a number which correlates exactly with a number immediately
following the decimal point in the section of chapter 463 of NRS. For example, Regulation 15.510.1-1 is
intended as a regulation which supplements and elaborates on NRS 463.510. The number “1” following the
second decimal point of this regulation indicates that the regulation concerns itself with subsection 1 of
NRS 463.510. Several regulations under subsection 1 of NRS 463.510 are then distinguished by
consecutive number preceded by a hyphen. Thus, new Regulation 15.510.1-1 is the first regulation under
subsection 1 of NRS 463.510. Regulation 15.510.1-2 is the second regulation under that subsection, and
so on. As further examples, Regulation 15.585.1b1-1 relates to subsection 1(b)(1) of NRS 463.585; and
Regulation 15.585.7-1(a) is the first regulation under subsection 7 of NRS 463.585. All definitions contained
in the regulations referenced to NRS 463.482 inasmuch as that section deals with “Definitions.” Any
regulation which does not quite fit under any exact provision of NRS 463.482 through 463.615 has been
related to the general regulatory enabling provision in NRS 463.1594. Thus, Regulation 15.1594-1 is the
first regulation under this general enabling provision without any more specific reference to NRS 463.582
through NRS 463.641, although it is a regulation adopted “to implement the provisions of NRS 463.482 to
463.641, inclusive,” within the meaning of NRS 463.1594.

(Regulation 16 applies to registered publicly traded corporations which are not required to comply with
Regulation 15.)
(Effective: 9/73.)

15.1594-1 Powers of Commission and Board. The Board shall have full and absolute power and
authority, to the extent permitted by law, to recommend the granting, denial, limitation, conditioning,
restriction, revocation, or suspension of any license, registration, approval, or finding of suitability required
or permitted under Regulation 15, or any application therefor, or to recommend other disciplinary action, for
any cause deemed reasonable by the Board. The Commission shall have full and absolute power and
authority, to the extent permitted by law, to grant, deny, limit, condition, restrict, revoke or suspend any
license, registration, approval, or finding of suitability required or permitted under Regulation 15, or any
application therefor, or to take other disciplinary action for any cause deemed reasonable by the
Commission.
(Effective: 9/73.)

15.1594-2 Certain investigations. The Commission or the Board may, in their discretion, make such
investigations concerning an applicant under Regulation 15, or a licensee, or a registered company, or any
person involved with a licensee or a registered company as they may deem appropriate, either at the time
of initial licensing or registration or at any time thereafter.
(Effective: 9/73.)

15.1594-3 Certain investigative fees. In addition to all other fees payable under the Act and

15.430 Institutional investor.

An institutional investor that intends to become subject to NRS 463.530 and Regulation 15.530-1, or NRS 463.585, as a result of its ownership of an equity security issued by a corporate licensee or a holding company, or any security issued by a corporate licensee or a holding company which gives the holder voting rights in the corporation, may apply to the Board and Commission for a waiver of the requirements of NRS 463.530, 463.585, 463.595 and Regulations 15.530-1, 15.585.7-4 and 15.585.7-5 with respect to the ownership of the voting or equity securities if such institutional investor intends to and does hold the securities for investment purposes only. An institutional investor shall not be eligible to receive or hold a waiver if the institutional investor will own, directly or indirectly, more than 15 percent of the voting or equity securities of the corporate licensee or a holding company on a fully diluted basis where any such securities are to be acquired other than through a debt restructuring. Securities acquired before a debt restructuring and retained after a debt restructuring or as a result of an exchange, exercise or conversion, after a debt restructuring, of any securities issued to an institutional investor through a debt restructuring, shall be deemed to have been acquired through a debt restructuring. A waiver granted under this section shall be effective only as long as the institutional investor's direct or indirect ownership interest in such voting or equity securities meets the limitations set forth above.

An institutional investor shall not be deemed to hold an equity security issued by a corporate licensee or a holding company, or any security issued by a corporate licensee or a holding company which give the holder voting rights in the corporation, for investment purposes only unless the voting or equity securities will be acquired and held in the ordinary course of business as an institutional investor and do not, directly or indirectly, allow the institutional investor to vote for the election of members of the board of directors, cause any change in the corporate charter, bylaws, other organic document, management, policies or operations of the corporate licensee or the holding company, or cause any other action which the Commission finds to be inconsistent with investment purposes only. The following activities shall not be deemed to be inconsistent with holding voting or equity securities for investment purposes only:

Serving as a member of any committee of creditors or security holders in connection with debt restructuring;

Nominating any candidate for election or appointment to a board of directors or the equivalent in connection with a debt restructuring;
Making financial and other inquiries of management of the type normally made by securities analysts for informational purposes and not to cause a change in management, policies or operations; and

Such other activities as the Commission may determine to be consistent with such investment intent.

An application for a waiver must include:

A description of the institutional investor's business and a statement as to why the institutional investor is within the definition of "institutional investor" set forth in section 11 of this regulation.

A certification made under oath and the penalty of perjury, that:

The voting or equity securities will be acquired and held for investment purposes only as defined in subsection 2 and a statement by the signatory explaining the basis of the signatory's authority to sign the certification and to bind the institutional investor to its terms.

The applicant agrees to be bound by and comply with the Nevada Gaming Control Act and the regulations adopted thereunder, to be subject to the jurisdiction of the courts of Nevada, and to consent to Nevada as the choice of forum in the event any dispute, question, or controversy arises regarding the application or any waiver granted under this section.

The applicant agrees that it shall not grant an option to purchase, or sell, assign, transfer, pledge or make any other disposition of any voting or equity security issued by the corporate licensee or the holding company without the prior approval of the Commission.

A description of all actions, if any, taken or expected to be taken by the institutional investor relating to the activities described in subsection 2.

The name, address, telephone number and social security number of the officers and directors, or their equivalent, of the institutional investor as well as those persons that have direct control over the institutional investor's holdings of voting and equity securities of the corporate licensee or the holding company.

The name, address, telephone number and social security or federal tax identification number of each person who has the power to direct or control the institutional investor's exercise of its rights as a holder of voting or equity securities of the corporate licensee or the holding company.

The name of each person that beneficially owns more than 5 percent of the institutional investor's voting securities or other equivalent.

A list of the institutional investor's affiliates.

A list of all regulatory agencies with which the institutional investor or any affiliate that owns any voting or equity securities or any other interest in a company which is licensed or registered with the Nevada Gaming Commission files periodic reports, and the name, address, and telephone number of the person, if known, to contact at each agency regarding the institutional investor.

A disclosure of all criminal or regulatory sanctions imposed during the preceding 10 years and of any administrative or court proceedings filed by any regulatory agency during the preceding 5 years against the institutional investor, its affiliates, and current officer or director, or any former officer or director whose tenure ended within the preceding 12 months. As to a former officer or director, such information need be provided only to the extent that it relates to actions arising out of or during such person's tenure with the institutional investor or its affiliates.

Any additional information the Board or the Commission may request.

The Board and Commission shall consider all relevant information in determining whether to grant a waiver requested pursuant to subsection 1, including but not limited to:

Whether the waiver is consistent with the policy set forth in NRS 463.0129, 463.489, and Regulation 15.489.2-1; and

Any views expressed to the Board and Commission by the corporate licensee or any affiliate thereof.

Any waiver granted pursuant to this section may be limited or conditioned in any respect by the Board or Commission, including, but not limited to, requiring a certification, made under oath and the penalty of perjury, which contains the following:

A statement attesting that the institutional investor holds and/or has held the voting or equity securities of the corporate licensee or the holding company for (1) investment purposes only, and (2) in the ordinary course of business as an institutional investor and not for the purpose of (A) causing, directly or indirectly, the election of the members of the board of directors, or (B) effecting any change in the corporate charter, bylaws, other organic document, management, policies or operations of the corporate licensee or any of its affiliates.
A statement that the institutional investor has not engaged in any activities inconsistent with the holding of voting or equity securities for investment purposes only in accordance with the provisions of section 2 hereof.

The name, title and telephone number of the persons having direct control over the institutional investor’s holdings of voting or equity securities in the corporate licensee or the holding company.

A statement of all complaints, arrest, indictments or convictions of any officer or director of the institutional investor regarding the rules and regulations of the Securities and Exchange Commission and any regulatory agency of any State where it conducts business, or any offense which would constitute a gross misdemeanor or felony if committed in the State of Nevada. The name, position, charge, arresting agency, and a brief description of the event must also be included in the statement.

A statement indicating any change to the structure and/or operation of the institutional investor which could affect its classification as an institutional investor as defined in Regulation 16.010(14).

An institutional investor that has been granted a waiver of licensing, registration or finding of suitability as required by NRS 463.530, 463.585, 463.595 and Regulations 15.530-1, 15.585.7-4 and 15.585.7-5 and that subsequently intends not to hold its voting or equity securities of the corporate licensee or the holding company for investment purposes only, or that intends to take any action inconsistent with its prior intent shall, within 2 business days after its decision, deliver notice to the Chair in writing of the change in its investment intent. The Chair may then take such action under the provisions of NRS 463.530, 463.585 and Regulations 15.530-1, 15.585.7-4 and 15.585.7-5 or any other provision of the Gaming Control Act or regulations of the Commission as the Chair deems appropriate.

A waiver that has been granted pursuant to this section and NRS 463.489(2) and Regulation 15.489.2-1, shall subject the institutional investor to the requirements of NRS 463.510(1), or Regulation 15.585.7-2, as applicable, in that any purported sale, assignment, transfer, pledge or other disposition of any voting or equity security issued by the corporate licensee or the holding company, or the granting of an option to purchase such a voting or equity security, shall be void unless approved in advance by the Board and Commission.

The institutional investor shall be entitled to whatever economic advantage, including, but not limited to, dividends, that may flow from ownership of the voting or equity securities as though it has been licensed, registered or found suitable.

If the Chair finds that as institutional investor has failed to comply with the provisions of this section, or should be subject to licensing, registration, finding of suitability or any approval to protect the public interest, the Chair may, in accordance with NRS 463.530, 463.585 and Regulations 15.530-1, 15.585.7-4 and 15.585.7-5 or any other provision of the Gaming Control Act or regulations of the Commission the Chair deems appropriate, require the institutional investor to apply for licensing, registration or a finding of suitability. The institutional investor affected by the action taken by the Chair may request a hearing on the merits of such action. The hearing shall be included on the agenda of the next regularly scheduled Commission meeting occurring more than 10 working days after the request for hearing. Upon good cause shown by the institutional investor, the Commission Chair may waive the 10-day requirement and place such hearing on an earlier Commission agenda. The Commission, for any cause deemed reasonable, may by a majority vote, sustain, modify or reverse the decision of the Chair, or remand the matter to the Chair for such further investigation and reconsideration as the Commission may order. While the application for licensure, registration or a finding of suitability or Commission review of the Chair’s action requiring the filing of such application is pending, the institutional investor shall not directly or indirectly, cause or attempt to cause any management, policy, or operating changes in the corporate licensee or holding company.

The corporate licensee or the holding company shall immediately notify the Chair of any information about, fact concerning or actions of, an institutional investor holding any of its voting or equity securities, that may materially affect the institutional investor’s eligibility to hold a waiver under this section.

Such laws and regulations restrict the right under certain circumstances: (a) to pay or receive any dividend or interest upon any such security; (b) to exercise, directly or through any trustee or nominee, any voting right conferred by such security; or (c) to receive any remuneration in any form from the corporation, for services rendered or otherwise.”

(Effective: 9/73)

Individual Licensing of stockholders of corporate licensee.

Except as provided in subsection 2, each person must be licensed before they may:

Own more than 5 percent of the equity security issued by a corporate licensee, or

Hold more than 5 percent of the securities issued by a corporate licensee which give the holders voting rights in the corporation.

An individual who has a beneficial interest in an employee trust formed as a part of a stock bonus plan meeting the requirements of section 401(a) of the Internal Revenue Code of 1954 as amended and holding legal title to any equity security issued by a corporate licensee need not be licensed individually as to such beneficial interest provided the plan or the trust formed thereunder requires that either:

Any stock received by a transferee shall be transferred back to the trust within 24 hours; or

The transferee shall apply immediately for licensing as a stockholder of the licensee. Until such time as the Commission acts upon the application for transfer, the transferee shall not exercise any voting rights nor receive any dividends, and if the transferee is not approved by the Commission, the stock shall be immediately transferred back to the trust and any cash or stock dividends accumulated thereon shall remain in the trust. If the transferee is approved by the Commission, any accumulated dividends may be passed to the transferee.

All stockholders owning or holding 5 percent or less of the equity and voting securities of a corporate licensee, other than a publicly traded corporation, must register in that capacity with the Board and affirmatively state in writing that they submit to the Board’s jurisdiction. Such registration must be made on forms prescribed by the Board Chair. A stockholder who is required to be registered by this section shall
apply for registration before the stockholder obtains an ownership interest of 5 percent or less in a corporate licensee.

If the Commission finds a stockholder unsuitable, denies an application of the stockholder, or revokes an approval of the stockholder, the stockholder and the corporate licensee shall comply with NRS 463.510 (2) and (3).

An application for registration with the Board shall:
- Include a completed application for registration form as prescribed by the Board Chair;
- Include fully executed waivers and authorizations as determined necessary by the Board Chair to investigate the registrant;
- Include an affirmative statement that the registrant submits to the jurisdiction of the Board;
- Include an affirmative statement that the registrant has no intent to exercise control over the licensee other than to vote the registrant’s shares in the ordinary course;
- Include the fingerprints of the registrant for purposes of investigating the registrant’s criminal history. Such fingerprints shall be provided in a form and manner acceptable to the Board. The Chair, in the Chair’s sole and absolute discretion, may waive this requirement upon a written request which specifically sets out the reasons for the request for waiver;
- Be accompanied by a fee to cover registration investigation costs as follows:
  - For registrations related to 2 or fewer restricted licenses, an investigative fee in the amount of $550.00 and
  - For all other registrations, an investigative fee in the amount of $2,500.00.

This fee does not include the application fee or investigation costs should the Chair require the registrant to apply for licensure; and
- Include such other information as the Chair may require.

The Board Chair may require a stockholder who is required to be registered by this section to apply for licensure at any time in the Chair’s discretion by sending notice through the United States Postal Service to the registrant at the address on the registrant’s registration on file with the Board and to the corporate licensee at the address on file with the Commission. A stockholder shall apply for licensure as required by the Board Chair within 40 days of the stockholder’s receipt of notice. The notice shall be deemed to have been received by the stockholder 5 days after such notice is deposited with the United States Postal Service with the postage thereon prepaid.

Upon receipt of a completed application for registration with the Board, the application shall be placed on an agenda for consideration by the Board not later than the first regular monthly Board agenda following the expiration of 120 days after the Board receives the completed application for registration with the Board.

At the meeting in which the Board considers the application, it shall register the person with the Board, decline to register the person with the Board, or refer the application back to staff. At the meeting in which the Board considers the application, it may also recommend the Chair require the person required to be registered by this section to apply for licensure. If the Board declines to register a person pursuant to this subsection, such action in so declining to register a person with the Board shall not be considered a denial under the act.

A person who has the person’s application for registration with the Board declined or referred back to staff may file an application for licensure even if not required to do so by the Chair.

If a stockholder of a corporate licensee is a holding company and is required to register with the Board under this section, the stockholder is not required to register with the Commission pursuant to NRS 463.585 unless the Chair requires the stockholder to apply for licensure.

In enacting this regulation section, the Commission finds that waiver of NRS 463.585 pursuant to NRS 463.489 is appropriate to the extent required by this section. In making this waiver, the Commission finds such waiver is consistent with the state policy set forth in NRS 463.0129 and NRS 463.489 because such waiver is for purposes including but not limited to fostering the growth of the gaming industry which is vitally important to the economy of the State and the general welfare of its inhabitants and broadening the opportunity for investment in gaming. The Commission further finds such waiver does not diminish the Board's and Commission's roles in strictly regulating gaming and effectively controlling the conduct of gaming by business organizations because the Board and Commission still require, at a minimum, registration with the Board of all persons involved with gaming and may call such persons subject to registration with the Board forward for licensure, registration with the Commission, or findings of suitability.
Upon the Board Chair requiring a stockholder who is required to be registered by this section to apply for licensure, the stockholder does not have any right to the granting of the application. Any license hereunder is a revocable privilege, and no holder acquires any vested right therein or thereunder. Judicial review is not available for decisions of the Board and Commission made or entered under the provisions of this section.

(Effective: 9/73. Amended: 9/74; 9/87; 12/11; 8/13.)

15.530-2 Licensing of certain payees. Any person who receives payments computed on the basis of the earnings profits or receipts from gaming of a corporate licensee, other than as the owner of an equity security issued by the corporate licensee, may be required to be licensed or approved.

(Effective: 9/73.)

15.530-3 Corporate non-compliance with NRS 463.530. Whenever, as contemplated by NRS 463.530, it is the judgment of the Commission that the public interest will be served by requiring any or all of the corporation’s, lenders, holders of evidences of indebtedness, underwriters, key executives and agents, employees or other persons dealing with the corporation and having the power to exercise a significant influence over decisions made by the corporation to be licensed, the Commission shall serve a notice of such determination upon the corporation, and if the person, persons or other entity or entities which are the subject of such determination shall not have, within 30 days following the service of such notice, applied for a license as contemplated by NRS 463.530, the corporation may be deemed to have failed to require such application as contemplated by NRS 463.530.

(Effective: 9/73.)

15.540-1 Licensing referred to in NRS 463.540. It is the interpretation of the Commission that the licensing referred to in NRS 463.540 is gaming licensing of the corporation pursuant to NRS 463.160 et seq., and the regulations thereunder.

(Effective: 9/73.)

15.540.1-1 Beneficial ownership. The terms “issue or transfer” in NRS 463.540(1) extend to transactions involving any type of ownership referred to in Regulation 15.482-6.

(Effective: 9/73.)

15.540.1-2 Procedures for obtaining approvals under NRS 463.540(1) for issuance of securities. The report required by NRS 463.540(1) shall consist of an application signed by the president, or a vice president, and the secretary, or assistant secretary, of the applicant on an official form and, to the extent not inconsistent with the requirements of such form, setting forth the following information:

The name, address and telephone number of the applicant.

Whether or not the applicant is a licensee, holding company or intermediary company. If the applicant is not a licensee, but has applied for a license, the application shall set forth the date of such application and a statement of its current status.

If the applicant is the holder of or has pending an application for a state gaming license, the application shall set forth all of the information required to be set forth in a registration statement by such applicant pursuant to NRS 463.520. Such information may be incorporated by reference to the registration statement of the applicant; provided, however, that such information shall be as of a date not later than 30 days preceding the date of such application.

If the applicant is a holding company or intermediary company, the application shall set forth all of the information required to be set forth in a registration statement pursuant to NRS 463.585(1)(b) or furnished to the Commission pursuant to NRS 463.605. Such information may be incorporated by reference to the registration statement of, or information previously filed by such person; provided, however, that such information shall be as of a date not later than 30 days prior to the date of such application.

The identity and address of each proposed purchaser or transferee of the securities covered by such application.

The application will not be approved unless and until the proposed transferee complies with Regulation 8.

(Effective: 9/73.)
15.550.1 Licensing referred to in NRS 463.550(1). It is the interpretation of the Commission that the licensing referred to in NRS 463.550(1) is gaming licensing of the corporation pursuant to NRS 463.160 et seq., and the regulations thereunder.

(Effective: 9/73.)

15.585.3-1 Persons who may be deemed unsuitable. The several nonexclusive criteria of unsuitability set forth in Regs. 15.510.2-1 are also nonexclusive criteria of unsuitability under NRS 463.585(3).

(Effective: 9/73.)

15.585.3-2 Escrow of securities. The Commission shall have the same power with respect to securities issued by holding companies as it has under Regs. 15.510.2-2 with respect to securities issued by corporate licensees.

15.585.7-3 Certain transactions prohibited—holding company. [Repealed: 12/11.]

15.585.7-4 Stockholders of holding companies.
1. Each stockholder of a holding company must be found suitable to be a stockholder or, in the discretion of the Commission, be licensed if the stockholder owns more than 5 percent of any licensee owned by the holding company.
2. All stockholders of a holding company which own 5 percent or less of any licensee owned by the holding company must register in that capacity with the Board and affirmatively state in writing that they submit to the Board’s jurisdiction. Such registration must be made on forms prescribed by the Board Chair. A stockholder who is required to be registered by this section shall apply for registration before the stockholder obtains an ownership interest in the holding company.
3. If the Commission finds a stockholder unsuitable, denies an application of the stockholder, or revokes an approval of the stockholder, the stockholder and the corporate holding company shall comply with NRS 463.585 (3) and (4).
4. An application for registration with the Board shall:
   (a) Include a completed application for registration form as prescribed by the Board Chair;
   (b) Include fully executed waivers and authorizations as determined necessary by the Board Chair to investigate the registrant;
   (c) Include an affirmative statement that the registrant submits to the jurisdiction of the Board;
   (d) Include an affirmative statement that the registrant has no intent to exercise control over the licensee other than to vote the registrant’s shares in the ordinary course;
   (e) Include the fingerprints of the registrant for purposes of investigating the registrant’s criminal history. Such fingerprints shall be provided in a form and manner acceptable to the Board. The Chair, in the Chair’s sole and absolute discretion, may waive this requirement upon a written request which specifically sets out the reasons for the request for waiver;
   (f) Be accompanied by a fee to cover registration investigation costs as follows:
      (1) For registrations related to 2 or fewer restricted licenses, an investigative fee in the amount of $550.00 and
      (2) For all other registrations, an investigative fee in the amount of $2,500.00.
   → This fee does not include the application fee or investigation costs should the Chair require the registrant to apply for licensure; and
   (g) Include such other information as the Chair may require.
5. The Board Chair may require a stockholder who is required to be registered by this section to apply for a finding of suitability at any time in the Chair’s discretion by sending notice through the United States Postal Service to the registrant at the address on the registrant’s registration on file with the Board and to the holding company at the address on file with the Commission. A stockholder shall apply for a finding of suitability as required by the Board Chair within 40 days of the stockholder’s receipt of notice. The notice shall be deemed to have been received by the stockholder 5 days after such notice is deposited with the United States Postal Service with the postage thereon prepaid.
6. Upon receipt of a completed application for registration with the Board, the application shall be placed on an agenda for consideration by the Board not later than the first regular monthly Board agenda following the expiration of 120 days after the Board receives the completed application for registration with the Board.
   (a) At the meeting in which the Board considers the application, it shall register the person with the Board, decline to register the person with the Board, or refer the application back to staff. At the meeting in which the Board considers the application, it may also recommend the Chair require the person required to be registered by this section to apply for licensure. If the Board declines to register a person pursuant to this subsection, such action in so declining to register a person with the Board shall not be considered a denial under the act.
   (b) A person who has the person’s application for registration with the Board declined or referred back to staff may file an application for licensure even if not required to do so by the Chair.
7. If a stockholder of a holding company is also a holding company and is required to register with the Board under this section, the stockholder is not required to register with the Commission pursuant to NRS 463.585 unless the Chair requires the stockholder to apply for a finding of suitability.
8. In enacting this regulation section, the Commission finds that waiver of NRS 463.585 and NRS 463.595 pursuant to NRS 463.489 is appropriate to the extent required by this section. In making these waivers, the Commission finds such waivers are consistent with the state policy set forth in NRS 463.0129 and NRS 463.489 because such waivers are for purposes including but not limited to fostering the growth of the gaming industry which is vitally important to the economy of the State and the general welfare of its inhabitants and broadening the opportunity for investment in gaming. The Commission further finds such waivers do not diminish the Board’s and Commission’s roles in strictly regulating gaming and effectively controlling the conduct of gaming by business organizations because the Board and Commission still require, at a minimum, registration with the Board of all persons involved with gaming and may call such persons subject to registration with the Board forward for licensure, registration with the Commission, or findings of suitability.

9. Upon the Board Chair requiring a stockholder who is required to be registered by this section to apply for licensure, the stockholder does not have any right to the granting of the application. Any license hereunder is a revocable privilege, and no holder acquires any vested right therein or thereunder. Judicial review is not available for decisions of the Board and Commission made or entered under the provisions of this section.

(Effective: 9/73. Amended: 12/11; 8/13.)

15.585.7-5 Officers and directors of holding companies.

Except as otherwise specified in this section, any person who has a relationship to a holding company of a type described in Regulations 16.410 or 16.415 with respect to publicly traded corporations shall file an application for finding of suitability and may be required to be licensed.

An officer or director of a holding company

- who would otherwise be required to be found suitable pursuant to subsection 1;
- who does not serve on any committee to which is delegated the authority of the board of directors to act in any matter involving the activities of a corporate gaming licensee; and
- who does not have a relationship to a holding company of a type described in Regulations 16.410(3)(a) or 16.415(3)(c) with respect to publicly traded corporations

is not required to be found suitable or licensed and must register in that capacity with the Board if the holding company is not, directly or indirectly, a general partner or manager of any licensee and does not control any licensee. A person who is required to be registered by this section shall apply for registration within 30 days after the person assumes office.

If the Commission finds a person who has a relationship to a holding company of a type described in Regulations 16.410 and 16.415 with respect to publicly traded corporations unsuitable, denies an application of the person, or revokes an approval of the person, the person and the holding company shall comply with NRS 463.595(2).

An application for registration with the Board shall:

- Include a completed application for registration form as prescribed by the Board Chair;
- Include fully executed waivers and authorizations as determined necessary by the Board Chair to investigate the registrant;
- Include an affirmative statement that the registrant submits to the jurisdiction of the Board;
- Include an affirmative statement that the registrant has no intent to exercise control over the licensee;
- Include the fingerprints of the registrant for purposes of investigating the registrant’s criminal history. Such fingerprints shall be provided in a form and manner acceptable to the Board. The Chair, in the Chair’s sole and absolute discretion, may waive this requirement upon a written request which specifically sets out the reasons for the request for waiver;
- Be accompanied by a fee to cover registration investigation costs as follows:
  - For registrations related to 2 or fewer restricted licenses, an investigative fee in the amount of $550.00 and
  - For all other registrations, an investigative fee in the amount of $2,500.00.
- This fee does not include the application fee or investigation costs should the Chair require the registrant to apply for licensure; and
- Include such other information as the Chair may require.

The Board Chair may require a person who is required to be registered by this section to apply for a finding of suitability or licensure at any time in the Chair’s discretion by sending notice through the United
States Postal Service to the registrant at the address on the registrant's registration on file with the Board and to the holding company at the address on file with the Commission. Such person shall apply for a finding of suitability or licensure as required by the Board Chair within 40 days of the individual's receipt of notice. The notice shall be deemed to have been received by such person 5 days after such notice is deposited with the United States Postal Service with the postage thereon prepaid.

Upon receipt of a completed application for registration with the Board, the application shall be placed on an agenda for consideration by the Board not later than the first regular monthly Board agenda following the expiration of 120 days after the Board receives the completed application for registration with the Board.

At the meeting in which the Board considers the application, it shall register the person with the Board, decline to register the person with the Board, or refer the application back to staff. At the meeting in which the Board considers the application, it may also recommend the Chair require the person required to be registered by this section to apply for licensure. If the Board declines to register a person pursuant to this subsection, such action in so declining to register a person with the Board shall not be considered a denial under the act.

A person who has the person's application for registration with the Board declined or referred back to staff may file an application for licensure even if not required to do so by the Chair.

In enacting this regulation section, the Commission finds that waiver of NRS 463.595 pursuant to NRS 463.489 is appropriate to the extent required by this section. In making this waiver, the Commission finds such waiver is consistent with the state policy set forth in NRS 463.0129 and NRS 463.489 because such waiver is for purposes including but not limited to fostering the growth of the gaming industry which is vitally important to the economy of the State and the general welfare of its inhabitants and broadening the opportunity for investment in gaming. The Commission further finds such waiver does not diminish the Board's and Commission's roles in strictly regulating gaming and effectively controlling the conduct of gaming by business organizations because the Board and Commission still require, at a minimum, registration with the Board of all persons involved with gaming and may call such persons subject to registration with the Board forward for licensure, registration with the Commission, or findings of suitability.

Upon the Board Chair requiring a person who has a relationship to a holding company of a type described in Regulations 16.410 and 16.415 with respect to publicly traded corporations who is required to be registered by this section to apply for licensure, the person does not have any right to the granting of the application. Any license hereunder is a revocable privilege, and no holder acquires any vested right therein or thereunder. Judicial review is not available for decisions of the Board and Commission made or entered under the provisions of this section.

(Effective: 9/73. Amended: 12/11; 8/13.)

15.585.7-6 Certain payees. Any person who receives payments from a holding company computed on the basis of the earnings or profits of the holding company, or on the basis of the receipts from gaming of a subsidiary corporate licensee of such holding company, may be required to be found suitable or licensed or approved.

(Effective: 9/73.)

15.585.7-7 Reporting requirements for certain holding companies. Each holding company which is a firm, partnership, trust or other form of business organization not a natural person or a corporation, must furnish the Board with analogous information required to be furnished by NRS 463.585(1)(a) and (b).

(Adopted: 10/90.)

15.625.1 Exclusion of publicly traded corporations. Regulation 15 shall not apply to the securities of, nor other interest in, any holding company which has been permitted to comply with NRS 463.635 to NRS 463.641 nor to its stockholders, directors, officers, agents, employees, underwriters, lenders, and other holders of evidence of indebtedness, as such.

(Effective: 9/73.)

(Adopted: 8/88. Amended: 12/11.)

15A.065 Registration of certain limited partners of limited partnerships. All limited partners with a 5 percent or less ownership interest in a limited partnership licensee must register in that capacity with the Board and affirmatively state in writing that they submit to the Board’s jurisdiction. Such registration must be made on forms prescribed by the Chair. A limited partner who is required to be registered by this section shall apply for registration before the limited partner obtains an ownership interest of 5 percent or less in a limited partnership licensee.

If the Commission finds a limited partner unsuitable, denies an application of the limited partner, or revokes an approval of the limited partner, the limited partner and the limited partnership shall comply with NRS 463.567(2) and (3).

An application for registration with the Board shall:
Include a completed application for registration form as prescribed by the Chair;
Include fully executed waivers and authorizations as determined necessary by the Chair to investigate the registrant;
Include an affirmative statement that the registrant submits to the jurisdiction of the Board;
Include an affirmative statement that the registrant has no intent to exercise control over the licensee other than to vote the registrant’s shares in the ordinary course;
Include the fingerprints of the registrant for purposes of investigating the registrant’s criminal history. Such fingerprints shall be provided in a form and manner acceptable to the Board. The Chair, in the Chair’s sole and absolute discretion, may waive this requirement upon a written request which specifically sets out the reasons for the request for waiver;
Be accompanied by a fee to cover registration investigation costs as follows:
For registrations related to 2 or fewer restricted licenses, an investigative fee in the amount of $550.00 and
For all other registrations, an investigative fee in the amount of $2,500.00.
This fee does not include the application fee or investigation costs should the Chair require the registrant to apply for licensure; and
Include such other information as the Chair may require.

The Chair may require a limited partner who is required to be registered by this section to apply for licensure at any time in the Chair’s discretion by sending notice through the United States Postal Service to the registrant at the address on the registrant’s registration on file with the Board and to the limited partnership at the address on file with the Commission. A limited partner shall apply for licensure as required by the Chair within 40 days of the limited partner’s receipt of notice. The notice shall be deemed to have been received by the limited partner 5 days after such notice is deposited with the United States Postal Service with the postage thereon prepaid.

Upon receipt of a completed application for registration with the Board, the application shall be placed on an agenda for consideration by the Board not later than the first regular monthly Board agenda following the expiration of 120 days after the Board receives the completed application for registration with the Board.

At the meeting in which the Board considers the application, it shall register the person with the Board, decline to register the person with the Board, or refer the application back to staff. At the meeting in which the Board considers the application, it may also recommend the Chair require the person required to be registered by this section to apply for licensure. If the Board declines to register a person pursuant to this subsection, such action in so declining to register a person with the Board shall not be considered a denial under the act.

A person who has the person’s application for registration with the Board declined or referred back to staff may file an application for licensure even if not required to do so by the Chair.

If a limited partner of a limited partnership licensee is a holding company and is required to register with the Board under this section, the limited partner is not required to register with the Commission pursuant to NRS 463.585 unless the Chair requires the limited partner to apply for licensure.

In enacting this regulation section, the Commission finds that waiver of NRS 463.585 pursuant to NRS 463.489 is appropriate to the extent required by this section. In making this waiver, the Commission finds such waiver is consistent with the state policy set forth in NRS 463.0129 and NRS 463.489 because such waiver is for purposes including but not limited to fostering the growth of the gaming industry which is vitally important to the economy of the State and the general welfare of its inhabitants and broadening the opportunity for investment in gaming. The Commission further finds such waiver does not diminish the Board’s and Commission’s roles in strictly regulating gaming and effectively controlling the conduct of gaming by business organizations because the Board and Commission still require, at a minimum, registration with the Board of all persons involved with gaming and may call such persons subject to registration with the Board forward for licensure, registration with the Commission, or findings of suitability.

Upon the Chair requiring a limited partner who is required to be registered by this section to apply for licensure, the limited partner does not have any right to the granting of the application. Any license hereunder is a revocable privilege, and no holder acquires any vested right therein or thereunder. Judicial review is not available for decisions of the Board and Commission made or entered under the provisions of this section.

(Amended: 8/13.)

As to a former officer or director, such information need be provided only to the extent that it relates to actions arising out of or during such person’s tenure with the institutional investor or its affiliates.

Any additional information the Board or the Commission may request.

The Board and Commission shall consider all relevant information in determining whether to grant a waiver requested pursuant to subsection 1, including but not limited to:

Whether the waiver is consistent with the policy set forth in NRS 463.0129, 463.489, and Regulation 15A.310; and

Any views expressed to the Board and Commission by the limited partnership licensee or any affiliate thereof.

Any waiver granted pursuant to this section may be limited or conditioned in any respect by the Board or Commission, including, but not limited to, requiring a certification, made under oath and the penalty of perjury, which contains the following:

A statement attesting that the institutional investor holds and/or has held the interest in or equity securities issued by the limited partnership licensee or the holding company for (1) investment purposes only, and (2) in the ordinary course of business as an institutional investor and not for the purpose of (A) causing, directly or indirectly, the appointment of any general partner(s), or (B) effecting any change in the partnership agreement, certificate of limited partnership, other organic document, management, policies or operations of the limited partnership licensee or any of its affiliates.

A statement that the institutional investor has not engaged in any activities inconsistent with the holding of an interest in or equity securities of a limited partnership licensee or the holding company for investment purposes only in accordance with the provisions of section 2 hereof.

The name, title and telephone number of the persons having direct control over the institutional investor’s holdings of an interest in or equity securities issued by the limited partnership licensee or the holding company.

A statement of all complaints, arrests, indictments or convictions of any officer or director of the institutional investor regarding the rules and regulations of the Securities and Exchange Commission and any regulatory agency of any State where it conducts business, or any offense which would constitute a gross misdemeanor or felony if committed in the State of Nevada. The name, position, charge, arresting agency, and a brief description of the event must also be included in the statement.

A statement indicating any change to the structure and/or operation of the institutional investor which could affect its classification as an institutional investor as defined within Regulation 16.010(14).

An institutional investor that has been granted a waiver of licensing, registration or finding of suitability as required by NRS 463.170(6), 463.569, 463.585, 463.595 and Regulations 15.585.7-4, 15.585.7-5, 15A.060 and 15A.190 and that subsequently intends not to hold its interest in or equity securities issued by the limited partnership licensee or the holding company for investment purposes only, or that intends to take any action inconsistent with its prior intent shall, within 2 business days after its decision, deliver notice to the Chair in writing of the change in its investment intent. The Chair may then take such action under the provisions of NRS 463.170(6), 463.569 and 463.585 and Regulations 15.585.7-4, 15.585.7-5, 15A.060 and 15A.190, or any other provisions of the Gaming Control Act or regulations of the Commission as the Chair deems appropriate.

A waiver that has been granted pursuant to this section and NRS 463.489(2) and Regulations 15.489.2-1 and 15A.310 shall subject the institutional investor to requirements similar to those found with
NRS 463.567(1), or Regulation 15A.180, as applicable, in that any purported sale, assignment, transfer, pledge or other disposition of any interest in or equity security issued by the limited partnership licensee or the holding company, or the granting of an option to purchase such an interest or equity security, shall be void unless approved in advance by the Board and Commission.

The institutional investor shall be entitled to whatever economic advantage, including, but not limited to, distributions, that may flow from ownership of the interest or equity securities as though it has been licensed, registered or found suitable.

If the Chair finds that an institutional investor has failed to comply with the provisions of this section, or should be subject to licensing, registration, finding of suitability or any approval to protect the public interest, the Chair may, in accordance with NRS 463.170(6), 463.569 and 463.585 and Regulations 15.585.7-4, 15.585.7-5, 15A.060 and 15A.190 or any other provision of the Gaming Control Act or regulations of the Commission the Chair deems appropriate, require the institutional investor to apply for licensing, registration or a finding of suitability. The institutional investor affected by the action taken by the Chair may request a hearing on the merits of such action. The hearing shall be included on the agenda of the next regularly scheduled Commission meeting occurring more than 10 working days after the request for hearing. Upon good cause shown by the institutional investor, the Commission Chair may waive the 10-day requirement and place such hearing on an earlier Commission agenda. The Commission, for any cause deemed reasonable, may by a majority vote, sustain, modify or reverse the decision of the Chair, or remand the matter to the Chair for such further investigation and reconsideration as the Commission may order. While the application for licensure, registration or a finding of suitability or Commission review of the Chair’s action requiring the filing of such application is pending, the institutional investor shall not directly or indirectly, cause or attempt to cause any management, policy, or operating changes in the limited partnership licensee or the holding company.

The limited partnership licensee or the holding company shall immediately notify the Chair of any information about, fact concerning or actions of, an institutional investor holding any interest in or equity securities of the limited partnership licensee or the holding company, that may materially affect the institutional investor’s eligibility to hold a waiver under this section.

For purposes of this regulation “institutional investor” shall have the meaning set forth in Regulation 16.010(14) and “debt restructuring” shall have the meaning set forth in Regulation 16.010(8).

The partnership shall, within ten days from the date that it receives the notice from the commission, return to the unsuitable owner the amount of the unsuitable owner’s capital account as reflected on the books of the partnership. Beginning on the date when the commission serves notice of a determination of unsuitability, pursuant to the preceding sentence, upon the partnership, it is unlawful for the unsuitable owner: (a) to receive any share of the profits or distributions of any cash or other property other than a return of capital as required above; (b) to

(Adopted: 8/88.)

15A.130 Assignment of interest in a security. Included within the meaning of the term "disposition" as used in NRS 463.567(1) is any transfer, whether or not for value, of any interest in the profits or proceeds realized from the holding or disposition of a security.

(Adopted: 8/88.)

(Adopted: 8/88.)

15A.150 Persons who may be determined to be unsuitable for purposes of NRS 463.567(2). Without in any manner limiting or restricting the scope of NRS 463.567(2), the following persons may be determined to be unsuitable within the meaning of that section:

Any person who, having been notified by the general partners, the Board, or the Commission of the requirement that such persons be licensed as contemplated by NRS 463.569, fails, refuses, or neglects to apply for such licensing within 30 days after being requested to do so by the Board or the Commission.

Any record holder of a security issued by a limited partnership licensee or a holding company who fails, refuses, or neglects, upon request of the Board or the Commission, to furnish to the Board or the Commission within 30 days after such request, full, complete, and accurate information as to the owner of any beneficial interest in such security.

Any record owner of a security that is beneficially owned, in whole or in part, by a person determined to be unsuitable by the Commission.

(Adopted: 8/88.)

15A.160 Limited partnership non-compliance with NRS 463.569. Whenever the Commission determines that the public interest will be served by requiring any or all of the limited partnership’s lenders, holders of evidences of indebtedness, underwriters, key executives and agents, employees or other persons dealing with the limited partnership and having the power to exercise a significant influence over decisions by the limited partnership to be licensed, the Commission shall serve a notice of such determination upon the limited partnership either personally or by certified mail. If the person or entity that is the subject of such determination shall not have, within 30 days following the receipt of such notice, applied for a license as contemplated by NRS 463.569, the limited partnership may be deemed to have failed to require such application as contemplated by NRS 463.569.

(Adopted: 8/88.)

(Adopted: 8/88.)

15A.190 Licensing of general partners and limited partners of limited partnership holding companies.
Except as otherwise provided in this section, each general partner of a limited partnership holding company must be licensed. Each limited partner of a limited partnership holding company must be licensed if the limited partner owns more than 5 percent of any licensee owned by the limited partnership holding company, except to the extent delayed licensing is approved by the Commission. For the purposes of this section, “own” means the possession of a record or beneficial interest in any business organization.
All limited partners of a limited partnership holding company which own 5 percent or less of any licensee owned by the limited partnership holding company must register in that capacity with the Board and affirmatively state in writing that they submit to the Board’s jurisdiction. Such registration must be made on forms prescribed by the Chair. A limited partner who is required to be registered by this section shall apply for registration before the limited partner obtains an ownership interest in the limited partnership holding company.
A general partner of a limited partnership holding company is not required to be licensed and must register in that capacity with the Board if both of the following apply:
- The general partner owns 5 percent or less of each licensee owned by the limited partnership holding company; and
- The limited partnership holding company is not, directly or indirectly, a general partner or manager of any licensee and does not control any licensee.
A general partner who is required to be registered by this section shall apply for registration before the general partner obtains an ownership interest in the limited partnership holding company.
If the Commission finds a limited partner or general partner unsuitable, denies an application of the limited partner or general partner, or revokes an approval of the limited partner or general partner, the limited partner, general partner, and the limited partnership holding company shall comply with NRS 463.585(3) and (4) and NRS 463.595(2).
An application for registration with the Board shall:
- Include a completed application for registration form as prescribed by the Chair;
- Include fully executed waivers and authorizations as determined necessary by the Chair to investigate the registrant;
- Include an affirmative statement that the registrant submits to the jurisdiction of the Board;
- Include an affirmative statement that the registrant has no intent to exercise control over the licensee other than to vote the registrant’s shares in the ordinary course;
- Include the fingerprints of the registrant for purposes of investigating the registrant’s criminal history. Such fingerprints shall be provided in a form and manner acceptable to the Board. The Chair, in the Chair’s sole and absolute discretion, may waive this requirement upon a written request which specifically sets out the reasons for the request for waiver;
- Be accompanied by a fee to cover registration investigation costs as follows:
  - For registrations related to 2 or fewer restricted licenses, an investigative fee in the amount of $550.00; and
  - For all other registrations, an investigative fee in the amount of $2,500.00.
This fee does not include the application fee or investigation costs should the Chair require the registrant to apply for licensure; and
- Include such other information as the Chair may require.
The Chair may require a limited partner or general partner who is required to be registered by this section to apply for licensure at any time in the Chair’s discretion by sending notice through the United States Postal Service to the registrant at the address on the registrant’s registration on file with the Board and to the limited partnership holding company at the address on file with the Commission. A limited partner or general partner shall apply for licensure as required by the Chair within 40 days of the limited partner or general partner’s receipt of notice. The notice shall be deemed to have been received by the limited partner or general partner 5 days after such notice is deposited with the United States Postal Service with the postage thereon prepaid.

Upon receipt of a completed application for registration with the Board, the application shall be placed on an agenda for consideration by the Board not later than the first regular monthly Board agenda following the expiration of 120 days after the Board receives the completed application for registration with the Board.

At the meeting in which the Board considers the application, it shall register the person with the Board, decline to register the person with the Board, or refer the application back to staff. At the meeting in which the Board considers the application, it may also recommend the Chair require the person required to be registered by this section to apply for licensure. If the Board declines to register a person pursuant to this subsection, such action in so declining to register a person with the Board shall not be considered a denial under the act.

A person who has the person’s application for registration with the Board declined or referred back to staff may file an application for licensure even if not required to do so by the Chair.

If a limited partner or general partner of a limited partnership holding company is also a holding company and is required to register with the Board under this section, the limited partner or general partner is not required to register with the Commission pursuant to NRS 463.585 unless the Chair requires the limited partner or general partner to apply for licensure.

In enacting this regulation section, the Commission finds that waiver of NRS 463.585 and NRS 463.595 pursuant to NRS 463.489 is appropriate to the extent required by this section. In making these waivers, the Commission finds such waivers are consistent with the state policy set forth in NRS 463.0129 and NRS 463.489 because such waivers are for purposes including but not limited to fostering the growth of the gaming industry which is vitally important to the economy of the State and the general welfare of its inhabitants and broadening the opportunity for investment in gaming. The Commission further finds such waivers do not diminish the Board’s and Commission’s roles in strictly regulating gaming and effectively controlling the conduct of gaming by business organizations because the Board and Commission still require, at a minimum, registration with the Board of all persons involved with gaming and may call such persons subject to registration with the Board forward for licensure, registration with the Commission, or findings of suitability.

Upon the Chair requiring a limited partner or general partner who is required to be registered by this section to apply for licensure, the limited partner or general partner does not have any right to the granting of the application. Any license hereunder is a revocable privilege, and no holder acquires any vested right therein or thereunder. Judicial review is not available for decisions of the Board and Commission made or entered under the provisions of this section.

(Adopted: 8/88. Amended: 12/11; 8/13.)

**15A.200 Certain payees required to be found suitable, licensed or approved.** The Commission may require any person who receives payments from a limited partnership holding company computed on the basis of the earnings or profits of the holding company or on the basis of the receipts from gaming of the subsidiary limited partnership licensee of such holding company to be found suitable, licensed or approved.

(Adopted: 8/88.)

**15A.210 Delayed licensing for limited partners.** Pursuant to the provisions of NRS 463.563(2) and Regulation 15A, the Commission may waive licensing of limited partners and, in lieu thereof, grant approval of delayed licensing for any limited partner.

(Adopted: 8/88.)

**15A.220 Eligibility for delayed licensing.**
A limited partnership that has filed an application to be registered with the Board pursuant to the provisions of NRS 463.568 or NRS 463.585 may file an application for approval of delayed licensing of its limited partners. Only limited partners whose aggregate effective ownership percentage in the limited partnership is no more than 10 percent will be considered for delayed licensing approval. For purposes of determining aggregate effective ownership percentage, a natural person who is part of a legal entity that is a limited partner shall be deemed to have the percentage ownership interest held by the legal entity.

A general partner is not eligible for delayed licensing. A limited partnership seeking delayed licensing of its limited partners shall apply for a ruling from the Board, upon recommendation of the Board, that it is eligible for delayed licensing of its limited partners. Such application may be made at the same time that the limited partnership applies for a state gaming license or registers with the Board, and must include the information from limited partners required by Regulation 15A.240.

(Adopted: 8/88. Amended: 3/91.)

15A.225 Application for delayed licensing by individual limited partners. Once a limited partnership has been found eligible for delayed licensing pursuant to Regulation 15A.220, each limited partner seeking delayed licensing shall file an application for delayed licensing pursuant to Regulation 15A.230. A limited partner may file an application for delayed licensing prior to the Commission's ruling on the eligibility of the limited partnership, but the application will not be considered by the Board and Commission until the Commission rules that the limited partnership is eligible for delayed licensing.

(Adopted: 8/88.)

15A.230 Procedure for consideration of application for delayed licensing. Any application for delayed licensing, whether by the limited partnership pursuant to Regulation 15A.220, or by an individual limited partner pursuant to Regulation 15A.225, shall be made to the Board on forms furnished by the Board and in accordance with these regulations. The Board shall investigate the applicant and make a recommendation to the Commission pursuant to section 463.210 of the Nevada Revised Statutes and the Commission shall act upon the application pursuant to section 463.220 of the Nevada Revised Statutes.

(Adopted: 8/88.)

15A.240 Information to be provided by applicant for delayed licensing. In addition to filing a completed personal history record and personal financial questionnaire, along with all required releases and fingerprint cards, each limited partner applying for approval of delayed licensing shall provide the following information:

A listing of any other business interest between the applicant and a general partner existing prior to, at the time of, or after the formation of the limited partnership.

Whether the applicant has a familial relationship, either by blood, marriage or adoption, with a general partner.

A certification that the applicant does not have and will not have a material relationship to, or material involvement with, a general partner of the limited partnership with respect to gaming operations of the limited partnership. A person may be deemed to have a material relationship to, or material involvement with, a general partner if the person is a shareholder, controlling person or key employee of a legal entity that is a general partner, or if the person, as an agent, consultant, advisor or otherwise, exercises a significant influence upon the management or affairs of such general partner.

(Adopted: 8/88.)

15A.250 Effect of the Commission's ruling on a limited partnership's application for delayed licensing. If the Commission rules that a limited partnership is eligible for delayed licensing of its limited partners, the Commission shall direct the Board, based upon such investigation as the Board deems appropriate, to recommend to the Commission which of the limited partners who have applied for delayed licensing, if any, should be granted delayed licensing.

(Adopted: 8/88.)

15A.260 Standards. The Board and Commission shall consider all relevant material facts in determining whether to grant an approval of delayed licensing to a limited partnership, and thereafter to a
limited partner, as permitted by NRS 463.563(2) and Regulation 15A. The Board and Commission may further consider the effects of the action or approval requested by the applicant, the benefits to the State of Nevada, and whether other facts are deemed relevant, including, but not limited to, the following:

Whether the applicant, either individually or in conjunction with other limited partners, has any direct or indirect control or significant influence over a general partner, or over the management of the limited partnership’s business or gaming operations, or the ability to acquire such control. The limited partnership agreement will be scrutinized to determine if it has clear and specific provisions covering the following:

Restricting the priority rights with respect to income, losses, or other distributions, whether during the term of the limited partnership or upon its dissolution, of limited partners seeking delayed licensing;

Vesting the general partner(s) with the sole and exclusive right to manage and control the limited partnership’s business;

Defining the scope of the general partner’s (or partners’) authority and any limitations thereon;

Restricting the right of the limited partners to remove or elect general partners, except to the extent necessary to elect a general partner upon the retirement, death, or disability of a general partner who is a natural person; and

Whether any additional assessment or capital contribution can be required of the limited partners.

Whether the applicant has, or has had, a material relationship with a general partner. Applicants who have a familial relationship, either by blood, marriage or adoption, to a general partner may be deemed to have such a material relationship.

The commonality of other business interests between a general partner and any limited partners prior to, or existing at, formation of the limited partnership.

Whether the applicant had a key role in forming the limited partnership.

The relative level of risk for each general partner.

The business probity of each general partner, in gaming or otherwise.

The presence or absence of restrictions on the limited partners.

Whether a substantial portion of the assets of the limited partnership were owned by only one or more limited partners prior to formation of the limited partnership.

Whether substantial portion of the depreciable assets involved in the proposed gaming operation will be owned by the limited partnership.

The number of persons and entities involved in the limited partnership. The Commission will not ordinarily grant delayed licensing status to a limited partnership with fewer than 25 limited partners.

The various percentage ownership interests in the limited partnership.

Whether any limited partner has obligated his or her personal assets as a guarantee for the limited partnership or made any loans to the limited partnership in any manner whatsoever.

The terms of any agreement that provides for a buyout of a limited partner’s interest in the event that a limited partner is found unsuitable for licensing.

The presence or absence of any tax benefits to the limited partner.

(Adopted: 8/88.)

15A.270 Post-approval monitoring after approval of delayed licensing. The partnership agreement of a limited partnership that seeks delayed licensing must contain language to the effect that the licensing of any limited partner granted delayed licensing may be activated at any time pursuant to this regulation. The granting of delayed licensing to a limited partner by the Commission shall be a revocable approval. The Board and Commission shall not relinquish jurisdiction. Any limited partner receiving approval for delayed licensing from the Commission has no legal vested right or privilege inherent in that approval, nor shall the limited partners that have been granted delayed licensing accrue any privilege from the licensing of the limited partnership.

(Adopted: 8/88.)

15A.280 Powers of the Board and Commission after delayed licensing approval. Pursuant to the provisions of NRS 463.110(4), 463.140, 463.1405, 463.143, and 463.563(2), Board and Commission may exercise, without limitation, any of the following powers:

1. After the granting of delayed licensing to a limited partner, the Board may at any time recommend to the Commission that the Commission activate the licensing process for any limited partner granted delayed licensing if it determines that:

   (a) A limited partner has thereafter developed a material relationship with or to a general partner;
(b) A limited partner, individually or in conjunction with other limited partners, has acquired the ability to exercise significant control or influence over the management of the limited partnership’s gaming operations or business affairs;

(c) A limited partner, individually or in conjunction with other limited partners, has exercised, for any reason, significant control or influence over the management of the limited partnership’s gaming operations, either directly or indirectly, even if such control is contemplated or authorized by the partnership agreement;

(d) There is reason to believe that a limited partner cannot demonstrate his or her suitability pursuant to the provisions of NRS 463.170;

(e) The aggregate effective ownership percentage held by a limited partnership granted delayed licensing has increased to more than 10 percent; or

(f) Any other cause it deems reasonable.

2. The Commission after considering the recommendation of the Board, may activate the licensing process for any limited partner granted delayed licensing at any time.

3. The Commission may delegate to the Board the authority to activate, without Commission approval, the licensing process for any particular limited partner granted delayed licensing.

4. The Chair may issue an order requiring escrow of the funds, profits, or other monies due any limited partner granted delayed licensing from the licensed limited partnership for any cause deemed reasonable. Any such escrow ordered by the Chair automatically terminates at the conclusion of the next regular Board meeting unless:
   (a) The Board recommends that the Commission activate the licensing process for the limited partner that is the subject of the order;
   (b) The Board continues discussion of whether it should recommend that the licensing process be activated to a future meeting at the request of the limited partner that is the subject of the order; or
   (c) The Board activates the licensing process pursuant to a delegation of authority from the Commission under section 2 of Regulation 15A.280.

5. Any escrow ordered by the Chair pursuant to subsection 4 automatically terminates if the Commission decides not to activate the licensing process for the limited partner that is the subject of the order or if the Commission licenses the limited partner.

(Adopted: 8/88.)

**15A.290 Nontransferability of delayed licensing approval.** Delayed licensing approval shall be personal to the limited partnership or limited partner granted delayed licensing. A limited partnership interest that is held under delayed licensing may not be transferred, assigned, encumbered or hypothecated in any manner without the prior approval of the Commission, upon recommendation of the Board.

(Adopted: 8/88.)

**15A.300 Exclusion of public limited partnerships.** Regulation 15A shall not apply to the limited partnership interest or securities of, nor other interest in, any limited partnership holding company that has been permitted to comply with NRS 463.635 to NRS 463.641, inclusive, nor to its general partners, limited partners, agents, employees, underwriters, lenders, and other holders of evidence of indebtedness, as such.

(Adopted: 8/88.)

**15A.310 Waiver of requirement of regulation.** The Commission may waive one or more requirements of Regulation 15A if it makes a written finding that such waiver is consistent with the state policy set forth in NRS 463.0129 and NRS 463.563.

15B.030 Powers of Board and Commission. The Board shall have full and absolute power and authority, to the extent permitted by law, to recommend the granting, denial, limitation, conditioning, restriction, revocation, or delay of any license, registration, approval, or finding of suitability required or permitted by this regulation, or any application therefor, or to recommend other disciplinary action for any cause deemed reasonable by the Board. The Commission shall have full and absolute power and authority, to the extent permitted by law, to grant, deny, condition, restrict, revoke, suspend, or delay any license, registration, approval, or finding of suitability required or permitted under Regulation 15B, or any application therefor, or to take other disciplinary action for any cause deemed reasonable by the Commission.

(Adopted: 5/94.)

15B.040 Burden of proof. The burden of proof with respect to the granting of any approval required or permitted by Regulation 15B is at all times upon the person applying for such approval. Each applicant shall satisfy the Board or the Commission, as the case may be, that the granting of an approval is consistent with the state policies regarding gaming set forth in NRS 463.0129 and 463.573.

(Adopted: 5/94.)

15B.050 Certain affiliates of limited-liability company licensees. [Repealed: 12/11.]

15B.060 Ownership of limited-liability company licensees. Except as otherwise provided by law, no person shall acquire any interest in or equity security issued by a limited-liability company licensee or a holding company, become a controlling affiliate of a limited-liability company licensee or a holding company, become a holding company of a limited-liability licensee or of a holding company without first obtaining the prior approval of the Commission in accordance with this Regulation and Regulations 4 and 8.

(Adopted: 5/94. Amended: 12/11)
15B.065 Registration of certain members of limited-liability companies.

All members with a 5 percent or less ownership interest in a limited-liability company licensee must register in that capacity with the Board and affirmatively state in writing that they submit to the Board’s jurisdiction. Such registration must be made on forms prescribed by the Chair. A member who is required to be registered by this section shall apply for registration before the member obtains an ownership interest of 5 percent or less in a limited-liability company licensee.

If the Commission finds a member unsuitable, denies an application of the member, or revokes an approval of the member, the member and the limited-liability company shall comply with NRS 463.5733 (2) and (3).

An application for registration with the Board shall:
- Include a completed application for registration form as prescribed by the Chair;
- Include fully executed waivers and authorizations as determined necessary by the Chair to investigate the registrant;
- Include an affirmative statement that the registrant submits to the jurisdiction of the Board;
- Include an affirmative statement that the registrant has no intent to exercise control over the licensee other than to vote the registrant’s shares in the ordinary course;
- Include the fingerprints of the registrant for purposes of investigating the registrant’s criminal history. Such fingerprints shall be provided in a form and manner acceptable to the Board. The Chair, in the Chair’s sole and absolute discretion, may waive this requirement upon a written request which specifically sets out the reasons for the request for waiver;
- Be accompanied by a fee to cover registration investigation costs as follows:
  - For registrations related to 2 or fewer restricted licenses, an investigative fee in the amount of $550.00; and
  - For all other registrations, an investigative fee in the amount of $2,500.00.
  ≡ This fee does not include the application fee or investigation costs should the Chair require the registrant to apply for licensure; and
  - Include such other information as the Chair may require.

The Chair may require a member who is required to be registered by this section to apply for licensure at any time in the Chair’s discretion by sending notice through the United States Postal Service to the registrant at the address on the registrant’s registration on file with the Board and to the limited-liability company at the address on file with the Commission. A member shall apply for licensure as required by the Chair within 40 days of the member’s receipt of notice. The notice shall be deemed to have been received by the member 5 days after such notice is deposited with the United States Postal Service with the postage thereon prepaid.

Upon receipt of a completed application for registration with the Board, the application shall be placed on an agenda for consideration by the Board not later than the first regular monthly Board agenda following the expiration of 120 days after the Board receives the completed application for registration with the Board.

At the meeting in which the Board considers the application, it shall register the person with the Board, decline to register the person with the Board, or refer the application back to staff. At the meeting in which the Board considers the application, it may also recommend the Chair require the person required to be registered by this section to apply for licensure. If the Board declines to register a person pursuant to this subsection, such action in so declining to register a person with the Board shall not be considered a denial under the act.

A person who has the person’s application for registration with the Board declined or referred back to staff may file an application for licensure even if not required to do so by the Chair.

If a member of a limited-liability company licensee is a holding company and is required to register with the Board under this section, the member is not required to register with the Commission pursuant to NRS 463.585 unless the Chair requires the member to apply for licensure.

In enacting this regulation section, the Commission finds that waiver of NRS 463.585 pursuant to NRS 463.489 is appropriate to the extent required by this section. In making this waiver, the Commission finds such waiver is consistent with the state policy set forth in NRS 463.0129 and NRS 463.489 because such waiver is for purposes including but not limited to fostering the growth of the gaming industry which is vitally important to the economy of the State and the general welfare of its inhabitants and broadening the opportunity for investment in gaming. The Commission further finds such waiver does not diminish the
Board’s and Commission’s roles in strictly regulating gaming and effectively controlling the conduct of gaming by business organizations because the Board and Commission still require, at a minimum, registration with the Board of all persons involved with gaming and may call such persons subject to registration with the Board forward for licensure, registration with the Commission, or findings of suitability.

Upon the Chair requiring a member who is required to be registered by this section to apply for licensure, the member does not have any right to the granting of the application. Any license hereunder is a revocable privilege, and no holder acquires any vested right therein or thereunder. Judicial review is not available for decisions of the Board and Commission made or entered under the provisions of this section.

As to a former officer or director, such information need be provided only to the extent that it relates to actions arising out of or during such person’s tenure with the institutional investor or its affiliates.

Any additional information the Board or the Commission may request.

The Board and Commission shall consider all relevant information in determining whether to grant a waiver requested pursuant to subsection 1, including but not limited to:

A statement indicating any change to the structure and/or operation of the institutional investor which could affect its classification as an institutional investor as defined within Regulation 16.010(14).

An institutional investor that has been granted a waiver of licensing, registration or finding of suitability as required by NRS 463.5735, 463.585, 463.595 and Regulations 15.585.7-4, 15.585.7-5,
15B.060 and 15B.190 and that subsequently intends not to hold its interest in or equity securities issued by the limited liability company licensee or the holding company for investment purposes only, or that intends to take any action inconsistent with its prior intent shall, within 2 business days after its decision, deliver notice to the Chair in writing of the change in its investment intent. The Chair may then take such action under the provisions of NRS 463.5735 and 463.585 and Regulations 15.585.7-4, 15.585.7-5, 15B.060 and 15B.190, or any other provision of the Gaming Control Act or regulations of the Commission as the Chair deems appropriate.

The institutional investor shall be entitled to whatever economic advantage, including, but not limited to, distributions of profits, that may flow from ownership of the interest or equity securities as though it has been licensed, registered or found suitable.

If the Chair finds that an institutional investor has failed to comply with the provisions of this section, or should be subject to licensing, registration, finding of suitability or any approval to protect the public interest, the Chair may, in accordance with, NRS 463.5735 and 463.585 and Regulations 15.585.7-4, 15.585.7-5, 15B.060 and 15B.190 or any other provision of the Gaming Control Act or regulations of the Commission the Chair deems appropriate, require the institutional investor to apply for licensing, registration or a finding of suitability. The institutional investor affected by the action taken by the Chair may request a hearing on the merits of such action. The hearing shall be included on the agenda of the next regularly scheduled Commission meeting occurring more than 10 working days after the request for hearing. Upon good cause shown by the institutional investor, the Commission Chair may waive the 10-day requirement and place such hearing on an earlier Commission agenda. If the person or entity that is the subject of such determination shall not have, within 30 days following receipt of such notice, applied for a license as contemplated by NRS 463.5735 the limited-liability company may be deemed to have failed to require such application as contemplated by NRS 463.5735.

(Adopted: 5/94)

(Adopted: 5/94.)

15B.190 Licensing of managers and members of limited-liability company holding companies. Except as otherwise provided in this section, each manager of a limited-liability company holding company must be licensed. Each member of a limited-liability company holding company must be licensed if the member owns more than 5 percent of any licensee owned by the limited-liability company holding company, except to the extent delayed licensing is approved by the Commission. For the purposes of this section, “own” means the possession of a record or beneficial interest in any business organization.

All members which own 5 percent or less of any licensee owned by the limited-liability company holding company must register in that capacity with the Board and affirmatively state in writing that they submit to the Board's jurisdiction. Such registration must be made on forms prescribed by the Chair. A member who is required to be registered by this section shall apply for registration before the member obtains an ownership interest in the limited-liability company holding company.

A manager of a limited-liability company holding company is not required to be licensed and must register in that capacity with the Board if the limited-liability company holding company is not, directly or indirectly, a general partner or manager of any licensee and does not control any licensee. A manager who is required to be registered by this section shall apply for registration within 30 days after the manager assumes office.

If the Commission finds a member or manager unsuitable, denies an application of the member or manager, or revokes an approval of the member or manager, the member, manager, and the limited-liability company holding company shall comply with NRS 463.585 (3) and (4) and NRS 463.595(2).

An application for registration with the Board shall:

Include a completed application for registration form as prescribed by the Chair;
Include fully executed waivers and authorizations as determined necessary by the Chair to investigate the registrant;
Include an affirmative statement that the registrant submits to the jurisdiction of the Board;
Include an affirmative statement that the registrant has no intent to exercise control over the licensee other than to vote the registrant’s shares in the ordinary course;
Include the fingerprints of the registrant for purposes of investigating the registrant’s criminal history. Such fingerprints shall be provided in a form and manner acceptable to the Board. The Chair, in the Chair’s sole and absolute discretion, may waive this requirement upon a written request which specifically sets out the reasons for the request for waiver;
Be accompanied by a fee to cover registration investigation costs as follows:
For registrations related to 2 or fewer restricted licenses, an investigative fee in the amount of $550.00; and
For all other registrations, an investigative fee in the amount of $2,500.00.
This fee does not include the application fee or investigation costs should the Chair require the registrant to apply for licensure; and
Include such other information as the Chair may require.

The Chair may require a member or manager who is required to be registered by this section to apply for licensure at any time in the Chair’s discretion by sending notice through the United States Postal Service to the registrant at the address on the registrant’s registration on file with the Board and to the limited-liability company holding company at the address on file with the Commission. A member or manager shall apply for licensure as required by the Chair within 40 days of the member or manager’s receipt of notice. The notice shall be deemed to have been received by the member or manager 5 days after such notice is deposited with the United States Postal Service with the postage thereon prepaid.

Upon receipt of a completed application for registration with the Board, the application shall be placed on an agenda for consideration by the Board not later than the first regular monthly Board agenda following the expiration of 120 days after the Board receives the completed application for registration with the Board.

At the meeting in which the Board considers the application, it shall register the person with the Board, decline to register the person with the Board, or refer the application back to staff. At the meeting in which the Board considers the application, it may also recommend the Chair require the person required to be registered by this section to apply for licensure. If the Board declines to register a person pursuant to this subsection, such action in so declining to register a person with the Board shall not be considered a denial under the act.

A person who has the person’s application for registration with the Board declined or referred back to staff may file an application for licensure even if not required to do so by the Chair.

If a member or manager of a limited-liability company holding company is also a holding company and is required to register with the Board under this section, the member or manager is not required to register with the Commission pursuant to NRS 463.585 unless the Chair requires the member or manager to apply for licensure.

In enacting this regulation section, the Commission finds that waiver of NRS 463.585 and NRS 463.595 pursuant to NRS 463.489 is appropriate to the extent required by this section. In making these waivers, the Commission finds such waivers are consistent with the state policy set forth in NRS 463.0129 and NRS 463.489 because such waivers are for purposes including but not limited to fostering the growth of the gaming industry which is vitally important to the economy of the State and the general welfare of its inhabitants and broadening the opportunity for investment in gaming. The Commission further finds such waivers do not diminish the Board’s and Commission’s roles in strictly regulating gaming and effectively controlling the conduct of gaming by business organizations because the Board and Commission still require, at a minimum, registration with the Board of all persons involved with gaming and may call such persons subject to registration with the Board forward for licensure, registration with the Commission, or findings of suitability.

Upon the Chair requiring a member or manager who is required to be registered by this section to apply for licensure, the member or manager does not have any right to the granting of the application. Any license hereunder is a revocable privilege, and no holder acquires any vested right therein or thereunder. Judicial review is not available for decisions of the Board and Commission made or entered under the provisions of this section.
(Adopted: 5/94. Amended: 12/11; 8/13.)

15B.200 Certain payees required to be found suitable, licensed or approved. The Commission may require any person who receives payments from a limited-liability company holding company computed on the basis of earnings or profits of the holding company or on the basis of receipts from gaming of the subsidiary limited-liability company licensee of such holding company to be found suitable, licensed or approved.
(Adopted: 5/94.)
15B.210 Delayed licensing for members. Pursuant to the provisions of NRS 463.573(2) and Regulation 15B, the Commission may waive licensing of members and, in lieu thereof, grant approval of delayed licensing for any member.
(Adopted: 5/94.)

15B.220 Eligibility for delayed licensing.
A limited-liability company that has filed an application to be registered with the Board pursuant to NRS 463.5734 or NRS 463.585 may file an application for approval of delayed licensing of its members.

Only members whose aggregate effective ownership percentage in the limited-liability company is no more than 10 percent will be considered for delayed licensing approval. For purposes of determining aggregate effective ownership percentage, a natural person who is part of a legal entity that is a member shall be deemed to have the percentage ownership interest held by the legal entity.

Neither a member having management authority or responsibility nor a manager is eligible for delayed licensing.

A limited-liability company seeking delayed licensing of its members shall apply for a ruling from the Commission, upon recommendation from the Board, that it is eligible for delayed licensing of its members. Such application may be made at the same time that the limited-liability company applies for state gaming license or registers with the Board, and must include the information from members required by Regulation 15B.240.
(Adopted: 5/94.)

15B.225 Application for delayed licensing by individual members. Once a limited-liability company has been held eligible for delayed licensing pursuant to Regulation 15B.220, each member seeking delayed licensing shall file an application for delayed licensing pursuant to Regulation 15B.230. A member may file an application for delayed licensing prior to the Commission's ruling on the eligibility of the limited-liability company, but the application will not be considered by the Board and Commission until the Commission rules that the limited-liability company is eligible for delayed licensing.
(Adopted: 5/94.)

15B.230 Procedure for consideration of application for delayed licensing. Any application for delayed licensing, whether by the limited-liability company pursuant to Regulation 15B.220, or by any individual member pursuant to Regulation 15B.225, shall be made to the Board on forms furnished by the Board and in accordance with these regulations. The Board shall investigate the applicant and make a recommendation to the Commission pursuant to NRS 463.210 and the Commission shall act upon the application pursuant to NRS 463.220.
(Adopted: 5/94.)

15B.240 Information to be provided by applicant for delayed licensing. In addition to filing a completed personal history record and personal financial questionnaire, along with all required releases and fingerprint cards, each member applying for approval of delayed licensing shall provide the following information:

A listing of any other business interest between the applicant and a manager existing prior to, at the time of, or after the formation of the limited-liability company.

Whether the applicant has a familial relationship, either by blood, marriage or adoption, with a manager of the limited-liability company.

A certification that the applicant does not have and will not have a material relationship to, or a material involvement with, a manager of the limited-liability company with respect to the gaming operations of the limited-liability company. (Adopted: 5/94.)

15B.250 Effect of the Commission's ruling on a limited-liability company's application for delayed licensing. If the Commission rules that a limited-liability company is eligible for delayed licensing of its members, the Commission shall direct the Board, based upon such investigation as the Board deems
appropriate, to recommend to the Commission which of the members who have applied for delayed licensing, if any, should be granted delayed licensing.  
(Adopted: 5/94.)

15B.260 Standards. The Board and Commission shall consider all relevant material facts in determining whether to grant an approval of delayed licensing to a limited-liability company, and thereafter to a member, as permitted by NRS 463.573(2) and Regulation 15B. The Board and Commission may consider the effects of the action or approval requested by the applicant, the benefits to the State of Nevada, and whatever other facts are deemed relevant, including, but not limited to, the following:

- Whether the applicant, either individually or in conjunction with other members, has any direct or indirect control or significant influence over a manager or over the management of the limited-liability company's business or gaming operations, or the ability to acquire such control. The limited-liability company's operating agreement will be scrutinized to determine if it has clear and specific provisions covering the following:
  - Restricting the priority rights with respect to income, losses, or other distributions, whether during the term of the limited-liability company or upon its dissolution, of members seeking delayed licensing;
  - Vesting the managers or the members with the sole and exclusive right to manage and control the limited-liability company's business;
  - Defining the scope of the manager's authority and any limitations thereon;
  - Restricting the right of members to remove or elect managers, except to the extent necessary to elect a manager pursuant to NRS 86.291 or upon the retirement, death or disability of a manager who is a natural person; and
- Whether any additional assessment or capital contribution can be required of the members.
- Whether the applicant has, or has had, a material relationship with a manager. Applicants who have a familial relationship, either by blood, marriage or adoption, to a manager, may be deemed to have such a material relationship.
- The communality of other business interests between a manager and any member prior to, or existing at, formation of the limited-liability company.
- Whether the applicant had a key role in forming the limited-liability company.
- The relative level of risk for each manager.
- The business probity of each manager, in gaming or otherwise.
- The presence or absence of restrictions on the members.
- Whether a substantial portion of the assets of the limited-liability company were owned by only one or more members prior to formation of the limited-liability company.
- Whether substantial proportion of the depreciable assets involved in the proposed gaming operation will be owned by the limited-liability company.
- The number of persons and entities involved in the limited-liability company. The Commission will not ordinarily grant delayed licensing status to a limited-liability company with fewer than 25 members.
- The various percentage ownership interests in the limited-liability company.
- Whether any member has obligated his or her personal assets as a guaranty for the limited-liability company or made any loans to the limited-liability company in any manner whatsoever.
- The terms of any agreement that provides for a buyout of a member's interest in the event that a member is found unsuitable for licensing.
- The presence or absence of any tax benefit to the member.  
(Adopted: 5/94.)

15B.270 Post-approval monitoring after approval of delayed licensing. The operating agreement of a limited-liability company that seeks delayed licensing must contain language to the effect that the licensing of any member granted delayed licensing may be activated at any time pursuant to this regulation. The granting of delayed licensing to a member by the Commission shall be a revocable approval. The Board and Commission shall not relinquish jurisdiction. Any member receiving approval for delayed licensing from the Commission has no legal vested right or privilege inherent in that approval, nor shall the members that have been granted delayed licensing accrue any privilege from the licensing of the limited-liability company.  
(Adopted: 5/94.)
15B.280 Powers of the Board and Commission after delayed licensing approval. Pursuant to the provisions of NRS 463.110(4), 463.140, 463.1405, 463.143, and 463.573(2) the Board and Commission may exercise, without limitation, any of the following powers.

After the granting of delayed licensing to a member, the Board may at any time recommend to the Commission that the Commission activate the licensing process for any member granted delayed licensing if it determines that:

A member has thereafter developed a material relationship with or to a manager;
A member, individually or in conjunction with other members, has acquired the ability to exercise significant control or influence over the management of the limited-liability company’s gaming operations or business affairs;
A member, individually or in conjunction with other members, has exercised, for any reason, significant control or influence over the management of the limited-liability company’s gaming operations, either directly or indirectly, even if such control is contemplated or authorized by the operating agreement;
There is reason to believe that a member cannot demonstrate his or her suitability pursuant to the provisions of NRS 463.170;
The aggregate effective ownership percentage held by a member granted delayed licensing has increased to more than 10 percent;
There is a change in the manager, except upon the retirement, death or disability of a manager who is a natural person; or
Any other cause it deems reasonable.

The Commission, after considering the recommendation of the Board, may activate the licensing process for any member granted delayed licensing at any time.

The Commission may delegate to the Board the authority to activate, without Commission approval, the licensing process for a particular member granted delayed licensing.

The Chair may issue an order requiring escrow of the funds, profits, or other moneys due any member granted delayed licensing from the licensed limited-liability company for any cause deemed reasonable. Any such escrow ordered by the Chair automatically terminates at the conclusion of the next regular Board meeting unless:

The Board recommends that the Commission activate the licensing process for the member that is the subject of the order;
The Board continues discussion of whether it should recommend that the licensing process be activated to a future meeting at the request of the member that is the subject of the order; or
The Board activates the licensing process pursuant to a delegation of authority from the Commission under section 3 of Regulation 15B.280.

Any escrow ordered by the Chair pursuant to subsection 4 automatically terminates if the Commission decides not to activate the licensing process for the member that is the subject of the order or if the Commission licenses the member.

(Associated: 5/94.)

15B.290 Non-transferability of delayed licensing approval. Delayed licensing approval shall be personal to the limited-liability company or member granted delayed licensing. An interest in a limited-liability company that is held under delayed licensing may not be transferred, assigned, encumbered or hypothecated in any manner without the prior approval of the Commission, upon recommendation of the Board.

(Associated: 5/94.)

15B.300 Exclusion of public limited-liability companies. Regulation 15B shall not apply to an interest in a limited-liability company or securities of, nor other interest in, any limited-liability company holding company that has been permitted to comply with NRS 463.635 to NRS 463.641, inclusive, nor to its managers, members, agents, employees, underwriters, lenders, and other holders of evidence of indebtedness, as such.

(Associated: 5/94.)

15B.310 Waiver of requirement of regulation. The Commission may waive one or more requirements of Regulation 15B if it makes a written finding that such waiver is consistent with the state policy set forth in NRS 463.0129 and NRS 463.573(1).

INDIVIDUALS

16.400 Powers of Commission. The Commission may determine, upon the recommendation of the Board, at the time of initial application by a publicly traded corporation for registration as a holding company, or at any time thereafter, that the public interest and the purposes of the Act require that any individual who has a material relationship to, or material involvement with, a publicly traded corporation, affiliated company or a licensee that is subject to the jurisdiction of the Act should apply for a finding of suitability or licensing. A person may be deemed to have a material relationship to, or material involvement with, a corporation, affiliated company or a licensee if the person is a controlling person or key employee of the corporation, affiliated company or a licensee, or if the person, as an agent, consultant, advisor or otherwise, exercises a significant influence upon the management or affairs of the corporation, affiliated company or a licensee.
The foregoing powers of the Commission are not limited to individuals having a formal and direct involvement or relationship with a publicly traded corporation, affiliated company or a licensee, nor to individuals who are beneficial owners of any stated percentage of the outstanding equity securities of a publicly traded corporation, affiliated company or a licensee.

(Adopted: 5/73. Effective: 9/73. Amended: 10/78; 5/11.)

16.405 Beneficial owners of voting securities.

The Commission shall consider the provisions of NRS 463.643(1), (2), (3), (4) and (5) in making its determination as to which beneficial owners of voting securities of publicly traded corporations must or may be required to be found suitable or to be licensed.

All rules and regulations of the Securities and Exchange Commission applicable in determining whether a person is the beneficial owner of a particular equity security for purposes of Section 13(d) of the Federal Securities Exchange Act may be considered by, but shall not be binding upon, the Commission in making its determination whether, and the extent to which, a person is the beneficial owner of a voting security for the purposes of NRS 463.643, and sections 16.010(8), 16.330, 16.405, and 16.430 of this regulation.

NRS 463.643 applies to every person who is, directly or indirectly, the beneficial owner of any voting security in a publicly traded corporation which is registered with the Commission, irrespective of the time of acquisition of such ownership.

If any securities of a publicly traded corporation are held in street name, by a nominee, an agent or trust, the publicly traded corporation shall render maximum assistance to the Board, upon its request, to determine the beneficial ownership of such securities.

(Adopted: 10/78. Amended: 9/88; 5/11.)

16.410 Officers and employees.

The Commission shall require application for finding of suitability and may require licensing of any officer or employee of a publicly traded corporation whom the Commission finds to be actively and directly engaged in the administration or supervision of, or any other significant involvement with, the activities of a corporate gaming licensee.

The Commission may require application for licensing or finding of suitability by any officer or employee of a publicly traded corporation whose application is not otherwise required pursuant to paragraph 1 of this regulation and NRS 463.637(1), if the Commission determines that the policies of the state regarding gaming would be served by such action.

The following officers or employees of the publicly traded corporation are deemed to be actively and directly engaged in the administration or supervision of, and significantly involved with, the activities of the corporate licensee and therefore are normally required to be licensed or found suitable:

Each employee who is involved in gaming and who is also a director of the publicly traded corporation; and

The president, any persons performing the function of principal executive officer or principal operating officer, the principal financial officer, and any persons performing the function of chief technology officer or chief information officer.

(Adopted: 5/73. Effective: 9/73. Amended: 10/78; 5/11.)

16.415 Directors.

The Commission shall require application for finding of suitability and may require licensing of any director whom the Commission finds to be actively and directly engaged in the administration or supervision of the gaming activities at a licensed gaming establishment of a subsidiary corporate licensee.

The Commission may require application for licensing or finding of suitability by any director of a publicly traded corporation whose application is not otherwise required by paragraph 1 of this regulation and NRS 463.637(1), if the Commission determines that the policies of the state regarding gaming would be served by such action.

The following directors of the publicly traded corporation are deemed to be actively and directly engaged in the administration or supervision of the gaming activities of the subsidiary corporate licensee and therefore are normally required to be licensed or found suitable:

Each director who serves as Chair of the board of directors;

Each director who serves as the Chair of the audit committee;
Each director who, individually or in association with others, is the beneficial owner of greater than 5 percent of any class of voting securities of the registered publicly traded corporation for which he or she serves as a director; and
Each person, whether as director or otherwise, who serves on any committee to which is delegated the authority of the board of directors to act in any matter involving the activities of a corporate gaming licensee and each director who serves in the capacity of lead director.
(Adopted: 10/78. Amended: 5/11.)

16.420 Appointments and elections. Except in a transaction subject to Regulation 16.200 which involved a change of control of a publicly traded corporation as a whole, an individual may be appointed or elected to a position described in Regulations 16.410 or 16.415 without the prior approval of the Commission, and may occupy the position and exercise the authority and duties thereof until otherwise ordered by the Commission. The Commission may impose stricter requirements, including a requirement of prior approval, on any publicly traded corporation or with respect to any individual at any time.
(Adopted: 9/73. Amended: 10/78; 9/88.)

16.430 Institutional investor.
An institutional investor that becomes or intends to become subject to NRS 463.643(4) as a result of its beneficial ownership of voting securities of a publicly traded corporation registered with the Commission may apply to the Commission for a waiver of the requirements of NRS 463.643(4) with respect to the beneficial ownership of the voting securities of such publicly traded corporation if such institutional investor holds the securities for investment purposes only; provided, however, that an institutional investor shall not be eligible to receive or hold a waiver if the institutional investor beneficially owns, directly or indirectly, except as otherwise provided in subsection 2, more than 25 percent of the voting securities and if any of the voting securities were acquired other than through a debt restructuring. Voting securities acquired before a debt restructuring and retained after a debt restructuring or as a result of an exchange, exercise or conversion, after a debt restructuring, of any securities issued to the institutional investor through a debt restructuring, shall be deemed to have been acquired through a debt restructuring. A waiver granted under this section shall be effective only as long as the institutional investor's direct or indirect beneficial ownership interest in such voting securities meets the limitations set forth above, and should the institutional investor's interest exceed such limitations at any time, it shall be subject to NRS 463.643(4).
An institutional investor that has been granted a waiver pursuant to subsection 1, may beneficially own more than 25 percent, but not more than 29 percent, of the voting securities of a publicly traded corporation registered with the Commission, only if such additional ownership results from a stock repurchase program conducted by such publicly traded corporation, and upon the condition that such institutional investor does not purchase or otherwise acquire any additional voting securities of the publicly traded corporation that would result in an increase in the institutional investor's ownership percentage.
An institutional investor shall not be deemed to hold voting securities for investment purposes only unless the voting securities were acquired and are held in the ordinary course of business as an institutional investor and not for the purpose of causing, directly or indirectly, the election of a majority of the members of the board of directors, any change in the corporate charter, bylaws, management, policies or operations of the publicly traded corporation registered with the Commission or any of its gaming affiliates, or any other action which the Commission finds to be inconsistent with investment purposes only. The following activities shall not be deemed to be inconsistent with holding voting securities for investment purposes only:
Voting, directly or indirectly through the delivery of a proxy furnished by the board of directors, on all matters voted on by the holders of such voting securities;
Serving as a member of any committee of creditors or security holders formed in connection with a debt restructuring;
Nominating any candidate for election or appointment to the board of directors in connection with a debt restructuring;
Accepting appointment or election as a member of the board of directors in connection with a debt restructuring and serving in that capacity until the conclusion of the member's term;
Making financial and other inquiries of management of the type normally made by securities analysts for informational purposes and not to cause a change in its management, policies or operations; and
Such other activities as the Commission may determine to be consistent with such investment intent.

An application for a waiver must include:

A description of the institutional investor's business and a statement as to why the institutional investor is within the definition of "institutional investor" set forth in Regulation 16.010(14).

A certification made under oath and the penalty of perjury, that the voting securities were acquired and are held for investment purposes only as defined in subsection 2 and a statement by the signatory explaining the basis of the signatory's authority to sign the certification and to bind the institutional investor to its terms. The certification shall also provide that the applicant agrees to be bound by and comply with the Nevada Gaming Control Act and the regulations adopted thereunder, to be subject to the jurisdiction of the courts of Nevada, and to consent to Nevada as the choice of forum in the event any dispute, question, or controversy arises regarding the application or any waiver granted under this section.

A description of all actions, if any, taken or expected to be taken by the institutional investor relating to the activities described in subsection 2.

The name, address, telephone number and social security number of the officers and directors, or their equivalent, of the institutional investor as well as those persons that have direct control over the institutional investor's holdings of voting securities of the publicly traded corporation registered with the Commission.

The name, address, telephone number and social security or federal tax identification number of each person who has the power to direct or control the institutional investor's exercise of its voting rights as a holder of voting securities of the publicly traded corporation registered with the Commission.

The name of each person that beneficially owns more than 5 percent of the institutional investor's voting securities or other equivalent.

A list of the institutional investor's affiliates.

A list of all securities of the publicly traded corporation registered with the Commission that are or were beneficially owned by the institutional investor or its affiliates within the preceding year, setting forth a description of the securities, their amount, and the date of acquisition or sale.

A list of all regulatory agencies with which the institutional investor or any affiliate that beneficially owns voting securities of the publicly traded corporation registered with the Commission files periodic reports, and the name, address, and telephone number of the person, if known, to contact at each agency regarding the institutional investor.

A disclosure of all criminal or regulatory sanctions imposed during the preceding 10 years and of any administrative or court proceedings filed by any regulatory agency during the preceding 5 years against the institutional investor, its affiliates, any current officer or director, or any former officer or director whose tenure ended within the preceding 12 months. As to a former officer or director, such information need be provided only to the extent that it relates to actions arising out of or during such person's tenure with the institutional investor or its affiliates.

A copy of the institutional investor's most recent Schedule 13D or 13G and any amendments thereto filed with the United States Securities and Exchange Commission concerning any voting securities of the publicly traded corporation registered with the Commission.

A copy of any filing made under 15 U.S.C. 18a with respect to the acquisition or proposed acquisition of voting securities of the publicly traded corporation registered with the Commission.

Any additional information the Board or the Commission may request.

The Board and Commission shall consider all relevant information in determining whether to grant a waiver requested pursuant to subsection 1, including but not limited to:

Whether the waiver is consistent with the policy set forth in NRS 463.0129, 463.489, and 463.622;

The factors set forth within Regulation 16.060; and

Any views expressed to the Board and Commission by the publicly traded corporation or any licensed affiliate thereof.

An institutional investor that has been granted a waiver of a finding of suitability and that subsequently intends not to hold its voting securities of the publicly traded corporation for investment purposes only, or that intends to take any action inconsistent with its prior intent shall, within 2 business days after its decision, deliver notice to the Chair in writing of the change in its investment intent. The Chair may then take such action under the provisions of NRS 463.643 as the Chair deems appropriate.

A waiver of the requirements of NRS 463.643(4) that has been granted pursuant to this section and NRS 463.489(2) shall not be construed as a waiver of or exemption from the prior approval requirements.
of Regulation 16.200. An institutional investor that intends to apply for a waiver of the requirements of NRS 463.643(4) pursuant to this section must also simultaneously apply to the Commission for an exemption from the prior approval requirements of Regulation 16.200 if:

The proposed acquisition would give the institutional investor, directly or indirectly, the power to direct or cause the direction of the management and policies of the publicly traded corporation; or

The institutional investor intends to increase its beneficial ownership to more than 20% but not more than 25% of the voting securities of the registered publicly traded corporation.

If at the time an institutional investor applies to the Commission for a waiver of the requirements of NRS 463.643(4) it does not intend to increase its beneficial ownership to more than 20% of the voting securities of the registered publicly traded corporation but subsequently intends to increase to more than 20% but not more than 25%, it must apply to the Commission for an exemption from the prior approval requirements of Regulation 16.200.

If the Chair finds that an institutional investor has failed to comply with the provisions of this section, or should be subject to a finding of suitability to protect the public interest, the Chair may, in accordance with NRS 463.643, require the institutional investor to apply for a finding of suitability. The institutional investor affected by the action taken by the Chair may request a hearing on the merits of such action. The hearing shall be included on the agenda of the next regularly scheduled Commission meeting occurring more than 10 working days after the request for hearing. Upon good cause shown by the institutional investor, the Commission Chair may waive the 10-day requirement and place such hearing on an earlier Commission agenda. The Commission, for any cause deemed reasonable, may by a majority vote, sustain, modify or reverse the decision of the Chair, or remand the matter to the Chair for such further investigation and reconsideration as the Commission may order. While the application for a finding of suitability or Commission review of the Chair’s action requiring the filing of such application is pending, the institutional investor shall not, directly or indirectly, cause or attempt to cause any management, policy, or operating changes in the publicly traded corporation or any gaming affiliate.

Any publicly traded corporation registered with the Commission or any registered or licensed subsidiary thereof shall immediately notify the Chair of any information about, fact concerning or actions of, an institutional investor holding any of its voting securities, that may materially affect the institutional investor’s eligibility to hold a waiver under this section.

An institutional investor that is subject to NRS 463.643(4) as a result of its beneficial ownership of voting securities of a publicly traded corporation registered with the Commission and that has not been granted a waiver pursuant to subsection 1, may beneficially own more than 10 percent, but not more than 11 percent, of the voting securities of such publicly traded corporation, only if such additional ownership results from a stock repurchase program conducted by the publicly traded corporation, upon the same conditions as provided in subsection 2. Unless otherwise notified by the Chair, such an institutional investor is not required to apply to the Commission for a finding of suitability, but shall be subject to reporting requirements as prescribed by the Chair.

REGULATION 17

SUPERVISION

17.010 Authority. The following regulations are issued pursuant to NRS 463B.070 and 463B.200, and the terms utilized herein have the same definitions as set forth in NRS 463B.010 through 463B.040. (Adopted: 11/82.)

17.020 Policy. The Commission finds and hereby declares that the continuation of a nonrestricted gaming establishment's gaming operation following surrender, lapse, suspension or revocation of a license essential to such operation presents significantly enhanced dangers to the public health, safety, morals, good order and general welfare of the inhabitants of the State of Nevada and should only be permitted when:

- The possible adverse economic impact of closure of the gaming operations upon the specific community in which the establishment is located and upon the state generally is significant; and
- Continued gaming operation pursuant to a supervisorship would facilitate speedy transfer of ownership of the establishment in a manner that does not unreasonably endanger the public health, safety, morals, good order and general welfare.

(Adopted: 11/82. Amended: 3/92.)

17.030 Determination to seek supervisor.

Pursuant to NRS 463B.080, only the Commission is empowered to petition ex parte for court appointment of a supervisor if the license of any person whose license is essential to the operation of a gaming establishment:
- Is revoked by the Commission;
- Is suspended by the Commission;
- Lapses; or
- Is surrendered because the gaming establishment or the ownership thereof has been conveyed or transferred to a secured party who does not possess the licenses necessary to operate the establishment.

The decision to file such a petition is discretionary with the Commission, and in determining whether such a petition shall be filed, the Commission shall consider, at any time following issuance of an order revoking, suspending or allowing surrender or lapse of a nonrestricted gaming license:
- The nature of the violation which resulted in the revocation, suspension, surrender or lapse;
- The ability and actions taken, if any, for a removal by licensees in good standing of persons who committed the violation;
- The involvement during a proposed supervisorship in any operation of the establishment of persons whose licenses were revoked, suspended, surrendered or lapsed;
- The economic impact of closure of the gaming operations upon the community in which the establishment is located;
- The economic impact of closure of the gaming operations upon the State of Nevada;
- The prior efforts, if any, to sell the establishment;
- The involvement, if any, of undisclosed interests in the establishment;
- The presence, if any, of a publicly traded holding company and the public trading that would occur during a supervisorship;
- The current status of all fees and taxes applicable to the operation;
- The adequacy of existing financing for the operation, if continued, and the suitability of the source of such financing;

All Regulations (Rev. 09/20)
The impact upon public confidence and trust that gaming operations in Nevada are conducted honestly, competitively and free from criminal and corruptive elements;

The ownership of the gaming establishment premises or an interest therein by persons other than the offending, surrendering or lapsed licensee;

Any other matter material to a full and complete consideration of the particular circumstances presented;

The availability of two or more persons qualified and willing to assume the position of supervisor for the establishment in question, unless, in the opinion of the Commission, only one person is available who is qualified to serve, in which case the Commission may name only that person.

The Commission may decline to petition for appointment of a supervisor if satisfied that because of any or all of the above considerations or for any other reason, a continuation of the gaming operation would not be in the best interest of the State of Nevada, the gaming industry, or both.

The Commission will not petition for a supervisor to continue gaming operations at any establishment if:

A rehearing has been granted by the Commission to the licensee on the revocation or suspension of his or her license and the rehearing has not been concluded; or
The gaming establishment has never been in operation and opened to the public; or
The gaming establishment is, or reasonably appears to be, insolvent; or
Gaming operations ceased at the establishment for any reason prior to revocation, suspension or lapse of an essential license.

(Adopted: 11/82. Amended: 3/92.)

17.040 Qualifications of supervisor.

Should the Commission petition for appointment of a supervisor, the Commission shall include the names of two or more persons who the Commission believes are suitable and qualified to manage the gaming establishment involved and who are available for appointment by the court, unless, in the opinion of the Commission, only one person is available who is qualified to serve, in which case the Commission may name only that person.

The Commission shall not petition for appointment of any person unless first satisfied that the person meets the qualifications of NRS 463.170(2) and (3)(a).

The Commission may petition for the appointment of more than a single individual, such as a management team, association or company, where such an appointment would better meet the circumstances and the needs of the establishment.

(Adopted: 11/82. Amended: 3/92.)

17.050 Termination.

Once a license essential to a continuation of the gaming operations has been revoked, suspended, surrendered or has lapsed, there is no right or interest in any person to further conduct gaming at the establishment, and the Commission may seek termination of a supervisorship for any cause deemed reasonable by the Commission.

Without limiting the foregoing, the Commission may seek termination whenever:
License fees and taxes are not paid when due;
The establishment enters into voluntary or involuntary bankruptcy proceedings;
The establishment’s debts exceed the value of its assets or the establishment cannot meet its debts as they become due;
The Commission determines that a violation of NRS Chapters 463, 463B, 464 or 465 or the regulations enacted pursuant thereto, relating to the establishment has occurred subsequent to the supervisorship;
A former owner, the former owner’s agent, employee or representative are determined by the Commission to have violated any statute or regulation relating directly or indirectly to gaming or the administration of the supervisorship, other than the violation, if any, which resulted in the revocation, suspension, surrender or lapse;
The death, disability, or removal of the supervisor;
Closure of gaming operations at the establishment for any reason, regardless of fault; or
Any circumstances which, in the determination of the Commission, renders continued operations under the supervisorship impractical or detrimental to the interests of the State of Nevada, or licensed gaming, or both.
(Adopted: 11/82. Amended: 3/92.)

17.060 Distribution of earnings to former legal owners.
1. A supervisor shall not distribute earnings of the gaming establishment to the former licensed owners thereof, until deduction is made for:
   (a) The costs of the supervisorship, including compensation and expenses incurred by the supervisor and those engaged by the supervisor to aid in the supervisor’s duties, then due and owing;
   (b) Amounts deemed necessary by the supervisor for continuing the operation of the establishment, including, but not limited to, bankroll, salaries, and foreseeable operating expenses;
   (c) Amounts deemed necessary by the supervisor to preserve the assets of the gaming establishment; and
   (d) A reserve fund sufficient, in the determination of the supervisor, to facilitate continued operation in light of pending civil litigation, disputed claims, contractual obligations, taxes, fees and any other contingency known to the supervisor which may require payment by the establishment.
2. The supervisor, pursuant to NRS 463B.110, is subject to the provisions of NRS Chapter 463 and regulations adopted pursuant thereto, and shall not distribute any earnings of the gaming establishment in contravention of any provision thereof.
(Adopted: 11/82.)

End – Regulation 19
REGULATION 20

DISSEMINATORS

20.005 General. The Chair may waive one or more of the requirements of this regulation if the Chair determines the waiver is consistent with the state policy set forth in NRS 463.0129.
(Adopted: 1/11.)

20.010 Definitions. As used in this regulation:
“Chair” means the Chair of the Nevada Gaming Control Board or the Chair’s designee.
“Buyer” means a person who receives horse or other animal racing information within the State of Nevada from a disseminator by means other than a live broadcast, and who uses the information to determine winners of or payoffs on wagers accepted at a race book operated by the buyer. The term is not applicable to a person who receives services related to pari-mutuel wagering activity applicable to Regulation 26A.
“Live broadcast” means “live broadcast” as that term is defined in NRS 463.4212.
“User” of a live broadcast means “user” as that term is defined in NRS 463.4218.

20.020 License required; finding of suitability for a person providing transmission services; applications.
Applications for disseminator licenses submitted pursuant to NRS 463.430, or applications for a finding of suitability submitted pursuant to NRS 463.168 by a person providing transmission services in association with a disseminator, must be made, processed, and determined in the same manner as applications for nonrestricted gaming licenses, using such forms as the Chair may require or approve.
Except as provided in subsection 3, no person who owns, controls, or has any interest of any kind in a company or other enterprise that must hold a disseminator license, nor any person who applies for or holds a disseminator license, nor any employee or agent of any such persons, may hold a gaming license.
The Commission may grant a disseminator license to a person who holds a license to operate and who operates a race book or sports pool. A disseminator license issued to such a person authorizes the person:
To disseminate only live broadcasts;
To contract with not more than one track or association of tracks at a time for the purpose of disseminating live broadcasts; and
To disseminate live broadcasts from not more than one track at a time.

20.025 Information regarding post time. The disseminator who provides live broadcasts shall, for a reasonable fixed fee, or if otherwise required by any contractual agreement by and between the disseminator and buyer, provide the post times of such races to buyers as soon as the disseminator makes that information available to users.
(Adopted: 7/87.)

20.030 Rates and billings; user reports.
For live broadcasts of racing meets that were distributed within Nevada during the previous year, disseminators shall charge users a percentage of the amounts wagered at each user’s establishment on the live broadcast races, which must not exceed the lesser of the effective percentage rate of the previous year’s racing meet as increased by one half of 1 percent, or:

Three percent if the previous year’s average daily handle generated by such races at all users’ establishments did not exceed $150,000;

Two and three-fourths percent if the previous year’s average daily handle generated by such races at all users’ establishments was greater than $150,000 but did not exceed $250,000;

Two and one-half percent if the previous year’s average daily handle was greater than $250,000 but did not exceed $350,000;

Two and one-fourth percent if the previous year’s average daily handle generated by such races at all users’ establishments was greater than $350,000 but did not exceed $450,000;

Two percent if the previous year’s average daily handle generated by such races at all users’ establishments was greater than $450,000.

For live broadcasts of racing meets that were not distributed in Nevada during the previous year, or that were distributed but which are substantially different from the previous year’s meet, disseminators shall charge users a percentage of the amounts wagered in the users’ establishment on live broadcast races, which must not exceed three percent.

A racing meet may be considered to be substantially different from the previous year’s racing meet if:

The racing meet was broadcast during a substantially different time of the year the previous year;
The racing meet was broadcast during a substantially different time of the day the previous year;
The racing meet was modified to include new tracks;
The racing meet was modified to exclude tracks from which racing was previously broadcast; or
There has been a substantial increase or decrease in the number of racing days.

If the average daily handle generated by new or substantially different races at all users’ establishments is determined at the conclusion of the racing meet to exceed $150,000, the disseminator shall, not later than 60 days after the conclusion of the racing meet, determine the applicable percentage rate for that meet using the standards of subsection 1 and shall rebate to each user on a pro rata basis determined from each user’s handle, the amount of fees collected in excess of the amount that could have been charged pursuant to subsection 1 if the racing meet had been distributed the previous year or if it was not substantially different from the previous year’s meet.

The Commission Chair may, in the Commission Chair’s sole and absolute discretion, permit a disseminator to charge users a percentage rate greater than that permitted by subsections 1 and 2 of this section, if the disseminator proposing to distribute the live broadcast and the users, who during the previous year generated at least sixty-six and two-thirds percent of the average total daily handle for a particular racing meet, file a petition with the Commission requesting that the rate be modified for that particular racing meet. The petition must state the rate the users agree to pay the disseminator and must be signed by the chief executive officer, or the chief executive officer’s designee, of each user supporting the petition. The petition must be filed prior to submitting a proposal pursuant to Regulation 21 for the exclusive right to disseminate a live broadcast for that racing meet. The petition must include an affidavit of mailing that sets forth the date of mailing and that certifies that a copy of the petition has been sent to all users and other disseminators. All users that have not signed the petition and other disseminators shall have 10 calendar days from the date set forth in the affidavit of mailing or by such date as specified by the Chair in which to file with the Commission any comments or opposition to the petition. The Commission Chair shall consider the interests of the users, the disseminators, and the state in determining whether the Commission Chair will approve a rate greater than that permitted by subsection 1 or 2 of this section. If the Commission Chair does not allow a different rate, the disseminator and users who have filed the petition may appeal that decision to the full Commission. The appeal must be filed with the Commission within 7 calendar days of the Chair’s decision or by such date as specified by the Chair. The appeal must include an affidavit of mailing that sets forth the date of mailing and that certifies that a copy of the appeal has been sent to all users and other disseminators. All users that did not sign the petition and other disseminators shall have 7 calendar days from the date set forth in the affidavit of mailing or by such date as specified by the Chair in which to file with the Commission any comments or opposition to the petition. The decision of the Commission is final.
For services other than live broadcasts, disseminators shall charge buyers a fixed fee determined in advance.

A disseminator shall not offer or provide a service to a buyer or user at a fee or a percentage rate different from that charged to every other buyer or user for the same service.

Each disseminator shall regularly provide each of its buyers with a written statement of charges, separately identifying the services provided and the amount charged for each service.

Each buyer and user shall file monthly with the Board a written report, itemized by track, of the amounts wagered at the buyer’s or user’s establishment of races and events for which a disseminator supplies the buyer or user with horse or other racing information used to determine winners of or payoffs on the wagers. These reports must separately disclose the amounts wagered and the resultant gross revenue on live broadcast races, pari-mutuel races and non-live broadcast/Non-pari-mutuel races. Buyers and users shall file each report with the Board and users shall furnish a copy of each report to the disseminator not later than the 24th day of the month after the month covered by the report. If the Board at any time discovers discrepancies between amounts wagered at a buyer’s or user’s establishment and amounts charged or paid for disseminator services, the Board may so inform the buyer or user and disseminator. Each buyer and user shall permit its disseminator to examine such records of the buyer or user as are necessary to verify the accuracy of the buyer’s or user’s monthly reports. It shall be an unsuitable method of operation for any disseminator, except with the prior written approval of the Chair, to disclose to any person the contents of any report received or record examined pursuant to this subsection.

20.040 Rate changes.

Disseminators shall notify the Board and each affected buyer of any rate increase at least 30 days before the effective date of the increase, stating in detail the reasons for the increase. A buyer affected by a rate increase may, within 30 days after receiving notice of the increase, file written objections with and request a hearing before the Commission. The filing of an objection does not operate to stay the effectiveness of the rate increase, but the Chair may grant a stay on such terms and conditions as the Chair deems appropriate. The Commission may grant or deny the request for hearing at its sole and absolute discretion.

If the Commission grants a buyer’s request for a hearing pursuant to subsection 1, the Commission shall give all buyers and disseminators written notice of the hearing at least 20 days in advance of the hearing. The notice must specify the time and place of the hearing and fairly summarize its purposes.

At the hearing, all interested parties may be heard and may present evidence in support of or in opposition to the rate increase.

At the conclusion of the hearing, the Commission may set or adjust the rates to be charged, determine the nature and extent of the services to be provided, order a refund, or take such other action as the Commission considers appropriate. The Commission shall make its determinations based upon the evidence and testimony presented at the hearing. The determinations of the Commission must be in writing and must specify the applicable rates and the effective dates of such rates or the amount of any refund.

The determination of the Commission is final, binding, and conclusive upon the disseminator and all affected buyers.

This section does not apply to a rate increase for a live broadcast.

20.050 Disseminator reports. [Repealed: 1/27/11.]

20.060 Records.

Each disseminator shall maintain the following records with respect to each race or event regarding which the disseminator distributes information to a buyer or user:

The scheduled post time as supplied by the disseminator;

The actual post time as defined in Regulation 22;

The name, number, and official finishing position, as supplied by the track, of each entrant finishing in a position for which a payoff is made or offered;

The official payoff results; and

Such other information as the Chair may require.
Each disseminator shall comply with the recording and reporting requirements specified in Regulation 21.090.

Each disseminator shall create and maintain a report indicating the name and address of each buyer, the date each buyer subscribed and canceled its subscription, if applicable, and the amounts charged each buyer for each service provided by the disseminator during the previous calendar quarter. This report must be created no later than 15 days after the end of the calendar quarter.

Each disseminator shall create and maintain detailed schedules which depict the revenues, expenses, and results of operations for each live broadcast racing meet.

Upon request, each disseminator, buyer, and user shall provide a written consent to the Board or Commission to examine and copy any and all records of any telephone, telegraph, or similar communications company or utility that may pertain to the operation of the disseminator, buyer, or user.

Disseminators, buyers, and users shall create and maintain the records required by this regulation in such manner and using such forms as the Chair may require or approve. The Chair may require disseminators, buyers, and users to create and maintain such other records and reports as are necessary or convenient for strict regulation of disseminators, buyers, and users. Disseminators, buyers, and users shall preserve the records required by this regulation for at least 5 years after they are made. The Board may at any time examine and copy the records of any disseminator, buyer, or user.

20.070 Reviewed financial statements.

1. Each disseminator shall prepare financial statements covering all financial activities of the disseminator’s establishment for each business year. The financial statements must be submitted to the Board in duplicate not later than 120 days after the last day of the disseminator’s business year. In the event of a license termination, change in business entity, or a change in the percentage of ownership of more than 20 percent, the licensee or former licensee shall, not later than 120 days after the event, submit to the Board 2 copies of reviewed financial statements covering the period since the period covered by the previous statement. If a license termination, change in business entity, or a change in the percentage of ownership of more than 20 percent occurs within 120 days after the end of the business year for which a statement has not been submitted, the licensee may submit statements covering both the business year and the final period of business.

2. Each disseminator shall engage an independent accountant who shall review the financial statements in accordance with the statements on standards for accounting and review services, or, if the Chair requires or the disseminator engages him or her to do so, the independent accountant shall audit the statements in accordance with generally accepted auditing standards.

3. Unless the Chair approves otherwise in writing, the statements must be presented on a comparative basis. Consolidated financial statements may be filed by commonly owned or operated establishments, but the statements must distinguish the activities of each establishment from those of the other establishments.

4. If a disseminator changes its business year, the disseminator shall prepare financial statements covering the period from the end of the previous business year to the beginning of the new business year (the “stub” period). The disseminator shall submit the statements to the Board not later than 120 days after the end of the stub period or incorporate the financial results of the stub period in the statements for the new business year.

5. Correspondence written in conjunction with the independent accountant’s review or examination of the disseminator’s financial statements must be submitted within 120 days following the end of the disseminator’s business year.

6. All other correspondence from the independent accountant regarding internal control matters must be submitted to the Board within 30 days after the disseminator receives it.

7. The Chair may request additional information or documents from either the disseminator or the disseminator’s independent accountant, through the disseminator, regarding the financial statements or the services performed by the accountant.

(Adopted: 7/87. Amended: 10/92; 1/11.)

21.010 Definitions. As used in this regulation:

“User” of a live broadcast means “user” as that term is defined in NRS 463.4218.
(Adopted: 7/87. Amended 1/11.)

21.020 Standards for Board authorization. Pursuant to section 21.046, the Board or Chair shall not authorize a disseminator to enter into an agreement with a track to disseminate a live broadcast to users unless it is established to the Board’s or Chair’s satisfaction that:
The investigative and supervisory time and effort required to maintain effective control over the live broadcast is justified;
There exists a comprehensive, effective, government regulatory system governing the track in the jurisdiction where the track is located;
Information pertaining to the live broadcast operations at the track will be readily accessible to the Board at all times;
Proper and adequate administrative and production controls exist at the track to ensure that the interests of the State of Nevada are not unduly jeopardized; and
The track and the proposed live broadcast meet such other standards and requirements as these regulations or the Chair may impose.
(Adopted: 7/87. Amended: 1/11.)

21.030 Prohibited activities. Disseminators shall not distribute audio-only transmissions of more than one race at a time to a race book.
Disseminators may distribute the audio portion of live broadcasts without the video portion; however, a user shall not use an audio-only transmission to determine winners of or payoffs on nonpari-mutuel wagers.

No disseminator may grant or purport to grant to any user an exclusive right to the use of any live broadcast or any part thereof, and any contractual provision that grants or purports to grant such exclusive right is void.

(Adopted: 7/87. Amended 1/11.)

A disseminator intending to submit a live broadcast proposal for the exclusive right to disseminate a live broadcast of a racing meet to users must submit written notification of this intent to the Chair no later than 100 days prior to the start of the proposed racing meet.

If only one disseminator submits written intent notification, pursuant to subsection 1, the Chair will provide notice directing the disseminator to submit a live broadcast proposal to the Chair that meets the submission requirements set forth in section 21.032. The proposal must be submitted no later than 7 days prior to the start of the proposed racing meet, unless the meet was not distributed in Nevada during the previous year, in which case the proposal must be submitted no later than 30 days prior to the start of the racing meet.

If more than one disseminator submits written intent notification, pursuant to subsection 1, the person holding the live broadcast track rights (“rightsholder”) shall determine which of the disseminators will be given the exclusive right to disseminate the racing meet to users. The disseminator given this right must notify the Chair of this determination no later than 45 days prior to the start of the proposed racing meet. The disseminator must also submit a live broadcast proposal to the Chair that meets the submission requirements set forth in section 21.032, following the same filing deadlines specified in subsection 2. If the rightsholder does not select a disseminator at least 45 days prior to the start of the meet, each disseminator who submitted written intent notification must submit to the Chair, no later than 30 days prior to the start of the proposed racing meet, a live broadcast proposal that meets the submission requirements set forth in section 21.032. A hearing panel may then be assembled, in accordance with section 21.034, to make a recommendation to the Board, as to which disseminator should be granted the right. The Chair will provide timely notices to the disseminator and users throughout this process as the Chair deems necessary.

A disseminator must notify the Chair in writing, no later than 7 days prior to the start of the proposed racing meet, to modify or withdraw the intent notification the disseminator made pursuant to this section.

(Adopted: 1/11.)

The Chair may require each proposal to be distributed to the users. Each proposal must include, in addition to such other information as this regulation may require:

- Evidence satisfactory to the Chair that the live broadcast would not be contrary to the laws and regulations of the jurisdictions where the track at which the live broadcast races are to be run is located;
- A description of the entire racing program, including a schedule of race days, types of wagering and number of races to be offered, and program times;
- If requested by the Chair, a precise, detailed diagram showing the path of the live broadcast signal from track to race book;

- A copy of an executed letter of intent between the disseminator and the live broadcast rightsholder indicating that the disseminator will be granted the exclusive right to transmit the live broadcast. If the executed letter of intent is provided by a rightsholder other than the track, then a copy of an executed contract or letter of intent between the track and the rightsholder must also be provided;
A copy of the proposed agreement between the disseminator and the live broadcast rightsholder, and a statement from the disseminator that the live broadcast will not be disseminated to users before an executed agreement has been finalized;
Identification of the proposed transmission vendors contracted to provide encoding, uplinking, decoding, and transponder services for the racing meet;
A statement that the live broadcast will comply with all the production requirements set forth in section 21.060. If a production requirement cannot be met, a waiver request must be submitted detailing the reason the requirement cannot be met; and
Any additional documentation or information the Chair may request.
When only one disseminator has submitted a live broadcast proposal, the disseminator must notify the Chair in writing no later than 3 days before the start of the racing meet to modify the proposal submission the disseminator made pursuant to subsection 1.
(Adopted: 1/11.)

21.034 Hearing panel.

The hearing panel will determine, using the approval standards set forth in section 21.045, which disseminator will be recommended to the Board for approval to be granted the exclusive right to disseminate a live broadcast racing meet to users, and will be conducted pursuant to NRS 463.424.

The hearing notice may include:

If only one live broadcast proposal is submitted to the Chair in accordance with section 21.031(2) or more than one live broadcast proposal is submitted and the person holding the live broadcast track rights determines which disseminator will be given the exclusive right to disseminate the racing meet to users in accordance with section 21.031(3), the Chair shall approve the sole disseminator’s live broadcast proposal or the live broadcast proposal of the disseminator selected by the person holding the live broadcast track rights if the approval standards set out in section 21.045 are satisfied by the live broadcast proposal. Upon approval of the live broadcast proposal, the Chair shall notify the disseminator and each user of the Chair’s approval.

If more than one live broadcast proposal is submitted and the person holding the live broadcast track rights does not determine which disseminator will be given the exclusive right to disseminate the racing meet to users at least 45 days prior to the start of the proposed racing meet, the Board may determine that a hearing is not necessary for the selection of a disseminator and the Board shall choose a disseminator using the approval standards set forth in 21.045. Upon the selection of a disseminator, the Board shall notify each disseminator and user of the Board’s selection.

If the Board assembled a hearing panel, pursuant to section 21.034, to recommend to the Board which disseminator should be granted the exclusive right to disseminate a live broadcast racing meet to users, the Board shall consider the hearing panel’s recommendation in accordance with NRS 463.424 and shall select a disseminator, using the approval standards set forth in section 21.045, to receive this exclusive approval. The Board shall notify each disseminator and user of the Board’s selection.

(Adopted: 1/11.)

21.047 Withdrawal of authorization and action following withdrawal.

The Board may order the withdrawal of the authorization of any proposed live broadcast without notice or hearing whenever the Board has reason to believe the disseminator has violated any regulation of the Commission, or for any cause the Board deems reasonable. Each disseminator shall be considered to have consented to such authority of the Board as a condition of the approval of the live broadcast. The decision of the Board is final and is not subject to Commission review.

Without limiting the discretion of the Board, the following may be grounds for withdrawal of authorization:

- If, prior to the live broadcast of the first race of the racing meet, the disseminator fails to broadcast and demonstrate for the Chair a video signal meeting the requirements of this regulation and using the equipment and following the procedures described in the proposal.
- If, the Chair determines, the terms of any agreement submitted with the disseminator’s proposal are altered to the economic detriment of a user.
If the Chair has not received an executed rights contract, pursuant to subsection 1 of section 21.050.

If the Chair determines the authorized disseminator will be unable to execute a contract for these rights.

If the Chair determines, following execution of the contract for the live broadcast rights, that the authorized disseminator is economically unable to provide the live broadcast.

The following action may be taken following withdrawal of authorization:

If more than one disseminator submitted proposals for a live broadcast and the Board acts to withdraw its authorization, the Board may then authorize any other disseminator who submitted a proposal to disseminate the live broadcast.

If only one disseminator submitted a proposal for a live broadcast and the Board acts to withdraw its authorization, the Board may then authorize any other disseminator who is willing to adopt the withdrawn disseminator's proposal and provide the racing meet on those terms to disseminate the live broadcast.

Except for any agreement between a disseminator and user, any agreement executed by a disseminator relative to a live broadcast must be deemed to include a provision for its termination upon the Board's withdrawal of authorization. Such termination is without prejudice to the track or organization of tracks to enter into an agreement with another disseminator upon the same terms.

(Adopted: 7/87. Amended: 1/11.)

21.050 Documents and information to be maintained or submitted following Board authorization. Except as may be provided by the Chair, once authorized to disseminate a live broadcast, the disseminator must:

Submit to the Chair a copy of any rights contract the disseminator executes with the track or racing association before the live broadcast begins.

Maintain copies of the executed agreement with each user.

Submit a report listing the inclusive dates of the meet, number of race days, number of users who contracted for the live broadcast, the effective percentage rate charged to the books and any other information that the Chair may require to be filed, using such forms as the Chair may prescribe within 60 days following the completion of the racing meet.

(Adopted: 7/87. Amended: 10/92; 1/11.)

21.053 Standard revenue and expense classifications. [Repealed: 1/27/11.]

21.055 Unsuitable methods of operation. It is an unsuitable method of operation:

For a disseminator to submit a proposal to disseminate a live broadcast which includes misrepresentations or omissions.

For either disseminators or users to misrepresent any facts during a hearing before the hearing panel or Board.

For a disseminator to delay the transmission or a user to delay the public showing of a live broadcast for any period of time.

For a disseminator to not meet the filing deadlines specified in this regulation.

(Adopted: 7/87. Amended: 1/11.)

21.060 Production.

For each race, the video portion of every live broadcast must include:

The post parade;

At least twice before the start of the race and for at least 30 seconds each time, the track totalizator board or a graphics display, which is interfaced with the tote system, showing the race odds and pool information in United States currency and the time until post at the track;

The race;

At least twice after the end of the race and for at least 30 seconds each time, the track totalizator board or a graphics display, which is interfaced with the tote system, showing the official order of finish and the resulting payoffs in United States currency;

The track totalizator board or a graphics display that accurately reproduces some or all of the information shown on the totalizator board, at all times other required or permitted portions of the program are not shown;
At all times, the track’s name or logo; and
At all times, a digital display, as described in subsection 4, of the date and time of day at the track where the live broadcast races are run.

For each race, the audio portion of every live broadcast must include:
Post time, as defined in Regulation 22;
An announcement of the start of the race; and
The call of the race.

The audio and video portions of any live broadcast may include:
Information identifying the next race, its distance, and track conditions;
The names, numbers, post positions, and other information identifying the horses and jockeys or other entrants in the next race;
Pre-race preparation activities in the paddock area; and
Race replays, but only if the replays are conspicuously identified as such on the video portion of the live broadcast throughout the replay.

The digital display referred to in subparagraph (g) of subsection 1 must be generated at the track, broadcast continuously by the disseminator, and displayed continuously by the user. The time must be displayed to the nearest second, conform as closely as possible to the official time used by the track, and, along with the date, be readily visible to the person in the user’s employ who controls the closing of wagering for each race.

Except as the Chair may otherwise approve in advance in writing, speakers, television screens, and similar devices used to display the audio and video portions of live broadcasts must be located only within public areas of the user’s premises.

(Adopted: 7/87. Amended 1/11.)

21.070 Signal transmission, reception, and security. Before providing a live broadcast to a user, the disseminator must:
Verify that the signals to be transmitted will be encrypted and controlled by a conditional access system.
Install and maintain at each user’s premises such equipment needed to decrypt the signals transmitted to that user.
Maintain records of all serial numbers for all decryption equipment located at each user’s premises.
(Adopted: 7/87. Amended: 12/88; 1/11.)

21.080 Procedures of users. A user may not use a live broadcast before the user has executed an agreement with the disseminator. The user must maintain copies of all such executed agreements for five years after the expiration of such executed agreement.
A user may not use information included in a live broadcast to determine winners of and payoffs on wagers accepted at the user’s race book unless the user receives the live broadcast from the disseminator approved to disseminate the live broadcast.
Each user shall post at the user’s establishment an explanation of any discrepancies between numbers used at the track and those used at the user’s establishment to identify entrants.
(Adopted: 7/87. Amended: 10/92; 1/11.)

21.090 Records and reports. Each user who uses information included in a live broadcast to determine winners of and payoffs on wagers accepted at the user’s race book shall record simultaneously with the occurrence of the recorded event, for each live broadcast race:
The scheduled post time supplied by the disseminator;
The actual post time as defined in Regulation 22;
The name, number, and official finishing position, as supplied by the track, of each entrant finishing in a position for which a payoff is made or offered;
The official race track payoff results announced in the live broadcast; and
Such other information as the Chair may require.
Every user shall retain copies of the reports filed pursuant to Regulation 20.030(7).
Each disseminator shall record the audio and video portions of each live broadcast the disseminator transmits to users. Disseminators shall use such recording equipment and procedures as the Chair may approve in advance, and shall preserve the recordings for at least 20 days after the occurrence of the events recorded unless the Chair orders preservation for a different length of time. Using such equipment as may be approved in advance by the Chair, each disseminator shall incorporate in the video portion of the recordings the date and, to the nearest second, the correct time of day at which the live broadcast is transmitted to users. The disseminator shall take reasonable steps to prevent discrepancies between the track time displayed as part of the live broadcast and the time generated as part of the recording, and shall maintain and, upon the Chair’s request, submit records describing each such discrepancy in detail. In the alternative, a disseminator, upon approval from the Chair and subject to conditions prescribed by the Chair, is not required to record the audio and video portions of each live broadcast the disseminator transmits to users if the disseminator is able to obtain such recordings from the track originating such live broadcast provided that the track maintains the recordings for at least 20 days after the occurrence of the events recorded or for such different time period as approved by the Chair.

Disseminators and users shall create and maintain the records required by this or any other regulation in such manner and using such forms as the Chair may require or approve. The Chair may require disseminators and users to create and maintain such other records and reports as are necessary or convenient for strict regulation of disseminators and users. At the Chair’s request, disseminators and users shall submit the records specified in subsection 1. Users and disseminators shall preserve the records required by this regulation (other than the recordings referred to in subsection 3) for at least 5 years after they are made. The Board may at any time examine and copy the records of any user or disseminator.

(Adopted: 7/87. Amended: 1/11.)

21.100 Board monitoring and authority.
A disseminator who distributes live broadcasts to users shall provide and maintain at Board offices a post-licensing, investigative and security verification fund in such amount as the Chair may require.

- Verifying the security codes used to authorize decoders;
- Requesting security code changes;
- Verifying the number and locations of decoders; and
- Verifying the serial number of any decoder.

The Chair may order the immediate termination of any live broadcast transmission or reception without prior notice or hearing whenever the Chair has reason to believe the disseminator or user has violated any regulation of the Commission, and each disseminator and user shall be considered to have consented to such authority of the Chair as a condition to the approval of the live broadcast. After any such termination, the disseminator or user may, within 3 days of the order, request a hearing before the Commission to review the Chair’s order. The decision of the Commission is binding and conclusive on the affected disseminator and users.

The Board may recommend to the Commission that a person or an entity providing services in connection with the transmission of live broadcasts be required to file an application for a finding of suitability pursuant to NRS 463.168.

(Adopted: 7/87. Amended: 1/11.)

21.110 Live broadcast supervision. Each disseminator:

2. By using communications equipment other than equipment used to transmit live broadcasts:
   (a) Shall be able at all times to contact each user immediately; and
   (b) Shall be available at all times to respond immediately to user requests for confirmation of information included in the live broadcasts.

(Adopted: 7/87.)

**22.040 Reserve requirements.**

1. Notwithstanding the minimum reserve requirements established for wagering accounts pursuant to subsection 20(b) of Regulation 5.225, each book shall comply with the following to calculate the minimum reserve requirements, unless the Chair for good cause permits a different amount:
   (a) Each book shall at all times maintain a reserve of not less than the greater of $25,000 or the sum of the following amounts:
      (1) Amounts held by the book for the account of patrons;

After the book begins operations, the book’s reserve must comply with subsection 1(a).

2. The reserve described in subsection 1 may be combined as a single amount for a book and its satellite books.

3. The provisions of Regulation 5.225(20)(a), and (c) – (l) shall apply to a book regardless of whether a book offers wagering accounts, except that the agreement described in Regulation 5.225(20)(c) must, in addition to any other requirements, provide that the reserve is established and held in trust for the benefit and protection of patrons to the extent the book has accepted wagers from them on contingencies whose outcomes have not been determined, or owes them on winning wagers.

**22.050 Issuance and control of betting tickets.**

A book shall accept wagers only on its licensed premises, and only at betting stations approved by the Chair or through an account wagering system that has been approved by the Chair.

A book shall not knowingly accept money or its equivalent ostensibly as a wager upon an event whose outcome has already been determined. Licensed sports pools shall not accept wagers, including parlay card wagers, on other contingencies unless their outcomes are reported in newspapers of general circulation or in official, public records maintained by the appropriate league or other governing body, or unless the pertinent sports events are televised live at the book and a book employee other than a betting ticket writer monitors the telecast, records the occurrence of the pertinent events and contingencies simultaneously with their occurrence, and records the time of their occurrence.

No book or agent or employee of a book may accept a wager from a person who the book, agent, or employee knows or reasonably should know is a messenger bettor or is placing the wager in violation of state or federal law.

No book may hold a patron’s money or its equivalent on the understanding that the book will accept the money as a wager only upon the occurrence of a specified, future contingency, unless a betting ticket documenting the wager and contingency is issued immediately when the book receives the money or its equivalent.

A race book or sports pool may not accept wagers on a race or sporting event unless the wagering proposition is posted. Propositions may be posted by electronic or manual means, including printed media. If posted propositions are not updated simultaneously with actual changes to the propositions, an announcement, audible throughout the race book or sports pool, must be made simultaneously with the actual changes followed by updating the posted propositions within a time specified in the house rules.

2. Prior to accepting a nonpari-mutuel wager in excess of $10,000 or making a payout in excess of $10,000 on a nonpari-mutuel winning wager, if a book knows a person is placing a wager or receiving a payout allowed by the Nevada Revised Statutes and these regulations on behalf of another person, the licensee shall obtain and record the information required by paragraphs (a) through (e) of subsection 1 with respect to all persons placing the wager or receiving the payout, and the licensee shall reasonably attempt to obtain and, to the extent obtained, shall record the information required by paragraphs (a) through (e) of subsection 1 with respect to all persons for whom the wager was placed or the payout received.

3. Subsequent to accepting a nonpari-mutuel wager in excess of $10,000 or making a payout in excess of $10,000 on a nonpari-mutuel winning wager the book shall record or maintain records that include:

   (e) The amount of the wager or payout;
(f) Window number or other identification of the location where the wager or payout occurred;
(g) The time and date of the wager or payout;
(h) The names and signatures of the book employees accepting or approving the wager and payout on the wager; and
(i) Any other information as required by the Chair.
A book shall not implement alternative procedures to comply with this subsection without the written approval of the Chair.

4. Each book shall report the wagers or payouts required to be recorded pursuant to this section on a “Book Wagering Report,” a form published or approved by the Chair that includes, but is not limited to:
   (a) The patron’s and agent’s (if applicable) name;
   (b) The patron’s and agent’s (if applicable) government issued identification credential information;
   (c) The patron’s and agent’s (if applicable) social security number;
   (d) Wager and payout amounts; and
   (e) Date of transactions.
Reports shall be submitted to the board no later than 15 days after the end of the month of the occurrence of the transaction and in such manner as the Chair may approve or require. Each book shall file an amended report if the licensee obtains information to correct or complete a previously submitted report, and the amended report shall reference to the previously submitted report. Each book shall retain a copy of each report filed for at least 5 years unless the Chair requires retention for a longer period of time.

22.062 Multiple wagers.
A book and its employees and agents shall not knowingly allow, and each book shall take reasonable steps to prevent, the circumvention of Regulation 22.061 by multiple wagers within its designated 24-hour period with a patron or a patron’s agent or by the use of a series of wagers that are designed to accomplish indirectly that which could not be accomplished directly. As part of a book’s efforts to prevent such circumventions relative to Regulation 22.061 a book shall establish and implement wagering multiple transaction logs.

Each book shall record in a wagering multiple transaction log all nonpari-mutuel wagers in excess of $5,000, or in smaller amounts that aggregate in excess of $5,000 when any single officer, employee, or agent of the book has actual knowledge of the wagers or would in the ordinary course of business have reason to know of the wagers between the book and a patron or a person who the book knows or has reason to know is the patron’s confederate or agent. This record shall be made for nonpari-mutuel wagers occurring during a designated 24-hour period, within a monitoring area.

Each log entry in a wagering multiple transaction log shall be made by the employee accepting or approving the wager, immediately after accepting the wager, and shall include at a minimum:
Description of the patron (or agent), which may include such identifiers as age, sex, race, eye color, hair, weight, height and attire, if the person is present when the wager is accepted;
Patron’s name and agent’s name, if known;
Window number or other identification of the location where the wager occurred;
Time and date of the wager;
Dollar amount of the wager; and
Signature or electronic signature of person accepting or approving the wager.

One log shall be maintained for each monitoring area, for each designated 24-hour period. A log is completed for each 24-hour period regardless of whether any nonpari-mutuel wagers occurred. At the conclusion of each designated 24-hour period, the last entry on a log which is recorded manually shall be an indication that the end of the designated 24-hour period has occurred. A book shall not implement alternative procedures or records to comply with this subsection without the written approval of the Chair.

Each book shall aggregate all nonpari-mutuel wagers in excess of $5,000 or smaller amounts when any single officer, employee, or agent of the book has actual knowledge of the wagers or would in the ordinary course of business have reason to know of the wagers between the book and a patron or a person who the book knows or has reason to know is the patron’s confederate or agent during a designated 24-hour period within a monitoring area.

Before completing a wager that, when aggregated with other wagers pursuant to subsection 4, will aggregate to an amount that will exceed $10,000, the book shall complete the identification and
recordkeeping requirements described in subsection 1 of Regulation 22.061. When aggregated wagers exceed $10,000, the book shall complete the recording and reporting requirements of Regulation 22.061.

If a patron places a wager that pursuant to subsection 4 is to be aggregated with previous wagers for which a record has been completed pursuant to this section or Regulation 22.061, the book shall complete the identification, recordation and reporting procedures described in Regulation 22.061 for any additional wager regardless of amount occurring during a designated 24-hour period.

As used in this section:
(a) "Designated 24-hour period" means the 24-hour period ending at midnight each day unless otherwise approved by the Chair.
(b) "Monitoring area" means all race book and sports pool writing locations unless otherwise approved by the Chair.

22.063 Structured wagers.
A book, its officers, employees or agents shall not encourage or instruct the patron to structure or attempt to structure wagers. This subsection does not prohibit a book from informing a patron of the regulatory requirements imposed upon the book, including the definition of structured wagers.
A book, its officers, employees or agents shall not knowingly assist a patron in structuring or attempting to structure wagers.
As used in this section, "structure wagers" or "structuring wagers" means to willfully conduct or attempt to conduct a series of wagers in any amount, at one or more books, on one or more days in any manner as to willfully evade or circumvent the recording and reporting requirements of Regulation 22.061. The wager or wagers need not exceed the dollar thresholds in Regulation 22.061 at any single book in any single day in order to constitute structuring within the meaning of this definition.

22.064 Required submissions to the board. [Repealed: 6/30/07.]

22.065 Imposition of supplemental recordkeeping and reporting requirements. The Chair may require a book to comply with the identification, recordkeeping, and reporting requirements of Regulations 22.061 and 22.062 for pari-mutuel wagers. The Chair shall notify the book of the decision, in writing, and such decision shall be considered an administrative decision, and therefore reviewable pursuant to the procedures set forth in Regulations 4.185, 4.190 and 4.195.

22.070 Grading of betting tickets. [Repealed: 1/1/99.]

22.080 Payment of winning wagers.
1. Except as otherwise provided in this subsection, books shall make payment on a winning wager to the person who presents the patron’s copy of the betting ticket representing the wager. A book need not make payment to a person who the book or an agent or employee of the book knows is not the person to whom the patron’s copy was issued. A book shall not make payment on a winning wager to a person who the book or its agent or employee knows or reasonably should know is collecting the payment on behalf of another for monetary consideration or in violation of federal law. A book may withhold payment of a winning wager if the patron refuses to supply identification or any other documentation required by state or federal law.
2. Presentment of the betting ticket and payment of the winning wager may be made at an affiliated book provided that:
(a) An adequate accounting of the payment is kept for 5 years by both books; and
(b) The payout is properly included in the computation of gross revenue of the licensee that initially accepted the wager.
3. Books shall honor winning betting tickets for 1 year after the conclusion of the event wagered upon unless a longer period is established by the book. The book shall state the redemption period on each betting ticket, in house rules and on notices conspicuously placed about the licensed premises. Payment by mail may be made only after presentment of the betting ticket and all identification information and documentation required by state or federal law, and must be made not later than 10 days after presentment.
A book may accept a photocopy of a driver license or passport in lieu of an actual driver license or passport when presentment of the betting ticket is made by mail. Books shall maintain the information and documentation presented for a period of 5 years.

[Effective through November 19, 2020.]

4. Except as otherwise provided in this subsection, a licensed race book shall determine the winners of or payouts on wagers on horse and other animal races only with information the book receives from licensed disseminators pursuant to Regulations 20 and 21. A licensed race book may determine the winners of or payouts on wagers on horse and other animal races based on nationally televised broadcasts if:
   (a) The book files a request with the Chair, at least 7 calendar days prior to the races taking place, for permission to determine the winners of specific races based on nationally televised broadcasts;
   (b) The book shows the nationally televised broadcast of the races live at the book;
   (c) The book ensures an employee of the book, other than a betting ticket writer, monitors the nationally televised broadcast, records the outcome of the races with the conclusion of each race, and records the time the outcome of each race occurred; and
   (d) The Chair, upon a finding that the request is consistent with the public policy of the State of Nevada as set forth in NRS 463.0129, approves the request subject to any limitations or conditions the Chair deems appropriate.

⇒ The Chair may rescind approval of a request upon written notice to the book.

[Effective November 20, 2020.]

4. A licensed race book shall determine the winners of or payouts on wagers on horse and other animal races only with information the book receives from licensed disseminators pursuant to Regulations 20 and 21.

22.090 Parlay card wagers.

1. As used in this section, “parlay card wager” means a wager on the outcome of a series of 2 or more games, matches, or similar sports events or on a series of 2 or more contingencies incident to particular games, matches or similar sports events.

2. Each sports pool that offers to accept parlay card wagers shall fully, accurately, and unambiguously disclose on all parlay card wagering forms:
   (a) The amounts to be paid to winners or the method by which such amounts are to be determined and, if the sports pool limits payouts to an aggregate amount under subsection 3, the aggregate amount and the establishments to which it applies.
   (b) The effect of ties.
   (c) The minimum and maximum betting limits, if any.
   (d) The procedure for claiming winnings, including but not limited to the documentation players must present to claim winnings, time limits, if any, for claiming winnings, whether winnings may be claimed and paid by mail and, if so, the procedure for claiming winnings by mail.
   (e) The effects of an event wagered on not being played on the date specified and of other events that will cause selections to be invalid.
   (f) The rights, if any, reserved by the sports pool, including but not limited to reservation of the right to refuse any wager or delete or limit any selection prior to the acceptance of a wager, or to withhold payouts of specified amounts until the outcome of each proposition offered by the parlay card has been determined.
   (g) The requirement that the point spreads printed in the parlay card wagering form when the wager is accepted will be used to determine the outcomes of the wagers.
   (h) That the sports pool’s house rules apply to parlay cards unless otherwise stated on the parlay card wagering form.

3. As used in this subsection, “parlay card” means a wagering form offering exactly the same propositions on exactly the same terms.
   (a) A sports pool, a sports pool and its outstation books, or a sports pool and its satellite books may limit the aggregate amount to be paid to winners on a parlay card in proportion to the amounts won, provided that the aggregate limit must not be less than the amount disclosed on the parlay card (the “base amount”) plus twice the amount wagered on the parlay card at all establishments to which the aggregate limit applies.
(b) When a sports pool knows or reasonably should know that actual payouts on a parlay card will be limited by an aggregate amount established under paragraph (a), the sports pool shall cease accepting wagers and making payouts on the parlay card. After the outcome of the final game, match, or event covered by the parlay card has been determined, the sports pool shall pay each winner at least that proportion of the payout amount stated on the parlay card that the aggregate limit bears to total payouts (including payouts made prior to the suspension of payouts) that would otherwise have been made but for the limit.

(c) When a book ceases accepting wagers and making payouts on a parlay card under paragraph (b), the book may accept wagers on the parlay card on those propositions whose outcomes have not been determined if the parlay card, patron receipts, and related documentation are distinguishable from the card, receipts, and documentation as to which the book has ceased accepting wagers, in which case the parlay card shall be considered a different parlay card for purposes of this subsection.

(d) If a book pays the winner of a parlay card wager more than 10 percent of the base amount established under paragraph (a) before the outcome of every proposition offered by the parlay card has been determined, the book must pay every winner of a wager on that parlay card the proper payout amount stated on the parlay card in full and without regard to any aggregate limit established under paragraph (a).

(e) In specific cases the Commission may waive or impose requirements more restrictive than the requirements of this subsection.

4. Prior to adopting or amending parlay card rules, a book shall submit such rules to the Chair for approval.

22.1201 Other Events.

1. A book shall not accept wagers on an other event unless the Chair has approved the other event in writing, the other event has been sanctioned by an organization included on the list of sanctioning organizations maintained by the Board, or the other event is listed on the list of pre-approved other events.

2. A request for approval to accept wagers on an other event shall be made by a book at least 30 days prior to such event on such forms approved by the Chair, and shall include:
   (a) A full description of the event and the manner in which wagers would be placed and winning wagers would be determined.
(b) A full description of any technology which is necessary to determine the outcome of the event.
(c) Such other information or documentation which demonstrates that:

(e) Such additional or supplemental information as the Chair may require.

The decision whether to grant approval to accept wagers on an other event shall be based on all relevant information including, but not limited to, the factors in subsection 2(c) of this section.

3. The Chair may refer a request for approval to the full Board and Commission for consideration, or grant, deny, limit, restrict, or condition a request made pursuant to subsection 2 for any cause the Chair deems reasonable. A book aggrieved by an administrative decision of the Chair may submit the matter for review by the Board and Commission pursuant to NGC Regulations 4.185 through 4.195, inclusive.

4. The Chair is hereby granted the authority to issue an interlocutory order revoking or suspending any administrative approval granted pursuant to subsection 3 for any cause deemed reasonable. Such application shall be included on the agenda of the next regularly scheduled meeting of the Board occurring more than 10 working days after receipt of the application fee and, thereafter, on the agenda of the next regularly scheduled meeting of the Commission. The Commission, after considering the recommendation of the Board, may grant, deny, limit, restrict or condition the application for any cause it deems reasonable and the decision of the Commission shall be final and shall not be subject to any further administrative or judicial review.

6. Upon approval of the acceptance of wagers on an other event pursuant to this section, the Board shall provide public notice of such approval including any conditions and limitations placed on such approval. Such notice shall occur by publication on the Board’s website as close as practicable to the time at which the Commission, Chair, or Board approves the other event. Thereafter, any book may accept wagers on such other event pursuant to the approval and any conditions and limitations placed thereon.

7. A virtual event shall not be approved pursuant to this section unless:
   (a) An approved gaming device is used to determine the outcome(s) and to display an accurate representation of the outcome(s) of the virtual event and
   (b) A live display of the virtual event is offered to all approved sports pools.

8. The Board shall create, maintain, and make publicly available a list of sanctioning organizations.
   (a) The Chair may, in the Chair’s sole and absolute discretion, add a sanctioning organization to the list of sanctioning organizations, or a sanctioning organization may request the Chair add the sanctioning organization to the list. Removal of a sanctioning organization from the list of sanctioning organizations is effective upon notice of the removal posted on the Board’s website.
   (c) The list of sanctioning organizations is a list created for the benefit of the Board in order to create an easy process for approval of wagers on other events. The existence of a sanctioning organization on the list is at the complete discretion of the Chair. If a sanctioning organization is not on the list or is removed from the list, the approval process for wagers on other events is as set out in this section. A sanctioning organization has no right to be on the list or to remain on the list.

9. The Board shall create, maintain, and make publicly available a list of pre-approved other events.
(a) The Chair may, for any previously approved other event and in the Chair's sole and absolute discretion, add an other event to the list of pre-approved other events.

The Chair's finding shall not be reversed absent the licensee demonstrating the governing body is effectively supervising the events it sanctions and is able to ensure the integrity of the events it sanctions.

22.121 Reports of suspicious transactions.

As used in this section, "suspicious transaction" means a transaction which a book knows or, in the judgment of it or its directors, officers, employees or agents, has reason to suspect:

Is, or would be if completed, in violation of, or is part of a plan to violate or evade, any federal, state or local law or regulation;

Is, or would be if completed, wagering by, or on behalf of, a coach or participant in a sporting event or other event on such event; or

Has no business or apparent lawful purpose or is not the sort of transaction the particular patron would normally be expected to perform, and the book knows of no reasonable explanation for the transaction after examining the available facts, including the background of the transaction.

A book:

 Shall file with the Board, by using a form developed by the Board, a report of any suspicious transaction, if it involves or aggregates to more than $5,000 in funds or other assets; and

 May file a report of any suspicious transaction, regardless of the amount if the licensee believes it is relevant to the possible violation of any law or regulation.

The report in subsection 2(a) shall be filed no later than 30 calendar days after the initial detection by the licensee of facts that may constitute a basis for filing such a report. In situations involving violations that require immediate attention, the licensee shall immediately notify, by telephone, the Board in addition to timely filing a report.

A licensee shall maintain a copy of any report filed and the original or business record equivalent of any supporting documentation for a period of five years from the date of filing the report. Supporting documentation shall be identified, and maintained by the licensee as such, and shall be deemed to have been filed with the report. A licensee shall make all supporting documentation available to the Board and any appropriate law enforcement agencies upon request.

A licensee and its directors, officers, employees, or agents who file a report pursuant to this regulation shall not notify any person involved in the transaction that the transaction has been reported. Any report filed with the Board is confidential under NRS 463.120 and is privileged under NRS 463.3407
and may be disclosed only by the Board and the Commission in the necessary administration of their duties and responsibilities under the Nevada Gaming Control Act. Agree to refund or rebate to a patron any portion or percentage of the full face value of an off-track pari-mutuel wager; or

Increase the payoff of, or pay a bonus on, a winning off-track pari-mutuel wager.

The provisions of this subsection do not prohibit the granting of the following by a book, including a satellite book, or a licensed gaming establishment where a book is located, or an affiliate of one or more of those entities that holds a nonrestricted gaming license:

Room, food, beverage, racing data subscriptions or services, including but not limited to broadcasts, periodicals and electronic publications or services, that are available to the public from other sources, tobacco, or other services, including spa services, movies, bowling and entertainment admission; Limousine or other car service transportation to and from the gaming establishment where the book is located; or

A book, including a satellite book, or a licensed gaming establishment where a book is located, or an affiliate of one or more of those entities that holds a nonrestricted gaming license, may award player loyalty program points based on pari-mutuel wagers placed by a patron, however, such points may only be redeemed in accordance with the rules of the program, provided that points earned based on pari-mutuel wagers may not be redeemed for cash, items or services that the book intends to or does redeem for cash, or free-play on any gaming device or gambling game, or for items or services that do not fall under one of the exceptions listed under subsection 2.

A book shall not, in an attempt to provide a benefit to the patron in violation of subsection 1, offer a wagering proposition, or set or move its wagering odds, lines or limits.

The Chair may require a book to:

Before installing or permitting the installation of any communications technology on the premises of a book or a call center, the book or the call center shall notify the Chair in writing of the location and number or other identifier of each communications technology and shall obtain the written approval of the Chair for each communications technology. The Chair may condition the approval in any manner the Chair considers appropriate.
Before a book accepts any wagering communications, and before a call center accepts any wagering instructions, the book and the call center must obtain the written approval of the Chair to accept such wagering communications and wagering instructions, and thereafter use only the communications technology approved for that purpose. A book or call center shall notify the Chair in writing if it ceases to use communications technology approved for the purpose of accepting wagering communications or wagering instructions within 10 days of cessation. The book or the call center must notify the Chair which communications technology approved for the purpose of accepting wagering communications or wagering instructions is currently being used by the book by October 1st of each calendar year.

As a condition to the granting of the privilege of having communications technology upon the licensed premises, the book and the call center shall be deemed to have consented to the authority of the Chair to require the immediate removal of any communications technology from the licensed premises at any time without prior notice of hearing. After any such removal, the book or the call center may request a hearing before the Board as to whether or not circumstances may warrant the permanent revocation of the privilege of having communications technology upon the premises.

Upon the request of either the Board or Commission, a book or a call center shall provide a written consent for the Board or Commission to examine and copy the records of any communications company or utility that pertain to the operation of the book or the call center.

A call center system is associated equipment requiring approval pursuant to Regulation 14.260. A book receiving wagering instructions from a call center system shall comply with the requirements of Regulation 14.290 prior to the use of this system.

22.140 Wagering communications; establishing patron wagering accounts for sports, nonpari-mutuel race, and other event wagering.

1. A book may only accept a sports wager, nonpari-mutuel race wager, or other event wager from within Nevada or from other states or foreign jurisdictions in which such wagers are legal provided federal law allows such wagers and the transmission of such wagers or information assisting in the placing of such wagers.

2. An operator of a call center may only accept wagering instructions for sports wagers, nonpari-mutuel race wagers, or other events wagers from within Nevada or from other states or foreign jurisdictions in which such wagers are legal provided federal law allows such wagers and the transmission of such wagers or information assisting in the placing of such wagers.

3. A book may only accept a pari-mutuel horse race wager made in person unless a pari-mutuel horse race account wager is accepted pursuant to the provisions of Regulation 26C. Each book must conspicuously display signs to that effect on its premises.

4. Each Group I licensee that accepts wagering communications shall establish and implement pursuant to Regulation 6 a system of internal control for such transactions, and comply with both its system of internal control and the Regulation 6.090 minimum internal control standards. Each Group II licensee that accepts wagering communications shall comply with the Regulation 6.100 internal control procedures.

5. Each book shall prepare a written description of its rules and procedures for wagering communications, and shall make a copy available to each patron for whom a wagering account is established.

The request
must include the types of locations to which a book intends to send its employees for the purposes of inspecting identification credentials. A book may not inspect identification credentials at locations outside of the book prior to the Chair approving the request. The Chair may impose limitations and conditions on any approved request. The Chair may rescind approval of a request of a book to have its employees inspect identification credentials outside the premises of the book upon written notice to the book;

with the same applicant for 1 year from the date of notice of the Chair objecting to the registration
of such independent agent. Such independent agent shall not commence providing any services set forth
in subsection 1 of this section prior to the Chair approving the registration.
A person registered as an independent agent or a person who has a pending filing for registration
as an independent agent pursuant to this section shall report changes to the information required pursuant
to subsection 4 to the Board within 30 days of such change. The Chair may, in the Chair’s sole and absolute
discretion, require a new registration pursuant to subsection 1 of this section if there is a change in
ownership.
The Chair may cancel the registration of an independent agent if the independent agent or direct
or beneficial owner thereof:
Is convicted of a felony;
Is convicted of a crime involving illegal activity occurring on the premises of a licensee; or
Fails to comply with any drug testing ordered by the Chair, or if a drug test ordered by the Chair
shows a positive result for a controlled substance.
The effective date of cancellation of a registration as an independent agent issued pursuant to
subsection 10 shall be 5 days after the Board deposits notice of cancellation to the independent agent’s
last known address with the United States Postal Service with the postage thereon prepaid. The Board
shall notify any licensee who entered into an agreement with the independent agent of such cancellation
and the effective date thereof. The Board shall also send notice of the cancellation to the Secretary of State
as the designated representative of the independent agent upon whom service of process may be made.
The cancellation of the registration of an independent agent shall be considered an administrative
decision that is subject to review upon appeal by the independent agent pursuant to the procedures
established by Regulations 4.185, 4.190, and 4.195. A licensee is prohibited from submitting a subsequent
filing for registration as an independent agent to the Board for the person whose registration was canceled
for 1 year from the date of notice of the cancellation or the final decision on any appeal of such cancellation,
whichever occurs later.
If the Board receives a copy of a court order related to child support issued pursuant to NRS
425.540 that provides for the suspension of all professional, occupational and recreational licenses,
certificates and permits issued to a person who is registered as an independent agent:
The Board shall deem the registration of that person to be suspended at the end of the 30th day
after the date on which the court order was issued unless the Board receives a letter issued to the
independent agent by the district attorney or other public agency pursuant to NRS 425.550 stating that the
independent agent has complied with the subpoena or warrant or has satisfied the arrearage pursuant to
NRS 425.560.
The Board shall reinstate the registration as an independent agent of a person that has been
suspended by a district court pursuant to NRS 425.540 if the Board receives a letter issued by the district
attorney or other public agency pursuant to NRS 425.550 to the person whose registration was suspended
stating that the person whose registration was suspended has complied with the subpoena or warrant or
has satisfied the arrearage pursuant to NRS 425.560.
The Board shall notify any licensee who entered into an agreement with the independent agent of such suspension or reinstatement and the effective dates thereof.
(Adopted: 10/72. Amended: 3/91; 5/92; 3/18; 8/19.)

25.025 Independent agent compensation. A licensee shall not compensate an independent agent based on the actual earnings or profits from any gambling game played by a patron or patrons unless the independent agent has been found suitable by the Commission to act as an independent agent. A licensee may compensate an independent agent based on theoretical earning potential.
(Adopted: 3/18.)

25.030 Determination of suitability.
1. The Commission may require a finding of suitability of an independent agent at any time. The Commission shall give written notice to the independent agent and any licensee having an agreement with the independent agent on file with the Board that the independent agent must file an application for finding of suitability. The Commission retains jurisdiction to determine the suitability of an independent agent even if the licensee terminates its relationship with the independent agent or the independent agent is otherwise no longer functioning as an independent agent.
2. If an independent agent does not file an application for a finding of suitability within 30 days following receipt of notice that the Commission is requiring the independent agent to file an application for a finding of suitability, the Board shall notify all licensees with which such independent agent has an active agreement. Upon such notice, a licensee shall provide documentary evidence that the independent agent no longer acts as an independent agent for the licensee. Failure of the licensee to respond as required by this section shall constitute grounds for disciplinary action.
3. If the Commission finds a registered independent agent to be unsuitable, the registration of such registered independent agent is thereupon cancelled. A licensee or independent agent shall, upon written notification of a finding of unsuitability, immediately terminate all relationships, direct or indirect, with such independent agent. Failure to terminate such relationships may be deemed to be an unsuitable method of operation. No determination of suitability of an independent agent shall preclude a later determination by the Commission of unsuitability.
4. Upon the Commission requiring a person who is required to be registered by section 25.020 to apply for a finding of suitability, the person does not have any right to the granting of the application. Any finding of suitability hereunder is a revocable privilege, and no holder acquires any vested right therein or thereunder. Judicial review is not available for decisions of the Board and Commission made or entered under the provisions of this section.
(Adopted: 10/72. Amended: 3/91; 5/92; 3/18; 8/19.)

25.040 Required reports and recordkeeping.
1. Each licensee shall, within 30 days, notify the Board by electronic mail through an electronic mail address designated by the Board of:
   (a) Any new agreement between a licensee and an independent agent; and
   (b) Any termination of an agreement between a licensee and an independent agent. Such notification of termination must include truthful statements of the reason for the termination. A licensee shall provide any additional information regarding a termination as required by the Chair.
2. No later than January 31 of each year, each licensee shall provide to the Board separate lists of registered independent agents:
   (1) Whose agreement with the licensee terminated in the preceding calendar year. This list must include the total compensation paid in that year to each registered independent agent on the list.
   (b) Whose agreement with the licensee is currently active. This list must include the total compensation paid in the preceding calendar year to each registered independent agent on the list.
3. The licensee shall retain in its files for a 5-year period and make available for inspection by the Board, upon request:
   (a) The state or country of origin and dates of stays by patrons arranged by a registered independent agent;
   (b) The total amount of gaming credit extended to such patrons that remains unpaid following their departure; and
(c) Any other information required by the Chair regarding any business arrangement between the licensee and an independent agent.

4. The licensee shall submit a copy of its standard controlling agreement with independent agents to the Board on or before January 31 each calendar year. The licensee shall report any change to its standard controlling agreement with independent agents and submit a new copy of the agreement to the Board within 30 days of such change. The licensee shall submit a copy of any agreement for the services of an independent agent which deviates from the standard controlling agreement to the Board within 30 days of the execution of such agreement.

(Adopted: 10/72. Amended: 3/91; 5/92; 3/18; 8/19.)

25.050 Mandatory requirements. Every agreement, including, without limitation, any agreement of employment, between a licensee and an independent agent who is required to register pursuant to section 25.020 must contain the following conditions:

1. If the Commission determines the independent agent is unsuitable, the agreement shall thereupon terminate unless the Commission orders otherwise.

2. The agreement is not effective and the independent agent who is required to register pursuant to section 25.020 is not entitled to and may not be paid any compensation until the licensee receives notice that the Chair has registered the independent agent. An independent agent who is required to register pursuant to section 25.020 is not entitled to any compensation for services listed in section 25.020 if the Chair objects to the registration and, if review of the objection is requested, such objection is sustained.

(Adopted: 5/92. Amended 3/18; 8/19.)

25.060 Reporting requirements for registered independent agents. [Repealed 3/22/18. Repeal effective 5/1/18.]

The pari-mutuel license shall be applied for and issued in the same manner as a non-restricted gaming license.

A pari-mutuel license shall be issued only on events conducted, owned, operated and controlled by the licensee unless waived by the Nevada Gaming Commission. Each sporting event shall be deemed a separate operation requiring a separate license which shall issue only on events operated in accordance with the rules and regulations of the Nevada Gaming Commission and the Board.

(Adopted: 3/75.)

26.050 Facilities and location. Unless otherwise permitted, no other form of gaming shall be conducted in an area containing pari-mutuel betting; such area shall be within a well-defined enclosure to which no direct ingress or egress may be made to or from a contiguous area containing other forms of gaming; however, pari-mutuel wagering may be held in the same building where other gaming is permitted.

(Adopted: 3/75.)

26.060 Commissions and taxes.
The licensee shall be entitled to deduct from a gross pool a commission not to exceed 13 percent of the pool.
From the commission deducted, the licensee shall pay to the Nevada Gaming Commission a tax equal to 2 percent of the sum of all pari-mutuel wagers. The tax due shall not be reduced by minus pools of otherwise.

The above tax as imposed by NRS 464.040(2) shall be paid quarterly on or before the last day of the first month of the next succeeding calendar quarter and accompanied with a report of all taxable receipts for the quarter.
(Adopted: 3/75.)

26.070 Accounting.
Each licensee shall prepare and maintain in a manner suitable to the Board, complete and accurate accounting records, information and data which shall be generated by an approved computer system and which reflects the following on a daily basis for each event upon which pari-mutuel wagering was held:

The applicable provisions of Regulation 6 shall apply.
(Adopted: 3/85.)

MANAGEMENT OF PARI-MUTUEL

26.080 Operation of pari-mutuel facilities.
The pari-mutuel operation shall be conducted by the licensee under the control and supervision of a mutuel manager who, along with all ticket sellers, cashiers, and money counters, shall be an employee of the licensee.
Should any portion of the mutuel operation be subcontracted to any person or entity other than the licensee, such arrangement shall first be approved by the Board which may require such person or entity or their employees to be licensed.
All bettor or spectator complaints must be registered at an information window; a written report as to the substance and disposition of the complaint shall be made, and copy thereof delivered to the Board as soon as reasonably practicable.
(Adopted: 3/75.)

26.090 Mutuel manager.
The general operation of the pari-mutuel shall be directed by a mutuel manager who shall have extensive experience in the operation of pari-mutuel wagering.
Total responsibility shall rest with the mutuel manager for:
- The entire operation of pari-mutuel wagering in accordance with this regulation;
- The correct computation of pools, odds, breakage, payouts, commissions, and taxes; and
- The conduct of all persons directly or indirectly employed in the mutuel department.
Any emergency arising from the operation of the pari-mutuel, not covered by this regulation and requiring immediate action, shall be handled by the mutuel manager who shall make the necessary decisions and render a report to the Board within 24 hours.
(Adopted: 3/75.)

COMPUTATION EQUIPMENT AND OPERATION

26.100 Electronic totalizator.
An electronic totalizator shall be used for each event upon which pari-mutuel wagering is conducted, unless written consent is given by the Board to use different equipment or methods. The equipment must automatically: register the total amount wagered in each mutuel pool; the total amount wagered on each participant in a game or race for win, place and show; the total amount wagered on each combination in a daily double, quinella or exacta, and shall print and issue a ticket representing each wager comprising each required total.

A license may not be issued until such tests as required and performed by the Board have been made and the equipment conforms to the requirements of these regulations and the Board; provided, however, a license may be conditionally issued based upon further testing of the equipment.

The licensee may be required to conduct such test as the Board may prescribe from time to time upon totalizators and ancillary equipment.

Failure of the totalizator to meet the requirements as established by these regulations and the Board shall be grounds for ordering the suspension of pari-mutuel wagering until such time as the deficiencies have been corrected.

The Board shall issue a policy statement setting forth the standards required for the totalizator system.

The totalizator shall calculate the total amounts in each pool and the amounts wagered on each entrant or combination from time to time as wagering progresses. Operated in connection with the totalizator shall be one or more boards prominently displaying to the public the winning odds on each entrant or combination during the progress of wagering at intervals of not more than 90 seconds between each complete change.

The totalizator shall be designed so that all ticket machines shall automatically lock and close upon the activation of the off bell which must be activated no later than the start of the event. In no case shall the machines be opened until after a declaration that the results of the event are official.

(Adopted: 3/75.)

26.110 Totalizator failure.

A report of any faulty operation of the totalizator or tote board shall be filed with the Board within 24 hours following the malfunction.

Whenever the totalizator mechanism fails and is obviously unreliable as to the amounts wagered, all figures on the tote board so affected shall be removed immediately, and the payoff shall be compiled on the sum wagered in each pool as shown by the recapitulation of the sales registered by each individual ticket issuing machines. If an individual ticket issuing machine fails and a computer system is being employed, then the figures as stored in the computer shall be used to calculate the payoff. If the type of wagering equipment used renders this recapitulation impossible, all moneys wagered on the sporting event shall be refunded.

(Adopted: 3/75.)

26.120 Manual computations.

If payoff prices are computed manually, before posting the payoff prices of any pool for any event, each of the calculating sheets of such event shall be proved by the calculators and the winners verified. Such proof shall show payouts, breakage, and commission and, when totaled together, must equal the gross pool. All payslips must be checked with the calculating sheets as to winners and prices before being issued to cashiers, and all board prices shall be rechecked with a calculator before being released to the public. The above shall not apply if a computer system is used for the purposes of calculating payoffs.

If manual calculation of approximate odds is used, a complete and detailed handwritten record of each event shall be kept containing:

- Each change in odds;
- The percentage figures on the final reading; and
- The actual possible payoff on each entrant.

Such records shall be retained for a period of 3 years.

(Adopted: 3/75.)

WAGERS

No employee of a mutuel department, officials, participants of a sporting event, or other employees on duty in the playing or spectator areas shall purchase or cash a pari-mutuel ticket; provided, however, the selling and cashing of pari-mutuel tickets for patrons by messengers employed by the licensee for that purpose may be allowed.
No mailed or telephone wagers from outside the pari-mutuel enclosure shall be permitted.
Resale of pari-mutuel tickets between individuals is prohibited and constitutes grounds for ejection from the premises wherein pari-mutuel wagering or the sporting event is conducted.
(Adopted: 3/75.)

26.150 Pari-mutuel tickets.
Pari-mutuel tickets shall evidence or contain:
A designation for each race, game or event;

Pari-mutuel tickets shall be sold only through designated ticket windows prominently displaying the denomination and type of tickets sold.
(Adopted: 3/75.)

26.160 Wagers by messenger.
Wagers may be placed by messengers or runners who shall be employees of the licensee; the taking, placing and paying of wagers shall be done only within the enclosure wherein pari-mutuel wagering is conducted.
The following constitutes the minimum requirements for wagering permitted by this section:
The wager of an individual bettor must be first recorded upon a sequentially pre-numbered duplicate betting slip indicating the type, number and cost of each bet, and the total bets and amounts wagered.
The runner shall retain the original bet slip with the duplicate being held by the customer who shall tender the total money wagered; thereafter, the wager shall be placed and tickets issued at the pari-mutuel window, and the tickets returned to the customer in exchange for the duplicate slip.
No wager is deemed to have been made until the runner has purchased the tickets indicated on the betting slips.
The customer may tender a winning ticket to a runner for payment which must be made at a pari-mutuel window.
A runner shall not accept any wager which cannot reasonably be expected to be placed before the pari-mutuel machines are locked. Any moneys so received and not bet before the pari-mutuel machines are locked shall be returned to the customer.
(Adopted: 3/75.)

26.170 Refunds on coupled entries. When two or more entrants in an event are coupled on the same mutuel ticket, there shall be no refund unless all of the entrants so coupled are cancelled before the event begins.
(Adopted: 3/75.)

26.180 Registration on wagering, scratch of entrant.
When no more than five entrants start an event, show wagering on the event may be deleted or cancelled.
When no more than four entrants start an event, both place and show wagering on the event may be deleted or cancelled.
Wagering on an event may be prohibited when less than three entrants start an event and both entrants are coupled in an entry.

A refund shall be made of wagers placed on an entrant scratched before the betting has closed, except in the case of a player substitution in Jai Alai made in accordance with Regulation 27.

(Adopted: 3/75.)

26.190 Effect of certain wagers.
A wager on any one entrant in an entry shall be a wager on all such entrants.
A wager on any one entrant in a field shall constitute a wager on all entrants comprising the field.

(Adopted: 3/75.)

26.200 Daily doubles.
Except in the circumstances enumerated in section 26.250, no payoff shall be made on a ticket on which both entrants chosen have not in fact won their respective events.

No daily double wagering shall be allowed on events with entry or field entrants.

All daily double tickets shall be sold only from automatic double machines, and the daily double windows shall be closed and the machines locked at the start of the first event of the daily double.

(Adopted: 3/75.)

26.210 Separate pools. Quinella, exacta and daily double wagering shall individually constitute separate pools and not comprise or be a part of any other win, place, or show pool.

(Adopted: 3/75.)

COMPUTATIONS AND PAYOFFS

26.220 Payoff calculations.
The gross commission shall be first deducted from the gross amount wagered on each individual pool, viz., win, place, show, thereby providing a respective net pool.

Win pool (first place). The payoff amount per dollar wagered which shall include the gross dollar wagered on the winner, for each gross dollar wagered on the winner shall be determined by dividing the net pool by the gross sum wagered on the winner. In the event of a tie for win, the payoff shall be figured in the same manner as a place pool.

Place pool (second place).
The payoff amount per dollar wagered, which shall include the gross dollar wagered upon the winning entrant to place, shall be determined by dividing the gross amount wagered upon the winner to place into the sum of: the gross amount wagered upon the winner to place, plus one-half of the difference between the net pool for place and the combined sum wagered on the winning and placing entrants to place.

The payoff amount per dollar wagered, which shall include the gross dollar wagered upon the placing entrant to place, shall be determined by dividing the gross amount wagered upon the placing entrant to place into the sum of: the gross amount wagered upon the placing entrant to place, plus one-half of the difference between the net pool for place and the combined sum wagered on the winning and placing entrants to place.

In the event of a tie for place, one-half of the profits of the place pool shall be paid upon the winner, and the remaining one-half prorated equally among the entrants constituting the tie.

Show pool (third place).
The payoff amount per dollar wagered, which shall include the gross dollar wagered upon the winning entrant to show, shall be determined by dividing the gross amount wagered upon such winning entrant to show into the sum of: the gross amount wagered on the winning entrant to show, plus one-third of the difference between the net pool for show and the combined sums wagered on the entrants which placed first, second, and third to show.

The payoff amount per dollar wagered, which shall include the gross dollar wagered upon the second place entrant to show, shall be determined by dividing the gross amount wagered upon such entrant to show into the sum of: the gross amount wagered on the second place entrant to show, plus one-third of
the difference between the net pool for show and the combined sums wagered on the entrants which placed first, second and third to show.

The payoff amount per dollar wagered, which shall include the gross dollar wagered upon the third place entrant to show, shall be determined by dividing the gross amount wagered upon such entrant to show into the sum of: the gross amount wagered on the third place entrant to show, plus one-third of the difference between the net pool for show and the combined sums wagered on the entrants which placed first, second and third to show.

In the event of a tie for show, one-third each of the profits of the show pool shall be paid upon the entrants placing first and second, and the remaining one-third prorated equally among the entrants constituting the tie.

(Adopted: 3/75.)

26.230 Payoff—daily double.

Except as provided below, or section 26.170 in case of refunds, the payoff on a winning daily double combination shall be made pursuant to sections 26.220(1) and (2).

When no ticket exists combining the winner of both events, the net pool shall be calculated and distributed as follows under the circumstances enumerated below:

When the winners of both events have been selected individually, but not selected as a combination, the net pool shall be distributed as a place pool upon the winners of either event.

When only one winner of the two events has been chosen, the net pool shall be paid as a win pool on the chosen winner.

When no winner has been selected for either event, the net pool shall be distributed as a win pool to holders of tickets combining the entrants placing second.

When no ticket exists requiring distribution under subsections 1 or 2, or when the first event of the daily double is cancelled, the gross pool shall be distributed pro rata to those persons wagering on the daily double.

When the second event of a daily double is cancelled, the payoff shall be computed and distributed as a win pool upon the tickets covering the winner of the first event, and if no such ticket exists, the net pool shall be distributed as a win pool upon tickets covering the entrant which finished second in the first event.

If no tickets exist covering the entrants placing first or second, the gross pool shall be distributed pro rata to those persons wagering on the daily double.

(Adopted: 3/75.)

26.240 Payoff—quinella.

Except in cases specified below, the winning combination in a quinella pool shall be computed and distributed in accordance with sections 26.220(1) and (2).

In case of a tie for first place between two entrants, the payoff shall be made upon tickets combining both entrants. In case of a tie for second place, the net pool shall be treated as a place pool with the payoff made on the tickets combining the winning entrant and either of the two entrants finishing second.

When a tie for second place occurs and no ticket has been issued covering one of the two winning combination, the net pool shall be calculated and distributed as a win pool and the payoff made on the tickets covering the winning combination.

Should no ticket exist covering the winning combination of a quinella, the net pool shall be treated as a place pool and distributed equally among the tickets combining the entrants which place first or second with a non-placing entrant.

When tickets have been sold on only one of the first two finishers, the net pool shall be distributed as a win pool to holders of such tickets.

When no ticket exists requiring distribution under any of the foregoing subsections, the gross pool shall be distributed pro rata among the persons wagering on the quinella.

(Adopted: 3/75.)

26.250 Payoff—exacta.

Except for cases specified below, the winning combination in an exacta pool shall be computed and distributed in accordance with sections 26.220(2) and (3).
In case of a tie for first place by two entrants, the payoff shall be made only upon tickets combining both entrants. In the case of a tie for second place, the net pool shall be treated as a place pool and the payoff made on tickets combining the winning entrant with either of the two entrants finishing second.

When a tie for second place occurs and tickets are issued combining only one of the two possible winning combinations, the net pool shall be calculated and distributed as a win pool.

When tickets have been sold on only one of the first two finishers, the net pool shall be distributed as a win pool to holders of such tickets.

When no ticket exists requiring distribution under any of the foregoing subsections, the gross pool shall be distributed pro rata among the persons wagering on the exacta.

(Adopted: 3/75.)

26.260 Payment on wagers.

Payment of wagers will be made only on presentation of appropriate pari-mutuel tickets. Any claim by a bettor that a wrong ticket has been delivered to the bettor at the mutuel ticket window must be made before leaving the window, and thereafter no such claim may be considered.

A licensee shall cash all valid unmutilated winning tickets when such tickets are presented for payment during the course of the day when sold and for the period of 30 days thereafter. Subsequent thereto, the licensee shall have no liability relating to such tickets, providing the premises are conspicuously posted with signs stating that winning tickets must be presented for payment within 30 days from date of issuance, and that each ticket issue shall also bear a similar notation.

The licensee shall have no obligation or liability for tickets thrown away, lost, changed, destroyed, or mutilated beyond identification. In the case of mutilated tickets when the portions of the tickets presented are sufficient to definitely identify the ticket as a winning ticket, the licensee may accept the mutilated ticket and make payment without the necessity of the ticket holder submitting a claim to the Board.

In the event of a dispute over the validity of a ticket, the licensee may accept from the holder of such ticket a written and verified claim to be filed by the licensee with the Board, and the Board will render a decision as to payment.

Every licensee shall carry on its books an account which shows the total payoff amount of outstanding unredeemed mutuel tickets representing winning tickets not presented for payment.

A payoff shall not be less than $1.10 for each $1.00 wagered; however, the tote boards shall indicate the amount due on each $2.00 winning ticket.

The entire loss resulting from a minus pool shall be borne by the licensee.

(Adopted: 3/75.)

26.270 Errors in posting. Any error made in posting on the tote board of the payoff prices shall be promptly corrected, and the public immediately advised of the correction by announcement over a public address system.

(Adopted: 3/75.)

26.280 Payment for errors. If an error occurs in payment upon tickets cashed or entitled to be cashed, and as a result the pool involved is not correctly distributed among the winning ticket holders, the following shall apply:

The licensee shall bear the cost of any overpayment.

In the event of under-payment:

The licensee shall accept timely claims, pay each claim, or a part thereof, which it determines to be valid; notice shall be given to any claimant whose claim is rejected.

Any person whose claim is rejected by the licensee may, within 15 days from the date notice of rejection is received, request the Board to determine the validity of the claim. The failure to file such request with the Board within 15 days shall constitute a waiver of the claim, provided the claimant has received notice of a right of appeal to the Board.

A hearing before the Board shall be held on each claim timely filed, and the Board may determine a claim to be valid, in whole or in part, and thereafter order the licensee to make payment accordingly. Any such determination shall be final and binding on all parties.
Claims not filed with the licensee within 30 days inclusive of the date on which the under-payment was discovered shall be deemed waived, and the licensee shall have no further liability therefor.
(Adopted: 3/75.)

(Adopted: 3/90. Amended: 4/91; 10/21/99.)
26A.040 Conduct of off-track pari-mutuel wagering.  
Off-track pari-mutuel wagering may be conducted only within a race book or any other area approved by the Chair.

A pari-mutuel book offering off-track pari-mutuel wagering must comply with the provisions of Regulation 22, when not in conflict with this regulation.

A pari-mutuel book shall not use the information received from the off-track pari-mutuel system to determine the winners of or payoffs on nonpari-mutuel race wagers.

A pari-mutuel book shall not use the information received from a live broadcast to determine the winners of or payoffs on off-track pari-mutuel wagers.

A pari-mutuel book may use the information received from a live audio visual signal to determine the winners of or payoffs on off-track pari-mutuel wagers in the event the systems operator notifies the pari-mutuel book that it is unable to relay that information to the pari-mutuel book through the off-track pari-mutuel system. A pari-mutuel book shall comply with the Regulation 6 minimum internal control standards when making such payoffs.

A pari-mutuel book shall pay winning interstate off-track pari-mutuel wagers in accordance with official results at the track, irrespective of whether the wagering information from the pari-mutuel book was included in the interstate common pari-mutuel pool.

A pari-mutuel book shall pay winnings, intrastate off-track pari-mutuel wagers in accordance with official results from the approved, off-track pari-mutuel system and shall return at least one dollar and five cents for each winning dollar wagered, and any other guaranteed payout.

The pari-mutuel books shall be jointly responsible for any deficiencies and shall share in any excesses resulting from the requirements of subsections 6 and 7. The terms of any such agreement must be approved pursuant to the provisions of section 26A.140 of this regulation.

A pari-mutuel book, other than a pari-mutuel only book, that has agreed to accept off-track pari-mutuel wagers may only accept nonpari-mutuel race wagers on types of bets not offered as part of the interstate or intrastate common pari-mutuel pool, and may accept nonpari-mutuel race wagers on types of bets offered as part of an interstate or intrastate common pari-mutuel pool in the event the off-track pari-mutuel system is not functioning.

A pari-mutuel book shall not pay a systems operator or a track any compensation for the right to be part of an interstate or intrastate common pari-mutuel pool unless the agreement setting forth the terms of the compensation has been approved pursuant to the provisions of section 26A.140 of this regulation.

A pari-mutuel book shall adopt, conspicuously display, and adhere to written house rules governing off-track pari-mutuel wagering transactions with patrons. Prior to adopting or amending such house rules, a pari-mutuel book shall submit such rules to the Chair for approval.

A pari-mutuel book shall allow patrons to cash an outstanding off-track pari-mutuel ticket for 120 days from the date of purchase or 30 days after the close of the racing meet whichever shall first occur. Tickets which are not redeemed within such time become valueless, unless the time period is otherwise extended by the licensee, and the sum of money represented by them shall accrue to the issuing licensee.

Pari-mutuel books may not accept intrastate pari-mutuel wagers placed by any book, affiliate of the pari-mutuel book, or a systems operator providing the intrastate common pari-mutuel system. Books or systems operators may not place wagers into an intrastate common pari-mutuel pool.

Each pari-mutuel book that accepts an intrastate pari-mutuel wager must visually display to patrons, through direct communications with the off-track pari-mutuel system conducting the intrastate pool, the current odds and minutes to post for each race or wagering proposition on which intrastate wagers are being accepted as well as the official results and payoffs. The odds and post information shall be displayed at least 10 minutes prior to the scheduled post time and shall be updated at least every 90 seconds prior to post time. An intrastate pari-mutuel pool shall not be approved unless the systems operator has the capability to deliver this visual information to the pari-mutuel books in a form acceptable to the Chair, and each pari-mutuel book must be capable of displaying the information in a form acceptable to the Chair, before being approved to participate in that intrastate pari-mutuel pool.

The live audio visual signal must meet the production requirements of Regulation 21 applicable to live broadcasts. Nothing in this section shall be deemed to require a pari-mutuel book to display a live audio visual signal in conjunction with an interstate or intrastate common pari-mutuel pool.

A pari-mutuel sports book shall return at least one dollar and five cents for each winning dollar wagered.

The pari-mutuel sports books shall be jointly responsible for any deficiencies and shall share in any excesses resulting from the requirements of subsections 5 and 6 of this section.

A pari-mutuel sports book shall not pay any systems operator or any other pari-mutuel sports book any compensation for the right to be part of a common pari-mutuel pool unless the agreement setting forth the terms of the compensation has been approved pursuant to section 26B.140 of this regulation.

(Adopted: 3/93.)

Each systems operator shall submit to the Board two copies of its audited or reviewed financial statements not later than 120 days after the last day of the system operator’s business year.

As a condition to the granting of the privilege of having communications technology upon the licensed premises, the book and the call center shall be deemed to have consented to the authority of the Chair to require the immediate removal of any communications technology from the licensed premises at any time without prior notice of hearing. The race book shall maintain a record of such confirmation.

(c) The race book must have the patron affirm that the patron has been informed and acknowledges that, with regard to off-track pari-mutuel horse race wagers, the book may accept such wagers from patrons only when the patron is located within Nevada or other states or foreign jurisdictions in which pari-mutuel horse race wagering is legal and such wagering on accounts located outside the book’s borders is not otherwise restricted.

(d) Notwithstanding the requirements of subsection 5 of Regulation 5.225, for a business entity patron, the patron must provide an employee of the book, and the book must record and maintain, the information required pursuant to NRS Chapter 463.800 before the book registers and creates a wagering account for the patron. The employee must record such information. Unless a book has otherwise been granted approval by the Chair pursuant to subsection 6(a)(2) of Regulation 22.140, the information required pursuant to NRS 463.800 shall be provided by the patron to an employee of the book at the premises of the book or, for central site books, at an outstation, satellite or affiliated book;

4. In addition to the posting of the wager in the off-track pari-mutuel race system, all wagering communications shall be electronically recorded and retained for a period of 60 days. The method of recording the wager must be approved by the Chair. Such recordings must be made immediately available to any Board agent upon request.

The system shall create a record of the confirmation. This record of the confirmation of the wager shall be deemed to be the actual transaction of record, regardless of what wager was recorded by the system;

   Prohibit wagers from being changed after the patron has reviewed and confirmed the wagering information, and the specific wagering communication transaction has been completed;
   Prohibit the acceptance of wagers after post time except those originated after post time that are approved in the same manner as other events approved pursuant to Regulation 22.1201;
   Prohibit a book from accepting an account wager, or a series of account wagers, in an amount in excess of the available balance of the wagering account;
   Prohibit a book from accepting out-of-state sports wagers, out-of-state nonpari-mutuel horse race wagers, and out of state other event wagers unless such wagers are legal in the jurisdiction from which they originate and federal law allows such wagers and the transmission of such wagers or information assisting in the placing of such wagers;
   Post payment on winning account wagers as a credit to the patron’s wagering account as soon as reasonably practicable after the event is declared official;
   Maintain complete records of every deposit, withdrawal, wager, winning payoff, and any other debit or credit for each account; and

28.010 List of exclusion and ejectment.

Pursuant to NRS 463.151 through 463.155, the Commission hereby provides for the establishment of a list of persons who are to be excluded or ejected from licensed gaming establishments that conduct pari-mutuel wagering or operate any horse race book, sports pool or games, other than slot machines only. The criteria applied by the Board and Commission for inclusion of a person upon such list are those set forth in NRS 463.151(3), any one of which is sufficient for inclusion.

Evidence of notorious or unsavory reputation, as that term is used in NRS 463.151(3), may be established by identification of a person’s criminal activities in published reports of various federal and state legislative and executive bodies that have inquired into various aspects of criminal activities including but not limited to the following:

- California Crime Commission;
- Chicago Crime Commission;
- McClellan Committee (Senate Subcommittee on Investigation);
- New York Waterfront Commission;
- Pennsylvania Crime Commission Report;
- Senate Permanent Subcommittee on Investigations;
- State of Colorado Organized Crime Strike Force;
- President’s Commission on Organized Crime.

Evidence of notorious or unsavory reputation, as that term is used in NRS 463.151(3), may be established by identification of a person’s criminal activities with respect to wagering on or attempting to influence the result of a collegiate sport or athletic event in a published report by:

- Any federal, state or local legislative, executive or judicial body or officer; or
- Any association of colleges and universities devoted to the regulation and promotion of intercollegiate athletics, including, but not limited to the National Collegiate Athletic Association.

(Adopted: 10/72. Amended: 4/78; 9/84; 1/01. Effective 2/7/01.)

28.020 Definitions. As used herein, the following terms shall have the following meanings:

“Candidate” means any person who the Board believes should be placed on the list.

“Excluded person” means any person who has been placed upon the list by the Board and who has failed to timely request a hearing as provided in NRS 463.153, or who remains on the list after a final determination by the Commission. The term shall be synonymous with “ejected person” or “listed person.”

“List” means a list of names of persons who are required to be excluded or ejected from licensed gaming establishments that conduct pari-mutuel wagering or operate any horse race book, sports pool or games, other than slot machines only. The term shall be synonymous with “exclusion list.”

The Board may place on the list the name of any person who, by reason of any of the criteria set forth in NRS 463.151(3) is to be excluded or ejected from licensed gaming establishments that conduct pari-mutuel wagering or operate any horse race book, sports pool or games, other than slot machines only, whenever such exclusion or ejectment is in the best interests of the State of Nevada or of licensed gaming, after the same has been determined as hereinafter provided:
Before a name is placed on the list, the Board shall first informally review the information and evidence in its possession and make a determination that there is sufficient reason to believe that any one of the criteria specified in NRS 463.151(3) is applicable to the candidate. At least two Board members shall concur in such decision at an investigative hearing, but no formal meeting of the Board shall be required to reach a decision.

Except as hereinafter provided, the operative effect of such list shall not occur as to any given individual until such time as that person whose name has been place upon the list has had notice and an opportunity for a hearing as provided for by this regulation, and until such time as the Commission’s decision becomes final.

The filing of a petition for judicial review pursuant to NRS 463.315 does not stay the enforcement of any Board or Commission action placing an excluded person on the list. The Commission may grant a stay upon appropriate terms.

(Adopted: 10/72. Amended: 4/78; 9/84.)

28.040 Distribution and contents of the list.

Board Member

In the event notice by publication is made, the notice shall specify that the request for hearing may be made any time within 60 days after the last day of publication.

Such bill of particulars shall be furnished the candidate at least 20 days prior to the hearing before the Commission.

In the event a candidate does not request a hearing, the Board will file with the Commission the bill of particulars heretofore specified, and the Commission may make its decision thereon and any other information it may request from the Board.

(Adopted: 10/72. Amended: 4/78; 8/84.)

28.070 Hearing.

(Adopted: 10/72. Amended: 4/78; 9/84.)

28.080 Petition to remove from the list.
Any person who, after a final determination by the Commission, has been placed upon the list may petition the Commission in writing and request that his or her name be removed from such list. The petition shall be verified and state with specificity the grounds believed by the petitioner to constitute good cause for removal of his or her name.

The Commission shall have 90 days in which to entertain such petition, after which time the Commission shall either set the petition for hearing or deny the petition. In the event the Commission elects to entertain the petition, a date for hearing shall be specified, and thereafter the procedures specified in section 28.070 above shall apply.

The record of evidence and testimony, if any, used by the Commission in making its original determination of exclusion may be considered by the Commission; provided, however, said record shall not be reopened except upon the express consent of the Commission. Unless otherwise allowed by the Commission, only evidence relevant as to the ground specified in the petition shall be heard; provided, however, the Commission may request additional investigation in this regard. The burden of showing good cause for removal shall at all times rest with the petitioner.

No revocation of a jockey agent’s authority is effective until the jockey notifies the state steward in writing of the revocation of the jockey agent’s authority.

A jockey shall faithfully fulfill all engagements unless he or she is excused by the board of stewards in an emergency. An excuse may also be given by a physician or nurse with the approval of the Board.

30.305 Jockeys: suspensions.
A jockey who is under suspension by the board of stewards, Board, or Commission must not participate in any race or race meet in Nevada.

A jockey under suspension in any other state or jurisdiction may be permitted to participate in a race or race meet in Nevada during the suspension at the discretion of the board or stewards.

The suspension of a jockey for an offense not involving fraud may begin after the ruling at the discretion of the state stewards.

After receiving approval from the state steward, a jockey who is suspended may be permitted to exercise or gallop horses and to lodge on the grounds of the association.

30.306 Jockeys: riding fees.
A jockey’s riding fees for a race meet must be:
Set by the association; and
Posted in the racing office and in the jockeys’ room.

If any owner or trainer engages two or more jockeys for the same race, he or she shall pay the losing fee to each engaged jockey who does not ride in the race and the proper fee to the jockey who does ride.

A jockey’s fee is considered to have been earned when the jockey is weighed out by the clerk of the scales. The fee is not considered earned if the jockey refuses to ride or gets off his or her mount of his or her own free will when there is no injury to the horse or rider. Any problem that is not covered by this subsection must be decided by the board of stewards.

A fee to a jockey in a race must be paid in the absence of a special agreement.

30.307 Jockey betting. A jockey shall only be allowed to wager on a race in which he or she is riding. A jockey shall only be allowed to wager if:

The owner or trainer of the horse which the jockey is riding makes the wager for the jockey;

The jockey only wagers on his or her own mount to win or finish first in combination with other horses in multiple type wagers; and

Records of such wagers are kept and available for presentation upon request by the board of stewards.

30.308 Jockey’s spouse. A jockey shall not compete in any race against a horse which is owned or trained by the jockey’s spouse.

30.309 Foreign jockeys. Upon making an application for a license in this jurisdiction, a jockey from a foreign country shall declare that he or she is a holder of a valid license in his or her country and currently not under suspension. To facilitate this process, the jockey shall present a declaration sheet in a language recognized in this jurisdiction to the Board.

30.310 Jockeys: costumes; helmets.
A jockey shall wear the colors of the owner or trainer of the horse the jockey is riding or the colors approved by the Board or association. Any changes in colors or numbers must be announced to the public over the public address system.

A jockey must be dressed in a clean costume consisting of a cap and jacket of silk or waterproof material, breeches and top boots.

A jockey shall wear a fastened protective helmet approved by the Jockeys’ Guild when mounted. The weight of the protective helmet must not be included in the jockey’s weight.

The board of stewards may permit an apprentice jockey to ride pending action on his or her application.

Apprentice jockey certificates.
An applicant with an approved apprentice certificate may be licensed as an apprentice jockey and must abide by all regulations for jockeys, unless those regulations are in conflict with specific regulations applicable to apprentice jockeys.
An apprentice jockey certificate may be obtained from the state steward on a form provided by the Board in lieu of an apprentice contract. A person shall not receive more than one apprentice jockey certificate. In case of emergencies, a copy of the original may be obtained from the Board where it was issued.

Length of apprenticeship.
An apprentice jockey shall ride with a five pound weight allowance beginning with the jockey’s first mount and for one full year from the date of the jockey’s fifth winning mount or until the jockey has ridden 45 winners, whichever comes first.
At the Board’s discretion, it may extend the time during which an apprentice weight allowance may be claimed in cases of physical disablement or other extenuating circumstances.
Considerations for eligibility.
Thoroughbred races in the United States, Canada or Mexico which have been reported in the Daily Racing Form or other similar official publication must be considered in determining eligibility for a license as an apprentice jockey.
Any person who has ridden as a licensed jockey at any recognized meet in the United States or other country has the burden of establishing that granting him or her an apprentice jockey license is in the best interest of thoroughbred racing in this state.

Apprentice jockey contracts.
A copy of a contract for an apprentice jockey to ride in a Nevada race meet must be filed with the Board.
The transfer of an apprentice contract must be approved by the state steward and filed with the Board.
An owner or trainer must be in control of a stable or horse which would warrant the employment of an apprentice jockey before entering into a contract with an apprentice jockey.

30.312 Jockey agents.
Eligibility. An applicant for a license as a jockey agent shall:
Provide a written contract to the state steward which proves that the applicant is authorized to act as agent with at least one jockey who has been licensed by the Board; and

30.314 Jockey agent: responsibilities. A jockey agent shall not make or assist in making engagements for a jockey other than those the agent is licensed to represent. A jockey agent shall file written proof of all agencies and changes of agencies with the board of stewards. A jockey agent shall notify the state steward, in writing, prior to withdrawing from representation of a jockey and shall submit to the state steward a list of any unfulfilled engagements made for the jockey. All persons permitted to make riding engagements shall maintain current and accurate records of all engagements made, such records being subject to examination by the board of stewards at any time.

30.315 Jockey agents: prohibited acts. An agent for a jockey: Shall not give anyone any information or advice pertaining to a race or engage in the practice commonly known as “touting” for the purpose of influencing or tending to influence anyone in the making of a wager on the result of any race. Shall not communicate with any jockey during racing hours without permission from the board of stewards.

30.316 Jockey agent: rival claims. All rival claims for the services of a rider must be reported to the state steward. The board of stewards shall resolve all rival claims.

Applicants not previously licensed as a horseshoer may be required to pass a written or oral examination, demonstrate practical skills and submit at least two written letters of reference concerning the character and qualifications of the applicant. A horseshoer shall submit to testing for drugs and alcohol upon the request of the board of stewards. The refusal of a horseshoer to submit for such testing is grounds for revocation of the horseshoer’s license.

30.319 Licensing requirements for practicing veterinarians. Eligibility. An applicant for a license as a practicing veterinarian shall be qualified and licensed to practice veterinary medicine. Evidence of qualifications require the following: Submission of a copy of the applicant’s current state license; and The recommendation of the state veterinarian. Responsibility.

A veterinarian who treats a horse within the association grounds shall report to the state veterinarian, on a form prescribed by the Board, the following information:
The date of treatment;
The name of the horse treated;
The name of the trainer of the horse;
The medication administered; and
Any other information requested by the state veterinarian.
Medication reports are confidential and their contents must not be disclosed except in a proceeding before the board of stewards or the Board or Commission, or in exercise of the Board’s jurisdiction.

Restrictions on wagering. A practicing veterinarian, licensed by the Board, shall not wager on the outcome of any race at the racetrack facility at which he or she is practicing.

A practicing veterinarian shall submit to testing for drugs and alcohol upon the request of the board of stewards. The refusal of a practicing veterinarian to submit for such testing is grounds for revocation of the veterinarian’s license.

CLAIMING RACES

30.330 General provisions.
A person entering a horse in a claiming race warrants that the title to said horse is free and clear of any existing claim or lien, unless before entering such horse, the written consent of the holder of the claim or lien has been filed with the state steward and the racing secretary and its entry approved by the board of stewards. A transfer of ownership arising from a recognized claiming race will terminate any existing prior lease for that horse.
A filly or mare that has been bred is ineligible to enter into a claiming race unless a licensed veterinarian’s certificate dated at least 25 days after the last breeding of that mare is on file with the racing secretary’s office stating that the mare or filly is not in foal. However, an in-foal filly or mare shall be eligible to enter into a claiming race if the following conditions are fulfilled:
Full disclosure of such fact is on file with the racing secretary and such information is posted in the racing secretary’s office;
The stallion service certificate has been deposited with the racing secretary’s office (although all information contained on such certificate shall remain confidential);
All payments due for the service in question and for any live progeny resulting from that service are paid in full; and
The release of the stallion service certificate to the successful claimant at the time of claim is guaranteed.
The board of stewards may set aside and order rescission of a claim for any horse from a claiming race upon a showing that any party to the claim committed a prohibited action, with respect to the making of the claim, or that the owner of the horse at the time of entry in the claiming race failed to comply with any requirement of these regulations regarding claiming races. Should the board of stewards order a rescission of a claim, they may also, in their discretion, make a further order for the costs of maintenance and care of the horse as they may deem appropriate.

30.331 Claiming of horses.
Any horse starting in a claiming race is subject to be claimed for its entered price by any:
Licensed owner;
A licensed racing interest; or
An agent authorized to act for a licensed owner or racing interest.
Every horse claimed shall race for the account of the original owner, but title to the horse shall be transferred to the claimant at the time the field has been dispatched from the starting gate and the horse becomes a starter. The claimant is owner of the horse regardless of whether the horse is alive or dead, sound or unsound, or injured during the race or after it.
30.332 Racing interests in claiming races.

“Racing interest” in claiming races means any individual owner, partnership of owners, corporations or any registered stable. The term does not include a lessee which participates as an owning entity or the nominator of a race horse.

A licensed owner may participate in more than one racing interest.

If a racing interest is comprised of more than one licensed owner, all owners constituting the racing interest are jointly and severally liable for any action of the racing interest.

30.333 Procedure for claiming.

To make a valid claim for a horse, an eligible person shall:

Provide certification that they have on deposit with the horsemen’s bookkeeper an amount equal to the amount of the claim, plus all transfer fees and applicable taxes;

Complete and sign a written claim on a form furnished by the association and approved by the Board;

Identify the horse to be claimed by the spelling of its name on the certificate of registration or as spelled on the official program and designate the claiming price and the race number.

Place the completed claim form inside a sealed envelope furnished by the association and approved by the Board.

Have the time of day that the claim is entered recorded on the envelope.

Have the envelope deposited in the claim box no later than 10 minutes prior to post time of the race for which the claim is entered.

After a claim has been deposited in the claim box, it is irrevocable and shall not be withdrawn from the claim box.

The board of stewards shall open and examine the claims after the horses have entered the racetrack and are on the way to post.

Race officials and employees of the association shall not provide any information as to the filing of claims until after the race has been run, except as is necessary for the processing of the claim.

If more than one claim is filed on a horse, the successful claim shall be determined by lot conducted by the board of stewards or their designee.

Notwithstanding any designation of sex or age appearing in the racing program or in any racing publication, the claimant of a horse shall be solely responsible for the determination of the sex or age of any horse claimed.

30.334 Prohibitions.

A person shall not claim a horse in which the person has a financial or beneficial interest as an owner or trainer.

A person shall not cause another person to claim a horse for the purpose of obtaining or retaining an undisclosed financial or beneficial interest in the horse.

A person shall not enter into an agreement to claim or not to claim or prevent another person from obtaining a horse in a claiming race.

A person shall not claim a horse, or enter into any agreement to have a horse claimed, on behalf of an ineligible or undisclosed person.

A person shall not attempt by intimidation to prevent anyone from running or claiming a horse in a claiming race.

A person shall not make any agreement with any other person or racing interest for the protection of one another’s horses in a claiming race.

A person shall not claim a horse without providing the name of a licensed trainer, or person eligible to be a licensed trainer, who will assume the care and responsibility for any horse claimed.

30.335 Transfer of claimed horses.

Upon successful claim, the state steward shall issue, upon forms approved by the Board, an authorization of transfer of the horse from the original owner to the claimant. Copies of the transfer authorization shall be forwarded to and maintained by the board of stewards and the racing secretary. Upon notification by the board of stewards, the horsemen’s bookkeeper shall immediately debit the claimant’s account for the claiming price, applicable taxes and transfer fees. No claimed horse shall be delivered by the original owner to the successful claimant until authorized by the board of stewards.
A person shall not refuse to deliver a properly claimed horse and all registration and ownership documents to the successful claimant.

Transfer of possession of a claimed horse shall take place immediately after the race has been run. If the horse is required to be taken to the detention barn for post-race testing, the successful claimant or the claimant’s representative shall maintain physical custody of the claimed horse. However, the original trainer or the trainer’s representative shall accompany the horse, observe the testing procedure and sign the test sample tag.

When a horse is claimed out of a claiming race, the horse’s engagements are transferred, with the horse, to the claimant.

A claimed horse shall not remain in the same stable or under the control or management of its former owner.

Ownership interest in any horse claimed from a race shall not be resold or transferred back to the original owner for 30 days after such horse was claimed, except by claim from a subsequent race.

No horse which has been claimed out of a claiming race in which said horse was declared the official winner shall be eligible to start in any other claiming race for a period of 30 days, exclusive of the day it was claimed, for less than 25 percent more than the amount of which it was claimed. A horse which has been claimed out of a claiming race in which said horse was not declared the official winner may be eligible to start for any price desired by the claimant. No horse which has been claimed out of a claiming race shall be eligible to race at any other race meeting in this state or elsewhere until the close of the meeting where it was claimed unless its removal from the grounds of such meeting is approved by the board of stewards for good cause or is required by the association where it was claimed.

ENTRIES AND NOMINATIONS

30.340 Entering. No horse shall be qualified to start unless it has been and continues to be entered and eligible to start.

30.341 Statement of identification of horse. If entered for the first time, a horse must be identified by a statement of its name, color, sex and age and the name of its sire and dam as registered. The statement must be repeated in every entry until the name of the horse and its description have been published in the official program, list of entries of the association, or other publication designated by the Board. Only a horse’s name and age are required for any entry made after the publication of the horse’s description.

30.342 Registration of certain horses and mules.

Registration requirements:
A thoroughbred must not enter or start in any race unless it has been registered at the registry office of the Jockey Club of New York;
A quarter horse must not enter or start in any race unless it is registered with the American Quarter Horse Association of Amarillo, Texas;
An Appaloosa horse must not enter or start unless it is registered with the Appaloosa Horse Club of Moscow, Idaho;
A mule must not enter or start unless it is registered with the American Mule Association of Ventura, California or their designated representative.

The state steward may waive the requirements of subsection 1 if the horse is otherwise properly identified.

At the time a race starts, a certificate of registration from the Jockey Club, American Quarter Horse Association, Appaloosa Horse Club or American Mule Association for any horse in the race must be on file in the office of the racing secretary.

30.343 Change of name of horse.

If the name of a horse is changed, its new name and former name must be published in the official program for the first three starts after the change. No change of name is acceptable unless the change is first granted by the Jockey Club, the American Quarter Horse Association, the Appaloosa Horse Club or other registry in which the horse is registered.
If this section is violated, the horse involved will be designated a “ringer,” and it and all persons connected with the violation must be ruled off the track and the matter referred to the Board and Commission.

30.344 Name of jockey to be furnished. If it is possible for a trainer to do so, the trainer shall, upon making an entry, furnish the name of the jockey who will ride the trainer’s horse. If the trainer cannot do so, the trainer shall furnish the name not later than scratch time. If no jockey has been named by that hour, the board of stewards shall name the best available jockey.

30.345 Filing of statement of ownership of horse; notice of change of ownership. Information concerning the ownership of a horse, except the trainer’s percentage of the winnings, must be filed with the racing secretary before the horse may start. If any change in ownership occurs during the race meet, notice of the change must be filed immediately with the racing secretary.

30.346 Requirements for entries and declarations.
   The racing secretary shall receive entries and declarations for all races.
   An entry or declaration must be in writing and be signed by the trainer of the horse or the trainer’s agent.
   Each association shall provide blank forms on which entries and declarations may be made. All entry blanks must be approved by the Board.
   An entry may be made by telephone or telegraph if approved by the state steward. Each entry made by telephone or telegraph must be signed by the trainer of the horse or the trainer’s authorized agent before the horse may start in any race.
   A person, other than the trainer, who signs an entry form for the trainer is jointly and severally liable with the trainer for the accuracy of and authority for the entry.
   The person making an entry shall clearly designate the horse so entered.
   No alteration may be made in any entry or subscription after the closing of entries, but an error may be corrected with permission of the state steward.
   No horse may be entered in more than one race (with the exception of stakes races) to be run on the same day on which pari-mutuel wagering is conducted. Mules may be entered to run twice in one day.
   Any permitted medication or approved change of equipment must be declared at time of entry.

30.347 Limitation as to spouses. No entry in any race shall be accepted for a horse owned wholly or in part by, or trained by, a person whose husband or wife is under license suspension at time of such entry; except that, if the license of a jockey has been suspended for a routine riding offense, the board of stewards may waive this rule.

30.348 Coupled entries.
   Two or more horses which are entered in a race shall be joined as a mutuel entry and single betting interest if they are owned or leased in whole or in part by the same owner or are trained by a trainer who owns or leases an interest in any of the other horses in the race, except that entries may be uncoupled with the approval of the state steward.
   When a husband and wife hold individual licenses as owner or trainer, their entries must be coupled as a single entry, except that entries may be uncoupled with the approval of the state steward.
   Under no circumstances may more than one horse of a coupled entry start to the exclusion of a single entry, except in races where horses must qualify to enter through trials or handicaps where conditions state high weights preferred. When making a coupled entry, a preference for one of the horses must be made.

30.349 Refusal of entry. The entries of any person or the transfer of any entry may be refused by the racing secretary without notice for reasons deemed to be in the best interest of racing.

30.350 Nominations.
   Any nominator to a stakes race may transfer or declare such nomination prior to closing.
The nominator is liable for the entrance money or stake. Joint nominations and entries may be made by any one of joint owners of a horse, and each such owner shall be jointly and severally liable for all payments due.

A horse may not start a race unless its stake or entrance money due has been paid.

Death of a horse, or a mistake in its entry when such horse is eligible, does not release the nominator or transferee from liability for all stakes fees due. No fees paid in connection with a nomination to a stakes race that is run shall be refunded, except as otherwise stated in the conditions of a stakes race.

Death of a nominator to a stakes race shall not render void any subscription, entry or right of entry.

When a horse is sold privately or at public auction or claimed, subscriptions and stakes engagements shall be transferred automatically to its new owner; except when the horse is transferred to a person whose license is suspended or who is otherwise unqualified to race or enter the horse, then such nomination shall be void as of the date of such transfer.

All stakes fees paid toward a stakes race shall be allocated to the winner unless otherwise provided by the conditions for the race. If a stakes race is not run for any reason, all such nomination fees paid shall be refunded. Administrative expenses which have been incurred may be deducted, subject to the review of the Board.

30.351 Closings.
Entries for purse races and nominations to stakes races shall close at the time designated by the association in previously published conditions for such races. No entry, nomination or declaration shall be accepted after such closing time; except in the event of an emergency or if an overnight race fails to fill, the racing secretary may, with the approval of the state steward, extend such closing time.

Except as otherwise provided in the conditions for a stakes race, the deadline for accepting nominations and declarations is midnight of the day of closing, provided they are received in time for compliance with every other condition of the race.

Entries which have closed must be compiled without delay by the racing secretary and conspicuously posted.

30.352 Cancellation, postponement or change of race.
The Board or the association reserves the right to cancel, postpone or change a race for any reason which it deems good and sufficient.

Public notice must be given at the earliest possible time after a published race is declared off.

If either of the horses entered in a match, or if the owner of a horse entered in a match dies before the match, the match is void.

30.353 Number of starters in a race.
The maximum number of starters in any race shall be limited to the number of starting positions afforded by the association starting gate and its extensions.

The number of starters may be further limited by the number of horses which, in the opinion of the state steward, can be afforded a safe, fair and equal start. No more than eight (8) horses may enter any one race on a half-mile track in Nevada.

The race is limited to the number of starters as specified on posted conditions.

30.354 Split or divided races.
In the event a race is cancelled or declared off, the association may split any overnight race for which post positions have not been drawn.

Where an overnight race is split, forming two or more separate races, the racing secretary shall give notice of not less than 15 minutes before such races are closed to grant time for making additional entries to such split races.

30.355 Also-eligible lists.
If the number of entries for a race exceeds the number of horses permitted to start, the racing secretary may create and post an also-eligible list.

If any horse is scratched from a race for which an also-eligible list was created, a replacement horse shall be drawn from the also-eligible list into the race in order of preference. If none is preferred, a horse shall be drawn into the race from the also-eligible list by lot.
Any owner or trainer of a horse on the also-eligible list who does not wish to start the horse in such race shall so notify the racing secretary prior to scratch time for the race, thereby forfeiting any preference to which the horse may have been entitled.

Exceptions to also-eligible lists:
There must be no more than four horses selected as also-eligibles when only one division of a stake race is to be run. Horses cannot be advanced after the regular advertised scratch time.
When two or more divisions of the same stake are to be run, there must not be an also-eligible list in any of the two or more divisions.

30.356 Preferred list. The racing secretary shall maintain a list of entered horses eliminated from starting by a surplus of entries, and these horses shall constitute a preferred list and have preference. The manner in which the preferred list shall be maintained and all rules governing such list shall be the responsibility of the racing secretary.

After the name of a horse has appeared in the entries and the horse has had an opportunity to start, the horse must not be given consideration for entry on the following race day if its entry would cause the race to be overfilled unless the entry is for a stake race.
A copy of the preferred list must be posted each afternoon. Any claim of error must be made to the racing secretary before entries are taken for the following race day.
If a horse is entered on the preferred list, a claim of preference must be made at the time of entry and the claim must be noted on the entry. Otherwise, the preference is lost. A claim of error must not be considered by the board of stewards if the person making the claim has signed an entry which is not noted in compliance with this subsection.

Unless otherwise specified in the conditions of the race, if more than the specified number of entries are received in a stakes race, the following conditions will be in effect:
Winners of a sweepstakes have first preference, winners have second preference, maidens who have placed in a stake have third preference, other maidens have fourth preference and horses that have never started have fifth preference.
An owner entering two or more maidens must declare his or her preference for the draw for a post position in the gate.
A horse drawing outside the gate must have its entry fee refunded.

30.357 Declarations and scratches.
Declarations and scratches are irrevocable.

Declarations.
The declaration of a horse before closing shall be made by the owner, trainer or their licensed designee in writing to the racing secretary before the time prescribed by the association.
If a horse is not named through the entry box at the specified time of closing, it is automatically out of any stake race.
If the miscarriage of any declaration by mail or otherwise is alleged, satisfactory proof of the miscarriage must be produced by the complaint or the declaration must not be accepted.

Scratches.
The scratch of a horse after closing shall be made in writing to the racing secretary by the owner, trainer or their licensed designee, with permission from the state stewards. Scratches must be made by the designated scratch time.
A horse may be scratched from a stakes race for any reason at any time up until one hour prior to post time for that race.
No horse may be scratched from an overnight race without approval of the state steward.
In overnight races, horses that are physically disabled or sick shall be permitted to be scratched first. After horses with physical excuses have been scratched, any trainer who has entered a horse may scratch the horse from the race before scratch time until only eight interests remain in a race. If there are more requests to withdraw than are available, permission to withdraw must be decided by lot. In races involving the daily double or an exotic race, an entry must not be withdrawn without permission from the state stewards if the withdrawal would reduce the starting field to less than the number designated by the racing secretary. The Board may excuse any other entry upon the receipt of a veterinarian’s certificate of unfitness, a change of track conditions since the time of entry or the receipt of other evidence which in the opinion of the Board justifies a scratch request.
Entry of any horse which has been scratched, or excused from starting by the board of stewards, because of a physical disability or sickness shall not be accepted until the horse has been removed from the veterinarian’s list by the state veterinarian.

**STAKES RACES**

30.360 **Overnight race not to be deemed stakes race.** No overnight race, regardless of its condition, may be deemed a stakes race.

30.361 **Applications for nominations; effect of sale or death of entry; selection of weight; purses added by track.**

   All forms to be used for applications for a nomination to a stakes race must be submitted to the Board for approval. All regulations adopted by the Board and Commission supersede a condition of the race.

   If a nominee is sold, the entry goes with the foal and fees may be kept up by the buyer. There are no refunds. If a nominee dies, the entry fees remain in the race.

   Weight or the method of selection of weight must be listed on the nomination application.

   Purses added by the track must be on the nomination application.

30.362 **Deposit of fees for nomination and entry; lists of horses remaining eligible after payments; purses; awards to breeders.**

   All nomination and entry fees must be deposited in a horseman’s account in a financial institution approved by the Board.

   A list of all horses remaining eligible after each payment must be maintained by the association.

   All accrued interest must be added to the stakes.

   No deductions may be withheld from the purse unless so stated on the nomination application.

   All money and interest must be deposited with the horseman’s bookkeeper before the day of entry.

   Breeders’ awards must be paid from purse money of the association.

30.363 **Selection of horses by trial to participate in divisions.**

   Quarter horses must be selected from the trials to participate in one or more of the divisions based on the American Quarter Horse guidelines. Thoroughbreds must be selected by order of finish.

   If a mechanical failure occurs in the electric timer on any time trial, finalists from the remaining heats must be selected by official hand timing, with stop watches operated by the person designated by the state steward.

   If, in the opinion of the board of stewards, a track change such as rain, fast drying track or a mechanical failure occurs between trials, the finalists may be selected in order of finish.

   If a horse is disqualified in the trials, it must be given the time of the horse it is immediately placed behind plus one-hundredth of a second.

   The decision of the board of stewards in all matters is final and entries are accepted only on the condition that the person nominating or starting a horse in the trials or stake agrees to abide by the decision of the board of stewards.

30.364 **Placement of horses in divisions.**

   The first division must be selected from the horses with the best order of finish.

   If a tie exists, the horses involved must draw lots to determine which will participate in the finals.

   If a second, third, or other divisions are to be run, the horses involved in the tie and the next best order of finish must determine the horses which will participate in the second, third or other divisions.

30.365 **Coupling and uncoupling of entries for wagering.**

   The uncoupling of separately owned horses trained by the same trainer is permitted for the purpose of pari-mutuel wagering.

   Horses belonging in whole or in part to the same owner must be coupled as an entry in the wagering, except entries may be uncoupled with the approval of the state steward.

   If part of an entry is disqualified, it may disqualify all of the entry.
30.366 Assistant starter required for each horse. In all stake races and trials, there must be at least one assistant starter for each horse.

30.367 Refund of wagered money when starting gate fails to open. If a starting gate fails to open and the money wagered on that horse is refunded to the public, unless the horse is part of an entry or field, the horse must be declared a nonstarter and no liability may be incurred beyond refund of the nomination and starting fees.

30.368 Distribution of purse when horses are scratched.
   If one horse is scratched, the owner must receive last place purse money in the particular division for which the owner's horse is qualified.
   If more than one horse is scratched out of the same division, then that money must be added together and divided equally among those scratching out of that division.

30.369 Walkovers. In stakes events, unless otherwise specified in the condition, the entry which appears for a race which is a walkover may walk over the course and be declared the winner and is entitled to the winning percentage of the purse.

30.370 Weights. Allowances.
   Weight allowance must be claimed at time of entry and shall not be waived after the posting of entries except by consent of the board of stewards.
   A horse shall start with only the allowance of weight to which it is entitled at time of starting, regardless of its allowance at time of entry.
   Horses not entitled to the first weight allowance in a race shall not be entitled to any subsequent allowance specified in the conditions.
   Claim of weight allowance to which a horse is not entitled shall not disqualify it unless protest is made in writing and lodged with the board of stewards at least one hour before post time for that race.
   A horse shall not be given a weight allowance for failure to finish second or lower in any race.
   No horse shall receive an allowance of weight nor be relieved of extra weight for having been beaten in one or more races, but this rule shall not prohibit maiden allowances or allowances to horses that have not won a race within a specified period or a race of a specified value.
   Except in handicap, quarter horse races and races which expressly provide otherwise, two-year-old fillies shall be allowed three pounds, and fillies and mares, three-years-old and upward, shall be allowed five pounds before September 1 and three pounds thereafter in races where competing against male horses.
   Penalties.
   Weight penalties are obligatory.
   Horses incurring weight penalties for a race shall not be entitled to any weight allowance for that race.
   No horse shall incur a weight penalty or be barred from any race for having been placed second or lower in any race.
   Weight Conversions. For the purpose of determining weight assignments and/or allowances for imported horses, the following weight conversions shall be used:
   1 kilogram=2 ¼ pounds
   1 Stone=14 pounds
   Quarter horses are required by the American Quarter Horse Association to carry at least 116 pounds.
   The appropriate registry must be consulted for weight scales for mixed breeds or any breeds other than quarter horses or thoroughbreds.

30.371 Thoroughbred scale of weights. The weights required in the latest edition of “The American Racing Manual” shall be carried by thoroughbreds when not otherwise specified in the conditions of the race.
   In races of intermediate lengths, the weights for the shorter distance are carried.
In thoroughbred races exclusively for three-year-olds or four-year-olds, the weight is 126 pounds, and in races exclusively for two-year-olds, it is 122 pounds.

In all races except in handicaps and races where the conditions expressly state to the contrary, the scale of weights is less, by the following: for two-year-old fillies, three pounds; for fillies and mares, three-years-old and upward, five pounds before September 1, and three pounds thereafter.

In all overnight races except handicaps, not more than six pounds may be deducted from the scale of weights for age, except for allowances, but in no case shall the total allowances of any type reduce the lowest weight below 101 pounds, except that this minimum weight need not apply to two-year-olds or three-year-olds when racing with older horses.

The handicapper or Board of handicappers shall append to the weight for every handicap the day and hour at which winners are liable for a penalty. An alteration must not be made after the publication of weight except in the case of an omission through an error in the name or weight of a horse which is entered. The omission must be corrected by the handicapper.

In all handicaps which close more than 72 hours prior to the race, the top weight shall not be less than 122 pounds, except that in handicaps for fillies and mares, the top weight shall not be less than 126 pounds less the sex allowance at the time the race is run; and scale weights for fillies and mares or three-year-olds may be used for open handicaps as minimum top weight in place of 126 pounds.

In all overnight handicaps and in all claiming handicaps, the top weight shall not be less than 122 pounds.

In all overnight races for two-year-olds, for three-year-olds or for four-year-olds and upward the minimum weight shall be 112 pounds, subject to sex and apprentice allowances. This rule shall not apply to handicaps.

**30.372 Workouts.**

Requirements.

A horse shall not start unless it has participated in an official race or has an approved timed workout satisfactory to the board of stewards. The workout must have occurred at a pari-mutuel or Board recognized facility within the previous 30 days.

A horse which has not started for a period of 60 days or more shall be ineligible to race until it has completed a timed workout. The association may impose more stringent workout requirements.

Identification.

Unless otherwise prescribed by the board of stewards or the Board, the official lip tattoo must have been affixed to a horse’s upper lip prior to its participation in an official timed workout.

The trainer or exercise rider shall bring each horse scheduled for an official workout to be identified by the state steward or the state steward’s designee immediately prior to the workout.

A horse shall be properly identified by comparing its lip tattoo to its registration papers immediately prior to participating in an official timed workout.

The owner, trainer or rider shall be required to identify the distance the horse is to be worked and the point on the track where the workout will start.

Information regarding a horse’s approved timed workout(s) shall be furnished to the public prior to the start of the race for which the horse has been entered.

A horse shall not be taken onto the track for training or a workout except during hours designated by the association.

**30.373 Horses ineligible.** A horse is ineligible to start in a race when:

- It is not stabled on the grounds of the association or present by the time published in the condition book.
- Its breed registration certificate is not on file with the racing secretary or horse identifier unless the racing secretary has submitted the certificate to the appropriate breed registry for correction;
- It is not fully identified and tattooed on the inside of the upper lip;
- It has been fraudulently entered or raced in any jurisdiction under a different name, with an altered registration certificate or altered lip tattoo;
- It is wholly or partially owned by a disqualified person or is under the direct or indirect training or management of a disqualified person;
- It is wholly or partially owned by the spouse of a disqualified person or is under the direct or indirect management of the spouse of a disqualified person. In such cases it is presumed that the disqualified
person and spouse constitute a single financial entity with respect to the horse, a presumption which may be rebutted;

The stakes or entrance money for the horse has not been paid in accordance with the conditions of the race;

The losing jockey mount fee is not on deposit with the horsemen’s bookkeeper;

Its name appears on the starter’s schooling list, board of stewards’ list or veterinarian’s list;

It is a first time starter and has not been approved to start by the starter;

It is owned in whole or in part by an undisclosed person or interest;

It lacks sufficient official published workouts or race past performances;

It has been entered in a stakes race and has subsequently been transferred with its engagements, unless the racing secretary has been notified of such prior to the start;

It is subject to a lien which has not been approved by the board of stewards and filed with the horsemen’s bookkeeper;

It is subject to a lease not filed with the board of stewards;

It is not in sound racing condition;

It has had a surgical neurectomy performed on a heel nerve, which has not been approved by the state veterinarian;

It has had a trachea tube to artificially assist breathing;

It has been blocked with alcohol or otherwise drugged or surgically denerved to desensitize the nerves above the ankle;

It has impaired eyesight in both eyes;

It is barred or suspended in any recognized jurisdiction;

It does not meet the eligibility conditions of the race;

Its owner or lessor is in arrears for any stakes fees, except with approval of the racing secretary;

Its owner(s), lessor(s) and/or trainer have not completed the licensing procedures required by the Board and Commission;

It is by an unknown sire or out of an unknown mare; or

There is no current negative test certificate for Equine Infectious Anemia attached to its breed registration certificate.

30.374 Running of the race.

All equipment must be of a racing design, in a clean and serviceable condition and approved by the board of stewards.

No whip shall weigh more than one pound nor exceed 31 inches in length, including the popper.

No bridle shall exceed two pounds.

A horse’s tongue may be tied down with clean bandages, gauze or tongue strap.

No licensee may add blinkers to a horse’s equipment or discontinue their use without the prior approval of the board of stewards.

A whip or blinkers or both may be used on a two-year-old or other first time starter if the horse has been schooled.

No licensee may change any equipment used on a horse in its last race in this jurisdiction without approval of a steward.

A change in equipment must be announced or posted for public information.

From the time the horses enter the track, any equipment change must be made by the starter.

Racing numbers.

Each horse shall carry a conspicuous saddle cloth and head number corresponding to the official number given that horse on the official program.

In the case of a coupled entry that includes more than one horse, each horse in the entry shall carry the same number, with a different distinguishing letter following the number. For example, two horses in the same entry shall appear in the official program as 1 and 1A.

Each horse in the mutuel field shall carry a separate number or may carry the same number with a distinguishing letter following the number.

30.375 Jockey requirements.

Jockeys shall report to the jockeys’ quarters at the time designated by the association. Jockeys shall report their engagements and any overweight to the clerk of scales. Jockeys shall not leave the
jockeys’ quarters, except to ride in scheduled races, until all of their riding engagements of the day have been fulfilled except as approved by the board of stewards.

A jockey who has not fulfilled all riding engagements, who desires to leave the jockeys’ quarters, must first receive the permission of the board of stewards.

While in the jockeys’ quarters, jockeys shall have no contact or communication with any person outside the jockeys’ quarters other than Board personnel and officials, an owner or trainer for whom the jockey is riding or a representative of the regular news media, except with the permission of the board of stewards. Any communication permitted by the board of stewards may be conducted only in the presence of a person designated by the board of stewards.

Jockeys shall be weighed out for their respective mounts by the clerk of scales not more than 30 minutes before post time for each race.

A jockey’s weight shall include his or her clothing, boots, saddle and its attachments and any other equipment except the whip, bridle, bit or reins, safety helmet, safety vest, blinkers, goggles and number cloth. A safety vest shall weigh no more than two pounds and shall be designed to provide shock absorbing protection to the upper body and meet the latest standards established by the Association of Racing Commissioners International, Inc.

Seven pounds is the limit of overweight any horse is permitted to carry unless otherwise approved by the state steward.

If a jockey intends to carry overweight, the jockey shall declare the amount of overweight at the time of weighing out. If the jockey is in doubt as to his or her proper weight, the jockey may declare the weight he or she will carry.

If a jockey intends to carry overweight which exceeds the weight which his or her horse is to carry by more than two pounds, and the trainer consents, the jockey shall declare the amount of overweight to the clerk of the scales at least 45 minutes before the time appointed for the race. The clerk shall see that the overweight is stated on the notice Board immediately. A failure on the part of the jockey to comply with this subsection must be reported to the board of stewards.

Once jockeys have fulfilled their riding engagements for the day and have left the jockeys’ quarters, they shall not be re-admitted to the jockeys’ quarters until after the entire racing program for that day has been completed, except with permission of the board of stewards.

**PRIOR TO POST AND POST TO FINISH**

**30.381 Display of post time.** The post time must be shown on a clock device which is provided for that purpose and prominently displayed and clearly readable from the grandstand at a reasonable time before the race.

**30.382 Schooling of horses; approval of certain entries by starter.**

Horses must be schooled under the supervision of a steward, the starter or his or her assistants. The state steward shall designate the horses to be placed on the schooling list. A copy of the schooling list must be posted in the office of the racing secretary.

The starter must approve all entries of two-year-olds or first time starters before they are allowed to start.

**30.383 Placing a horse in paddock; saddling.** A horse must be:

In the paddock at least 20 minutes before post time.

No horse may enter or start unless it is in the care of and saddled by a licensed trainer. The horse must be saddled in the paddock.

**30.384 Selection of horses for the field.** When the total number of horses competing in a race exceeds the numbered capacity of the tote, the field horses must be selected by the handicapper or the racing secretary.

**30.385 Paddock to post.**

Each horse shall carry the full weight assigned for that race from the paddock to the starting post, and shall parade past the board of stewards’ stand, unless excused by the board of stewards. The post
parade shall not exceed 12 minutes, unless otherwise ordered by the board of stewards. It shall be the duty of the board of stewards to ensure that the horses arrive at the starting gate as near to post time as possible.

After the horses enter the track, no jockey may dismount nor entrust his or her horse to the care of an attendant unless an accident occurred to the jockey, the horse or the equipment, and the starter has given prior consent. In case of an accident to a jockey, horse, or equipment or during any other delay, the board of stewards or starter may permit the jockeys to dismount and their horses may be attended by others. After the horses enter the track, only the jockey, an assistant starter, the state veterinarian, the racing veterinarian or an outrider or pony rider may touch the horse before the start of the race.

If a jockey is seriously injured on the way to the post, the horse shall be returned to the paddock and a replacement jockey obtained.

After passing the board of stewards’ stand in parade, the horses may break formation and proceed to the post in any manner unless otherwise directed by the board of stewards. Once at the post, the horses shall be started without unnecessary delay.

Horses shall arrive at the starting post in post position order.

The horse must carry its assigned weight from paddock to post and from post to finish.

No person shall willfully delay the arrival of a horse at the post.

The starter shall load horses into the starting gate in any order deemed necessary to ensure a safe and fair start. Only the jockey, the racing veterinarian, the starter or an assistant starter shall handle a horse.

30.386 Post to finish.

The start.

The starter is responsible for assuring that each participant receives a fair start.

If any regularly carded horse has been excused from a race, all horses must be moved up in the order of post positions unless the association has specifically stated otherwise in its book on stakes and conditions.

When the starter dispatches the field, if any door at the front of the starting gate stalls does not open properly due to a mechanical failure or malfunction or if any action by any starting personnel directly cause a horse to receive an unfair start, the board of stewards may declare such a horse a non-starter.

If a horse, not scratched prior to the start, is not in the starting gate stall when the field is dispatched by the starter and is thereby left, the horse shall be declared a non-starter by the board of stewards.

Should an accident or malfunction of the starting gate, or other unforeseeable event compromise the fairness of the race or the safety of race participants, the board of stewards may declare individual horses to be non-starters, exclude individual horses from one or more pari-mutuel pools or declare a “no contest” and refund all wagers except as otherwise provided in the rules involving multi-race wagers.

Interference, jostling or striking.

A jockey shall not ride carelessly or willfully so as to permit his or her mount to interfere with, impede or intimidate any other horse in the race.

A jockey shall not carelessly or willfully jostle, strike or touch another jockey or another jockey’s horse or equipment.

A jockey shall not unnecessarily cause his or her horse to shorten its stride so as to give the appearance of having suffered a foul.

Maintaining a straight course.

When the way is clear in a race, a horse may be ridden to any part of the course, but if any horse swerves, or is ridden to either side, so as to interfere with, impede or intimidate any other horse, it is a foul.

In a straightaway race, every horse must maintain position as nearly as possible in the lane in which it starts.

An offending horse may be disqualified if, in the opinion of the board of stewards, a foul altered the finish of the race, regardless of whether the foul was accidental, willful or the result of careless riding.

If the board of stewards determines a foul was intentional, or due to careless riding, they may fine or suspend the guilty jockey.

Disqualification.

When the board of stewards determines that a horse shall be disqualified for interference, they may place the offending horse behind such horses as in their judgment it interfered with, or they may place it last.

If a horse is disqualified in accordance with these regulations, any horse or horses with which it is coupled as an entry may also be disqualified.
When a horse is disqualified for interference in a time trial race, it shall receive the time of the horse it is placed behind plus one-hundredth of a second penalty or more exact measurement if photo finish equipment permits, and shall be eligible to qualify for the finals or consolations of the race on the basis of the assigned time.

The board of stewards may determine that a horse shall be unplaced for the purpose of purse distribution and time trial qualification.

In determining the extent of disqualification, the board of stewards in their discretion may:

- Declare null and void a track record set or equaled by a disqualified horse, or any horses coupled with it as an entry;
- Affirm the order of finish and suspend a jockey if, in the board of stewards’ opinion, the foul riding did not affect the order of finish; or
- Disqualify the offending horse and not suspend a jockey if, in the board of stewards’ opinion the interference to another horse in a race was not the result of an intentional foul or careless riding on the part of a jockey.

Use of whips.

Although the use of a whip is not required, any jockey who uses a whip during a race shall do so only in a manner consistent with exerting his or her best efforts to win.

In all races where a jockey will ride without a whip, an announcement of such fact shall be made over the public address system.

No electrical or mechanical device or other expedient designed to increase or retard the speed of a horse, other than the ordinary whip approved by the Jockeys’ Guild, shall be possessed by anyone, or applied by anyone to the horse at any time on the grounds of the association during the meeting, whether in a race or otherwise.

Whips shall not be used on two-year-old horses before April 1 of each year.

Prohibited use of the whip:

- Indiscriminate use;
- On the head, flanks or on any other part of the horse’s body other than the shoulders or hind quarters;
- During the post parade except when necessary to control the horse;
- Excessively or brutally causing welts or breaks in the skin;
- When the horse is clearly out of the race or has obtained its maximum placing; or
- Persistently even though the horse is showing no response under the whip.

If a horse leaves the racecourse during a race, it shall be disqualified.

All horses shall be ridden out in every race. A jockey shall not ease up or coast to the finish, without adequate cause, even if the horse has no apparent chance to win prize money.

Returning after the finish.

After a race has been run, the jockey shall ride promptly to the area designated by the board of stewards and dismount. After obtaining permission from the judges, the jockey shall report to the clerk of scales to be weighed in. Jockeys shall weigh in with all pieces of equipment with which they weighed out.

If a jockey is prevented from riding to the finish line because of an accident or illness to the jockey or the horse, the jockey may walk or be transported to the scales, or may be excused from weighing in by the board of stewards.

No person shall assist a jockey with unsaddling except with permission of the board of stewards and no one shall place a covering over a horse before it is unsaddled.

Weighing in:

No person may assist a jockey in removing the equipment from his or her horse that is to be included in the jockey weight, except by permission of the board of stewards.

When weighing in, each jockey shall carry all the pieces of equipment with which he or she weighed out to the scale. After the weighing in, the jockey may hand it to his or her attendant.

A jockey shall weigh in at the same weight at which he or she weighed out, and if under that weight by more than two pounds, his or her mount shall be disqualified.

In the event of such disqualification, all monies wagered on the horse shall be refunded unless the race has been declared official.

If any jockey weighs in at more than two pounds over the proper or declared weight, the jockey shall be fined or suspended or ruled off by the board of stewards, having due regard for any excess weight
caused by rain or mud. The case shall be reported to the board of stewards for such action as it may deem proper.

Dead heats.
When a race results in a dead heat, the dead heat shall not be run off, owners shall divide any purse or prizes except where division would conflict with the conditions of the races.

When two horses run a dead heat for first place, all purses or prizes to which first and second horses would have been entitled shall be divided equally between them. This applies in dividing all purses or prizes whatever the number of horses running a dead heat and whatever places for which the dead heat is run.

In a dead heat for first place, each horse involved shall be deemed a winner and liable to penalty for the amount it shall receive.

When a dead heat is run for second place and an objection is made to the winner of the race, and sustained, the horses which ran a dead heat shall be deemed to have run a dead heat for first place.

If the dividing owners cannot agree as to which of them is to have a cup or other prize which cannot be divided, the question shall be determined by lot by the board of stewards.

On a dead heat for a match, the match is off.

30.387 Order of finish; photo finish and video cameras.
The board of stewards shall determine which horse wins and assign the remaining places in the race. In determining the places of horses at the finish of a race, the board of stewards shall consider only the respective noses of the horses.

A photo finish and video camera, approved by the Board, must be installed on all tracks as an aid to the board of stewards. The cameras are merely an aid and the decision of the board of stewards is final. The finish line must appear in the photos of the finish of each race. The photograph of each photo finish must be posted in at least one conspicuous place as soon as possible after each race.

The association shall keep on file for the duration of the race meet film of each race for reference or reproduction upon request of the Board. If a finish is contested, the association shall retain the film until a resolution is determined.

Nothing in these regulations, prevents the board of stewards from correcting an error before the display of the sign “official.” If the “official” sign is displayed in error, the pools and the purses must be calculated for both the error and for the correct results and the association shall make up any losses.

The tapes from video cameras must be kept for 30 days after the race meet is over whenever there is an inquiry, disqualification or suspension as a result of the running of the race.

In the event it is determined that two or more horses finished the race simultaneously and cannot be separated as to their order of finish, a dead heat shall be declared.

30.388 Protests, objections and inquiries.
The board of stewards shall take cognizance of foul riding and, upon their own motion or that of any racing official or person empowered to object or complain, shall make diligent inquiry or investigation into such objection or complaint when properly received.

Race objections.
An objection to an incident alleged to have occurred during the running of a race shall be received only when lodged with the clerk of scales, the board of stewards or their designees, by the owner, the authorized agent of the owner, the trainer or the jockey of a horse engaged in the same race or by an official of the race meet. A jockey wishing to protest must not identify the clerk of the scales immediately upon his or her arrival at the scales for weighing in.

An objection following the running of any race must be filed before the race is declared official.

The board of stewards shall make all findings of fact as to all matters occurring during an incident to the running of a race, shall determine all objections and inquiries, and shall determine the extent of disqualification, if any, of horses in the race. Such findings of fact and determinations shall be final.

A protest against the proposed distance of a race must be made at least 30 minutes before post time for that race. Nothing in this section concerns races run at a wrong distance as opposed to the official program.

Prior objections.
Objections to the participation of a horse entered in any race shall be made to the board of stewards in writing, signed by the objector, and filed not later than one hour prior to post time for the first race on the
day which the questioned horse is entered. Any such objection shall set forth the specific reason or grounds for the objection in such detail so as to establish probable cause for the objection. The board of stewards upon their own motion may consider an objection until such time as the horse becomes a starter.

An objection to a horse which is entered in a race may be made on, but not limited to, the following grounds or reasons:

A misstatement, error or omission in the entry under which a horse is to run;

The horse which is entered to run is not the horse it is represented to be at the time of entry, or the age was erroneously given;

The horse is not qualified to enter under the conditions specified for the race, or the allowances are improperly claimed or not entitled to the horse, or the weight to be carried is incorrect under the conditions of the race;

The horse is owned in whole or in part, or leased or trained by a person ineligible to participate in racing or otherwise ineligible to own a race horse as provided in these regulations; or

The board of stewards may scratch from the race any horse which is the subject of an objection if they have reasonable cause to believe that the objection is valid.

Protests.

A protest against any horse which has started in a race shall be made to the board of stewards in writing, signed by the protestor, within 72 hours of the race exclusive of non-racing days. If the incident upon which the protest is based occurs within the last two days of the meeting, such protest may be filed with the board of stewards within 72 hours exclusive of Saturdays, Sundays or official holidays. Any such protest shall set forth the specific reason or reasons for the protest in such detail as to establish probable cause for the protest.

A protest may be made on any of the following grounds:

Any grounds for objection as set forth in these regulations;

The order of finish as officially determined by the board of stewards was incorrect due to oversight or errors in the numbers of the horses which started the race;

A jockey, trainer, owner or lessor was ineligible to participate in racing as provided in these regulations;

The weight carried by a horse was improper, by reason of fraud or willful misconduct; or

An unfair advantage was gained in violation of the rules.

Notwithstanding any other provision in these regulations, the time limitation on the filing of protests shall not apply in any case in which fraud or willful misconduct is alleged provided that the board of stewards are satisfied that the allegations are bona fide and verifiable.

A jockey against whom a foul is claimed must be given an opportunity to appear or communicate with the board of stewards before any decision is made by it.

A jockey whose horse has been disqualified or who unnecessarily causes his or her horse to shorten its stride for the purpose of making a complaint, or an owner, trainer or jockey who frivolously complains that his or her horse was crossed or jostled may be disciplined by the board of stewards.

A person giving or following instructions or advice to the contrary is subject to disciplinary action by the board of stewards.

No person shall file any objection or protest knowing the same to be inaccurate, false, untruthful or frivolous.

Any request for the withdrawal of a protest must be in writing and signed by the person making the protest.

A person who lodges a protest shall pay all the costs and expenses incurred in determining the outcome unless his or her objection is upheld, in which case the cost must be paid by the offender.

30.389 Release and distribution of purses; payment of awards to breeders.

All portions of purse money must be made available to its winners promptly following the release of the purse by the Board or its representative at the discretion of the state steward or state veterinarian.

The board of stewards shall order any purse, award or prize for any race withheld from distribution pending the determination of any protest, objection, or inquiry. In the event any purse, award or prize has been distributed to an owner or for a horse which by reason of a protest or other reason is disqualified or determined to be not entitled to such purse, award or prize, the board of stewards or the Board may order such purse, award or prize returned and redistributed to the rightful owner or horse. Any person who fails
to comply with an order to return any purse, award or prize erroneously distributed shall be subject to fines and suspension.

If the purse money is $2,000 or more or the purse has a value of $2,000 or more, the release must not be given until the test results of the urine, blood or other specimens have been reported to the Board by its chemist.

Awards to breeders are payable when the purse is cleared.

All interest accrued while a determination is being made becomes part of the prize.

HEALTH AND MEDICATION OF HORSES

30.400 Physical condition of horse to be entered, started or stabled at a racing meet.

Except as provided in subsection 2, an owner or trainer shall not enter, start or request a stall for a horse which:

Is not in serviceable, sound or competitive racing condition;
Has impaired eyesight in both eyes; or
Has been “nerved” by blocking with alcohol or any other drug that desensitizes the nerves.

A horse which has had a posterior digital neurectomy (has been “heel nerved”) may be permitted to race if the horse has been examined by the state veterinarian before the race and a report of the examination has been filed with the racing secretary and is recorded on the horse’s foal certificate.

No person shall bring on to the grounds of a racing association, or enter, or cause to be entered in any race, or sell, offer for sale, or act as an agent in the sale of any horse which has been “nerved” or has had any nerve removed from the leg of such horse, except for a posterior digital neurectomy.

Posterior digital neurectomy is acceptable providing the state veterinarian is satisfied that the loss of sensation to such horse due to the posterior digital neurectomy will not endanger the safety of any horse or rider and that the racing secretary is notified of such nerving at the time the horse is admitted to the grounds of a racing association, and that the horse’s breed registration certificate is marked to indicate such surgery.

30.401 Responsibility of trainer for condition of horses. The trainer is responsible for the condition of the horses he or she enters in a race, regardless of the acts of others. If a chemical or other analysis of blood or urine samples or any other test is positive, thus showing the presence of a narcotic, stimulant, chemical or drug, the trainer of the horse may be fined or suspended, or both.

30.402 Duty of owner and trainer to report illness or unusual condition of horse. An owner or trainer or his or her representative shall promptly report any illness or unusual condition of any horse in his or her charge to the state steward, the state veterinarian, and the racing secretary.

30.404 Anabolic steroids.

Except as provided in subsection 2, a horse participating in a race must not carry in its body any anabolic steroids.

In amounts not to exceed the indicated urine or plasma threshold concentrations, administration of one of the four following approved anabolic steroids shall be permitted:

16β-hydroxystanozolol (metabolite of stanozolol (Winstrol)) – 1 ng/ml in urine.

Boldenone ((Equipoise) (In male horses other than geldings; including free boldenone and boldenone liberated from its conjugates) – 15 ng/ml in urine.

Nandrolone – 1 ng/ml in urine.

Testosterone:

In geldings – 20 ng/ml in urine.

In fillies and mares – 55 ng/ml in urine.

The presence in a horse of: i) any non-approved anabolic steroid; ii) any approved anabolic steroid in amounts exceeding the indicated concentrations; or iii) more than one of the four approved anabolic steroids at any concentration is not permitted and any such horse shall be disqualified and ineligible to race.

Post-race urine or plasma samples collected from intact males must be identified to the laboratory.

Any horse to which an anabolic steroid has been administered in order to assist in the recovery from illness or injury may be placed on the veterinarian’s list in order to monitor the concentration of the
Once the concentration is below the designated threshold the horse is eligible to be removed from the list.

### 30.405 Foreign substances in horses prohibited; exceptions.

Except as provided in subsections 2, 3 and 4:

A horse participating in a race must not carry in its body any substance foreign to the horse. Unless permission is received from the state veterinarian, a foreign substance may not be administered by any means to a horse entered to race that day.

One of the following nonsteroidal anti-inflammatory drugs may be present in the horse’s body while it is participating in a race providing test levels do not exceed the specified amounts. The level of:

- Flunixin (Banamine) must not exceed one microgram per milliliter of plasma;
- Meclofenic Acid (Arquel) must not exceed one microgram per milliliter of plasma;
- Naproxin (Equiproxn) must not exceed five micrograms per milliliter of plasma;
- Oxyphenbutazone must not exceed five micrograms per milliliter of plasma; and
- Phenylbutazone must not exceed five micrograms per milliliter of plasma.

The presence of more than one nonsteroidal anti-inflammatory drug at a test level exceeding the secondary anti-stacking threshold levels set forth in the Association of Racing Commissioners International, Inc. Controlled Therapeutic Medication Schedule for Horses is forbidden.

The state veterinarian may only permit the administration of furosemide for the prophylactic treatment of a horse that is a confirmed bleeder on the bleeder list. The furosemide is to be administered intravenously four hours prior to the post time for that individual’s race. The dosage administered is not to exceed 250 mg.

### 30.406 Possession of certain drugs or hypodermic devices at race track prohibited.

Except as provided in subsection 2, no person other than a veterinarian may have in his or her possession any equipment for hypodermic injection, substance for hypodermic administration or foreign substance which can be administered internally to a horse by any method. Administering medication to a horse for an existing condition as prescribed by a veterinarian is permissible. The supply of the prescribed foreign substance must be limited by ethical practice consistent with the purposes of this section.

No person may have in his or her possession within the association grounds any:

- Chemical or biological substance for his or her own personal use which is prohibited by federal or state law unless he or she possesses documentary evidence that a valid prescription has been issued to him or her.
- Hypodermic syringe or needle for the purpose of administering a chemical or biological substance to himself or herself unless he or she has notified the state steward of:
  - His or her possession of the device;
  - The size of the device;
  - The chemical substance to be administered by the device; and
  - He or she has obtained written permission for their possession and use from the state steward.

### 30.407 Enforcement of prohibition against possession of certain drugs or hypodermic devices; authorized searches and seizures.

An association must use all reasonable efforts to prevent the violation of any regulations related to the medication of horses and race meet participants.

An association, the Board or the board of stewards may authorize, orally or in writing, a person to enter, search and inspect the buildings, stables, rooms and other places within the grounds of the association or at other places where horses which are eligible to race are kept. The personal property and effects permitted the licensee to pursue his or her occupation or employment within the association grounds are also subject to a search.

The acceptance of a license is considered to be consent to the search and the seizure of any hypodermic instrument, a syringe or needle or anything apparently intended to be used in connection with a hypodermic.

### 30.408 Samples of medicines or other materials suspected of ability to affect racing condition of horses.

The state veterinarian, the Board, or any member of the board of stewards may take samples of any medicines or other materials suspected of containing improper medication or drugs which would
affect the racing conditions of a horse in a race, whether found in stables, elsewhere on a race track, in the possession of the track or in the possession of any person connected with racing and deliver it to the laboratory designated by the Board for testing.

30.409 Enclosures for testing; designation of horses to be tested.

The Board may require the association to set apart a building or other enclosure in a building, in a location acceptable to the Board, which contains facilities for specimen collection to determine the presence of medication or drugs in a horse or any other test that may be required by the Board.

The winner of every race and any other horse designated by the state veterinarian or the state steward shall be identified and tagged for specimen collection. The licensed trainer is responsible for delivering the horse to the test barn for the taking of specimens. The state veterinarian or the test barn veterinarian may permit the trainer to wash and cool out the horse prior to reporting to the test barn. However, such action does not diminish the trainer’s responsibility as defined in these regulations. The taking of specimens must be done only by the state veterinarian or the state veterinarian’s designee.

The board of stewards or the state veterinarian may request at any time that a horse be sent to the testing enclosure for the taking of a specimen of urine or blood, or both, as well as for an examination for “sponging” or any other examinations which are directed.

30.410 Presence of trainer or designated licensee required during testing; handling of specimens.

The trainer or the trainer’s designated licensee must be present in the testing enclosure when a urine or other specimen is taken from his or her horse and must remain there until the sample tag is attached to the specimen and signed by the trainer or the trainer’s representative as a witness to the taking of the specimen. Willful failure to be present at or refusal to allow the taking of a specimen, or an act or threat to impede, prevent or otherwise interfere subjects that person to immediate suspension by the board of stewards. The matter must be referred to the Board or Commission for any further penalty it may determine.

All specimens taken by or under direction of the state veterinarian or other authorized representative of the Board must be delivered to a laboratory approved by the Board for official analysis. Each specimen must be marked by number and date and must also bear any information which may be essential to its proper analysis. The identity of the horse from which the specimen was taken or the identity of its owner, trainer, jockey or stable, must not be revealed to the laboratory. The container of each specimen must be sealed as soon as the specimen is placed in it. Each association shall provide an adequate locked freezer and secured facility for the state veterinarian.

30.413 Effect of finding administration of illegal medication or excessive amount of authorized medication; eligibility of other horses.

If a horse is found to have received illegal medication or an excessive amount of an authorized medication, the board of stewards or the Board may:

Deny the owner or trainer of the horse any portion of the purse, prize, award or sweepstakes and any trophy in the race; or

Require the owner or trainer of the horse to return any portion of the purse, prize, award or sweepstakes and any trophy in the race.

The owner or trainer of a horse found to have received illegal medication or an excessive amount of an authorized medication shall return promptly any portion of the purse, prize, award or sweepstakes and any trophy in the race if ordered by the board of stewards or the Board or Commission. Failure of the owner to comply with such an order within 10 days after it is made is grounds for indefinite suspension, revocation or denial of licensure. The purse, prize, award, sweepstakes or trophy must be distributed as in the case of a disqualification.

If a horse is disqualified, the eligibility of other horses which ran in the race and which have started in a subsequent race before announcement of the disqualification is not affected.

If a horse establishes a track record and later chemical analysis of its sample indicates the presence of an unauthorized medication, that track record is void.

30.414 Action by board of stewards upon finding administration of or attempt or conspiracy to administer medication without approval of Board. The board of stewards shall impose a penalty and take any action it deems necessary and proper, in accordance with any of the provisions of these
regulations against every person found by it to have administered, attempted to administer, caused to be
administered, caused an attempt to administer or conspired with another to administer medication without
prior approval of the Board.

30.415 Bleeder list; powers of state veterinarian; suspension of horses that bleed a second
time.
Every confirmed bleeder must be placed on a list kept by the state veterinarian. An up-to-date
bleeder list will be maintained by the Board.
The state veterinarian may:
Require an endoscopic examination of a horse to confirm its inclusion on the bleeder list.
Place a horse that is a bleeder and shipped to Nevada from another state on the bleeder list if a
certificate setting forth the qualifications of the horse as a bleeder is transmitted to the state steward.
Remove a horse from the bleeder list after the state veterinarian certifies his or her recommendation
for removal to the state steward in writing.
A horse that bleeds a second time during or following the running of a race or workout must be
suspended from racing in Nevada for six months after the date of the second bleeding. After the 6-month
period, a horse must be approved by the state veterinarian and board of stewards before it is eligible to
race in Nevada again.

30.416 Confirmation of bleeder horse: endoscopic examination; certification.
An endoscopic examination to determine whether a horse is a bleeder that is required by the state
veterinarian must be conducted:
By the state veterinarian or by a veterinarian employed by the owner in the presence of and in
consultation with the state veterinarian;
At the time and place set by the state veterinarian; and
Within one hour after the finish of the race or exercise in which the horse has participated and bled.
The confirmation of a bleeder horse must be certified in writing by the state veterinarian. A copy of
the certification must be issued to the owner upon request.

30.417 Administration of medicine for bleeding.
Medication for bleeding must be administered by a veterinarian who is licensed by the Board and
employed by the owner of the horse. The medication must be given at the dosage recommended by the
manufacturer and approved by the state veterinarian.
A horse must receive the medication at least four hours before post time. Immediately before
treatment, a blood sample must be taken by a licensed veterinarian and delivered to the state veterinarian
for submission to the testing laboratory.

30.418 Postmortem examinations; test samples; records; responsibility of owners and
trainers.
A horse which suffers a breakdown on the race track, in training, or in competition and is destroyed,
and every other horse which dies while stabled on the race track under the jurisdiction of the Board may
undergo a postmortem examination at the discretion of the state veterinarian to determine the injury or
sickness which resulted in euthanasia or natural death.
The postmortem examination required under this section must be conducted by a veterinarian
employed by the owner or the owner's trainer in the presence of and in consultation with the state
veterinarian or by the state veterinarian.
Test samples must be obtained from the carcass upon which the postmortem examination is
conducted and be sent to a laboratory approved by the Board for testing foreign substances and natural
substances at abnormal levels. When practical, blood and urine test samples must be procured before
euthanasia.
The owner of the deceased horse must make payment of any charges due the veterinarian
employed by the owner to conduct the postmortem examination. The cost of services of the state
veterinarian and the laboratory testing of postmortem samples will be made available by the Board and
may be charged to the owner at the Board’s discretion.
A record of every postmortem must be filed with the Board by the owner’s veterinarian within 72
hours after the death and must be submitted on a form supplied by the Board.
Each owner and trainer accepts the responsibility for the postmortem examination required in this section as a requisite for maintaining the occupational license issued by the Board.

30.419 Preservation of samples for future analysis. The Board has the authority to direct the official laboratory to retain and preserve, by freezing, samples for future analysis.

PROHIBITED ACTS

30.430 Participation in race meet without license. A person shall not take part in, officiate, or serve in any capacity at a race meet without having first secured a license.

30.434 Penalty for making or delivering invalid or nonnegotiable check, draft or order. A licensee who makes, draws or delivers a check, draft or order for the payment of money to another Nevada licensee, association, Board or its employee which is invalid on its face, nonnegotiable, or made when there are insufficient funds on deposit for full payment of the check, draft or order is subject to suspension, fine or other disciplinary action by the Board and Commission.

30.436 Use of unauthorized shoes; use of certain electrical or mechanical devices; tampering with horses.

A horse starting in a race must not be shod with ordinary flat shoes, training shoes, turn down shoes or bar plates, without the permission of the board of stewards.
A person shall not possess or apply to a horse an electrical or mechanical device or other appliance designed to increase or decrease the speed of a horse or tend to do so, other than an ordinary whip, at any time on the grounds of an association, during a race meet, whether in a race or otherwise.

A person shall not tamper or attempt to tamper with a horse in such a way as to affect its speed in a race or in any way aid such tampering.

30.438 Wagering by employee of Board, Commission, association, vendors, or racing officials. An employee of the Board, Commission, photo finish photographers, tote employees, or any racing official who may participate in determining the outcome of a race, including the board of stewards, paddock and patrol judges, investigators, starter, assistant starters, racing secretary and outrider shall not wager money or anything of value on races at a track at which he or she is employed.

30.439 Making or soliciting book on grounds of association. No person may:
   Make a hand book or a foreign book for gambling purposes; or
   Solicit for a bet with a hand book or a foreign book on the grounds of an association.

30.440 Tip sheets, pamphlets and other printed matter sold at race meets.
   No tip sheet, pamphlet or other printed matter, other than official programs, the Daily Racing Form and general newspapers may be sold in the betting area.
   A copy of all tip sheets offered for sale in the parking area or elsewhere on or off the association grounds must be furnished daily to the state steward no later than two hours before the first post.

30.441 Bribes, gifts, gratuities for purpose of influencing race.
   No person may give, offer, or promise in his or her own behalf or in behalf of another, to anyone, any bribe, gift, or gratuity in any form for the purpose of improperly influencing the result of a race, or doing anything which would tend to do so.
   No person may accept or offer to accept on his or her own behalf or on behalf of another, any bribe, gift or gratuity in any form to influence the result of a race or which would tend to do so.

30.442 Consumption of intoxicating liquor. A licensee involved in on-track duties shall not consume intoxicating liquor on race day prior to completing riding commitments or prior to completing track duties for that day.

PARI-MUTUEL WAGERING

30.450 General provisions.
   The provisions of NRS Chapters 463 and 464 and all other regulations of the Commission apply when not in conflict with the provision of NRS Chapter 466 and these regulations.
   Each association shall conduct wagering in accordance with applicable laws of Nevada and these regulations. Such wagering shall employ a computerized pari-mutuel system approved by the Board. The totalizator shall be tested prior to and during the race meeting as required by the Board. All contracts governing participation in pari-mutuel wagering shall be submitted to the Board for approval.

30.4505 Calculation of payouts and distribution of pools.
   Except as updated by the Chair pursuant to subsection 2, each association shall follow and comply with the provisions of Rule ARCI-004-105 of the Association of Racing Commissioners International Model Rules Version 4.1 as approved April 26, 2007 for the calculation of payouts and distribution of pools to the extent not inconsistent with NRS chapter 466 and these regulations. Prior to adoption by the Chair, any association may object to the proposed version by filing a request for review of the Chair’s administrative decision pursuant to Regulation 4.190. If any association files a request for review, then the effective date of the proposed version will be stayed pending action by the Board. If the Board’s decision is appealed pursuant to Regulation 4.195, then the effective date of the proposed version will be stayed pending action by the Commission. If no requests for review are filed with the Board, then the proposed version shall become effective on the date set by the Chair.

(Amended: 5/12.)

30.451 Records.

The association shall maintain records required by this regulation so the Board may review such records for any contest including the opening line, subsequent odds fluctuation, the amount and at which window wagers, payouts, and cancels were made on any betting interest and such other information as may be required. Such records shall be retained by each association and safeguarded for a period of five (5) years except for wagering, payouts and cancelled tickets which shall be retained until the completion of the race meeting. The Board may require that certain of these records be made available to the wagering public at the completion of each contest.

The association shall provide the Board with a list of the licensed individuals afforded access to pari-mutuel records and equipment at the wagering facility.

30.452 Pari-mutuel system requirements.

An association shall not use a pari-mutuel system unless the system has been approved pursuant to the provisions of Regulation 14 governing associated equipment.

All contracts governing participation in simulcast wagering shall be submitted to the Board for approval.

30.453 Pari-mutuel tickets. A pari-mutuel ticket is evidence of a contribution to the pari-mutuel pool operated by the association and is evidence of the obligation of the association to pay to the holder thereof such portion of the distributable amount of the pari-mutuel pool as is represented by such valid pari-mutuel ticket. The association shall cash all valid winning tickets when they are presented for payment during the course of the meeting where sold or for 10 days after the close of any race meeting.

To be deemed a valid pari-mutuel ticket, such ticket shall have been transacted through the pari-mutuel computer system operated by the association and recorded in the pari-mutuel system as a ticket entitled to a share of the pari-mutuel pool, and contain imprinted information as to:

The name of the association operating the meeting.
A unique identifying number or code.
Identification of the terminal at which the ticket was issued.
A designation of the performance for which the wagering transaction was issued.
The contest number for which the pool is conducted.
The type or types of wagers represented.
The number or numbers representing the betting interests for which the wager is recorded.
The amount or amounts of the contributions to the pari-mutuel pool or pools for which the ticket is evidence.

No pari-mutuel ticket recorded or reported as previously paid, cancelled, or non-existent shall be deemed a valid pari-mutuel ticket by the association. The association may withhold payment and refuse to cash any pari-mutuel ticket deemed not valid, except as provided in these regulations.
30.454 Pari-mutuel ticket sales.  
Pari-mutuel tickets shall not be sold by anyone other than an association licensed or approved to conduct pari-mutuel wagering.  
No pari-mutuel ticket may be sold on a contest for which wagering has already been closed and no association shall be responsible for ticket sales entered into but not completed by issuance of a ticket before the totalizator is closed for wagering on such contest.  
Claims pertaining to a mistake on an issued or unissued ticket must be made by the bettor prior to leaving the seller’s window.  
Payment on winning pari-mutuel wagers shall be made on the basis of the order of finish as purposely posted and declared “official.” Any subsequent change in the order of finish or award of purse money as may result from a subsequent ruling by the board of stewards or Board shall in no way affect the pari-mutuel payoff. If an error in the posted order of finish or payoff figures is discovered, the official order of finish or payoff prices may be corrected and an announcement concerning the change shall be made to the public.  
The association shall not satisfy claims on lost, mutilated, or altered pari-mutuel tickets without authorization of the Board.  
The association shall not enter a wager into a betting pool if unable to do so due to equipment failure.

30.455 Advance performance wagering.  No association shall permit wagering to begin more than one hour before scheduled post time of the first contest of a performance unless it has first obtained the authorization of the Board.

30.456 Claims for payment from pari-mutuel pool.  At a designated location, a written, verified claim for payment from a pari-mutuel pool shall be accepted by the association in any case where the association has withheld payment or has refused to cash a pari-mutuel wager. The claim shall be made on such form as approved by the Board and the claimant shall make such claim under penalty of perjury. The original of such claim shall be forwarded to the Board within 48 hours.  
In the case of a claim made for payment of a mutilated pari-mutuel ticket which does not contain the total imprinted elements as required by these regulations, the association shall make a recommendation to accompany the claim forwarded to the Board as to whether or not the mutilated ticket has sufficient elements to be positively identified as a winning ticket.  
In the case of a claim made for payment on a pari-mutuel wager, the Board shall adjudicate the claim and may order payment thereon from the pari-mutuel pool or by the association, or may deny the claim, or may make such other order as it may deem proper.

30.457 Payment for errors.  If an error occurs in the payment amounts for pari-mutuel wagers which are cashed or entitled to be cashed, and as a result of such error the pari-mutuel pool involved in the error is not correctly distributed among winning ticket holders, the following shall apply:  
Verification is required to show that the amount of the commission, the amount in breakage, and the amount in payoffs is equal to the total gross pool. If the amount of the pool is more than the amount used to calculate the payoff, the underpayment shall be added to the corresponding pool of the next contest.  
If underpayments are discovered after the close of the race meet, the underpayment shall be held in an interest-bearing account approved by the Board until being added, together with accrued interest, to the corresponding pool of the next meet.  
Any claim not filed with the association within 30 days of the date the underpayment was publicly announced, inclusive of the date on which the underpayment was publicly announced, shall be deemed waived, and the association shall have no further liability therefore.  
In the event the error results in an overpayment to winning wagers, the association shall be responsible for such payment.

30.458 Betting explanation.  A summary explanation of pari-mutuel wagering and each type of betting pool offered shall be published in the program for every wagering performance. The rules of racing relative to each type of pari-mutuel pool offered must be prominently displayed on association grounds and available upon request through association representatives.
30.459 Display of betting information.
Approximate odds for Win pool betting shall be posted on display devices within view of the wagering public and updated at intervals approved by the state steward. The probable payoff or amounts wagered, in total and on each betting interest, for other pools may be displayed to the wagering public at intervals and in a manner approved by the state steward. Official results and payoffs must be displayed upon each contest being declared official.

30.460 Cancelled contests.
If a contest is cancelled or declared “no contest,” refunds shall be granted on valid wagers in accordance with these regulations. The State Steward has the authority to cancel wagering on an individual wagering interest or on an entire race. The State Steward can also cancel a pari-mutuel pool for a race or races if such action is necessary to insure fairness and to protect the integrity of the race.

30.461 Refunds.
Notwithstanding other provisions of these regulations, refunds of the entire pool shall be made on:
Win pools, Exacta pools, and first-half Double pools offered in contests in which the number of betting interests has been reduced to fewer than two.
Place pools, Quinella pools, and first-half Quinella Double pools offered in contests in which the number of betting interests has been reduced to fewer than three.
Show pools and Superfecta pools offered in contests in which the number of betting interests has been reduced to fewer than four.
Trifecta pools in which the number of betting interests have been reduced to less than five.
Authorized refunds shall be paid upon presentation and surrender of the affected pari-mutuel ticket.

30.462 Coupled entries and mutuel fields.
Contestants coupled in wagering as a coupled entry or mutuel field shall be considered part of a single betting interest for the purpose of price calculations and distribution of pools. Should any contestant in a coupled entry or mutuel field be officially withdrawn or scratched, the remaining contestants in that coupled entry or mutuel field shall remain valid betting interests and no refunds will be granted. If all contestants within a coupled entry or mutuel field are scratched, then tickets on such betting interests shall be refunded, notwithstanding other provisions of these regulations.
For the purpose of price calculations only, coupled entries and mutuel fields shall be calculated as a single finisher, using the finishing position of the leading contestant in that coupled entry or mutuel field to determine order of placing. This rule shall apply to all circumstances, including situations involving a dead heat, except as otherwise provided by these regulations.

30.463 Pools dependent upon betting interests. Unless the Board otherwise provides, at the time the pools are opened for wagering, the association:
May offer win, place, and show wagering on all contests with six or more betting interests.
May be allowed to prohibit show wagering on any contest with five or fewer betting interests scheduled to start.
May be allowed to prohibit place wagering on any contest with four or fewer betting interests scheduled to start.
May be allowed to prohibit Quinella wagering on any contest with three or fewer betting interests scheduled to start.
May be allowed to prohibit Quinella Double wagering on any contests with three or fewer betting interests scheduled to start.
May be allowed to prohibit Exacta wagering on any contest with three or fewer betting interests scheduled to start.
Shall prohibit Trifecta wagering on any contest with five or fewer betting interests scheduled to start.
Shall prohibit Superfecta wagering on any contest with seven or fewer betting interests scheduled to start.

30.464 Prior approval required for betting pools.
An association that desires to offer new forms of wagering must apply in writing to the Board and receive written approval prior to implementing the new betting pool.

The association may suspend previously-approved forms of wagering with the prior approval of the Board. Any carryover shall be held until the suspended form of wagering is reinstated or as approved by the Board. An association may request approval of a form of wagering or separate wagering pool for specific performances.

30.465 Closing of wagering in a contest.
The state steward shall close wagering for each contest after which time no pari-mutuel tickets shall be sold or voided for that contest.
The association shall maintain, in good order, a system approved by the Board for closing wagering.

30.466 Complaints pertaining to pari-mutuel operations.
When a patron makes a complaint regarding the pari-mutuel department to an association, the association shall immediately issue a complaint report, setting out:
The name of the complainant;
The nature of the complaint;
The name of the persons, if any, against whom the complaint was made;
The date of the complaint;
The action taken or proposed to be taken, if any, by the association.

The association shall submit every complaint report to the Board within 48 hours after the complaint was made.

30.467 Licensed employees. All licensees shall report any known irregularities or wrong doings by any person involving pari-mutuel wagering immediately to the Board and cooperate in subsequent investigations.

30.468 Unrestricted access. The association shall permit the Board unrestricted access at all times to its facilities and equipment and to all books, ledgers, accounts, documents and records of the association that relate to pari-mutuel wagering.

30.469 Emergency situations. In the event of an emergency in connection with the pari-mutuel department not covered in these regulations, the pari-mutuel manager representing the association shall report the problem to the board of stewards and the association and the board of stewards shall render a full report to the Board within 48 hours.

DISCIPLINARY ACTIONS

30.900 Authority. Pursuant to NRS Chapter 466 and these regulations, the state steward, the board of stewards, the Board and Commission are empowered to discipline, suspend, fine and bar from racing, on any track under the jurisdiction of the Board and Commission, horses, owners, breeders, jockeys, jockey apprentices, jockey agents and any other person, persons, organizations, associations or corporations whose activities affect the conduct or operation of licensed race meetings.

30.901 Fines and suspensions: imposition by board of stewards; reporting; rulings.
No racing official except a steward may impose a fine or suspension.
The board of stewards shall report the imposition of a fine or suspension promptly in the daily written report to the Board.
All suspensions for a specified period of time are to be considered in days. The ruling must include the first and last day of suspension.
After a race meet has concluded, the state steward may act as the board of stewards to issue rulings.

30.902 Complaints against officials; request for hearings before the board of stewards.
A complaint against an official must be made to the board of stewards in writing and signed by the complainant. If a complaint involves the board of stewards, the complaint must be made in writing to the Board.

The board of stewards may hold a hearing to determine whether a violation of these regulations or NRS 466 has occurred and whether any disciplinary action must be taken.

A person aggrieved by a decision of an individual steward concerning an objection or protest may request reconsideration of that decision by the board of stewards and has the right to a hearing before them.

A person aggrieved by a decision of a racing official other than a steward may appeal in writing to the board of stewards and request a hearing before the board of stewards. The appeal must be made within five days after the person receives notice of the decision and must contain a statement of the grounds for the appeal. If no appeal is made within the five-day period, the right to appeal from the decision is waived.

30.903 Notice of evidentiary hearing before board of stewards.
Upon determination that an evidentiary hearing should be held or upon receipt of a written request for such a hearing, the board of stewards shall promptly schedule a hearing. A continuance must be granted if good cause is shown.

The board of stewards shall provide written notice before the hearing to the respondent who is the subject of an evidentiary hearing, as well as posting a copy of the notice for public inspection.

Notice given under this section must include:
A statement of the time, place and nature of the hearing;
A statement of the legal authority and jurisdiction under which the hearing is to be held;
A reference to the particular sections of the statutes or regulations involved;
A short, plain description of the alleged conduct that has given rise to the evidentiary hearing; and
The possible penalties that may be imposed.

The notice must inform the respondent that the hearing will be tape recorded, unless he or she waives recordation.
