To whom it may concern;

My name is Frank Bruno, CFP, living in Novato, Ca. I am the current president of the Friends of Isola delle Femmine, Inc, a non-profit organization, current president of the Marin 49er Booster Club, Past president of the National Association of Insurance and Financial Advisors (NAIFA), past president of the Rotary Club of Novato, and a good friend of Dr. Vincent M. Malfitano.

I was listed as a reference but was not called so I wanted to take this opportunity to voice my opinion.

I have known Vincent Malfitano for over 35 years on a personal level and on a professional level. When I met Vince, he was the president of the local hospital foundation and I was a trustee on the board. I was attracted to his honesty, hard-work, and his passion and dedication to helping the local community hospital thrive. Vince has also been the treasurer of our non-profit organization the Friends of Isola delle Femmine, Inc. which raises funds for college bound student scholarships and helping our community in these times of the pandemic. Over the years Vince has generously given his time and money to help our local community as well as helping the Virginia City community.

I have followed my friend Dr. Malfitano, in his purchasing the Delta and Bonanza Saloons with the intentions of making his casino saloons, as well as community of Virginia City, the best vacation opportunity for all who visited the city.

From the beginning the good ole boy society that lives in Virginia City did not welcome Vince and they have done everything to paint him as a corrupt individual with the wrong intentions and victimizing him with false accusations and even to the extent of bombing his wonderful Delta Saloon. Vince is a man with perseverance and dedication in making his venture a success no matter who wants him there or not. He works hard everyday to protect and preserve his businesses, even with all the adversity he has encountered day in and day out. And he does it all with dignity and respect.

After 6 years of terrible slanderous and violent acts placed on Dr. Malfitano he is still in operation and again asking for his gaming license so he can prosper and survive. He is continuing to be an upstanding Virginia City citizen and business owner, operating with pride.

Vince is a good man, an honest man, a loving family man, a proud man, a humble man trying to do the best for his family, his communities, for Virginia City and for Nevada. Just like all his other very successful endeavors he will make you all proud and he will be an incredible casino operator if given the chance.

I strongly urge the Nevada Gaming Commission to award Dr. Vincent M. Malfitano a gaming license.

Thank you for listening to me. If you need to contact me please feel free to call me at [REDACTED], or email me at [REDACTED]

Sincerely,
Frank Bruno, CFP

Thank you for the opportunity to comment on Vincent Malfitano application NR#1

I am 86 years old and a resident of Carson City since 1998. In 1996 I retired from a career in land development and residential subdivisions in Contra Costa County California. At that time a mutual friend introduced me to Vincent as a dentist who wanted to purchase property, obtain entitlement and build an assisted living project. We agreed to be a mentor with no monetary compensation. My reward has been to maintain my mental capacity and to share his successes and yes, some setbacks. Vincent is always the optimist and has been a joy to work with over the years.

In Carson City I use to attend and give public comment at most V&T meetings since the funding was available in 2005. It was at a V&T meeting that I heard the Delta Saloon was for sale and suggested to Vincent that he follow up. Obviously the success of the train would be dependent upon the continued vitality of the Virginia City destination.

In my opinion Vincent has what we use to call Yankee ingenuity. He is creative, listens and adapts to market conditions and a very hard worker. I have complete unqualified trust in him. His word is his bond.

Historic Virginia City has I believe all small business owners, no national corporations, no franchises, a special place today indeed. The Board knows small businesses nationwide are under siege and many will not return to the marketplace.

Vince has adapted his business to survive without gaming for six years. The business has endured a B street construction caused flood, an Amergas propane explosion and the covid lockdown.

We hope the Board views it is time that Vincent be granted a gaming license for the Delta and Bonanza Saloons. I know he will not disappoint you.

Cordially, Bruce Kittess, Carson City, NV

RE: Malfitano, Vincent MichaelNR #1

Greetings,

I am writing in regard to the matter of Vincent Malfitano's application for a gaming license, for his Virginia City, Nevada properties.

As the Sheriff of Storey County, I have gotten to know Mr. Malfitano since his arrival in Virginia City. My office has also had the opportunity to conduct background investigations on Mr. Malfitano in connection to his business and liquor license applications. While our county licensing standards may differ from that of gaming, Mr. Malfitano has always been cooperative with our investigations and as you are aware, does in fact hold Storey County business and liquor licenses. To the best of my knowledge, he has had no violations of his license requirements since opening his establishments.

Aside from licensing, Mr. Malfitano has had to work through many challenges since coming to Storey County. Even with these challenges, Mr. Malfitano has always risen to the occasion when there was an opportunity to help – not just in our community but in our state. After the October 1 shooting in Las Vegas, Mr. Malfitano offered to use his properties for a blood drive if that would help. This past year he offered his properties for a COVID-19 testing center if needed. He has managed to keep his businesses going despite the lack of gaming, an explosion, and the pandemic that has wreaked havoc on our entire country. He is a very good corporate citizen in my opinion.

For full disclosure, I consider Mr. Malfitano a personal friend and he has in the past contributed to my political campaigns. However, his contributions have been minimal, and this testimonial is given freely without promise or expectation. I believe Mr. Malfitano, given the opportunity, would grow his business further with the inclusion of gaming and that would be good for our community. I hope that you will give full consideration to Mr. Malfitano in this pursuit and consider granting him a gaming license.

Respectfully,

Gerald Antinoro

RE: Malfitano, Vincent MichaelNR #1

To whom it may concern,

I have had the opportunity to get to know Mr. Malfitano during my campaign for Storey County Commissioner and in my capacity as a County Commissioner. During that time, Mr. Malfitano has shown he is an asset to the Storey County community. I have reached out on several occasions to use his properties within Storey County for community events and he has always been very generous, donating his venues free of charge. Mr. Malfitano has continued to be an asset to our community during the pandemic by offering space to run vaccination and covid testing clinics.

Tourism in Virginia City has suffered greatly from the loss of one of our biggest gaming establishments, The Delta Saloon. I feel, if given the opportunity Mr. Malfitano will revive real gaming in Virginia City and in turn boost our local economy.

For full disclosure, I consider Mr. Malfitano a friend, during my campaign he made a small donation. My testimonial is given freely without promise or expectation.

Sincerely,
Julian (Jay) Carmona

Subject: Public Comment on April 2021 Agenda Items N20-0026 - 01N21-0292
Re:31633 and 05148-01

To The Honorable Members of the Gaming Control Board-

I am writing in support of the applicant under Agenda Item N20-0026 for your April Meeting, regarding Virginia City Gaming, LLC, the Delta Saloon Inc. and Vincent Malfitano.

As a resident of Virginia City, and more recently serving as a local elected official, all of my dealings with the applicant have shown in him a commitment to the well being of our community. Mr. Malfitano has readily and easily contributed time and resources to community needs and activities, and is a valued Virginia City business owner. He has a keen understanding of the needs of our town.

Further, Mr. Malfitano's establishments are two of the largest in town, and are essential to a vibrant and healthy downtown business life. In the recent past, their effectiveness at serving and attracting visitors to Virginia City has been hampered by their inability to include gaming as part of their offering (which was previously a substantial part of their business operation). As a result, visitation and tourist spending has suffered, and it would be substantially beneficial to the town to have these establishments operating at full strength.

I ask that you please strongly consider approving Mr. Malfitano's request to be removed from the denied applicant list, and the request of these entities for licensure. Mr. Malfitano has invested substantially in the buildings and businesses, and it would be of benefit to allow these businesses to operate with a gaming component.

Thank you-

Subject: Nevada Gaming Control Board: Compulsory covid-19 inoculations

Dear Nevada Gaming Control Board,

I've been a voting, taxpaying citizen of Nevada for more than 20 years. I moved here because the state stood for low taxes, and many freedoms spell for inside and outside of the US and Nevada constitutions. I am hearing that the Nevada Gaming Control Board is thinking about mandating all workers that are employed by Gaming establishments to require their employees to become inoculated with the Coronavirus vaccination. I am totally against that for the following reasons:

- this is totally unconstitutional. I cannot be forced to be inoculated for anything against my will, and as such this is unconstitutional. If this is mandated by government, it totally will be against our constitution, both state and federal, and many other laws, policies, regulations, Etc.
- the covid-19, so-called vaccinations, are not really vaccinations at all in the traditional sense. They are new technology is now being deployed for the first time in the form of a so-called vaccine. Although this technology has been around for 20 years, this is the first time it's been rolled out in use.
- these inoculations have not been tested as would normally be with other vaccinations that have been in use in our country. Most of this step has been skipped.
- there have been many, many, Health implications with those that have taken any of the Coronavirus inoculations that are on the market, up to, and including death within minutes of exposure. We're always told to listen to the science, but no science is being disseminated.
- covid-19 inoculations have used fetal cells from a 1974 aborted baby. This is against my religion to input this into my body, and I will not comply.- if you require workers, or any other citizen, to take this inoculation to be able to participate in society, I consider this a sign of the Beast which was recorded in the Bible being required to buy and sell. This is a violation of my religion and I will not comply.
- no Studies have shown that this has been effective and stopping the Coronavirus.

Nevada Gaming Control Board, thank you again for listening to my opinion on any type of forced inoculation of the populist, workers, Etc. If the gaming control board, or corporations on their own, decide to mandate inoculations for the Coronavirus I, and many others, will not comply and immediately follow suit. I ask that you please publicly denounce such actions, and please reply letting me know your opinion and intentions on this matter. Thank you!

Subject: Mandatory vaccinations

To the Gaming Control Board,

Is it true that you are mandating that businesses which include gaming must now require their "hospitality workers" to receive the COVID 19 vaccination or face having their gaming license revoked? If so, this is a gross overreach of your authority. Mandatory inoculations are unconstitutional, not to mention unAmerican. Please refrain from such a unwise and harmful policy.

This requirement is unconstitutional and against the law. these 'vaccines' are not approved by the FDA. They are experimental and only on a EUA. I suggest you read the package inserts and the detail at the manufacturers websites.
