**SUBJECT: GAMING DEVICE TESTING ON CASHLESS WAGERING SYSTEMS**

The Gaming Control Board's Cashless Wagering System Laboratory has been completed and is now capable of conducting all the cashless wagering system to machine interface testing for Nevada. Therefore, after June 1, 2004, any equipment requiring approval for use on a cashless wagering system should be directed to the Board's Electronic Services Division.

While the Board expects to complete the required testing in a timely manner, it is possible that some equipment may still be referred to outside testing agencies, on a case by case basis, as required by the testing backlog.

For additional information regarding this matter contact Marc McDermott, Chief of the Electronic Services Division, at (702) 486-2043.

Sincerely,

Scott Scherer  
Board Member
