**TO: LICENSED MANUFACTURERS**

**SUBJECT: DELIVERY OF EQUIPMENT TO THE ELECTRONIC SERVICES DIVISION LAB**

Recently the Grant Sawyer Building in Las Vegas, which houses the Electronic Services Division Lab, has undergone renovation. The renovation is complete and now allows for the delivery of gaming devices and other equipment via a loading area in the rear of the building for smaller vehicles.

The Electronic Services Division requests that all deliveries of equipment that can not be carried by an individual be delivered through this new area. The door through which deliveries will be made will be locked. Therefore specific deliveries times must be scheduled with the division and it is recommended that persons making deliveries notify the division by phone when they arrive at 486-2043. The new area is located adjacent to the existing loading dock as indicated in the following map:

Delivery of Equipment

Please contact Travis Foley in the Electronic Services Division at (702) 486-2048 with any questions regarding this matter.

Sincerely,

Travis Foley, Lab Manager  
Electronic Services Division
