RE: FANTASY FOOTBALL PROPOSITION WAGERS

The Gaming Control Board ("Board") has received requests for the approval of Fantasy Football Proposition Wagers. This letter outlines the Board's position on these types of wagers.

Games based on numbering schemes or associated with what is known as "Fantasy Football," by definition, do not qualify as athletic events and therefore any wagers thus associated would be considered to be prohibited per Gaming Regulation 22.120.

This policy, however, does not preclude a licensed Sports pool from creating traditional proposition wagers which incorporate a point system provided the criteria is specifically defined by the licensee and clearly posted or available within the book.

Licensees found to be in violation of this policy may be subject to disciplinary action.

Any questions regarding this matter should be directed to the Operations Unit of the Enforcement Division at (702) 486-2020.

Sincerely,

Randall E. Sayre
Member
