**SUBJECT: UPDATED REQUIREMENTS FOR INSTALLATION OF MOBILE  
GAMING SYSTEMS**

The Gaming Control Board Technology Division has published additional submission requirements for requesting installation of a mobile gaming system. These requirements update the previously published submission requirements for installation of mobile gaming systems outlined in the Gaming Control Board's Industry Letter dated March 12, 2009.

The new submission requirements will include submission of all forms used as part of the user registration process, a description of security measures taken to ensure oversight of non-traditional gaming areas and non-publicly accessible areas, and a floor map that identifies non-publicly accessible areas that reside within wireless gaming coverage.

Please contact Lab Manager Jim Barbee in the Technology Division at (702) 486-2240 with any questions regarding this matter.

Sincerely,

Mark A. Lipparelli  
Board Member
