

7. Must meet the technical standards adopted pursuant to section 14.050.

8. Except for devices granted a waiver pursuant to subsections 1(b), or 8, each gaming device exposed for play in the State of Nevada by any gaming licensee, including an operator of a slot machine route, must meet the standards and requirements set forth within subsection 1, as though the gaming device had been submitted for approval subsequent to September 28, 1989.

9. The chairman of the board or his designee may waive the requirements of subsection 7 for a licensee exposing a gaming device to the public for play, if the licensee can demonstrate to the chairman's satisfaction that:

(a) After the waiver the aggregate theoretical payout for all amounts wagered on all gaming devices exposed for play by the licensee at a single establishment meets the 75 percent standard of subsection 1, and

(b) The licensee is unable to bring the device into compliance with the requirements of subsection 1, because of excessive cost or the unavailability of parts.

14.045 Minimum standards for inter-casino linked systems. All inter-casino linked systems submitted for approval:

1. Shall, in the case of an inter-casino linked system featuring a progressive payoff schedule that increases as the inter-casino linked system is played, have a minimum rate of progression for the primary jackpot meter of not less than .4 of one percent of amounts wagered. In the case of an inter-casino linked system featuring a progressive payoff schedule that increases over time, have a minimum rate of progression for the primary jackpot meter of not less than one hundred dollars per day. The provisions of this subsection do not prevent an operator from limiting a progressive payoff schedule as allowed by Regulation 5.112(5).

2. Shall have a method to secure data transmissions between the games and devices and the main computer of the operator, as approved by the board.

3. Shall display the rules of play and the payoff schedule.

4. Shall meet the applicable minimum standards for internal control that have been adopted pursuant to Regulation 6.090.

14.050 Technical standards.

1. The chairman shall publish technical standards for approval of gaming devices, on-line slot metering systems, cashless wagering systems, and associated equipment.

2. The chairman shall:

(a) Publish notice of proposed technical standards or revisions by posting the proposed changes or revisions on the board's website;

(b) Mail notice of the posting of the proposed technical standards or revisions on the board's website and a copy of this section of Regulation 14 to every nonrestricted licensee, licensed manufacturer and every person who has filed a request with the commission; and

(c) Provide a copy of the proposed technical standards or revisions to the commission.

3. The chairman shall consider all written statements, arguments, or contentions submitted by interested parties within 30 days of service of the notice provided for in subsection 2.

4. Not later than 45 days after service of written notice that the chairman has proposed the technical standards or revisions, any nonrestricted licensee or licensed manufacturer may object to the technical standards or revisions by filing a written objection with the commission.

5. The commission shall consider any objections filed to the technical standards or revisions proposed by the chairman. If the commission does not concur with any of the technical standards, the chairman shall revise the technical standards to reflect the order of the commission.

6. The chairman shall send written notice of the effective date of the standards or revisions to all nonrestricted licensees, licensed manufacturers and every person who has filed a request with the commission.

7. Nonrestricted licensees or licensed manufacturers may propose the adoption, revision, or deletion of technical standards by submitting a written request to the chairman who will consider the request at his discretion. If the chairman does not propose the technical standard, the nonrestricted licensee or licensed manufacturers may file a request with the commission to adopt, revise, or delete a technical standard. The commission may consider the request at its discretion.
