14.301 Revocation of approval of associated equipment.

1. The Chair may revoke the approval of associated equipment if the Chair determines that the associated equipment:
 - (a) Does not comply with current regulatory or other legal requirements or
 - (b) Contains hardware or software which could impact the public policy of this State concerning gaming.
2. The Chair shall provide notice of revocation of the approval of associated equipment to the manufacturer of the associated equipment *immediately. The notice shall state the reason or reasons for the revocation. The notice shall provide the effective date of the revocation* ~~[at least 5 working days in advance of the effective date of the revocation]~~.
3. Chair revocation of the approval of associated equipment shall be considered an administrative approval decision, and therefore reviewable pursuant to the procedures set forth under sections 4.185, 4.190, and 4.195 of these regulations.
4. The Chair may publish a list on the Board's website which includes all associated equipment for which the Chair has revoked approval.
