

5 Treasures Baccarat – Version 2

Rules of Play

OVERVIEW

5 Treasures Baccarat - Version 2 is a traditional baccarat game that offers several optional bonus wagers, allowing players to win odds based on the outcome of the banker and/ or player hand totals. It follows all of the traditional drawing rules, including taking 5% commission on winning banker hands.

There are four separate optional bonus wagers and one that covers all four.

FORTUNE 7 wins if the Banker's hand wins with a 3-card total of 7.

GOLDEN 8 wins if the Player's hand wins with a 3-card total of 8.

HEAVENLY 9 wins if the Banker's or Player's final outcome is a 3-card total of 9, and pays more when both hands are a 3-card total of 9.

BLAZING 7s wins if the Player and Banker's final outcome is either (depending on payable) a 2-card total of 7 or a 3-card total of 7.

COVER ALL wins if any one of the separate bonus wagers win.

*Note- Cover All may be played alone. Players are not required to have placed the separate bonus wager as well, in order to win the payout for the outcome on the Cover All bonus wager.
