PAIR – VERSION 2 GAME RULES

PAIR - Version 2 is an optional side wager that may be played on all standard Blackjack games with two (2), four (4), six (6), or eight (8) decks. The PAIR – Version 2 sidebet is based off the player’s first two cards and the dealer’s “up” card and pays according to the posted payable.

Definitions:

- 3 of a Kind Suited is when all (3) three of the player’s initial two (2) cards and the dealer’s up card are the same rank and suit. (Not available on Double Deck games)
- 3 of a Kind Mixed is when all (3) three of the player’s initial two (2) cards and the dealer’s up card are the same rank.
- Player Pair is when both of the player’s initial two (2) cards are the same rank.
- Mixed Pair is when (1) one of the player’s initial two (2) cards is the same rank as the dealer’s up card.

Pair Version 2 is an additional wager that may be placed by a Player and wins if the initial three (3) cards dealt can form a 3 of a Kind Suited, 3 of a Kind Mixed, Player Pair, or Mixed Pair.

- Only the highest result is paid.

How to Play:

1. Main Blackjack wager must be placed to wager on the PAIR – Version 2 sidebet.
2. All wagers must be placed prior to any cards being dealt.
3. Once wagers are set, cards will be dealt according to the house procedures.
4. After the initial two cards have been dealt, the dealer will settle all PAIR – Version 2 wagers working counter-clockwise (right to left), placing any losing wager into the rack. When paying a winning wager, the dealer will also hand back the original PAIR – Version 2 wager to the guest so only the base Blackjack wager remains in the betting area.
5. Once all PAIR – Version 2 wagers have been resolved, the standard game of Blackjack may resume.
