

Push 22 Progressive Rules of Play

INTRODUCTION

Push 22 Progressive is a \$1.00 progressive side bet for traditional Blackjack or Blackjack-variant games wagering that only the dealer's hand busts with a 22 count. The payout varies based on the dealer's hand combination. The progressive side bet can be either optional or mandatory, but can only be applied to Blackjack games using 6 or 8 decks, the dealer follows the standard "Hit on Soft 17" or "Stand on Soft 17" drawing rules, and if there are any active Push 22 wagers, the dealer will always play out their hand even if all players bust or get Blackjack.

RULES OF PLAY

To begin each round, players must make their base game's wager. The player can also place the optional or mandatory progressive wager, depending on the house policy.

Once all players place their bets, the dealer will remove all progressive bets on the table before following house procedures for dealing the base game.

The dealer reconciles standard wagers per normal house procedures. The dealer reconciles the progressive wagers after drawing their hand to the final conclusion.

For progressive jackpot wins, where the dealer busts with 22 points using the cards 4, 5, 6, and 7, all players participating in the progressive wager share a percentage of the amount shown on the progressive meter. If the dealer's cards 4, 5, 6, and 7 are in the same designated suit, chosen at the operator's (or establishment's) discretion before the round, 100% of the progressive jackpot is split among the participants. For any other suit other than the designated suit, the participants share 10% of the progressive jackpot. See Table 1 below for Progressive Payouts.

Result	Progressive Jackpot
<i>Suited 4567 – Specific Suit</i>	100%
<i>Suited 4567 – Other</i>	10%

Table 1 – Progressive Payouts

For the standard wager payout, not a progressive jackpot win, see below for payout structure. See Table 2 below for standard payouts.

Result	Paytable 1	Paytable 2	Paytable 3	Paytable 4
<i>Suited 22</i>	50 to 1	50 to 1	30 to 1	40 to 1
<i>Same Color 22</i>	15 to 1	10 to 1	15 to 1	15 to 1
<i>Any 22</i>	5 to 1	5 to 1	5 to 1	5 to 1
