

Roulette

Rules of Play

Roulette is a live casino table game played on a wheel consisting of 36 numbers from 1 to 36, plus a "0" and/or a "00." The numbers are alternately colored red and black with the "0" and the "00" being green.

To begin, players place single or multiple wagers on the numbered layout. The dealer then spins the ball in the opposite direction of the spinning wheel. Bets may be placed until the dealer calls "No more bets." The ball will make two to three rotations around the wheel and must land in the numbered pocket of the wheel to determine game outcome. The dealer will then place a marker on the winning number and pay out bets accordingly.

- **Single Number / Straight Up** – The ball lands on the one chosen number. The wager pays 35 to 1.
