

# TriLux Bonus Blackjack – Version 3

## Rules of Play

### OVERVIEW

*TriLux Bonus Blackjack – Version 3* is a variation of the *TriLux Bonus Blackjack* base game that introduces a new optional side wager, *TriLux Bust Bonanza*. *TriLux Bonus Blackjack – Version 3* can only be applied to Blackjack games using two or six decks where the dealer hits on Soft 17 and, if the dealer has an Ace or ten-value upcard, the dealer peeks for Blackjack before players can place a *TriLux Bust Bonanza* wager or make any other decisions.

The TriLux Bust Bonanza side wager wins if the dealer busts and will be lost if the dealer does not bust. The pay for a winning TriLux Bust Bonanza wager will vary depending on the dealer's upcard. Payouts will be enhanced if all cards in the dealer's hand are of the same suit. A special payout will be paid 25:1 when the dealer busts with three 8's. This special payout can be offered to pay 75:1 when the dealer busts with three suited 8's on Blackjack games dealt with a 6-deck shoe. The player is paid using the posted payable (See **PAYTABLES** for more details).

### RULES OF PLAY

To begin each round, players must place a standard Blackjack wager.

After all wagers have been placed, two cards are dealt to each player, face-up, and two cards are dealt to the dealer, one face-up and one face-down, as per standard blackjack dealing procedures.

After all the initial cards have been dealt, after the player has acted on their hand, and if the player did not have a Blackjack and did not bust, a TriLux Bust Bonanza wager may be placed. After all player decisions have been made, the dealer will play out their hand. The dealer will always play out their hand if a TriLux Bust Bonanza wager has been made, even if all players have busted or have Blackjack.
