

Bonus Spin Xtreme (BSX) for Red Dragon Baccarat Rules of Play

Bonus Spin Xtreme for Red Dragon Baccarat is an optional side wager which features an electronic virtual wheel which is spun when a qualifying trigger event occurs. Bonus Spin Xtreme for Red Dragon Baccarat can be configured for all Baccarat games. The amount of the wager may be configured as \$1, \$2, \$5, or \$25. Bonus Spin Xtreme uses three wheels:

- The Community Prize Wheel (inner wheel) is for all participating Bonus Spin Xtreme players to win if a trigger event occurs.
- The Hot-Spot Wheel (middle wheel) uses an electronic random number generator to choose one of the player positions uniformly at random.
- The Hot-Spot Prize Wheel (outer wheel) is for the participating Bonus Spin Xtreme players that were randomly selected to win a larger prize.

The player may place the Bonus Spin Xtreme wager at the beginning of the game, at the same time as their main wager. The game is then played as it would be normally.

The qualifying trigger event occurs when the banker hand beats the player hand with a three card 7, also known as a "Dragon 7". A "Red Dragon 7" is when the three banker cards are all red. If a qualifying trigger event is met, the wager wins and is awarded the prize in the attached payable. Otherwise, the wager loses.

After all wagers have been placed, the dealer will press "Start Round" and lock up all of the side wagers. Baccarat is then played per the underlying procedures and house rules. All of the main game Baccarat wagers will then be settled.

If the Bonus Spin Xtreme side wager meets the criteria for a qualifying trigger event, the dealer will mark on the dealer terminal the qualifying bet and press "Spin".

While the wheel is spinning only the Bonus Spin Xtreme player's positions are displayed with participating players highlighted.

If the spin outcome lands on a seat which has not participated (no Bonus Spin Xtreme side wager), then all participating players with side wagers win the community prize randomly picked and indicated by the inner Community Prize Wheel.

If the spin outcome lands on a seat for a participating Bonus Spin Xtreme player, then the player at the winning position is the Hot-Spot Prize winner and will spin the Hot-Spot Prize Wheel (outer wheel).

Note: The Hot-Spot winner only gets paid the Hot-Spot prize and does not get paid the Community prize.

Once the spin has been initiated by the player, a spinning wheel animation of the Hot-Spot Prize wheel will appear on the Bonus Spin Xtreme table signage.

Note: Depending on the system settings or sensor malfunction, the dealer may initiate the spin on behalf of the player by pressing the highlighted player position on the dealer terminal.

The dealer completes all players winning payouts for the table.

Options:

Casino Operators can choose from the following:

- The amount of the side Wager may be configured as \$1, \$2, \$5, or \$25.
- The top two tiered prizes for the Hot-Spot Prize can be configured to be a fixed amount or a progressive, with choices for the reset and contribution values (primary and secondary).
- The progressives are designed to be linkable across other games using Bonus Spin Xtreme (locally only) if the operator chooses.
